THE WONDERFUL NEW FUR BLEND FABRIC!

Natura*

Actually combining RAYON or WOOL YARNS with lovely FUR FIBRES treated by the exclusive "Blendlok" process!

Cashmere-like texture . . . tailors beautifully into clothes for women, men and children

NATURA is a new fabric discovery . . . a beautiful blending of the smoothness of lovely fur fibres with the vitality of rayon or woollen yarns. The secret of NATURA lies in the "Blendlok" process which is developed to lock the fibres of fur and fabric firmly together and helps prevent shedding.

NEVER before has there been a fabric material just like NATURA! Touch it . . . it is soft, downy, full-bodied, like cashmere! Tailor it . . . it remains true to the tailored line!

MONTHS of planning are behind this exclusive presentation. Canada's foremost mills produced the fabrics, dyed them in colours specified by EATON'S fashion-wise buyers, then distinguished designers and tailors created the garments exclusively for EATON'S.

NATURA has several different weights, colours are delicate to deep-hued, and its adaptability provides a wide range of garments for men, women and children. See NATURA in fashion-inspired dresses, housecoats, sport shirts, sport slacks, and sweaters for women! NATURA in vigorous clothes for men, such as sport shirts, sweaters, dressing robes, pyjamas, fine-tying ties and scarves! NATURA, in children's dresses! NATURA by the beautiful, versatile yard! Even NATURA knitting yarns!

And, remember, NATURA is exclusive with EATON'S in Canada and sold *only* in EATON stores!

An expression of gratitude was tendered to all who took part.

The meeting was brought to a close by the National Anthem.

First Radar Controlled Port

The United Kingdom is about to have the first radar controlled port in the world. Liverpool, the great city-port which handles a large part of the Anglo-American sea traffic, is erecting a radar control station that will be able to plot, at any second, the precise position of every ship within thirty miles. In all the seaways approaching the Liverpool docks, pilots will be kept constantly informed of the position of every vessel in their vicinity. No matter what the weather, ships will be able to berth and set sail in perfect safety. In this way, millions of dollars will be saved every year since it costs an average cargo vessel anything from $800 to $2,000 when a tide is missed. When the idea is extended to every community, it is expected to speed international traffic considerably. Several other great sea ports of the world — Rotterdam, San Francisco and Southampton — all suffer from the delays of fog and mist. Captains of ships will be able to "come in on the radar beam" and dock safely even though they cannot see the water. New York, the busiest port in the world, will probably be asked to speed up its night traffic.

School Bd. Accepts Plans Presented East Ward School

Sketch Plan Submitted by Architect for West Ward School

The Napanee Board of Education on Monday evening of this week resumed its regular monthly meetings after the holiday recess of the past two months. Chairman A. M. Simpson presided and the following members were present: W. Roy C. N. Loucks, Garnet Leary, J. Marshall, H. L. VanLuven, D. R. Sharpe, J. D. Mayhew, P. U. Laidley, Ward Warminas, and the School Principals C. E. Jamieson and W. L. Bell.

At the close of the regular meeting the Board in Committee of the Whole considered plans for the two new public schools which were presented by the architect, Mr. Murton. The plan for the small school in East Ward, Mr. Murton informed the Board, had been approved by the Department of Education in Toronto. The plan for the larger school in West Ward, which is still in the sketch stage, was discussed by the members and Mr. Murton stated it would take about six weeks more to prepare complete plans.

After the Board resumed its regular session a motion was placed that the plans filed by Mr. Murton for an East Ward School be approved and adopted.

Another motion was passed that the Building Committee, with the power to add to its members, wait on the Town Council with a view of obtaining a conveyance of property for the erection of an East Ward School.

Mr. Murton was given authority to advertise for tenders for the building of an East Ward School.

CARSON GRAHAM ASKS REINSTATEMENT

The Board received a letter from Carson Graham asking to be reinstated as Secretary-Treasurer following his release from the Army and his return from overseas service. A motion was passed that Mr. Grahams' application be noted and that action on the matter be deferred until a subsequent meeting.

ENROLMENT AT SCHOOLS

Mr. Jamieson, Principal of the N.C.V.I., called attention to the fact that this year is the 100th Anniversary of the Founding of the College as a Secondary School. He also stated that the attendance which is 360 at present, is at the present time history of the School and there are prospects of still more registrations. At Mr. Jamieson's suggestion the matter of fixing the date and securing a speaker for the commencement was left in the hands of the Principal and the Chairman of the Board.

Mr. W. L. Bell, Principal of the Public Schools, reported an enrolment of 597 in the two schools. Miss new teachers, Miss Wilson and Miss G.Mcura, reported for duty at the Public Schools. Mr. Bell requested the privilege of dismissing the pupils a few minutes before the noon hour day in order to avoid the heavy noon hour traffic. The suggestion was made by the Secretary-Treasurer that the Lions Club might take on the duty of directing traffic at noon for school children and the matter was referred to the Management Committee and the School Principals with power to act.

FINANCE REPORT

Mr. Laidley, chairman of the Finance Committee, stated the preliminary grants from the Department of Education amounted to $6000 for the Collegiate compared with $9000 in 1945 and $2400 for the Public Schools compared with $3500 last year. He added that the Department was obligated to pay the full grants based on the 1945 expenditures and it was his expectation that the Board would be able to finance satisfactorily.

BUILDING REPORT

C. N. Loucks, chairman of the Property Committee, reported that arrangements were being made to repair the roof of the West Ward School rather than put on a whole new roof, which is really needed. A temporary room has been installed in the auditorium of the Collegiate and the outside woodwork of the building was painted during the summer at a cost of $300.

Mr. Loucks also brought up the question of the insurance carried on the school buildings. On the Collegiate the insurance in force is $100,000, on the West Ward School $41,500 and on the East Ward $10,000. In the case of the first two he said he considered the amount entirely inadequate, and after discussion the question of insurance was referred to the Property Committee to review and report.

SALARY INCREASES

Motions were passed to increase the salary of Wesley Storey, caretaker of the Collegiate by $100, from $1500 to $1600, and of Charles Plunkey, caretaker of the West Ward School from $75.00 to $85.00 per month.

At the request of Mr. Bell, Principal of the Public Schools, permission was granted to use the front lawn of the West Ward School as a playground for the Junior members of the school.

Mr. Jamieson reported that 72% of the Upper School pupils had passed the Departmental examinations and 91.8% of the Middle School and 91% of the Lower School. Mr. Bell stated that 44 out of 46 pupils passed the Entrance Examinations.

W. P. ASSELSTINE PRESIDENT OF LIONS CLUB

At the first dinner meeting of the Lions Club of Napanee, held Monday evening at the Superior Restaurant, the newly elected officers of the organization took office.

With the exception of two, all the former Presidents of the Club were seated at the head table and during the first part of the meeting the gavel was turned over to the incoming President W. P. Asselstine by Past President W. P. Earrett, who spoke of the fine co-operation of the club with its officials and requested the continuance of this splendid spirit.

Following the installation, the new President read the names of the Chairmen of the various committees as suggested by the Board of Directors.

A donation of $125.00 was voted set aside for the purpose of purchasing a mule for the community in which the relatives of Lion John Diamant reside. Lion Diamant addressed the members on the importance of providing the people of his country with the necessary animals and equipment in order to assist in the raising of food.

The mules are purchased through the United Nations Organization.

Past President Bill Barrett addressed the Club on the fine showing of the Napanee Intermediates in the present baseball series and suggested that the Club endorse his proposal of arranging the Intermediates, the use of the Ball Park free of charge for the balance of the season. This recommendation was heartily endorsed by all present.

Tim Shanks, manager of the ball team, Lion Joe Killorin, on behalf of his players, thanked the members for their consideration and support.

Several matters of importance were brought before the club and committees were formed to investigate and report at the next meeting to be held on Monday, September 23rd.

Ministry Candidates Take Charge Service At Grace Church

On Sunday evening, September 8 a very interesting service was held at Grace United Church when three young men, Gordon McLellan and Morley Hawley, who have been candidates for the United Church Ministry and Donald Elliott who is entering Toronto University this year and is considering the ministry, conducted the service and gave short addresses.

Gordon McLellan spoke on the reason he is entering the ministry, Morley Hawley on the necessity of a new Christian order and Donald Elliott on what a candidate for the ministry should be prepared to do in the community.

Rev. C. D. McLaren introduced the young men and during the service, Mrs. Ernest Benn sang "Bless This House."

Next Sunday the three young men will have charge of the services on the Morven Circuit.

GEORGE SNIDER DIES FOLLOWING RECENT ACCIDENT

As the result of a motor car accident on Wednesday evening, Sept. 4th, at 8:20 o'clock, about five miles west of Napanee, on Highway No. 2, George Snider, Moscow, a passenger in a car driven by Harry Morrison of Napanee, died of injuries, Saturday, September 7th, in a Kingston Hospital.

The Morrison car in which there were five passengers sideswiped a car driven by James Sero, Deseronto, and after proceeding some distance struck a tree on the side of the road. None of the other passengers in the Morrison car or the passengers in the other car were injured to any extent. Both cars were badly damaged in the collision.

Charges against the driver's of both vehicles are pending according to information received from the Provincial Police, who are investigating.

NAVY LEAGUE TAG DAY, SATURDAY, SEPT 14

On Saturday, September 14th, the Ontario Division of the Navy League of Canada will ask for the financial support of Napanee, through the medium of its annual tag day which is, this year, a special occasion marking the League's fiftieth or Golden Jubilee year since its inception in 1896.

Because of the demands now being made for the further development and expansion of the Sea Cadet movement as a proven, youth-training program, the need for funds with which to carry on this increasingly important work is greater than ever before.

Owing to the emergency of war and the services the Navy League was called upon to provide, it was not possible to fully acquaint public opinion with the peacetime value of the Sea Cadet movement during the war years but to Federal, Provincial and Civic Officials as well as to many men and women in private life, the advantages offered through membership in a Sea Cadet Corps are, and have been well known.

In brief, Sea Cadet training directs youthful energies along useful lines and gives an active boy a definite objective to work for and think about. A new interest in school studies is awakened when he discovers that he can make practical use of his book learning, in such subjects for example, as navigation and radio. He develops good habits and traits that stand him in good stead for the rest of his life. He spends two weeks at a well-organized and properly supervised summer camp and he can qualify for a Navy League scholarship to The Royal Canadian Naval College.

Such a movement commends itself to parents, ministers, teachers, employers and all others interested in Canadian youth, but the extent to which it can be made effective depends upon the extent to which it receives public interest and support.

Magistrate's Court

On Thursday, in the Magistrate's Court, Russell Revel, Verona, paid $10.00 fine and $3.00 costs for failing to stop at a stop street.

Mervin F. Rodberg, for unlawful use of an auxiliary lamp on a motor car, paid $10.00 fine and $3.00 costs.

MONTY AUTOGRAPHS PRIZED PHOTO: When D. C. Coleman, C.M.G., chairman and president of the Canadian Pacific Railway and Mrs. Coleman met Field Marshal Montgomery at Windsor Station, Montreal, before he boarded the special C.P.R. train for Ottawa, the distinguished soldier autographed one of her most prized possessions. It was a picture of their son, Lieut.-Colonel Rowan C. Coleman, D.S.O., M.C., being decorated with the Military Cross by Monty during the Italian campaign. Col. Coleman was Second-in-Command of the famous Princess Pats and was wounded shortly after the Italian campaign was launched. Later he was put in command of the Loyal Edmonton Regiment and when transferred to Northwest Europe took over command of the Lincoln and Welland Regiment. LEFT TO RIGHT: Mr. and Mrs. Coleman, Brig. Liquor Cases Feature Session Napanee Po. Court

Several Infraction Liquor Control Act

Conviction of Theft Brings Sentence of Three Months

On Thursday, in the Napanee Police Court, Magistrate J. B. Garvin, with eight cases under the Liquor Control act and several others in which the use of liquor was the cause for the charges being made.

Perry Richmough, Napanee, was sentenced to serve seven days in gaol for driving a motor car while intoxicated and was also ordered to pay $23.50 costs or serve seven days more in gaol.

David Jocho, Montreal, was sentenced to serve seven days in gaol and to pay $23.50 in costs. He was also charged with dangerous driving and was ordered to pay a fine of $10.00 and costs of $20.50 or to serve ten days in gaol. The dangerous driving charge was laid as the result of an accident on Highway No. 2, two miles west of Napanee, on Tuesday, September 4th, about 7:00 p.m. In which the car he was driving dieswiped a trailer attached to a transport owned by Mercury Transport, causing some damage to the trailer.

Austin Perrault, of Napanee, was found guilty of three charges, all the result of being intoxicated. There were two charges of disorderly conduct against him, swearing in the Queen's Hotel, Tamworth, and on a street in Tamworth, and one of assault against R. H. Dawson, proprietor of the Queen's Hotel, Tamworth. On the three charges he was ordered to pay $30.00 fines and $85.00 costs or to serve two months in gail in default of payment.

The following cases were settled out of court:

Ronald Poe, pleaded guilty to consuming liquor in a public place and was assessed $10.00 fine and $5.50 costs.

John Wheeleh, for consuming liquor in a public place paid $10 fine and $5.50 costs.

Ruby Keller, for being intoxicated in a public place paid $10 fine and $5.50 costs.

Charles Pilstesu, intoxicated in a public place, $10 fine and 5.50 costs.

Charles Boomhour, intoxicated in a public place, $10 fine and $5.50 costs.

In the Magistrate's Court in Napanee last Thursday, William Byrnes, Napanee, was sentenced to serve three months in gaol after being convicted of breaking and entering the premises of Grover Hefferman of Napanee, and theft of articles of food, under the value of $25. A sentence of three months in gaol was imposed for each charge, the sentences to run concurrently.

Mr. Hefferman, in his evidence, stated that Byrnes had been employed by him intermittently for some time and on Wednesday, August 27th, had been in the shop during the day but had not worked. Mr. Hefferman said he closed the shop about 6:30 p.m. on Tuesday, August 27th, and returned in a few minutes to get an article he had forgotten. When he went into the store he discovered the ice box door open and on the counter found a parcel of bacon wrapped up.

Looking around, he discovered Byrnes crouched in a corner and called the police who placed him under arrest. Next day a search was made at Byrnes' home where several articles of food, belonging to Grover's Meat Store, were found.

"Britain Can Make It" Exhibition This Month

London. A team of over seventy of Britain's leading exhibition experts have been engaged to present "Britain Can Make It" exhibition, opening in London, this month. This is not a Trade Fair but a Government sponsored effort to demonstrate the individuality and excellence in design of Britain's goods.

The first post-war British Industries Fair will take place in May, 1947. At the exhibition the visitor from overseas will be able to see new developments in household goods, in furniture and textiles that will bring comfort and convenience to millions of homes. Articles of everyday use will be seen not in rows of conventional exhibition display stands but in settings of a gay and attractive everyday post-war world.

New Bank Manager Replaces E. T. Wilson, At Yarker, Ontario

Ernest T. Wilson, manager of the Bank of Montreal's office at Yarker, has been given charge of the Chatsworth branch of the bank and will be succeeded in Yarker by Charles W. Kemp, who has been accountant at the Goderich, Ont., office since 1942.

Mr. Kemp, who is a native of Scotland, came to Canada in 1910 and joined the Bank of Montreal six years later in Toronto. His early experience has been gained at a number of Ontario branches, and three years ago he was given his first appointment as accountant at Goderich.

While at Goderich, Mr. Kemp, who has always been active in community affairs, was secretary of the Red Cross Society and vice-president of the Music Society. Interested in badminton and golf, he was, for five years, treasurer of the Goderich Badminton Club.

Manager Well-Known Here

Mr. Wilson, whom Mr. Kemp succeeds, has become a well-known member of the community since he went to Yarker, two years ago. A veteran of World War One, he is interested in veterans' affairs and is chairman of the Veterans' Reception Committee. A member of the Napanee Lions Club for 1945, he is also a member of the advisory board of the Yarker Rural Fire Department.

Mr. Wilson expects to rest for his new post in about a week's time.

NEWS BRIEFS

NEW CHEESE COMPANY LOCATE AT TWEED

Announcement has been made of the sale of the old Canadian National engine building at the southern limits of Tweed, to The Hastings Cheese Company, Limited, organized a few months ago by Mr. Charles H. Labarge of Ottawa. The property, which includes two-and-one-half acres of land, was previously owned by Emerson Hodgins, proprietor of Tweed Feed Mill. Of cement block construction, the building is 120 feet long, forty feet wide and adjoins the C. P. R. tracks.

It is the hope of the company to commence operations in the building next Spring if all equipment and machinery are available. Improvements to the structure will be necessary including a new roof, a heating plant, wiring, offices, a warehouse, cold storage, etc. Equipment of the most modern type will be installed. Arrangements will be made with the Canadian Pacific Railway to run a siding into the plant for shipping purposes. Building operations will start when plans and specifications have been completed.

BAY OF QUINTE AREA NEEDS MINISTERS

Rev. James E. Beckel, of Elgin, the president of the Bay of Quinte Conference of the United Church, speaking at a meeting of Kingston Presbytery, held at Wolfe Island, referred to the growing shortage of ministers in the United Church of Canada. Mr. Beckel pointed out that during the past year thirteen ministers have been removed from the Presbytery by death or retirement and only two new ministers have been ordained. There were now only two candidates for the ministry in the conference, he said, adding that only because of the fine work of lay ministers would it be possible to carry on without closing many of the churches.

Mr., Mrs. W. B. Sills Married 44 Years

Mr. and Mrs. W. B. Sills quietly observed their 44th wedding anniversary on Monday, September 10th, and were the recipients of a number of cards, congratulating them on the anniversary. They are in fairly good health at the present time and their many friends extend to them good wishes on this memorable occasion.

They were married by the late Rev. G. S. White on September 10, 1902, and for a period of years, lived on the Township of Richmond after which they came to Napanee to reside. They are both active members of Queen of Sheba Rebekah Lodge No. 254, having joined when it was first organized. Mr. Sills has been a member of Argyll Lodge No. 212, I.O.O.F. for fifty years and was the recipient of a 50-year jewel. Many years ago he was the noble-grand of the lodge and still takes an active part in the business of the lodge.

They have been members of Grace United Church for a long period of years and Mr. Sills has given great assistance, being a member of the official board for many years. Mrs. Sills who, before her marriage was Miss Ida Vine, is a member of the various women's organizations and for many years has taken quite an active interest in these organizations.

The wedding day was also the wedding anniversary of the mother of Mrs. Sills, who is Mrs. John Vine, of the Deseronto vicinity of their daughter, Mrs. Fred Trotter and Mr. Trotter, in Peterborough.

They have a family of two daughters, Mrs. Delbert Winter and Mrs. Fred Trotter.

Mr. and Mrs. Sills were presented with a lovely bouquet of flowers at the opening of Queen of Sheba Rebekah Lodge, held Monday night, Miss Edna Hull, past noble grand made the presentation on behalf of the lodge.

Wrong Parties Greet Widowed War Briles

Ottawa. — It happened on Labour Day, in Union Station, Ottawa, where thousands of people have met friends and of people since the boys began coming home from the war.

There were some on hand to greet the latest group of dependents, among them a lead two clusters of relatives, each ready to welcome a widowed war bride and her son.

The cluster was soon directed to one young widow and fell upon her joyously and prepared to take her home. But the truth came out when they started calling the son by the wrong name.

Almost simultaneously, the other group had halted the other bride when a enemone mentioned the name of the young widow's husband and it wasn't the right name either.

The bewilderment ended when a closer check showed that the widow one group had taken possession of should have gone with the other, and vice versa.

Interested and equally bewildered bystanders told the story, but no names were available.

Napanee Inter. Oust Bloomfield-- Tackle Latta Next

Latta Here on Wednesday September 18th

Playing heads-up ball behind the stellar pitching of Joe Jocko, the Napanee Intermediates won the fourth game of the best-of-seven series with Bloomfield, 9 to 5, and now advance to the next round against Latta.

In the first game at Bloomfield the teams tied 6-6 and in the second here, the locals lost 7 to 4 and in the return game at Bloomfield the Napanee entry edged a win, 13 to 12.

Jocko handcuffed the visitors throughout the game with the exception of the third innings, when the heavy end of the Bloomfield batting order nicked him for four hits for as many runs. Joe added his fat and the next fifteen batters to face him went down in order. The visitors scored their fifth run on an error, a stolen base and a brace of walks.

Napanee started the scoring in the second when a squeeze play brought in a counter. The fifth, sixth and seventh frames were the downfall of the Bloomfield boys — the locals tallying one, two and four runs, respectively.

Jocko was the most potent hitter of the day's as well, paying four hits and scored three of his team's runs, in five trips to the plate.

Box Score

Bloomfield	004 000 010—5 6 6
Napanee	011 013 40x—9 11 2

EATON'S PAY TRIBUTE TO WAR VETERANS

The T. Eaton Company will pay tribute to its war veterans at a reception to be held at Eaton Hall, King, Ontario, on September 12th.

Approximately 2,200 veterans, representing all the Armed Forces and Auxiliary Services, will be guests of the firm. Each veteran will be presented with a gold ring bearing a replica of the War Service Badge on the face, with the owner's name and rank engraved on the back.

Token presentations will be made at the ceremony by Mr. John David Eaton, the Company President, to representatives of each service and the veterans and their guests will be welcomed by Lady Eaton.

Two Eaton employees, Mr. William Perry, ex-R.C.A.F., and Miss Margot Bedwell, formerly of the W.R.C.N.S., will speak on behalf of the veterans.

Guests at the reception will include Company Directors and Supervisors and veterans from Eaton's, Toronto and Hamilton Stores. The Eaton Knitting Company, The Guelph Stove Company and Canadian Department Stores in 22 Ontario cities and towns. Similar events are scheduled for Winnipeg and Eatons in other parts of the Dominion.

Canon Radcliffe, Deseronto Rector, Buried Monday

The funeral was held Monday afternoon, September 9th, of Canon Charles Elwyn Seymour Radcliffe, in the church of which he had been rector for the past thirty-three years, St. Mark's Anglican Church, Deseronto. Rural Dean H. Pringle had charge of the service and was assisted by Archdeacon R. J. Dunnville, of St. Mary Magdalene Church, Napanee. The body had lain in state in the church from Friday afternoon until the funeral.

Canon Radcliffe, who was in his 90th year, died in the Kingston General Hospital late Friday night where he had been receiving treatment for the past four weeks. Born in England, he studied at Trinity College, Toronto, and received his B.C.L. On April 25th, 1883, he was made deacon and licensed to Amherstview. On March 22nd, 1884 he was ordained priest in St. Mary Magdalene Church, Napanee, and on October 1st, 1886, he was transferred to the Diocese of Niagara. He had charge of the Mississions at Arthur and Mount Forest until 1890 when he left for the Diocese of Salisbury in England. In 1896 he had the Diocese of Glandalough in Ireland and in 1899 he was appointed to Amherley and then to Winchester in the Diocese of Ottawa, Canada.

On September 18th, 1902 he was appointed to Camden East and on May 1st, 1911, was appointed to the rectory at Kitley. After resigning this charge, he was appointed rector of Deseronto in July, 1914.

On July 1st, 1927, he was appointed Rural Dean of Lennox and Addington and on February 1st, 1928, was appointed honorary Canon of St. George's Cathedral and three months later was installed as canon of the cathedral.

NOT ANY BETTER

A few years ago a visiting clergyman gave an address in Trinity United Church. Among other things, he made a brief reference to the evidences of over-indulgence he saw on our streets, the Saturday previous to his address. He contrasted that with the conditions he had known when he was a minister in Napanee twenty-five years previously. In an editorial following the address, We said: "There will probably be some who will say that a stranger might better mind his own business rather than report on facts as he saw them .... More sensible and more balanced judges among the citizens will not resent the comments, but will take them to heart and seek a remedy."

Well! we were taken to task for our share in the matter by the then Mayor of Town, who in his 1944 inaugural address, said: "I regret that in recent weeks the town of Napanee and its law-abiding citizens received from the local pulpit and a local press, a most unwarranted defamation. As Chief Magistrate of this town it was my duty to make a thorough investigation of this matter, and I found that such accusations were not warranted by the facts." The Chief Magistrate then read us a lecture on the Freedom the The Press.

Two years have passed since this was written. Had the situation with respect to drinking and drunkenness in the town, been misrepresented by us, it would be fair to assume that the evidence of the law-enforcement officers in the community would support that contention. But the situation has worsened. The police records show an increasing number of cases of breaches of the Liquor Control Act, and allied crimes. On Thursday last, the Napanee Police Court, presided over by Magistrate J. B. Garvin, had before it eight cases under the Liquor Control Act, and several others in which excessive use of liquor was the cause of the charges being laid. We are not now making any comments on what we see or what we do not see. We are simply quoting the official records of the Police Court. How does that record compare with other days. That was the issue raised in our earlier comments. Well ! there was a time when there was only one arrest for drunkenness, in Napanee, for a whole year — and that not so long ago, either.

Only the most prejudiced and bitter, can fail to recognize the gradual—and not too gradual at that—increase in drunkenness and allied evils. The record of the Police Court is irrefutable. But cold statistics tell nothing of the devastating human aspect of the story that lies behind the figures. The experiment with the so-called Liquor Control has been a dismal failure. Once the public becomes seized of this fact, they will take quick and certain steps to remedy it. In the meantime, churches and other interested social groups, must not relax their efforts to collect data and present facts to the public.

There is no escape from the logic of cold facts :facts such as the Police Courts are providing, week after week !

CHURCHES CONSIDER UNION

In Winnipeg, Man., during the past week, The General Synold of The Anglican Church has been studying a report of a joint commission of Anglicans and United Church Representatives. Reports coming from the West indicate that the report will be accepted and passed on to the rank and file of the Church, for study.

The General Council of The United Church of Canada meets to-day. It will have before it the same report. The probability is that the Supreme Court of The United Church will accept the report and send it down for study. For the years the plan, it is expected, will be thoroughly studied by the whole membership of the two churches. The present plan, while it is an exteremely important one, does not, if accepted, commit the two churches to organic union. What is now proposed is that ministers of one church should have all the rights and privileges of clergymen in the other church. That is about as far as the commission was prepared to recommend just now. But it is a first step, and if that one is taken, subsequent steps looking to union, will be worked out.

In view of the rapid secularization of society, and the irrelevance of many of the historic differences which divided these religious groups, such a co-ordination of church forces as that envisioned in the proposed plan, seems overdue.

A LIFE OF SERVICE

In Grace United Church, on Sunday evening, three young men who are looking forward to life-work within the Church, had charge of the service: J. Gordon R. McLellan, Donald C. Elliott, and Morley M. Hawley. Gordon McLellan and Morley Hawley are definitely committed to the ministry. Apart from a brief introduction by the minister, the three young men conducted the whole service : with dignity and in a spirit of deep consecration.

At this stage of the world's history, when our civilization is dominated by materialism and a hedonistic philosophy, it is reassuring to find keen, alert young men, ready to renounce opportunities for wealth and position, for service to their fellows and the church. It speaks volumes for the homes from which they come, and the congregation in which they have been trained, and reflects great credit on Rev. C. D. McLellan, the minister of the church, from whom they, no doubt, received their inspiration.

THE STRIKE CONTINUES

The steel workers who are out on strike in the three large Canadian steel plants have refused the Government offer of certain wage increases and improvement in working conditions. The public, which had been led to expect a settlement, is not only disappointed, but is becoming impatient. The wage increase demanded by the workers is a straight fifteen and a half cents an hour. That offered by the Government was on a sliding scale ranging from twelve and a half cents a increase in the lower brackets, to eleven cents in the higher wage brackets, along with a forty-hour week and a week's-vacation, with pay.

The Committee on negotiations representing the men, apparently, believed the offer was reasonable, and submitted it to a vote of the workers at the Hamilton plant. The vote was taken on very short notice, and by open voting. The offer having been rejected in Hamilton, naturally influenced that in the other two plants, which followed the lead set by the Hamilton workers.

The situation is now more complicated than ever. The Government, having put a comptroller in charge, is involved, and cannot get out of the difficulty without great loss of prestige. It is an embarrassing position. On the one hand the Government is earnestly trying to hold the price structure against the threat of inflation. They have met with marked success in this effort, up till the present time. On the other hand, the Government raised their own salaries and permitted an increase of five dollars a ton on steel. It was this which aroused the workers. It is quite reasonable to expect that there would have been no strike had the price of steel remained as it had been throughout the war. The workers believe they are entitled to a share in that increase. In all the negotiations so far, no suggestion has been made that this five dollars a ton should be removed. The Government must recognize that it cannot break its own regulations with respect to prices and not run into trouble with the workers. The workers know what is going on. They are not some group different from the rest of us—they are just like ourselves; like the people who work in the Napanee factories and industries. Morevoer, they are led by men who are capable and intelligent. Mr. C. H. Millard, who leads the steel workers is a prominent church man, and a popular speaker at church and religious groups. Not only so, but the leaders of the unions know the steel business. They have their research men, and know the facts. They know whether or not, when the price of steel goes up, the company can pay the rate asked.

What the Government will do now is problematical. Should the demands of the workers be granted, the management will probably seek another increase in the price of steel. This will probably be easier to get. Then the cost to the consumer of everything he buys, will increase.

We believe the proposition made by the Government was a fair one and should have been accepted. Now that it has been rejected, the Government will have to continue to precipitate action in raising their own salaries and the price of steel.

ANOTHER SIDE

There are always two sides to a question. All too often only one side gets the public ear. Certain media of publicity know which side has a popular appeal, and play that up. This seems to have been the way in which an unfortunate accident in a Toronto school has been presented to the public. A young four-year old was taken to the kindergarten. He was unmanageable. The teacher, admittedly one of the best, put him in a small room by himself while she gave her attention to the others. He broke a window, jumped out and broke his legs. An investigation is being held and, in due time, a report will be forthcoming. In the meantime, pictures of the boy, his father and the school, have been published. School trustees have been interviewed and their opinions given. Naturally, a lot of sympathy has been aroused.

What about the other side. On the day school opens, mothers and sometimes, fathers take their little four or five-year olds who have never been out of their sight and leave them with the teacher. That is, they are supposed to leave them there. But in a great many cases as in this particular one, the parents hang around, wondering how the little child is taking it. He gets a glimpse of them through the door and there is a scene. This is particularly true of parents of one child, who has been sheltered, protected and coddled. Naturally, the break is a hard one. But the situation is a hard one for the teacher, too. She has twenty or thirty of these young people to meet. She has to get their confidence; she has to get some discipline operative among children, many of whom have had little discipline at home. It is, by no means, an easy task. The first week the kindergarten teacher puts in at the beginning of the term is a nerve-wrecking experience. After that, the children learn to cooperate, but the teacher takes a long time getting over that first week. We have no judgment on the right or wrong of shutting up the little fellow in a room by himself — that is a problem for child psychologists. But, with twenty or thirty crying, frightened little children to be looked after and with parents making the situation more difficult by loitering around in the child's presence, it is hard to see what else a teacher could do under the circumstances.

Cochrane Family Supply The Music At Deseronto Anniversary

Rev. James E. Beckel, who is the president of the Bay of Quinte Conference of The United Church of Canada, was the guest preacher at the 69th anniversary of the Deseronto United Church, held on Sunday morning and evening, and his sermons were heard with much interest by the splendid congregations.

Mr. and Mrs. W. C. Cochrane and family, formerly of Napanee, assisted in the musical portions of the services.

For the numbers which the Cochrane family of twelve members rendered at the morning service, Miss Katherine M. J. Cochrane was organist and instrumental accompaniment was given by Miss Doreen Cochrane, Nora Cochrane, John S. Cochrane, Robert W. Cochrane and Jessica Cochrane. A chorale was rendered by the family of twelve, with Miss Adelina Cochrane slanging a contralto solo. During the offertory, a violin solo was played by Miss Isabella Cochrane. Other numbers were an anthem by the family of twelve and a soprano solo "Bless This House", sung by Mrs. Urban McCulloch (Patricia Cochrane).

INTERNATIONAL SUNDAY SCHOOL LESSON, SEPTEMBER 15TH, 1946

Lesson Text: Exodus 20: 17. Proverbs 11: 23, 24. Luke 12: 13-21.

"JESUS AND COVETEOUSNESS"

The last of the Ten Commandments, like those that have preceded it, have far - reaching implications, and in the process of the years, the Commandments are new and quite different applications than those the writer of the decalogue had in mind. Then, society was a simple thing; to-day it is complex and highly organized, still integrated. The heart of the command, however, is the same. For it is the spirit of coveteousness which is condemned, and that spirit is not confined to any age or any condition of society.

We are familiar with the phrase: "Keeping up with the Joneses." There is a sense in which this modern mood is typical of our civilization. On that fools all trained advertising experts build their appeal. "How do you get your coffee so nice and white?" or "How do you get such a shine on the car?" — we all know the line. This, however, is not necessarily coveteousness. To be coveteous means to want a thing so badly that we would break the law to get it. Of course, nobody starts off that way. We start off, simply wanting something somebody else has, and then the devil gets busy: subtle suggestions come into the mind, and that is the danger point.

This spirit of coveteousness has wider applications. Just now, we are in the midst of a wave of strikes, and labor unrest. Labor desires some things which management possesses. They desire it so badly that they take steps to implement those desires. One group of capitalists covet the position in the market and in the financial world which another has. Then comes stock manipulation, and all sorts of juggling known to the trade, by which to gain power. It is true all along the line. It applies in the national area: one group of politicians desire the position held by the other. To secure that, they may not hesitate to besmirch the character of those whose positions they covet. In the international field, too, nations envy other nations; covet their place in the sun, their trade balances, their power of production, their natural resources. To get these all sorts of coveteous practices may be resorted to and eventually war may ensue. Fundamentally ,we must get rid of coveteousness in our own hearts, and then we will be in a position to get it out of the larger affairs and interests of life.

The second passage is somewhat complimentary to this first one. Proverbs describes the man who has possessions and uses them for the common good. This man is commended. Then there are those of great possessions who hoard them. He is condemned.

The final passage is the parable of the rich fool. The man had a great deal of wheat and other possessions. He did not know what to do with them. He was a rich fool. He thought only of himself. When a man or a woman things only of self, he or she is a fool. For after all, a person cannot live alone. We live in a world of people, and for one to think and plan alone for self, is foolish. There comes a time when all the best laid plans go awry. A person's wealth, beyond a certain amount, is an embarrassment. After all, there is more to life than getting money, and the things that money can buy ! When a man of mad makes his life synonymous with things, he is a fool.

"Where shall I bestow my fruits?" Where, indeed ! All mankind has one human poverty, starvation, and yet he hoarded what he had: wondered where on earth to store them. What a fool he was: he had no vision, no sympathy for others. Here we are in a world, half of which is hungry, and still there are those who hoard and wonder what to do with their goods so as to evade the income tax.

"Eat, drink and be merry." What a fool ! and what a lot of fools there are in our day. "On with the dance, let joy be unconfined." Naturally, when war disciplines were removed it was to be expected there would be moral laxity. But what a mad world ! Eating and drinking — the fool !

"Thy soul shall be desired of thee." That is the crux of the situation.

Do we plan for the body or the soul ?

BOY SCOUTS NEWS

FIRST NAPANEE WOLF CUB PACK

CHIEF SCOUT'S VISIT TO KINGSTON

The entire 'Pack proceeded to Kingston to take part in the monster rally held in honour of the Chief Scout's visit to Kingston.

Lord Rowallan, on his tour of Canada, stopped in Kingston for a day and took part in the rally on Queen's Campus.

Following the Grand Howl, performed by the several hundred Cubs present, the Chief Scout spoke briefly to the Cubs. He outlined the part Cubs played in the great brotherhood of Scouts and encouraged them to carry on with their work.

On his inspection tour, the Chief spoke to the Two-Star Cubs of the pack. After inspecting the Cubs, the Chief viewed the Scouts, Brownies, Guides and visiting American Scouts with their leaders.

Akela wishes to express the thanks of the Cubs for the transportation provided by the parents.

Friday, September 6th

The Pack met in the Cub rooms on Friday night for their first regular meeting of the new term. Following the opening ceremonies, new recruits were introduced to the Pack. Introduced by Akela were recruits Bob MacGregor, Don Richardson, John Ham, Billy Gibbard and Pat Harrington.

Several announcements were given out. They were concerning the Pack picture and the recruit situation.

Games played during the evening were Round Pole Relay and Hit The Deck.

The instruction period dealt with the Cub Law and Promise. This was mainly for the benefit of the new Cubs and as a review for the older members. A rousing sing song was enjoyed by the Pack with such favourites as Sweet Little Susie, Apple Pie Baker, Come A Huting, and Ten Little Elephants.

The meeting closed with the Cub Silence, Cub Prayer and Dismissal.

— CUB NOTES: —

New Recruits

The new members of the Pack are reminded to return their admission forms to Akela at the next meeting. In addition the Law and Promise is to be learned.

New Scouts

The older members of the Pack who are going up to Scouts in the near future, are to proceed with their Tenderfoot tests. These Cubs are to hold themselves in readiness for extra sessions in their Tenderfoot requirements.

Mr. Dick Freemantle underwent a serious operation in the Kingston General Hospital on Saturday last. His many friends hope for a speedy recovery.

Mr. and Mrs. Fred McCracken spent several days in the Niagara district.

Rev. W. McCracken and Mr. Mc-Cracken, of Kingston, spent Tuesday evening with Mr. Archie McCracken.

The Fourth Line W.A. held their September meeting at the home of Mrs. Harold Robson, on Tuesday afternoon, nearly all members being present. Mrs. Harvey Reid, vice-president, conducted the devotional part of the meeting and Mrs. Ford Denyes the president, was in charge of the program, choosing as her topic, missions. At the close of the meeting Mrs. Harold Robson and committee in charge served a delicious lunch. Mrs. J. E. Hagerman moved a vote of thanks to Mrs. Robson, for opening her home and also to the program and lunch committees.

LANGEVIN FAMILY, STOCO RE-UNITED AFTER FOUR YEARS

On Sunday, September 1st, at the home of Mr. and Mrs. Frank Langevin, Stoco, a very happy family reunion was held when all members of the family were able to be present for the first time in nearly four years. Those present were Captain and Mrs. Leonard E McClelland and son, David, of Kingston; Mr. and Mrs. Stanley Langevin and daughter, Gail, of Toronto; Mr. and Mrs. Edmund Langevin and son, Dale, of Erinsville; Mr. Raymond Langevin of Stoco; Mr. and Mrs. Francis Assets of Kingston; Mr. and Mrs. Ernest Langevin, of Erinsville; Mr. Oakley Langevin of Stoco, and Mrs. Clifford Langevin, of Stoco. Private Stanley Langevin spent nearly three years in the service and saw action in France, Belgium, Holland and Germany. Sgt. Raymond Langevin, likewise spent about three years in the service and also saw service in France, Belgium, Holland and Germany. Capt. L. E. McClelland and Sgr. Francis J. Assets, sons-in-law of Mr. and Mrs. Langevin, also saw service overseas in France, Belgium Ho'land and Germany.

Cook S. Frederick W. Langevin spent nearly two years in the Navy with the ship 'Iroquois' on Halifax and Halifax, and Corporal J. Oakley Langevin spent about a year with the National War Service Grain Utility Office, at Ottawa.

Needless to say, after a separation of nearly four years with several members of the family stationed at various points abroad, the re-union was a most happy one.

NEWBURGH

Newburgh, Sept. 9. — The school has opened for the season with a large attendance, especially in the public school, where the teachers report 103 on the roll.

The Mission Band picnic held on the parsonage lawn on Tuesday afternoon was well attended and the children had a very enjoyable time.

After two months' recess the W. A. of the United Church convened on Friday evening, at the home of Mrs. Dale McGill, with 25 answering to the roll call and a number of visitors in attendance. There was a considerable amount of business transacted, including the coming birthday social to be held in the near future. The president, Mrs. H. B. Herrington was in charge of the first part of the meeting, after which Mrs. P. Gerow and Mrs. G. Gilbert took charge of the devotional and social part of the program. Mrs. R. Wightman and Mrs. Beadle King rendered a very beautiful duet, which was much enjoyed by all. Mrs. W. Embury played an instrumental. An interesting reading on temperance was given by Mrs. Butler. After singing a hymn, the meeting was closed by singing the theme song. The hostess served a dainty lunch and a social hour was enjoyed by all.

Mr. and Mrs. Grant Gerow, Cleveland, Ohio, spent Friday with Mr. and Mrs. Percy Gerow and family.

Mr. and Mrs. Stewart Weese and Mr. and Mrs. Donald Weese and family, Mrs. Stewart Weese of Selby, Mr. and Mrs. Arthur Wright of Violet, Mrs. Stewart Weese, Herbert and Dorothy, of Bath, were Sunday guests of Mr. and Mrs. Percy Gerow.

Mr. and Mrs. Bruce Cairns of Wyandotte, Mich. have returned home after spending a week with the former's parents, Mr. and Mrs. Robert Cairns.

Mr. Ernest Sharpe of Toronto, was recent guest of Mr. and Mrs. Champion Smith, and also Mr. and Mrs. Ronald Smith.

CROYDON

Croydon, Sept. 9 — A large number of relatives and friends attended the funeral of Mrs. Lasher Maxwell on Thursday afternoon, at Camden VIII church. Rev. W. H. Baugh conducted the service and the burial took place at Tamworth, under the Orange Order. Although he had been in poor health for some time, he came as a shock to the community, where he was so well known, having been in the drovel business for some years. He leaves to mourn his loss, his wife, the former Miss Nina Marlin and two daughters, and four sons, Frank of Croydon, and Edmund, Robert and Raymond, brother; Mrs. R. Pyke (Margaret) of Portsmouth, and Mrs. Sidney Griffin, Marley of Croydon.

Camden VIII W.M.S. met in the church on Friday afternoon for their September meeting. The October meeting will be held at Mrs. Robert McGregor's.

Family services will be held in Camden VIII church on Sunday, September 15th.

U. S. PREPARES POLAR FLIGHT

Waashington, (B.U.P.) The Army Air Forces reported that a picked crew of airmen will take a stripped-down B-29 were set to take off Saturday last, weather permitting, to attempt a record of 10,000 mile nonstop flight from Hawaii to Egypt over the polar ice cap.

The plane, dubbed the "Pacusan Dream Boat," will be flown by Col. C. S. Irvine. It is the same combination which set the present non-stop record last November, a 8,198 mile hop from Guam to Washington, D.C.

The plane's flight will take it from Bickam Field, Hawaii, to Point Barrow, Alaska, over the magnetic pole, Northern Greenland and then to London, Paris in Italy and finally Cairo.

The AAF scheduled the trip for two big reasons. It wants sto convince the American public that it is vulnerable to attack across the polar ice cap and needs a strong air force for protection.

The flight also will test the latest Air Force instruments and equipment over the magnetic pole and under polar weather conditions.

The flight will be monitored by official timers at Fairbanks, London and Cairo to make sure the record is official. Irvine expects to make the flight in between 42 and 45 hours.

He will report his progress regularly through a world-wide network of radio stations. Powerful stations in Alaska and Greenland have been alerted for the test.

CAMDEN EAST UNITED CH W.A.

Mrs. Perry Alkenbrack was hostess to the W.A. members on Thursday for the September meeting. Mrs. J. In the world.

Beattie assisted by Mrs. E. Sc ii. took charge of the worship service. The president, Mrs. G. Barr, presided for the business part. The roll call, a verse of the Ten Commandments, was answered by seven members. The anniversary service was announced for September 22nd. A motion was passed that the W.A. give their annual donation. It was decided that the annual bazaar be held in November and plans would be made at the October meeting.

A contest sponsored by Mrs. E. Scott, was won by Mrs. Alkenbrack.

The meeting closed with the Lord's Prayer, repeated in unison. A dainty lunch was served by the hostess and a vote of thanks was tendered her.

The national flag of Denmark is said to be the oldest national ensign in the world.

Splendid Market Last Saturday

There was great activity on the Napanee market last Saturday. Both buyers and produce were plentiful and the market, despite the extremely dry weather, presented the most attractive displays of the season.

Chicken sold at 35c per lb; eggs at 50c per dozen, tomatoes, 25c for 6-qt basket; potatoes, 60c per peck; corn, 40c per dozen, ground cherries $1.00 for a 6-qt basket. Apples were 40 and 60c per basket and carrots, beets, onions, 10c per bunch; cauliflower 10c to 25c each and cabbage 5c to 15c each. Muskmelons sold for 5c 10c and 15c each.

Canada's Tourist Business On Way To All Time Record

Ottawa. — Canada's profitable tourist business, which this summer has been breaking all records of recent years, might even top the peak year of 1937, Leo Dolan, director of the Canadian Travel Bureau, stated last week. Present figures indicate that the number of American tourists and visitors will hit close to the 10,000,000 mark for the three months of June, July and August, with tourist business possibly exceeding $300,000,000.

The number of American crossing the line into Canada in June was 2,220,000 compared with 1,586,000 last year, and in July the figure was 2,460,000 against 2,686,000 a year ago. Early reports show that the figure for August will be at least fifteen per cent. higher than the 2,800,000 recorded in August, 1945. These figures include both long and short term visitors.

The Battery held its first training period of the season on Thursday night, with eight officers and twenty-five other ranks present.

A meeting of the Sergeants is being held next Thursday night to arrange for and decide on the social activity to be held during the Fall season, in the Sergeants' Mess. All N.C.O.'s are requested to be present.

WEDDING BELLS

GOODMAN - PARKS
The first wedding to take place in Gretna Church since the building was erected about seventy years ago, was solemnized on Wednesday, August 28th, at 2:30 p.m., when Mildred Isobel Parks, daughter of Mrs. Clare Snook, Gretna, and the late Ralph Parks, became the bride of William H. Goodman, son of Mr. and Mrs. W. H. Goodman, Bethany.

The bride's uncle, Rev. Harry Mellow, Leaside, performed the marriage ceremony, assisted by Rev. M. R. Brown, pastor of the church. Following the ceremony, the bride was presented with a bible by Mr. William C. Joyce, recording steward of the Bay Circuit, who in his short address recalled that the bride's grandfather and great-grandfather had assisted in the building of the church and her great-grandfather had donated the land on which the church stands.

The bride, who was given in marriage by her uncle, Mr. Fred Mellow, wore a long gown of white sheer with fingertip veil and orange blossom headdress, and carried an arm bouquet of red roses.

The matron-of-honour, Mrs. Frank Corbett, of Gananoque, wre a pink floor-length satin dress and carried pink roses.

The groomsman was Mr. Authmire Currie. The wedding music was played by Mrs. Harry Mellow. The ushers were Ralph Mellow and Douglas Blakely.

Following the ceremony a reception was held at the home of the bride's grandmother, Mrs. John Mellow, where Mrs. Snook, wearing rose sacsmee crepe with brown accessories and a corsage of Taliman roses, received her guests. The groom's mother, who also received, was in blue crepe with black accessories and wore a corsage of red roses.

Later, the bride and groom left on a wedding trip to Toronto and Niagara Falls. They will reside at Bethany.

CONNORS - HUNT
On Monday, September 2nd, the Church of the Assumption, Erinsville, was the scene of a very pretty wedding when James Joseph Connors, popular Sheffield Councilman, was united in marriage with Margaret Elizabeth Hunt, formerly superintendent of nurses at Ontario Hospital in Kingston. Father John A. Powell officiated.

The bride was attired in a gown of white sheer, appliqued at the neckline and shirred at the waist with a full skirt. She wore a heart-shaped headdress with fingertip veil and carried sweetheart roses. She was attended by her sister, Anna, who chose for the occasion a pink sheer trimmed with pearl sequins. She wore a halo of pink organza and carried a bouquet of sweetheart roses.

The groom was attended by his cousin, Capt. J. J. H. Connors, R.C.A.M.C. The bride was given in marriage by her younger brother, Mr. J. Hunt. The ushers were Mr. W. Hunt and Mr. W. McGrath.

Following the wedding the guests repaired to the Queen's Hotel, Tamworth, where the wedding breakfast was served. The breakfast room was tastefully decorated in pale blue and pink with floral and silver adornoning the tables. The toast to the bride was proposed by Rev. Father Powell, to which the groom made a suitable reply.

Leaving later for Toronto and vicinity, the bride wore a turquoise suit, with brown accessories.

The out-of-town guests were Mrs. M. Rielly, Miss M. Rielly, Ottawa; Capt. and Mrs. J. J. H. Connors, of Barrie; Miss Anna Hunt, Reg N., and Mrs. Feldman, of Toronto; Mr. J. J. Connors, Sr., Mr. and Mrs. A. Stanford, Mr. and Mrs. G. Stanford, Mr. J. Kennelley, Kingston, Mr. Joseph Daley, Reid; Mr. and Mrs. J. Kennelley, Mrs. M. Kennelley, Mr. and Mrs. D. Kennelley, Napanee.

ANDREWS - YORK
On Tuesday, September 3rd at 11 o'clock, the home of Mr. and Mrs. Fred York was the scene of a charming wedding, when Hilda Evelyn, their eldest daughter became the bride of Mr. Hales Albert Andrews, of Batteress. Rev. R. Boston, Carleton Place, officiated, and the wedding music was played by Mrs. Robert Boston.

The bride was attended by her sister, Miss Helen May York, as bridesmaid. Mr. Clifford Robert Dixon attended the groom as best man.

After a reception held at the home of the bride's parents, the young couple left by motor to visit eastern points. On their return they will take up residence in Kingston.

MILK BOTTLE SHORTAGE ACUTE — APPEAL MADE

Ottawa. — R. C. Smellie, President of the National Dairy Council of Canada, warned of a developing shortage of milk bottles as a result of a strike at the Brymer-Mead Company soda ash plant at Windsor, Ont., and appealed to housewives to return all empty bottles to dairies as soon as possible.

Mr. Smellie said in a statement that the Windsor plant supplies practically the entire Canadian output of soda ash, an essential ingredient in the manufacture of glass bottles, and bottle works had "virtually stopped" operations. Even if the strike ended immediately—and "no settlement is in sight"—no new bottles could be produced for at least two months.

Dairies had no appreciable inventories and normal breakage and loss were continuing "all along the line," with the result that soon "an acute shortage of bottles may curtail milk deliveries in many cities."

The strike at Brunner-Mond involves 400 workers who are members of the United Automobile Workers of America (C.I.O.)

Queen Sheba Lodge Initial Meeting

The initial meeting of Queen of Sheba Rebekah Lodge No. 284, was held on Monday night, following the summer holidays. Mrs. F. Tanner, Noblegrand, presided.

A memorial service was held in memory of our late sister, Louise Blam, past - noblegrand, and the charter was draped. Mrs. Harold Dennison was soloist.

We were honoured in having as our guests, Louise Lodge No. 10 of Kingston, who exemplified the Rebekah degree in a most capable manner. The noblegrand of Louise lodge is Mrs. Payne. The degree mistress is Miss Anne McLean and her assistant is Mr. Newton Foster. The soloist was Mrs. Lusby and the pianist was Mr. Brice Spider.

Mrs. Edith Hall, past-president of the Rebekah Assembly, was present and was introduced to the noblegrand and members by Mrs. A. Kitchin, past district deputy-president.

As Mr. and Mrs. W. B. Sills, who are charter members of the lodge were celebrating the 44th anniversary of their marriage on Tuesday they were presented with a lovely bouquet of flowers, by Miss Edna Hull, past noblegrand.

A hearty vote of thanks was given Louise Lodge for the very efficient manner in which they had presented the degree.

Brief addresses were given by Mrs. Payne, noblegrand of Louise lodge; Mrs. Edith Hall, past president of the Rebekah Assembly, and Miss Anna McLean.

Delicious refreshments were served at the close by the committee in charge.

OBITUARIES

EDWARD JORDAN
Edward Jordan, one of the Oldest and most highly respected citizens of Richmond Township, passed peacefully away on Monday, August 19th. He was in his 84th year and was the son of the late Michael Jordan and his wife, Catherine Conlin. He was a devout member of St. Patrick's Church, Richmond, the Altar Society and the League of the Sacred Heart.

The funeral was held on Thursday, August 22nd, at St. Charles' Church, Read, where requiem mass was sung by Rev. Father Coyle. Interment was made in the family plot in St. Charles' cemetery, where his wife, formerly Margaret Flynn, had been laid to rest eighteen months before. Rev. Father Coyle officiated at the grave.

The pallbearers were Messrs. Gerry Provins, Frank O'Connell, Thos. Doyle, Frank Provins, John Donovan and Perry Armstrong. Left to mourn the loss of a loving father are five sons and five daughters, Patrick and Michael, of Richmond; George of Muzhaki; John, O.P.R. foreman, and Joseph, at home; Rev. Sister Jordan, Hotel Dieu Hospital, Kingston; Mrs. Thos. McGovern, of Bath; Mrs. J. P. Farrell, Read; Bridget and Frances, at home; also twenty - three grandchildren and one great-grandchild.

MRS. E. DAVEY
Mrs. Emma Davey, 88, died recently at her home in Winnipeg. Born in Camden East, Ontario, she had resided in Manitoba forty years. During her stance in Winnipeg the past thirty-three years, Mrs. Davey had been an active member of St. James United Church.

Her husband died in 1942, and she is survived by two sons, John, of Regina; and Harry Walton Davey, of Winnipeg. Also surviving are nine grandchildren and five great grandchildren. The funeral service was held from the Clark Leatherdale funeral chapel, with Dr. H. B. Duckworth officiating. Burial was made in Brookside cemetery.

SOCIETY OF FRIENDS Continue Relief Work IN EUROPE

"In Poland you are very close to the home of human suffering," Maurice Webb, of the Society of Friends, reports after visiting Quaker relief teams in France, Holland, Poland and the British Zone of Germany. The Canadian Quakers are raising funds to send cod liver oil to the neediest areas of Europe.

"Warsaw is the most completely destroyed city of Europe," Mr. Webb writes, but he adds that the city is full of life. Many people are back. Street vendors sell anything from strawberries to brassieres at the curb. One hundred and two thousand trade unionists are giving free labor to clearing the city; university students are cleaning streets, planting trees and public gardens. Warsaw has refused to die."

He says that two million people in Poland have no roof for shelter. Total stocks of food yield an average intake of only 300 calories a day. Two million children are in serious need of food, clothing and care. Other relief workers back on this continent from Europe reported that next winter the food conditions will be worse than last winter. They said that there are no fats, or sugar in Europe except in Slovakia where there is some sugar.

In Holland the Quaker relief worker found food and flowers plentiful. No food queue could be seen. Rotterdam, though terribly bombed, "is a clean, jaunty and thriving city." But some say it will be five years before Holland's land will be free from salt. In Holland Mr. Webb visited the Quaker relief team which has been feeding, clothing, combatting diseases and restoring houses as the water receded.

Cologne, Mr. Webb reports, is "a nightmare of rubble and fragments of walls that point fantastically to the sky." Germany, he says "is another country — no, another world, after seeing Holland."

Funds for helping the Canadian Friends Service Committee 'send cod liver oil to Europe may be sent to Canadian Friends War Victims Relief Fund, 113 Maitland Street, in Toronto.

Bognor Regis, an English south coast seaside resort, plans to abolish queueing for elderly people who live alone by providing voluntary helpers to shop for them.

SELBY MISSION BAND
The monthly meeting of the Selby Mission Band was held in the Sunday school room on Saturday, August 3rd, in the afternoon. Mrs. Prisken took charge of the meeting in the absence of the president. She read the call to worship and all repeated the members' purpose. A hymn was sung and Marion Henderson led in prayer. The roll call was answered by a verse from the Bible, containing the word 'faith'. The secretary read the minutes of the last meeting. It was suggested that we do a map of India as the one on Africa was completed. Muriel Pringle gave a reading on temperance and Margaret Laird read the scripture, after which Frances Robinson gave a piano solo. Judy Kimmett read a story and a duet was played by Dorcas McCutcheon and Marie Price. The next two chapters of the study book were read by Mrs. Prisken and a guitar solo by Shirley Prisken was enjoyed. A hymn was sung and all repeated the Mizpah benediction. Games were played outside.

In Loving Memory

JACKSON — In lovoig memory of our dear wife and mother, Mrs. Miles Jackson, who died September 2nd, 1946.

Sweet is the memory that will never fade,
Of the one we loved but could not save.
We miss her just as much today,
As on the day she went away.
The flowers that were placed on her grave,
May wither and decay,
But the love for her who sleeps beneath,
Will never fade away.
Sadly missed by
HUSBAND, and
Daughter, JEAN.
37ap

JACKSON — In loving memory of our dear daughter and sister, Mrs. Miles Jackson, who passed away on September 2nd, 1944.

A silent cord on memory's harp
Is softly touched today.
For it is just two years
Since God called my dear daughter away.
Where the buds from earth transplanted
For our coming watch and wait
In the upper region growing
Just within the golden gate.
Though our hearts may break with sorrow
By the grief so hard to bear,
We will greet her some bright morning
In the upper garden, there.
Sadly missed but
lovingly remembered by
Mother, MRS. W.T. BROWN.
Sister, MRS. HAROLD MILLIGAN, and brothers,
GEORGE and WILLIE
37ap

SAGER — In loving memory of a dear wife and mother, Ethel May Sager, who passed away September 13th, 1944.

At night the silent stars look down
On the grave not far from here,
Where sleeps the one we can't forget,
The one we love so dear.
The dearest mother this world could hold;
The truest friend;
The cheriest smile; a heart of gold.
For all who knew her, all will know
How much we lost, two years ago.
Lovingly resting now, in sweet peace,
with Jesus,
And some day, once again, our hands entwine.
Lovingly remembered by
BILL, KATHRYN,
and DOUGLAS.

McRAE— In loving memory of our dear son, Ross, who passed away on September 15th, 1931.

Fifteen years have passed since that sad day
When darling Ross was called away.
God took him home—it was His will;
Within our hearts, he liveth still.

"More and more each day,
we miss you."

V. O. N. NEWS

The first Board meeting of the Fall season was held in the Legion rooms, Monday afternoon, September 9th, with the president, Mrs. J. S. Reddick, in the chair.

Miss Dodd, the V.O.N. Nurse, gave the following report of the summer's work. In June there were thirty cases carried, 166 visits made, two consultations, 26 hours spent in the schools.

In July there were thirty cases carried, 197 visits made, one conference.

In August Miss Dodd was on vacation, and her work was carried on by Mrs. Lloyd Cowle and Mrs. Percy Asselstine. There were sixteen cases carried, 73 visits made.

Mrs. Percy Laidley announced that the Annual Tag Day would be held on Saturday, September 28th.

As the Order's usual summer money raising activities were cancelled because of the food shortage, it is hoped that everyone will do his utmost to make this event successful.

Retire in Comfort at 60

It costs 50% to 60% LESS, the Annuity way, to retire in comfort at 60. This is because an annuity permits the use of both interest and principal as income, yet guarantees that the income will last as long as you live.

You can count on retiring at 60, with a comfortable income, if you start saving now. The cost will never be less, for you, than it is today.

SAVE TIME...SAVE FUEL...SAVE FOOD!

THE MIXING BOWL

BY Anne Allan
HYDRO HOME ECONOMIST

Hello Homemakers!

Bless them all. I mean the fine array of vegetables — the long and short and them all. Unless car I.Q. definitely under par there are more interesting ways to serve vegetable dishes than any other group main dishes. A plate consisting boiled vegetables is uninteresting bake one vegetable, steam another and scallop the third. And to make vegetable plate substantial use two vegetables and a green leafy one. garnish plain, uniform sized vegetables with parsley, chopped egg or grated cheese, croutons and herbs.

Try These Combinations

Cauliflower with mock Hollandaise sauce, broiled tomatoes, buttered peas.

Chopped spinach, carrot balls, baby onions stuffed with buttered and creamed crumbs.

Corn-on-cob, glazed sweet potato, buttered string beans.

Baked stuffed peppers (with barley), grilled eggplant, buttered beets, coleslaw with Russian dressing.

Baked tomato with grated cheese, mushrooms, lima beans.

Baked onions, stuffed with carrots, broccoli, baked potato on half shell.

Mashed summer squash, chopped and seasoned beet tops, golden bantam corn, sweet potato croquettes.

Fried macedoine of tomatoes, cucumbers and green peppers, onions; creamed wax beans.

Green peas, turnip greens and creamed, radishes.

FRIED MACEDOINE

Four tomatoes, two cucumbers, two green peppers, one large onion, sliced, three tablespoons shortening, one teaspoon of salt, one teaspoon of Worcestershire sauce, few grains pepper.

Wash, peel and slice tomatoes and cucumbers. Remove seeds from the green peppers and cut in small pieces. Fry onion in shortening until slightly browned. Add tomatoes, cucumbers, green peppers, salt, pepper and Worcestershire. Stir together lightly and fry slowly until cooked.

GREEN PEAS AND MUSHROOMS

Half-pound of mushrooms, one pound shelled peas, four tablespoons shortening, one-quarter cup water, one teaspoon salt, and few grains of pepper.

Wash and cut mushrooms in pieces. Melt shortening and saute mushrooms. Add peas, water and seasoning. Cover and cook twenty minutes.

STEAMED CARROTS AND CELERY

Three tablespoons shortening, four carrots, one cup celery cut in pieces, half-teaspoon of sugar, one small onion, sliced, few grains pepper, one-quarter cup water, half-teaspoon of salt.

Melt shortening, add onion and brown slightly, wash, scrape and slice carrots. Add carrots, celery, salt, pepper, sugar and sugar to the onions and butter. Cover tightly and steam until tender. When done all the water should be evaporated.

THE SUGGESTION BOX

1 For fresh flavour, add pour own garden herbs to canned soup.

2 Use lemon to bring out flavour. Rub chicken with cut lemon before cooking. Squeeze lemon over meat before serving.

3 Save lemon rinds and fill with tartar sauce; they make an attractive garnish for fish platter.

4 Add some red colouring to the syrup for canned pears and some green colouring to another batch of syrup. They make attractive festive salad plates.

5 Keep salt free-running by adding some pieces of laundry starch or pot barley to the shaker.

ANNE ALLAN invites you to write to her care of The Napanee Beaver. Send in your suggestions on homemaking problems and watch this column for replies.

Question and Answer Column

Readers may direct their questions, giving their name and address and mentioning the name of this paper, to Information Branch, WPTB, 400 Sussex St., Ottawa, Ontario.

Q. My son was working for a farmer for the months of July and August. When he came home I found that they had taken all the canning sugar coupons out of his ration book. Are they allowed to take these extra coupons, and if not is there any way I may get them back?

A. No . . . definitely not. The farmer for whom your son was employed had no right to take these coupons unless he received written permission from your son. As far as getting the coupons returned we suggest that your son contact this farmer and point out to him that he was not entitled to the canning sugar coupons without written permission and come to some agreement about getting the equivalent amount of sugar.

Q. Is there a ceiling price on repairs? I had my radio repaired and feel that the price charged was exorbitant.

A. Repairs of this type have been removed from the price ceiling regulations.

Q. I have purchased my fuel from the same company for years. This year they charged 50c a ton service charge when the coal was delivered. Is this permitted?

A. Some companies are permitted to make a service charge due to the distance which the coal must be hauled. However, we do not think the company where you made your purchase has received such permission and we are passing your letter along for investigation.

Q. Why is there such a shortage of salt now, when we have had ample supplies all through the war years?

A. It's the old story over again. It was rumoured that there may be a shortage of salt later in the year if certain strikes were not settled soon. The rumour soon spread and women all over the country rushed out to the nearest store and bought up as much salt as the grocer would sell. Consequently, some housewives have enough salt stored away for months and others have none. There doesn't seem to be any way to cure the "hoarding fever."

New Manager At Bell Telephone Co. At Kingston

J. D' Gardner, Bell Telephone manager at Kingston since March, 1938, has been appointed manager of the newly-formed St. Lawrence district of the company, with headquarters in Kingston, and J. W. Shea, presently manager at St. Lambert, Que., becomes local manager for Kingston, Gananoque, Harrowsmith, Napanee, Sydenham and Wolfe Island. It is announced. These appointments took effect September 1st.

As district manager, Mr. Gardner will be responsible for business relations of the company in such exchanges at Trenton, Belleville, Kingston, Brockville and the surrounding points.

Mr. Shea, the new manager, joined the sales department of the telephone company at Montreal in January, 1936, after graduating from Loyola College. He had varied experience in sales activities until 1937, when he became manager at St. Lambert, a suburb of Montreal, with supervision over smaller exchanges in the vicinity.

Mr. Shea is a man of many interests and activities. A member of the Montreal Amateur Athletic Association, he was Dominion doubles squash champion in 1937 and 1938. His hobby is golf, and he is a past director of the Country Club at Montreal. He is also a member of the 94th Field Artillery mess. At St. Lambert, he was active in community affairs.

Sharp Drop in This Year's Honey Crop

Present estimate of the 1946 honey crop is in the neighborhood of 25,000,000 pounds as against 33,000,000 pounds in 1945. The short crop is due largely to a virtual crop-failure in Ontario which beekeepers are at a loss to understand in view of favourable weather and forage conditions which prevailed throughout the season. The clovers simply did not yield and many of the larger commercial beekeepers of Ontario have had to feed bees throughout the summer.

No marketing problem is anticipated with respect to honey; as honey is still on the ration list and all sales should continue at ceiling prices which were adjusted upward by one cent per pound at wholesale level in Administrator's Order No. A-1350 of April 10th, 1946.

Although the United Kingdom is prepared to take half a million lbs. of honey this year, in view of the short supply situation in Canada, it is doubtful if any honey will be exported.

Importations of honey for industrial use as a sugar substitute have been extraordinarily heavy during the past year and will no doubt continue heavy until sugar supplies improve.

INFLATION is no respecter of persons. Like the rain, it falls on the just and the unjust alike.

If, through free and careless spending, inflation should descend upon Canada as it has upon many other nations, its evil would fall upon *everyone*.

Upon the shiftless, the thriftless, and the black market patrons . . . Yes . . .

But inflation's evil would fall equally on the "just"—those decent, honest, prudent citizens who observe the law and do not seek to satisfy selfish whims to the detriment of the community.

These, fortunately, are Canada's majority . . . these are Canada's No. 1 citizens. In their hands lies victory over inflation.

Here are their five cardinal points in personal financing:

- Hold on to Victory Bonds and Certificates.
- Buy only those goods which are in fair supply and save money for the day when goods now in short supply will be readily available.
- Avoid black market purchases.
- Keep up insurance.
- Build up savings accounts.

This is *conservation*—the first requisite of personal security—the first attribute of good citizenship.

BUILDING for a BETTER CANADA

A Call to Reconstruction on Humanity's Home Front

The needs of a Canada at war placed new and wider obligations on The Salvation Army.

Its traditional work on the Home Front . . . the reclamation of individual lives, broken by folly or misfortune . . . was maintained. The wider task, at home and abroad, was added.

The Army now faces the aftermath of war. New problems in individual lives, seeking readjustment . . . new demands on equipment made inadequate by war and expanding need . . . reconversion!

Today, The Salvation Army calls to YOU, its untiring supporters, to contribute YOUR dollars NOW . . . to make possible the work of human and physical reconstruction . . . to aid in building for a better Canada. Give generously.

Perfect Weather Favors Exhibition Napanee Society

Quality Farm Produce Exceptionally High

The Napanee Fair, like the other fairs in the County, is being favored, this year, with almost perfect weather, and as a result the attendance was exceptionally large on Tuesday.

The spacious grounds with large open spaces and beautiful shade trees are ideal for holding a fair, and on Tuesday afternoon and evening, presented a very busy scene. The Queen City Shows occupy the space immediately inside the main gate with booths for refreshments and amusements. The Napanee W. C.T.U., as in past years, has a refreshment booth next to the Pavilion where sandwiches, confectionery and hot drinks are being sold.

Inside the palace, on the centre tables is a very fine showing of flowers, which seem to be in larger quantities than usual. Further down on the centre table are the vegetables, fruits, canned goods, honey, dairy products and root crops. There is also a small display of home cooked food and canned goods.

The display of fancy work, which occupies two large spaces in the Palace, is larger than for some years, and some very fine examples of needlework are among the exhibit.

The exhibit of The Beaver Lumber Company, shows some of the work being turned out by the Company, which is one of the thriving industries of Napanee. Abramsky's occupy a large section on the south side of the building, with a complete showing of fine furniture, radios, rugs, and other household goods.

Near the east entrance of the building the Napanee Post of The Canadian Legion has a refreshment booth, which is in charge of members of the organization. The Ontario Department of Lands and Forests has a booth in the Palace where ests had a booth in the Palace where the representative, Mr. W. E. Edwards, gives information regarding the planting of trees.

In the Stock Barn are the horses and cattle. The quality of both is good but there appeared to be not as many animals shown as in some years. The entries of pigs and sheep are larger than usual and the competition for prizes will consequently be keen.

The Poultry Building had about as many pens occupied as usual. On the grounds, near the poultry building, there is a fleet of Cletrac Tractors, which is attracting a great deal of interest among the farmers.

Horse races were run on Tuesday afternoon and will be a feature of the fair again on Wednesday afternoon. Each evening, an entertainment is being presented in front of the grandstand.

RED CROSS NEWS

A report from Canadian Red Cross Headquarters in England states that the children of Europe still are in pitiable need of our support and will be in pitiable need of our continued help. The Canadian Red Cross has opened a clothing centre in Paris, and a feeding centre at Bayeux, in Normandy, manned by Canadian personnel. Clothing will be distributed to the needy children in that part of France, which the Canadian Army helped to liberate. Other requirements of a civilian clothing continues to be very large.

Supplies for our Hospitals, Hospitals, Blood Donor centres, and for local requirements are also needed. Mending and knitting are needed immediately. Also clothing and knitted articles for the infants, boys, girls and women. All our workers will be needed in order to do our branch's share in meeting these urgent requirements.

The local Red Cross rooms will open on Saturday, September 28th, at 1:30 p.m. Executive meeting at 2:15 p.m., and tea will be served at 4:00 p.m.

SERIOUS FIRE AT YARKER

Yarker was visited by two serious fires last week. On Wednesday the house, occupied and owned by Mr. Ezra Babcock, with Mr. and Mrs. Cunningham as tenants, was destroyed, with the complete contents. Then on Saturday afternoon the barn and contents owned by Mr. Orville McCormick, was totally destroyed.

Three Candidates Received at Conference Standard Church

Three candidates for the ministry were received at the Kingston Conference of the Standard Church of America, which held an annual conference in Napanee last Saturday. The candidates are J. R. Walsh, of Renfrew; L. A. Elliott, of Ivanhoe, and W. R. Hart, of Montreal.

Ministers and delegates came from Toronto, Madoc, Ivanhoe, Belleville, Stockdale, Bloomfield, Kingston, Arden, Odessa, Harlowe, Napanee, Seeley's Bay, Brockville, Athens, Richmond, Renfrew, Forester's Mills, Pembroke, and from many points in Quebec Province.

Ration Book 6 Will be Mailed to Latecomers

The Ration Administration of the Prices Board has announced that Ration Book No. 6 will be mailed directly to those consumers who neglected to pick up their new books during the normal distribution period, September 9th to 16th.

The new books will be mailed as quickly as possible after application is received at any Local Ration Board or branch of the Administration, the Board stated, but warned latecomers that their application must be by mail as new books will not be issued to persons applying personally. For those people in outlying areas who are in doubt as to the location of Ration Administration branches, the Board said it would be able to supply this information, the Board said.

Instructions on how to get Book Six, are listed below:

1. Fill in the green application card in the back of Book Five.
2. Detach the card and mail it to the nearest Local Ration Board or branch of the Ration Administration.

Latecomers are reminded that the sooner their application is received the quicker their new book will be mailed to them.

Break - In Again At Napanee Collegiate

The office of the Napanee Collegiate and Vocational School was broken into again during the week end. Entrance was gained by lifting in a panel of the door. A cupboard in the office was forced open, but nothing was stolen from it.

Grace Young People Hold Wiener Roast

For the opening meeting of the Young People's League of Grace United Church for the season a wiener roast was held at Hayburn on Monday evening.

About 40 young people enjoyed the evening's entertainment, which included a camp fire, ringing, games, and refreshments.

Magistrate's Court

In the Magistrate's Court, Thursday, Keith Skinner, Camden Township, was found guilty of assulting his wife, and was given a suspended sentence for one year, after signing an agreement to keep the peace and to use liquor moderately.

Robert Goulah, R.R.2 Stoco, pled guilty to disorderly conduct at Beaver Lake Pavilion, and paid a fine of $5.00 and costs of $12.50.

Mrs. Irene Storms, Napanee, pled guilty to dangerous driving and paid a fine of $10.00 and costs of $25.50. Constable Morden, in his evidence, stated the charge was laid against Mrs. Storms after her car had gone into the ditch about 12:00 p.m. on September 11th, four miles west of Napanee. Constable Morden said also that Mrs. Storms had apparently been drinking. Her car license and driver's permit were cancelled.

J. E. Renton, for speeding, paid $50.00 fine and $5.50 costs.

Charles W. Rigney, for failing to stop at a stop street, paid $2.00 fine and $3.00 costs.

Carl Marsh was fined $10.00 and costs of $5.50, for unlawful possession of a wine coupon book.

Harry Morrison pled guilty to failing to give half of the road to an approaching motorist and paid $10.00 fine and $5.50 costs.

Stanley Wray, Portero, pled not guilty to failing to remain at the scene of an accident in Napanee, and the case was remanded for hearing of the defense evidence, until next Thursday.

CANADIANISM SEEN AS NEED

Canadians want a national policy based on true Canadianism, Ivan Sabourin, K.C., head of the Progressive Conservative Party in the Province, said recently in a radio address.

"The people of Canada are hungry for a policy based on true Canadianism," Mr. Sabourin declared. "Such a policy must be based on a national spirit of justice and goodwill mixed with tolerance which should unite various groups of Canadians now pursuing a common aim within the limited field of the nation."

Contending that the Liberal Party is crumbling and that its days are numbered, he said that Mr. King's policy since his election as Prime Minister has been "one of treachery, animated by no real principle."

Mr. Sabourin said that the Progressive Conservatives were putting forth a candidate in the September 16 by-election in Pontiac County after "received thousands of requests to do so."

Mr. King's party is responsible for measures which are running the country's top industries, the speaker added. One to suffer heavily is Canada's mining industry. Many mines will have to close their doors in the near future, due to unsound monetary policies pursued by Mr. King, he said.

"Another problem unsolved by the Government," Mr. Sabourin stated, "is the housing situation. Thousands of Canadians are still homeless, after the many promises made by Mr. King and his supporters."

Trinity Church Marks Anniversary Battle of Britain

Rev. Noble Hatton Describes Onslaught By Germans

A splendid congregation was in attendance on Sunday evening last to hear the Reverend Noble Hatton give an eloquent word picture of that terrific onslaught of the German war machine of the air.

Mr. Hatton explained that today is the anniversary because it was on Sunday, September 15, 1940, that the Battle of Britain reached its zenith. That was the day set by Hitler for the final "kill". Instead the dauntless handful of R.A.F. fighter pilots "won the greatest and most glorious feat of arms of the whole war."

Moreover, this anniversary should be recognized because circumstances the world today suggest that all is not safe, peace is not assured, we are forgetting to meet the challenge of peace when we went down the shaft and ship, applying to war the lessons learned when we went down the shaft to bring out trapped comrades, when we hurled the lifeboat through the surf, when he endured poverty and hard work for his children's sake. This climbing in the souls of free men Hitler could not command. It is the great tradition of democracy. It is the future. It is victory."

Mr. Hatton explained that today were representing the R.C.A.F., and were flying Hurricanes. "Young, undaunted, brave, they rose repeatedly, went without sleep, and rose again to stem the endless flood of the enemy planes. They fought against impossible odds and finally drove the enemy back across the Channel. In this battle Goering's Leuftwaffe lost 2,375 machines as compared with our toll of 375 dead and wounded. The world's course was changed and civilization was saved."

The text for the address was the words of the three young Hebrews in Babylon when they faced the fiery furnace and might of the great king, Nebuchadnezzar, "But if not, be it known unto you O king, that we will not serve thy gods."

The minister closed with the ringing words of the editor of the New York Times after Dunkirk — "It was the common man of the free country, rising in all his glory across the mill, office, factory, mine, farm and ship, applying to war the lessons

Large Attendance at Centreville and Odessa Fair

Quality of Exhibits Extra Good

Two fairs were held in the County, last week, the first at Centreville on Wednesday, and the second at Odessa on Friday. The weather, for both fairs, was perfect and, as a result, the attendance was excellent.

At Centreville, the gate receipts were larger than ever before and at Odessa, much greater than in the past several years.

Entries in nearly all classes were heavier than usual at Centreville and the quality of the stock and farm produce was never better. The entertainment provided for the crowd at Centreville was most interesting, being mostly of a local nature, with county boys and girls and adults, taking part. Two ball games were played during the afternoon, Enterprise defeated Centreville with, a score of 11-9 and Newburgh won from Forest Mills with a score of 9 to 7.

Remembrance Day Statutory Holiday

Ottawa. — Remembrance Day, November 11th, has been declared a statutory holiday this year, it was announced last Friday. Ceremonies will be held throughout Canada to celebrate victory in both the First and Second Great Wars. It is unlikely that another date will be chosen to celebrate the two victories.

Notice To Rural Correspondents

We regret we are unable to insert all the correspondence sent to us for this week's paper because of heavy advertising and the fact that we are trying to publish as much as possible of two fair prize lists this week. If possible we shall use this week's correspondence in next week's paper.

W. R. Douglas Elected N.G. Argyll Lodge

At the regular meeting of Argyll Lodge No. 212, I.O.O.F., held on Thursday evening, Reginald Douglas was elected noble grand for the coming term. The other elected officers are: Ray Huffman, vice-grand; E. J. Walters, re-elected recording secretary and Wilfred Smith, re-elected treasurer. These officers, with the appointed officers will be installed in office in the course of a few weeks. The trustees, three in number, were re-elected.

Edward Culver, noble grand, pre-sided and extended to the visiting brethern a hearty welcome. Outstanding business was transacted and a very interesting report of the sessions of grand lodge, held in Toronto in June, was given by the representative, A. S. Hughson, past noble grand. At the close of the session members were treated to melons and ice cream, which had been provided by A. S. Hughson.

There was a good attendance.

C.D.S. Employees Attend Reception At 'Eaton' Hall

Mr. J. Findlater, Mr. Jas. Morgan, Mr. R. Valentine and Mr. Bruce Palmer, employees of the Canadian Government Depots in Napanee, and Mr. Ralph Wilson, Kingston, a former employee of the Napanee Post Office, on Friday, September 13th, for the garden party held at Eaton Hall, the home of Lady Eaton, in honor of employees of the T. Eaton Co., who saw service during World War II.

The reception, which was attended by about 1,700 persons, including nice men and women, is the first of a series to be held by the T. Eaton Co. across Canada. Each of the service men and women will be presented with a specially designed ring commemorating their service.

BUTTER SUPPLY IMPROVED; EXPECT RATION TO STAND

Ottawa. — The Dominion Bureau of Statistics reported cheerfully last week that Canada's butter supply position has improved, lending support to the growing belief that the current ration of six ounces per person per week will be maintained this winter.

The Bureau said stocks of creamery butter in cold storages and dairy factories, at September 1, stood at 68,627,000 pounds, a seasonal advance of 10,109,000 pounds over the preceding month and an increase of 872,000 pounds over the stocks held at September 1st, 1945.

The total also was a 4,473,000 pound rise over the five-year average.

Prices Board officials said last week they thought it would be possible to maintain the ration this winter instead of reducing it, as was done last winter when stocks were low.

The clergy are talking too much about the atom bomb from their pulpits, said a speaker at the Oxford Conference of Evangelical Churchmen.

OCTOBER 14TH THANKSGIVING DAY

Due to some confusion as to the date Thanksgiving Day is to be observed in Canada, we reprint the following:

The Government hereby invites all people in Canada to observe Monday, October 14th as a day of general thanksgiving.

NEWS BRIEFS

APPLE CROP ESTIMATED AT 95,000 BARRELS

The apple crop of Durham and Ontario counties is estimated at 90,000 barrels. This is more than the five-year average. For Hastings, Northumberland, Prince Edward and the St. Lawrence Valley, prospects point to less than the average, but it is likely to be around 90,000 barrels. The total for Eastern Ontario is placed at 185,000 barrels, or 64 per cent of the five-year average.

THIEF BREAKS INTO COLLEGIATE AT PICTON

The Picton Collegiate was broken into, last week, and a sum of money and several other items were taken from the office of the Principal, R. L. Perkin. The door into the office was broken and Mr. Perkin's desk was rifled.

TRENTON FIRE ENGINE GOES TO HOLLOWOOD

A well-known moving picture company has offered $50 for an ancient model fire engine owned by the town of Trenton. The horse-drawn vehicle is said to be in good condition and could be used for pictures with a background suitable to the vintage of the relic.

Frankford School Board held a special meeting last week when a number of citizens were present to petition for the erection of a Separate school in Batawa. Nothing definite resulted from the interview.

JOB INSURANCE FUND TOTALS $328,304,394

The Unemployment Insurance Fund stood at $328,304,394 on July 31, 1946, the Unemployment Insurance Commission has announced. Of this total, employees and employers contributed $303,617,954, with the Dominion Government contributing an additional one-fifth. Disbursements for benefit payments since benefits first became payable in January, 1942, have amounted to $3,689,567, of which $37,507,825 was disbursed during the first seven months of this year.

SIX ARE CHARGED AT PICTON IN MOVING CATTLE

Six men who appeared in court in Picton, on September 11, to answer charges of breaches of the Contagious Diseases of Animals Act in exporting animals to the United States were remanded to Sept. 25th. Charges include conspiracy to commit an offense, forgery and abetting. Defendants in the case are S. H. Shiphide, Wellington veterinarian; Mike Irvine, George J. Brown, Leo Levine, Lew Suitt, and Fred Scott. The United States buyers are not charged, but will not be extradited for hearings.

Authorities charge that cattle from Hastings County, not an accredited area, were moved into Prince Edward County, and, after various "mix-er-up" methods, shipped to United States as cattle raised and tested in Prince Edward, an accredited area.

SMITHS FALLS TO INSTALL PARKING METERS IN BUSINESS AREAS

Falling in line with many other Ontario centres, Smiths Falls is to have parking meters installed in business areas, according to decision reached at a recent meeting of the town council. The vote was 7 to 2 in favor of installing the meters.

NEW RECORD EXPECTED AT QUEEN'S UNIVERSITY

The registration at Queen's expected to exceed that of last year's record number, university officials have had charge of housing. It is expected now that living quarters will be available at the La Salle military quarters, the Stone Frigate, and at the Aluminum Company of Canada hostel, Smith said, and it is the hope of officials that about 30 students will be taken care of in those three places.

YETS' DAY TO BE OBSERVED PRINCE EDWARD COUNTY FAIR

Plans for a great Veterans' Day at Picton, on Saturday, September 21, are under way. In connection with this event there will be a reunion of the First Battalion, Hastings and Prince Edward Regiment, with members coming from all parts of Ontario.

All Prince Edward County service personnel will join with the Hasty Pts in the great parade, which is to be headed by the band of Picton Pair, the board of which is co-operating fully with the Regimental Association.

LARGE BEAR SHOT AT NORTHBROOK

A large bear, weighing 250 pounds, was shot on Wednesday night, September 14th, by J. Bowers and Chas. Spencer, about one-half mile from the village.

19 HOMELESS RESULT OF BIG BLAZE AT BELLEVILLE

Nineteen persons, including eleven children were forced from their downtown apartment building, late Friday night, and stood helplessly on the street as the structure was destroyed by fire.

One family was lodged in the police station over night and the other persons in a service station across the street from the smoking ruin of their home. City officials sought accommodation for them.

BELLEVILLE NURSES MAY STRIKE AGAIN

The resignation of 33 staff nurses at the Belleville General Hospital will be repeated on October 16 if the Board of Governors does not meet their requests for increased salaries, superior hours and other concessions, it has been announced. The nurses returned to duty after leaving the hospital shout-handed by their resignation on Monday, Sept. 9. The governors had refused their request for a $25-a-month increase, an eight-hour day, free hospitalization, and twelve days sick leave a year instead of seven.

Both parties agreed, last week, to a contract running until October 16, granting a $20-a-month increase retroactive to September 1st. The further $5 increase and other requests will be considered by Gordon H. Friesen, hospital administrator.

FARMERS WILL HAVE OPPORTUNITY OF APPLYING FOR HELP

According to a statement issued by B. G. Sullivan, Ontario Regional Superintendent of National Employment Service, many farmers in this region will soon have the opportunity of applying for needed farm help from among the four thousand Polish War Veterans who will arrive in this country during September and October.

It is understood that the Polish Veterans, now in Italy, are being "screened" by representatives of the Dominion Department of Labour as to their suitability for work on Canadian Farms. The statement mentioned that the first contingent of two thousand of these Veterans will be placed in Ontario. It was emphasized in Mr. Sullivan's remarks that only single men are being interviewed, preferably with previous farm experience. In each case the applicant must be under thirty-five years of age.

In further commenting on the recruiting of Polish Veterans in Italy, Mr. Sullivan stated: "With the arrival of these men from Europe, Canadian farmers will be in a position to augment their present labour help by applying to any local office of the National Employment Service. In this respect, farmers who undertake to employ a Polish Veteran will be required to contract for at least one year's continuous employment.

"It is planned," continued Mr. Sullivan, "to properly equip each Polish farm laborer with a suitable work clothes. This will be completed before arrival at his ultimate destination. Placement will be made by the National Employment Officers in cooperation with the Agricultural Department of Agriculture through the Dominion-Provincial Farm Labour Committee."

It has just been announced from Ottawa that the Polish War Veterans will arrive in Ontario this month.

Navy League Tag Day Well Patronized

On Saturday last, the annual tag day, sponsored by the Ontario Division of the Navy League of Canada, was held in Napanee and from early morning until evening the streets were the scene of much activity as taggers were seen at their work. This was the golden jubilee year as it marked the Golden Jubilee of the Navy League, which was formed in 1896.

As a result the financial returns were exceptionally good as nearly everyone purchased a tag.

Rev. T. W. Jones, D.D., New Moderator of The United Church Canada

Rev. Thomas W. Jones, D.D., the pastor of Calvary United Church in Montreal, was elected Moderator of The United Church of Canada, last week, to succeed Rt. Rev. Jesse H. Arnup, C.B.E.

Dr. Jones served as an honorary captain in the Canadian Chaplain Service.

The election took place at Erskine-American United Church, Montreal, where 270 ministers and lay commissioners met in the Twelfth General Council of the Church.

Attends Meeting At Brockville

Mr. and Mrs. W. J. Wiggins were in Brockville last week, when Mr. Wiggins attended the fall meeting of the Ontario, Jefferson - Lewis Counties Bankers' Association. There was an attendance of over 300 at a banquet held at the Hotel Maitland, where Mr. C. B. Upham, Deputy Comptroller of U. S. Currency, was the guest speaker.

CLOSELY INTEGRATED

We live in a closely integrated and interdependent world. Evidence of that abounds on every hand. The war caused inevitable dislocation of business, and changed the life habits of millions of people. The airways have made the whole world into a neighborhood, so that what takes place in one part affects every other part; and, of course, in the narrower circle of our own economy, our own nation, this same interdependence is every day discernible. Little necessities of life we had never given a thought about disappear, and we wonder what happened. Then we discover some labor dispute or some stoppage of work for lack of one or more commodities has thrown the whole machinery of life out of gear.

A day or two ago we stood in the Kibitzer line-up in Canada's largest city, watching a building being demolished, and the foundations being laid for a new great apartment house. There was a terrible din, as a steam shovel cleared away the debris, and the cement mixer mixed the cement, carried it up a long incline by an endless chain, and put it in the chute. Down in the big hole, men were working away, like ants. A few of them were very busy at what appeared a simple, and perhaps useless job — that is useless until we remembered a few things. They were taking nails out of old boards and lumber from the demolished building. They were straightening them out and putting them in kegs. There were several kegs full of these nails, straightened and sorted, as best could be done. Quite likely, the men who were doing this, were being paid big wages.

Ordinarily, the contractor would have been too busy to bother with a few nails. But there has been a steel strike. Wire is not being drawn; rods are not available — a strike in Hamilton causes a shut-down of the nail factories in other parts of the Dominion, and the whole nation finds its housing plans thwarted, because of the shortage of nails.

But behind the strike again is the struggle for a larger share of the profits of industry by Labor. Management has been allowed an increase of five dollars a ton on steel, and the workers want a share of that five dollars. They have been offered what seems like a reasonable share, but they will not take it on the Board line. So the whole nation suffers: the house that was planned cannot be built; the bridge cannot be erected; the post-war plans are held up.

We live in an interdependent world. What someone does in one part of the nation, affects people in other parts. The world is small and growing smaller. No longer can we live in our ivory towers, shut off from the world. There is no escape. We are all bound together, closer, perhaps, than ever before in human history. No use to simply denounce strikes, or to pretend they do not affect us. We are in revolution now, and the unrest of the day is an evidence of this. A recognition of the changing conditions is the first step in an understanding of them. Intelligence, patience, and good will are essential to a settlement of the world's ills. But these can flourish only in a community which is willing to acknowledge that profound changes are at work, changing our whole social, economic and international relationship.

SHAME !

The time will come when Canada will hang her head in shame, because of her treatment of the Japanese in Canada. Great allowance must be made for the war psychology. But the war psychology carried on over, and Canada has a mark on her escutcheon it will be hard to erase.

The Calgary Herald has brought this to the attention of the country, once more, in a striking way. It says:—

"The persecution of the Japanese in Canada is a policy of persecution towards every man, woman and child of Japanese origin. The innocent must suffer along with the guilty. And what makes it particularly vile, in this instance, is that there aren't any guilty — no conviction for treason or sabotage has been registered against any one of Canada's 23,000 Japanese. . . . Consider one typical case: that of Yasugo Shoji, who served with the Princess Pats in World War One, being twice wounded and reaching the rank of sergeant. He had nineteen acres of land in British Columbia, a comfortable home, an electric hatchery and chicken houses for 2,500 fowl. He was recently notified that his property had been sold for $1,404.78, and that after deduction of taxes and other obligations, he has a credit of $89.02. Mr. Shoji has written to Hon. Humphrey Mitchell, Minister of Labour, saying in part: "At the age of sixty years, I have only the sum of $20.00 to show as the fruits of my thirty years' work. My four years on the battlefront, the heat and the dirt, as well as the back-breaking toil of the twenty-odd years on my land, have brought me nothing but doubt, fear, loneliness and tragedy in facing the last years of my life.'

"It would be interesting to know what Mr. Mitchell said to this veteran in his reply. Or was any reply sent at all ?"

It is about time we repented in sackcloth and ashes.

NEWFOUNDLAND TO DECIDE

After a number of years during which Newfoundland has been under a commission government, the people are meeting to face their future. Democracy in Newfoundland failed. It failed for many reasons: among them was the reckless spending of the government in power. The nation borrowed beyond its limit, and to use a colloquial phrase — went broke. Great Britain was called upon to handle the situation. A commission was appointed. This commission has held office for ten years or more. During this time, the finance of the Colony has been put on a firm basis. Instead of a deficit, there is now a government surplus of $258,000,000.

Now the people are to decide on their future. A convention of elected delegates is meeting in St. John's. It will deal with the whole future policy of the nation. Three plans will be prominent in their discussions: continuance of commission government, establishment of responsible government in a Dominion of Newfoundland, and union with Canada. There is a great many who would like to establish responsible government again. There are those there, who love power, and who desire to take advantage of the opportunity now presented to the Colony, to get their hands on the controls of finance and patronage. However, the Newfoundlanders remember the past, and will move cautiously. They are not anxious to plunge the country into another unbridled spending spree. They might be constrained to leave matters as they are.

Then there are those who want a union with Canada. They believe that such is the logical course to follow. This suggestion will, no doubt, be given serious consideration. Canada is neighbour to Newfoundland. She needs all that Newfoundland can produce; while Newfoundland, on the other hand, needs our manufactured goods. Should they decide on Union with Canada, it would mean a great difference to the citizens of the Island. At the present time there is practically no taxation, save on imported goods. Consequently, the cost of living is very high. New methods of taxation on income and real estate would have to be considered in any plan of union with Canada. That would be opposed, especially by the business interests, and the landowners. Business interests naturally fear outside competition, too, and nobody likes to see their taxes increased. On the other hand, the common people, who earn very little and pay excessive sums for the bare necessities of life, would, in all likelihood, welcome such a prospect of reduced costs, which should follow union with Canada.

At all events, the convention is on now and, in due time, the future of this Western Bastion, will be settled by the people themselves.

PRETTY SOFT !

The life of the farmer has always been thought of as one of hard, unremitting labor. From dawn to dark he works and with little time, in between, for rest and recreation. Now, of course, there is a lot in that, as anyone who has lived on a farm even for a short time, knows. But things have been improving. The farm has become mechanized. The seeder, the binder, the combine, the milking machine, loader, tedder, have caused a revolution on the farm. The tractor now does most of the work once done by horses; and the arrival of the jeep, besides providing an all-purpose truck, will provide a power house for the hundred and one tasks around the farm. The work which once required half a dozen men, is now done by one or two. It's a changed day for the farmer.

Ah, yes ! But that is not all ! Now comes word of a radio-controlled tractor. A small van will be set up in the corner of the field or near the barn. If the wind is a bit chilly—and in it the farmer will sit, presumably on an overstuffed livingroom chair. He will pull a switch, push a few buttons and the tractor, pulling plow or disc, will start down the field, plowing the land or cutting the crop. Or it may be, if it a real hot day, the farmer will sit on the verandah and guide the implements from there. Radar will do it all — and radar, bouncing around the corners, clean up the whole field and return home. That is not a pipe dream. It has actually been tried out in the South of England, where a radar-controlled tractor with a ten-furrow plow went to work in a 14-acre field and plowed ten furrows 65 feet long, in ten minutes.

The farmer has had a tough time all through the years, but it looks as though he is going to get a break at last. Pretty soft ! Yes, but who deserves a bit of softness more than the men who till the soil.

COLEBROOK

Colebrook, Sept. 9. — Mrs. Ida Riddle spent Tuesday visiting Mr. and Mrs. Wesley Wagar, Centreville, and Wednesday visiting her daughter, Mrs. J. Lewis and Mr. Lewis.

Mrs. W. Jackson entertained the members of the Woman's Association of the United Church, on Wednesday evening. Mrs. P. Galbraith led in the worship service the theme being "Prayer". Mrs. H. COLORED PICTURES BY RADIO

Sending color pictures thousands of miles by radio is the latest development of the wonder of wireless telegraphy.

Several four-color pictures have already been transmitted from England to Australia.

Soon, no doubt, color photographs of, say a London procession will be appearing in Australia the following day.

DORLAND

Dorland, Sept. 14. — The rains during the early part of the week really got down to the roots. Some wells already show improvement. The temperature dropped suspiciously close to frost during Wednesday and Thursday nights, but no frost was visible.

Mr. and Mrs. James Dunnan (nee Mary John), returned from their honeymoon on Sunday and were duly serenaded by a large crowd on Monday evening.

Mr. and Mrs. George Hawley, Port Erie, were recent guests of Mr. and Mrs. G. A. Smith.

Mr. and Mrs. James White, Winnipeg, spent the last two weeks among relatives and friends in the district.

SELBY

Selby, Sept. 16. — Mrs. Kenneth Hill spent a few days in Toronto last week, and attended the Eastern Star convention, held at the Royal York Hotel.

Mr. and Mrs. Frank Gray and Mr. and Mrs. Dorland McFarlane and family, of Belleville, enjoyed a pleasant trip to Watertown last week, going via the International Bridge at Ivy Lea.

Nina Brinton and Jack Johnston, who were patients in Kingston General Hospital, have returned home.

Mrs. Harry Booth, of Hamilton, is the guest of Mr. and Mrs. W. J. Booth.

Mrs. Elliott and daughter, of Mount Forest, and Mr. and Mrs. Ed. Nugent called on Mrs. Denison on Friday afternoon.

Ideal autumn weather contributed greatly to the successful rally day service, held in the auditorium of the United Church on Sunday afternoon. The program, prepared and issued by the Board of Christian Education, was in charge of the Sunday School Superintendent, Mr. Percy Hudgins. Rev. Mr. Merrick gave a very helpful message on the theme, "Behold, I Send You Forth", stressing the urgency of this Crusade. Mildred Jackson told the story of "Truly Brothers", which was of special interest to the Junior and Intermidiate groups. A vocal duet by Peggie Booth and Gweneth Gourlie, was very much appreciated, also an instrumental duet by George McKnight and Homer Jackson. Of special interest to the class members were the promotions, in charge of the Grading Officer, Mr. Ross McConnell, who also awarded the Robert Baker diplomas and seals. In this connection, Marie Price received a special award for perfect attendance for three years. During the service Mr. and Mrs. Joe Dudgeon presented their daughter, Carol Ann, for baptism, and Mr. and Mrs. Geo. McKnight their son, Gordon George. Rev. Mr. Merrick conducted the service, which was a very interesting feature of the exercises.

Mrs. Wesley Davis and Mrs. Ward Hodgson were dinner guests of Mr. and Mrs. Joe Dudgeon on Sunday.

MARLBANK

Marlbank, Sept. 11.—Services were held in all churches here, Sunday.

Quite a number from here attended the funeral on Thursday, of the late Lasher Maxwell, which was held at Reidville Church. Deceased, who was well known here, was highly respected by a large number of friends who regret his sudden passing. He was a half-brother of Mrs. T. R. Young and Mrs. M. P. Beckwith, of this village, to whom much sympathy is extended in their great loss.

Mr. and Mrs. Clarence Lochead of Tamworth, visited their daughter, Mrs. Manley Meeks, last week.

Mr. and Mrs. Dale Claussen and children returned to Toronto Sunday. Mrs. Claussen spent last week here, the guest of her mother, Mrs. O. Benn.

Mr. and Mrs. T. R. Young spent a few days with their daughter, Mrs. E. Alexander, Moneymore.

Mrs. Annie Young, Napanee, visited friends here on Sunday.

Mr. and Mrs. Nicholas Beckwith, Linda, and Sandra, returned to Toronto on Sunday, after spending two weeks' holidays with friends here.

Mr. Mack Beckwith accompanied them to Toronto after attending the funeral of his brother-in-law, the late Lasher Maxwell, on Thursday.

Mr. and Mrs. Leo Scrimshaw and daughter of Napanee, visited Mr. and Mrs. Percy Jarmin, on Sunday.

Mr. Rupert Young and Mrs. Violet Brown of Toronto, were here at the home of Mr. Young's parents, Thursday, and attended the funeral of the late Lasher Maxwell.

Mr. and Mrs. H. Tuepah, and Teddy, also Mr. and Mrs. E. Badgley, were in Belleville on Friday.

Guests at the home of Mr. and Mrs. Roy Young, last week, were Mr. and Mrs. Ernest Galbraith and son, also Miss Nettie Galbraith, of Port Colborne.

Mr. and Mrs. H. Lasher also Mrs. Annie Dennison, Sharpe Corners, were Monday guests of the latter's daughter, Mrs. James Wayte and Mr. Wayte.

Mr. and Mrs. James Booth and children have returned to their home in Toronto, after a two-weeks' holiday with friends here.

Mrs. Harold English, and Bobby, of Sudbury, are visiting Mrs. English's parents, Mr. and Mrs. Fred Booth.

Mrs. Nellie Marshall and son, Harold, of Kingsford, were Thursday evening callers at the home of Mr. and Mrs. Percy Marshall.

More Canned Salmon On Market Soon

Five hundred thousand cases of canned salmon will be distributed this year, for sale in Canada, and should reach retail stores in October and November, the Prices Board has announced.

This is close to the level of pre-war distribution, which is estimated to have been 530,000 cases. Last year's total was 304,000 cases.

DUNLOP

Faces

A GREAT RESPONSIBILITY

With other tire plants closed down for the past two months, Dunlop is faced with the great responsibility of endeavouring to satisfy the tremendous demand for tires due to the non-production of other tire companies.

Dunlop accepts this responsibility. Confident in the consistent loyalty and productive skill of its employees with whom the friendliest relations have always existed . . . possessed of the understanding and co-operation of Dunlop Dealers everywhere . . . Dunlop is bending every effort . . . concentrating every resource . . . on the production of Dunlop Tires to meet the needs of essential transportation, regular Dunlop customers and all others whom it is possible to serve through its established dealers.

TIRE SITUATION CRITICAL

No one can over-emphasize the critical shortage of tires today. And there are few signs of improvement. Even the manufacturers of new cars and trucks are obliged to ship cars and trucks without tires. It is utterly impossible for one tire plant to attempt to reasonably serve essential transportation, equip those new vehicles and to take care of consumer sales. Nevertheless, Dunlop Dealers are exercising the keenest judgment and sense of fair play in establishing equitable distribution of their very limited supplies.

Yes, in addition to being the only Tire Plant in Canada presently operating . . . in addition to the pressing demand . . . Dunlop is handicapped in its efforts by shortages of essential materials, including tire fabrics, steel and other metals for tire beads, moulds, valves, etc., and other materials and equipment essential to tire building which, on account of unsettled labour conditions elsewhere, have been in short supply or not available at all. Because of these shortages, Dunlop, in spite of having been as far ahead in its raw material inventories as conditions permitted, has been unable to maintain normal production. Users of tires such as the new 6.50-15 size will thus appreciate the difficulty of getting into quantity production of this particular tire.

IN THE PUBLIC INTEREST

In the face of this grave, unprecedented situation, Dunlop . . . in the public interest . . . is going beyond commercial considerations and is doing its level best to serve tire users throughout Canada.

Dunlop assures you that it will continue to serve Canadians to the utmost of its ability, sparing no effort or expense. There is still great need for patience, of course, for conditions show no sign of easing. But when times return to normal . . . when present difficulties are ironed out . . . Dunlop, with its expanding production facilities, with the assurance of the steadfast loyalty and mutual goodwill of its employees and the co-operation of its dealers . . . will again be in a position to make available to tire users everywhere unrestricted supplies of the famous, long-serving, smooth-riding Dunlop *Armorized* Tires.

BOY SCOUTS NEWS

FIRST NAPANEE WOLF CUB PACK

A large turnout of Cubs was on hand to participate in the weekly meeting on Friday night. Following the opening ceremonies, a brief inspection was held to discover the dirtiest hands and fingernails.

The new recruits in the Pack were given their "Coats of White Paint" to be worn until they pass their tenderfoot tests.

One new guest was welcomed into the pack, namely, Sixer Ian Isbister of the Sixth Kingston Pack.

Games enjoyed during the evening were Dumb Crambo, and Akela — what's-the-number?

A lengthy Red Flower was held with a sing-song being the main item. Songs sung were Apple-Pie-Baker, a round, Crme-a-Hunting, s-m-i-l-e, Neath the Crust of The Old Apple Pie, and lastly, Kilo watch, a jungle song.

— CUB NOTES —

Group Pictures:
Cubs are reminded to pick up their pictures at the next meeting.

New Members:
This group of Cubs are requested to bring their admission forms to the next meeting and hand them in to Akela.

In Loving Memory

RICHMOND — In loving memory of a dear husband and father, who passed away September 22nd, 1945.

We often sit and think of him
When we are all alone,
For memory is the only friend
Grief can call its own.
Like ivy on the withered oak,
When all other things decay:
Our love for him will still
Keep green and never fade away.
Sadly missed by his loving wife,
38ap RUBY, and ELVIN.

DAVIS — In loving memory of our dear father, Clifford Davis, who passed away on September 20, 1945.

A silent cord on memory's harp
Is softly touched to-day:
For it is just one year since
God called our dear father away.
Sadly missed by sons and families,
FRANK, OTIS,
38ap and ARCHIE.

BIRTHS

CLARKE — At the Kingston General Hospital, on Wednesday, September 11th, 1946, to Mr. and Mrs. Robert Clarke, Wilton, a son, Robert James.

DAVIS — To Mr. and Mrs. A. Bruce Davis, nee (Dorothy Crowe) a son, at the Kingston General Hospital, on September 8th, 1946.

NAPANEE W. I.

The September meeting of the Women's Institute was held on Tuesday afternoon, in the Agricultural room. Mrs. C. E. Jamieson, first vice-president, presided in the absence of the president, Mrs. E. Boyle. The meeting opened with the singing of the ode, repeating the motto and a salute to the Flag. One minute of silence was observed for the late Mrs. Ralph Ham, who was a past-president of the Institute.

It was with regret that the resignation of Mrs. Boyle, president, was accepted. Mrs. C. E. Jamieson, first vice-president, consented to act as the president for rest of the Institute year.

It was decided to have a travelling basket this year as a means of making money. This will be on hand at the October meeting and each member is asked to bring something to donate towards the basket, at the next meeting.

Mrs. J. Haggerty was in charge of a quiz, which was on health and was won by Mrs. C. E. Jamieson. An instrumental duet was given by Mrs. B. Seymour and Mrs. B. Black. The roll call was The Most Disagreeable Job Around the Home.

WEDDING BELLS

JOYCE - GOODRIDGE

Perns and standards of pink and white gladioli formed the setting in St. Mary Magdalene's Church, Napanee, Ont., on Saturday, September 14th, for a double ring ceremony, when Dorothy Ann, only daughter of Mr. and Mrs. Sydney D. Goodridge, Napanee, became the bride of William Clare Joyce, younger son of Mrs. Joyce, and the late Mr. Stanley Joyce, Napanee.

Given in marriage by her father, the bride wore a gown of petal white crepe fashioned with long moulded bodice and trimmed with French lace. The softly gathered bouffante skirt was floor-length, extending into a graceful train. The bride's tulle veil fell from a scalloped crescent of matching tulle and lace.

The bride's attendants were Miss Molly Mullen, of Toronto, maid-of-honour, Miss Mary Coates and Miss Doris Joyce, sister of the groom. They were frocked in pastel shades of aqua and peach with matching headdress of ostrich plumes. They carried Colonial nosegays of garden flowers.

Mr. Vernon Joyce was groomsman for his brother, and the ushers were Mr. Ross Clarke, Toronto, Mr. Hugh Richmond, Napanee, and Dr. Albert Pyffe, Napanee.

Following the ceremony a reception was held at the Richelieu Hotel, where Mrs. Goodridge received her guests, wearing a gown of shrimp crepe with brown accessories and corsage of gardenias. She was assisted by the groom's mother, who wore a two-toned ensemble of blue and black crepe with black accessories and gardenias.

For the wedding trip by motor, the bride chose a suit of mist grey with brown accessories. Her corsage was of roses.

Smart Girls Always Carry Paradol in their Handbags
They know that Paradol will relieve them quickly of headaches, and other discomforts, as well as help to check colds.
One girl writes,—"Until I used Paradol every month I suffered almost unbearable pains. It is the most quickly active relief I have ever used and there is no disagreeable after effect."

WEDDING BELLS

CAMPBELL - McRAE

Miss Mary Elizabeth McRae, Reg. Nurse, daughter of Mr. and Mrs. John McRae, Marysville, was united in marriage to Donald Arthur Campbell, Deseronto, son of Mr. and Mrs. Hugh Campbell of Port Perry, on Saturday, September 7th, at the home of the bride's parents. Rev. Mr. Lougheed performed the double ring ceremony. The Wedding March was played by the bride's aunt, Mrs. Roy Sills, and a solo "I Love You Truly" was sung by Mr. Sills.

The bride, who was given in marriage by her father, wore a white floor-length corded taffeta gown with shirred neckline and tight fitting bodice. She wore an orange blossom headdress with floor-length net veil and lace mitts. Her only ornament was a three strand pearl necklace. She carried a cascade of red roses.

The bridesmaid, Miss Audrey Graham, Reg. N., of Odessa, wore a light blue lace floor-length gown over blue taffeta; blue ostrich headdress, blue finger-tip veil, blue lace mitts, and carried a nosegay of pink roses.

Mr. Claude McRae, brother of the bride, was best man.

The bride's mother chose an aqua blue dress, with black accessories and a corsage of red roses. The bridegroom's mother wore a lime green dress with black accessories and a corsage of red roses.

A reception was held at the home of the bride's parents. The table was decorated with sweet peas and a three-tiered cake, topped with miniature bride and groom.

For her going-away outfit the bride chose a Labrador grey dressmaker suit with black accessories and a corsage of red roses. The happy couple left for New York, returning by Niagara Falls, Toronto and Port Perry. They will reside in Deseronto.

CHAMBERS - STORMS

On Saturday, August 31st, at 3:30 p.m., Rev. F. W. Clark officiated at the marriage of Irene Pearl, daughter of Mrs. L. M. Storms, 90 Aylmer Street, Peterboro, and Donald Stanfield Chambers, son of Mr. and Mrs. B. Chambers, 177 Rubidge Street, held at St. James' United Church, Peterboro, which was decorated with standards of gladioli. Music was played by Mr. Harry Northrop. Mr. S. Castle sang "I'll Walk Beside Thee" before the ceremony and as the register was signed, sang "Because."

The bride was given in marriage by her brother-in-law, Mr. Carl Schlievert. She was attended by Miss Elsie Saunders. The groomsman was Mr. Norman Manley and the ushers were Mr. Lloyd Abraham and Mr. Cecil Bowes.

For her wedding the bride chose a pale blue triple sheer dress with high bodice and long full sleeves, embroidered with tiny blue flowers. Her full skirt was held at the waist with several rows of shirring and her only ornament was a matching set of earrings and triple strand of pearls, the gift of the groom. Her bridal veil was of matching pale blue net held with a halo of tiny blue flowers, and she carried a bouquet of red roses.

Her attendant also wore pale blue, styled with a sweetheart neckline and short puffed sleeves. She wore a wreath of white flowers in her hair and held a nosegay of pale pink roses.

The reception was held at the home of the bride's mother, who received in an afternoon frock, of purple crepe, with black accessories and a corsage of cream roses. The groom's mother also received, and wore for the occasion, a pale blue crepe dress with black accessories, and cream roses.

The couple left for a short honeymoon, for which the bride chose a grey crepe dress with black accessories. On their return, they will live at 90 Aylmer Street, Peterboro.

Out-of-town guests at the wedding were Mr. and Mrs. Carl Schlievert, of Arnprior, Mr. and Mrs. Albert Stevenson, Gananoque; Mr. and Mrs. Clarence Snider, Odessa, and Mrs. A. Chambers and Mrs. F. Lee, Lindsay.

OBITUARY

ASHLEY LeROY CHOWN

Chartered accountant with Clarkson, Gordon & Co., Ashley LeRoy Chown, 40, died recently at Toronto General Hospital. Born in Belleville, he went to Toronto with his parents at an early age. He received his secondary education at Humberside Collegiate and graduated from Victoria College with a bachelor of commerce degree. For some time he engaged in business for himself as a chartered accountant, and in June, 1940, received appointment to a post under the Foreign Exchange Board. In 1942 he transferred to Clarkson, Gordon & Co.

Mr. Chown had always maintained a keen interest in radio and was one of the first amateur operators in Toronto. During the war he served in the signal corps of the reserve army. Surviving are his wife, Frances Osmon Chown, of 38 Evans Ave.; two children, Donald and Mary; his parents, Mr. and Mrs. W. A. A. Chown, 52 Baby Point Road, and two sisters, Mrs. Norman H. McClelland and Miss Alice Chown. Mrs. J. A. Amey, Napanee, is an aunt.

25,000 Ration Books Stolen In Toronto

Toronto.— Black market operators stole an estimated 25,000 of the new Canadian ration books in overnight break - ins at sixteen distributing centres in the Toronto area and police said the final figure on the number stolen may be even higher.

Police reported the arrest of one man after his car, containing a box with 1,000 ration books stolen from the municipal office at nearby Streetsville, was found at Cooksville. There was a break-in at the Cooksville United Church but the books had been taken home by church officers.

Police announced their estimate in four of the Toronto break-ins as: Adath Israel Synagogue, 6,000 books; St. Enoch's United Church, 3,600; Crawford St. Congregational Church, 4,600; Bethany United Church, 3,500. All are in the west central section.

The number of books taken by the organized gang in twelve other break-ins has not been computed accurately, but police suggested it was at least 8,000.

They estimate that with the 25,000 stolen books a black market operation capable of controlling distribution of 2,500,000 pounds of meat, 1,250,000 pounds of sugar and 625,000 pounds of butter could be set up.

Two men who attempted to rob the distributing centre at Dovercourt Road Presbyterian Church narrowly escaped capture. Two patrolling police officers gave chase when the two men jumped twelve feet from a window and ran off.

Prices Board officials, attributing the thefts to an organized gang, said the impact on the Canadian rationing system will not be serious. They suggest the books will be disposed of in blocks to the small percentage of merchants who participate in the black market.

"On Anxiety Street there are plenty of neighbours."

"It's mighty decent of you, Harry, to take young Bill to school while I'm on my back," said Don.

"Yes, it's a real neighbourly act," his wife added.

"Think nothing of it," said Harry. "They say, you know, that on Anxiety Street there are plenty of neighbours. Certainly I've learned a lot about being neighbourly from the business I'm in."

Harry's business . . . the life insurance business . . . is founded on that very thing. It comes to the aid of anxious people in time of trouble or bereavement. Four million people have found that the surest way to peace of mind for themselves and their loved ones is to pool their savings and share in the benefits of a fund which pays out more than half a million dollars every working day to policyholders and beneficiaries.

Life insurance was designed to provide protection for the people through the people's savings. During the war years in Canada policyholders and beneficiaries in Canada amounted to over One Billion Dollars. Three Million Dollars of these payments went to beneficiaries of those who had died on Active Service overseas.

Now you're a life insurance agent: Ask him for advice on planning your future. It is good citizenship to own life insurance.

A message from the Life Insurance Companies in Canada and their agents.

WEDDING RECEPTION

Mr. and Mrs. Rae Brown entertained in honor of Mr. and Mrs. F. Cameron Brown on Friday evening, Sept. 6th. The bride and groom received the guests in the livingroom, which was prettily decorated with petunias. The bride's table in the livingroom, with tall white tapers and a centre of a miniature bridal party, was very attractive. Mrs. J. A. McCormick, Switzerville, grandmother of the groom, and Mrs. J. F. Dineman, Napanee, poured tea. The wedding cake was cut by the bride and groom, using a silver sword. The tearoom assistants were Mrs. George Sexsmith, Mrs. Orville McCormick, Mrs. J. N. McCormick, Mrs. Charles McCormick, Mrs. Ross Brown, Mrs. Arnold Empey, Miss Doris Brown, and Miss Helen Martin.

Many beautiful gifts were received by the bride and groom. Among the guests from a distance were Mr. and Mrs. Ralph Winter, Trenton; Mr. and Mrs. Geo. Sexsmith, Toronto; Mrs. Sadie Tomenson, Toronto; Mrs. Marion Golly, Rome, N.Y. and Mrs. Mary Waterbury, Oriskany, N.Y.

WEDDING BELLS

O'DETTE - PAUL

In the chapel of St. Mary's Cathedral, Kingston, the wedding was solemnized at 5:00 p.m., Saturday, September 14, by Rev. Father O'Neil, of Irene Paul, only daughter of Mr. and Mrs. Ross H. Paul, Napanee, and John Henry O'Dette, McRae, Ont., son of Mrs. O'Dette, Brockville, and the late Herbert O'Dette.

The bride, given in marriage by her father, wore a floor-length gown of ivory slipper satin, fashioned with a full skirt, shirred at the waistline, to a tight fitting bodice, with sweetheart neckline and long sleeves extending in points over the wrists. Her filmy net veil, held by a coronet headdress, fell in graceful folds to form a long train. She carried a cascade bouquet of American Beauty roses.

The bride was attended by Miss Bette Menary, Kingston, as maid of honour, and Miss Joan Dolman, of Hamilton, as bridesmaid. Little Linda Ellicott, of Napanee, was the flower girl. Miss Menary's gown was of French blue crepe, floor-length, and Miss Doldman's was a fuschia crepe, floor-length dress. Both maids of honor and bridesmaid, were matching cadets and carried cresm baby 'mums. The little flower girl was dressed in Alice blue taffeta and carried an old-fashioned colored nosegay.

The groom's attendant was Archie Foley, Kingston, and the ushers were George White, Brockville, and William Lesec, Ottawa.

Following the wedding ceremony, a reception was held at the Y.W.C.A., where Mrs. Paul, assisted by Mrs. O'Dette, received the guests. Mrs. Paul chose for the occasion, a dress of powder blue, with black hat trimmed with fuschia and blue, and wore fuschia accesories. Mrs. O'Dette was in dove grey crepe, with black accessories. Both Mrs. Paul and Mrs. O'Dette wore corsages of roses.

After the reception and buffet supper the bride donned a fuschia gabardine suit with navy accessories for the wedding trip to Grey Rocks Inn, in the Laurentians. On their return they will reside in Kingston.

The groom's gift to the bride was a gold wrist watch, to the maid-of-honor and bridesmaid, sterling compacts, to the groomsman, gold cuff links, to the ushers, billfolds and to the flower girl, a sterling locket.

MRS. DORA A. VANDERVOORT DIED IN TORONTO

The death took place in Toronto, on Thursday of Mrs. Dora Ann Wright Vandervoort, at the age of 76 years, widow of Edward Vandervoort, who had resided in Toronto for the past five years and her death took place at the home of her son, at 17 Balsam Road.

Deceased was born in Bloomfield and for many years lived in Eldorado, later moving to Newburgh. She was a member of Kingston Road United Church and in her younger years was active in women's organizations in the church.

Surviving are two son, Harry W., of Toronto, and Claude E. Vandervoort, of Peterborough. The funeral service was held in Eldorado.

These Devices Save Farm Labour

Among the farm labour saving devices assembled or invented by the Engineering Section, Field Husbandry Division, Dominion Experimental Farms Service, are many items of auxiliary utility, quite apart from the plans and specifications for heavier farm machinery. For example, full information with detailed plans and specifications may be obtained for making necessary articles for poultry, such as, a range water unit, self-waterer, feed trough, water fount, mash feeder, feed mixer, range shelter, and a roost and pit.

For sheep there are single and double feeders and for hogs there are a hog breeding crate, loading chute, feeding troughs for all sizes of pigs, self-feeder, pig creep, weighing crate, green feed rack, alfalfa feed rack, hog feeding platform, and farrowing pen. Among miscellaneous articles are a harrow dumping device, a breeding stall and bull pen for cattle, feed alley cart, home made anvil, wagon jack, fly trap, hog holder, seed treater, potato cutter, potato sorter, handy farmyard cart, and a low slung wagon. As in the case with heavier farm trucks, tractors, and other machinery full information with plans and specifications may be obtained by writing to, or visiting if convenient, the Engineering Section, Field Husbandry Division, Central Experimental Farm, Ottawa.

... and the B of M provides *ready money* to make them

Today scores of farm improvements—large and small—can be undertaken by farmers even though they may not have the ready cash. Follow the example of thousands of farmers across Canada and discuss your credit needs with the manager of your nearest B of M office.

SILLSVILLE W. A.

The September meeting of Sillsville W. A. was held in the hall on September 10th. The meeting opened with the theme song and the minutes of the last meeting were read and accepted. The roll call was answered by 42n reading of a poem by each member. It was decided to have our October meeting in the form of a pot luck supper. It was moved by Mrs. Windover and seconded by Mrs. R. Sharpe that all bills be paid. The meeting closed with the Mizpah benediction and a vote of thanks was given Mrs. H. Hough and Mrs. R. Sharpe for a delicious lunch.

Question and Answer Column

Readers may direct their questions, giving their name and address and mentioning the name of this paper, to Information Branch, WPTB, 400 Sussex St., Ottawa, Ontario.

Q. After a 48-hour stay in the United States would I be allowed to bring food back into Canada to the value of $5. If so, how much could be tinned fruit, and would I have to surrender coupons for it in Canada?
A. Yes! You would be permitted to bring canned fruit into Canada. You would not be required to give up coupons for it here as it was purchased in the U.S. and is not rationed there.

Q. I wish to sell my car. It's a 1925 Plymouth deluxe sedan. Would you please send me the proper papers to fill out and the ceiling price.
A. Both ceiling price application forms and statement of sale forms are available at the WPTB office. You may either call in or write for them. The required duplicate forms have been mailed to you direct.

Q. I understand in handing in these 44 meat coupons, the amount in meat points from this donation will go overseas to hungry-stricken areas. I know it's not much, but if we all sent in a few it would add up, wouldn't it? I don't believe a lot of us really realize what hunger is, as we are so fortunate in Canada. I thank God I live in a country of plenty. I know that you will see that these coupons get into the coupon collection.
A. You are quite right. Every bit of meat we use in Canada, the more meat that can be shipped overseas. Thank you for sending in the meat coupons. They have been turned over to the collection authorities. If there are any other people who can spare meat coupons, they may be turned in to any Local Ration Board office and a receipt will be given for the coupons donated.

Conway - Sandhurst

Conway - Sandhurst. Sept. 16. — The fine rain of last week was very welcome here. Empty cisterns had become a worry, and pasture was dry entirely. Since the rain, green has begun to show again in the fields, and it makes a very welcome sight.

Mrs. Fibrence Phippen, of Sydenham, has been the guest of Mr. and Mrs. E. W. Morton, Conway. During her stay she has been renewing acquaintances in this district last week.

Miss Abbie Judson, of Kingston, was a recent guest of Mr. and Mrs. W. Haight, Conway.

Mr. and Mrs. F. B. Wright and John were guests of Rev. and Mrs. Crawford, Enterprise, recently.

Mr. H. Babcock visited friends in Napanee last week.

Mrs. H. White and baby son have arrived home.

Mr. E. Hogeboom, of Conway, has arrived home after visiting his brother, Mr. J. Hogeboom, Amherst Island.

Mr. and Mrs. Morris Sills and family, of Hayburn, are spending some time at Sandhurst, the guests of the latter's mother, Mrs. D. Tucker.

Road work has been started on No. 17, and the quarry and road are the scene of much activity. Residents of No. 33 Highway, wishing to visit Napanee, find it a welcome short cut.

A number from here attended the anniversary services in Hayburn Church on Sunday.

To those who did not get
NEW RATION BOOKS!

It is not possible to issue new Ration books to consumers who apply in person at Local Ration Boards or at Ration Branches.

If you did not secure your new book during official "Distribution Week"—then mail your application card to any Local Ration Board or Ration Branch in your vicinity.

Your application is to be made on the green card, marked RB.191, at the back of your present book No. 5.

Be sure that the card is filled in completely before mailing, and that your name and address are printed.

DELAYED APPLICATIONS will have to be cleared through the main office of the Ration Administration—and your new book will be mailed you as soon as possible.

BLUE PRINT for a NEST EGG

Let's talk a minute about savings . . . *your* savings. Chances are they are in a healthier state right now than for a long time. All through the war you made it a point of honour to buy — and hold — all the Victory Bonds you could. Now they amount to a surprisingly large sum.

In short, you *proved* you could save. And you discovered, perhaps for the first time, what a nice feeling of extra security and independence could be yours with a "nest egg" of savings safety tucked away.

Now there's no war to serve as a spur are you becoming less particular about putting aside a set sum every month? Are you losing the saving habit? Remember . . . the money you "save for yourself" is the most important part of the money you earn.

So please consider this simply a friendly reminder that savings do have to be planned; that sticking to the plan sometimes means doing without an occasional unbudgeted "extra", and that making regular deposits in a Royal Bank Savings Account is still a good way to get somewhere with your personal finances . . . and with your ambitions for yourself and your family.

Plastic Wood!

SIX INCHES HIGH and carved from wood, Jean-Baptiste began life without a nose when his creator's knife slipped and eliminated that important part of his face. But plastic surgery saved him. His new nose is a product of chemistry. It came out of a *tube* in the form of C-I-L Plastic Wood, a C-I-L Paint & Varnish Division product for home, hobby and industrial use in healing holes and cracks in wood. C-I-L Plastic Wood comes from "Wood Flour", derived from nature, combined with a chemical bonding agent. The result is a product that "Handles like putty and hardens into wood".

SERVING CANADIANS C-I-L THROUGH CHEMISTRY

Looking Ahead

. . . Music by the Mile . . . Identifying Iodine . . . Saving Fence Posts!

Music by the mile! And recorded — believe it or not — on tapes of "Cellophane", 350' long and 1 inch wide with no less than 60 sound tracks. They provide music for hours with no stops for changing records. At present available only for commercial use, this type of recording may eventually find its way into the home.

Some farmers prefer an iodized salt block to the plain variety. The small but vital iodine content is not sufficient of itself to distinguish an iodine salt block from a plain one, so a harmless red pigment is added that makes identification easy.

Now Chemigation enables the farmer to get longer life into his fence posts by the use of Chromated Zinc Chloride solution. Green posts are immersed in the solution and the chemical is driven up by the sap stream to permeate the wood and make it resistant to insects and decay.

Further information on any of these products will be sent on request. Write Dept. B-10, C-I-L House, Montreal.

The firm you work for may operate a large plant, with costly machinery, and still need ready cash. That's because months often pass before its products are finished, and sold, and paid for. Meanwhile, it has a payroll to meet every Friday . . .

BANK CREDIT BRIDGES THE FINANCIAL GAP

Every day, business firms make use of bank loans to keep men working, machines running, goods flowing. This bank credit may be used to meet continuing expenses while goods are being processed; to build up stocks of raw materials; to purchase component parts. As finished goods reach the market and payment is received, the loan is repaid.

Enterprising farmers, fishermen, merchants—all make similar use of bank credit to meet their short-term financial needs. Thus your bank helps Canadians maintain steady operations—to take advantage of market opportunities both at home and abroad—to grow. And this, in turn means more work, more goods, a higher standard of living for you and for every Canadian.

Recognition Day on Thanksgiving Day In Napanee

To Make Presentations To Service Personnel

A special committee of the Town Council, headed by Mr. Harold Webster, has been making preparations since the beginning of the year, for a day of recognition of all those who enlisted from the Town and served in the last War and of those who did not return.

At a well attended meeting held at the Town Hall on Monday evening, committees were set up to make the necessary arrangements for carrying out the activities of the day.

The following are the committees named and the chairman of each committee, as selected by the meeting. The chairman so selected is to arrange his own committee and a meeting of the general committee is to be held this Wednesday evening, when each chairman will announce the personnel of his committee.

General Committee — Chairman, Harold Webster. The General Committee to be composed of the chairmen of the several committees.

Entertainment Committee—Chairman, Harold Moore.

Sports Committee — Chairman, Rev. Noble Hatton.

Parade Committee — Chairman, Major C. D. Sills.

Armouries Committee — Chairman, Harry Vine.

Presentation Committee — Chairman, W. S. Wilson.

Publicity Committee — Chairman, F. A. Correll.

Rest Room Committee (Armouries) — Chairman, Mrs. D. R. Hall, Mrs. D. C. Macnaughton.

The "H.M.C.S. Napanee" Ship's Bell is to be presented to the Town on Recognition Day and Dr. D. R. Hall was named as chairman of a committee to make the necessary arrangements.

Special services are to be held in all churches on the Sunday preceding Thanksgiving Day.

Further information as to the programme and plans for the day will be published at a later date, in the local press.

The Napanee Fair —

The Napanee Fair was held at the Fair Grounds, Sept. 16th, 17th and 18th. There were many exhibits in the Palace. There was a grandstand show at 2:30 p.m., Tuesday. There was a magician, ventriloquist, roller skaters and tap dancers. There were horse races and horse-drawing contests. The Midway was enjoyed best of all. There were five rides: the ferris-wheel, merry-go-round, rides-o, bullet, and the little car merry-go-round. All of the rides were fun. There were all kinds of games and stands. — I think that time is a happy time.

Louis' Latest Fight —

The Yankee Stadium in New York, was packed with 30 thousand enthusiastic sport fans to witness Joe Louis and Tami Morrielo fight for the heavyweight championship. The fight lasted 2:09, during which time Louis was tagged two times and Morrielo was floored to the count of nine. Louis had Tami against the ropes and delivered the knock-out punch: a short right jab. Louis won by a knock-out and still holds the championship.

New Homes in Napanee —

There have been quite a few houses going up in Napanee lately. Don Roblin's new home, near West Ward School, is coming along fairly well although they have to cut every stone by hand. Mr. Russell's home on Richard Street, is nearing completion and the same goes for Earl Alkenbrack's home on the same street, below Dundas. On Union St., there are two more, side by side, and one on Thomas, near Donald Street. On the Newgarth Road, Mr. Loucks is building a home. In all, Napanee is growing very fast.

Will Be Available During October

Individual purchases of the new Canada savings bond which will go on sale throughout the Dominion in mid-October will be limited to $2,000, it was announced Monday.

The interest rate, which will be made public by Rt. Hon. J. L. Ilsley, Finance Minister, next Monday, is expected to be 2.75 per cent, and the term probably ten years. The bond will be available in units of $50, $100 $500 and $1,000 or any combination of these units.

TO BE REGISTERED

Because of the $2,000 limitation, all Canada savings bonds will be registered. In addition to providing means of limiting holdings, registration will offer protection to holders against loss of their investment.

Persons with families will be able to increase their holdings beyond $2,000 however, since the bonds can be held in the names of minors as well as adults.

The reason for the limitation was pointed out by Mr. Ilsley at the time of his first announcement, when he explained that since the terms would be more favorable than those available for comparable investment at the time of issue, it would be necessary to set a limit to prevent the new security being purchased in volume by institutions and larger investors for whom it was not intended. Institutional borrowing by the Government will come at a later date, probably early in 1947.

CASH ON SURRENDER

A striking feature of the new bonds is the privilege of turning them into cash any time at full face value, plus interest, at any bank.

Designed purely as a personal savings facility for the people of Canada, the bonds will be largely sold through the payroll deduction scheme set up in most firms during the war for the sale of victory bonds. They will also be sold through banks, authorized investment dealers and trust and loan corporations.

OTTAWA TRUST CO. OPENS FOR BUSINESS

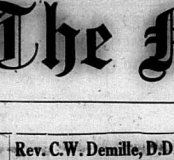
The newly formed Ottawa Valley Trust Company is opening for business this week with offices at 140 Wellington Street, Ottawa.

Incorporated by a special act of Parliament in December, 1945, the new trust company is closely identified through its board of directors with the business and industrial life of Ottawa and the Valley. The President, G. Gordon Gale is president of Gatineau Power Company and E. A. Eddy Company and during the war years acted as chairman of eight successive victory loan campaigns in the Ottawa area. Vice-Presidents are J. Gordon Fleck, managing director of Booth Lumber Company, and Mr. Edwards, director of W. C. Edwards and Company.

General Manager of the new Trust Company is J. S. Shakespeare, who graduated from the University of British Columbia, practiced law in his native province for six years. Entering the Trust Business with the Toronto General Trusts Corporation in Vancouver, he was appointed two years lated as British Columbia Manager for Montreal Trust Company. For the past three years he has been Superintendent of Branches for the latter Company, at its head office in Montreal.

The Trust Company will conduct a general trust company business including the planning of estates in consultation with clients' Solicitors and management of securities and other property for persons during their lifetime.

Rev. C.W. Demille, D.D. At Trinity, Ch., Sunday



REV. C. W. DEMILLE, D.D., General Secretary, Ontario Temperance Federation

Many persons in Napanee and the district will be pleased to learn that a former minister of Trinity United Church will conduct the service in this church on the morning of Sunday, September 29th. Dr. DeMille's ministry has been characterized by its forcefulness and dynamic organizing ability. These qualities are now being exercised in the field of temperance, as he is now General Secretary of the Ontario Temperance Federation.

Sunday morning he will present this all-important matter for our consideration. In the light of present developments in our provincial situation; it is hoped that all who can will be present to hear Dr. DeMille.

Mr. Hatton will be conducting anniversary services in St. Paul's United Church, Stirling, and so the minister of that church, Rev. Marshal Laverty will conduct the evening worship in Trinity Church.

NEWS BRIEFS

PLAN BIG SHIPMENT APPLES TO UNITED STATES

Howard Leavens, representing Prince Edward Fruit Growers, attended the Rochester, N.Y., conference when arrangements were completed and necessary export permits secured for shipment of 225,000 bushels of apples from Ontario's 1946 crop to New York state for both fresh market outlets and processing plants. This plan should be of material assistance in absorbing the bumper crop of apples which is being harvested in Ontario this fall.

PICTON AIRPORT MAY BE ARMY CENTRE

Confirming earlier reports which first appeared, exclusively in The Picton Times, that the airport on reservoir hill would be converted to the uses of the permanent Army, Lord Bell of Cherry Valley informed The Times, last week, that it is anticipated that 1,800 men will be stationed there by mid-October.

Expectation is that a unit of the Hastings and Prince Edward Regiment will become a part of this permanent set-up which destines Picton to become a "Garrison Town."

BELLEVILLE FIRE WORST IN CITY HISTORY

Damage estimated at $250,000 was caused early on Tuesday, Sept. 17th by fire which swept through the Graham Dry Foods plant at Belleville and for a time threatened the city gas works. Cause of the blaze, considered the worst in Belleville's history, has not been determined. In operation at the time of the outbreak, the plant turned out canned corn, peas and tomatoes in addition to a large line of dehydrated foods. During the war it dehydrated onions, carrots, cabbage and other vegetables for overseas shipment. At the height of the canning season the plant employed between 250 and 300 persons. Some 75 to 100 were at work when the fire started but all escaped from the burning plant.

THE FLAG AGAIN

It seems as though the Flag controversy will not down. Opposition to the decision of the Parliamentary Committee's choice has been quiescent, of late. But it blew up on Sunday when Father Joseph Ferland banned the use of The Union Jack in his parish — which is the third largest Roman Catholic parish in the Province of Quebec. That started it! The story got into the papers and the French-Canadians in Quebec City put on quite a demonstration in sympathy with the movement inaugurated in St. Roch's. A large procession was organized. Union Jacks were taken down and a French-sponsored flag which was rejected by the Parliamentary Committee was flown in their stead. French-Canadian tempers flared and French-Canadians went on record as standing behind this French - Canadian sponsored flag.

It is an interesting spectacle. The clamor for a distinctive flag came largely from Quebec. There was no demand elsewhere for a new ensign. The British Flag served the rest of Canada, well enough. But Quebec wanted something distinctly Canadian. Well, perhaps there was no harm in that. But the British Flag seemed good enough for most of us. However, in deference to French opinion, a contest was opened for designs for a new Flag. Thousands were submitted. The Parliamentary Committee began eliminating undesirable ones, until finally, by this process of elimination, a flag was chosen which carried the approval of the majority of the members.

That was a Democratic way to go about it. A choice has to be made by some group. It would be impossible to leave to a great mass of people the task of sorting out all the designs submitted. There might be as many choices as there were people doing the choosing. The Committee was appointed regularly, and did its job in the same way as any other parliamentary committee, and arrived at a decision.

It is a strange way in which some people view the operations of the Democratic movement. So long as it decides in accordance with their views it is the greatest system on earth. But should a decision arrived at by the Democratic process not meet their wishes, then the whole thing is wrong. After all, we cannot have everything we want in this world. The Democratic process may not be perfect, but it is the best yet discovered. The world, through its long struggles and experiments, has so decided. The French-Canadians have their rights — no one will deny that. But it is rather overdoing it a bit for the citizens in our neighbouring Province to put on a show and assume an air of an injured minority, every time they do not get their own way.

The solution of the Flag problem — if there is one — is to stick to The Union Jack.

WAS IT APPEASEMENT?

When Secretary Wallace made an address which has now become historic, he suggested The United States should co-operate more closely with Russia, even if that meant less active co-operation with Great Britain. The address was sanctioned before delivery by President Truman, but it created such a furore in The United States, and especially amongst the American Delegation at the Peace Conference, who interpreted it as a break with the policy adopted by the Delegates, that the President had to submit to public opinion, and demand Wallace's resignation.

Secretary Wallace is an idealist. He is a great world-citizen. His addresses are among the most forward-looking to come from the lips of any American in recent years. He has won the admiration of a great host of progressive people in The United States. Certainly he has high ideals and deep Christian convictions.

The difficulty, however, arises because people have not yet forgotten the appeasement policy of Premier Chamberlain. It is pretty certain that if America had shown some stiffening in her attitude towards Hitler during the days of his ascendancy, Hitler would have hesitated. Hitler and his henchmen were encouraged to embark on their programme of world conquest, because they thought British policy, one of weakness, and because they believed The United States lacked strength and backbone. Of course, in both these, they were wrong, as time ultimately demonstrated. But the policy of appeasement encouraged the Nazis. It was that element in Wallace's address that terrified the people. They saw The United States appeasing Russia, as they had once sanctioned the Chamberlain appeasement policy. They remembered what happened then, and they wanted to be sure that it would not happen again. And so the resignation of Wallace, if it means anything at all, means that The United States is going to get tough with Russia. At least, The United States is not going to give in to every demand — territorial and otherwise — that Russia makes, lest that be interpreted as a sign of weakness and fear.

RECEPTION HELD FOR NEWLYWEDS AT WILTON

The home of Mr. and Mrs. Archie Simmons in Wilton was the scene of a very enjoyable event during the week, when about seventy-five relatives and friends gathered to honor Mr. and Mrs. Russell Simmons (nee Corinne Graham) following their recent marriage. The evening was spent in a social manner, and Mr. Robert Simmons contributed an appropriate monologue. Beautiful and useful gifts were received by the newlyweds and Mr. Simmons, on behalf of the bride, expressed his sincere appreciation for the many lovely gifts. Refreshments were served at the close.

CANNOT BLAME THEM — MUCH !

Recently a brief news item told of a returned soldier who was terrified with the present world situation. He took all his deferred pay, gratuities, and everything else he could lay his hands on, and bought a boat. Then he set out for some South Sea Island; there to stay until this Old World settled down a bit. — We can't blame him, much!

"Why wouldn't we be afraid ? What is to become of the atomic bombs still being made? What about the new super-rockets; the little capsule of germs or something, which will wipe out whole communities ? What about our strikes, our struggles in Paris at a so-called peace conference, and the battles of the U.N.O. past and prospective ? It is enough to put the fear of death in the most stout-hearted. We confess to a certain group of wild men from Borneo, who recently resented the attempt to get them into this mess. It appears, as one report has it, that —

"MALCOLM MACDONALD, with none too brilliant a record as Governor-General of the Malays, really tried to help the natives along the Brunei River in North Borneo. These people live in huts perched up on palm shafts over the water, and suffer from malaria, inadequate diet, and other ills. MacDonald offered them rich, productive, free land and even money grants to get them started on a better life. Would the 18,000 natives come down from their perches ? Not they ! Afraid of a new world, conjuring up in their minds all sorts of unknown terrors, they cling to their stilts with all the lofty stubbornness of a Paris peace delegate."

We can't blame them — much !

RE-EDUCATING GERMANY

There is not much news coming from Russian - held Germany. It is therefore, of more than passing interest to learn from a teacher in that area, that conditions are now so bad as we might suppose. When no news comes from a place we naturally think the worst. Most people have concluded that behind the iron curtain, the Russians are trying desperately to make the German people into Communists. Henry Holm, who is a teacher, teaching future teachers behind the curtain, has a heartening story to tell.

In a recent "Worldover" dispatch, he says:

"A friend of mine, in the school department of Russian-occupied Brandenburg, called me to Potsdam. Within half an hour I was engaged as a lecturer in history at an academy for future teachers. No one asked me if I was in any party. (I am not.) My only instructions were: "Teach history as internationally as you can."

"No one has asked me, yet, about my party. I am an anti-fascist. An accepted 'victim of fascism.' That is enough. And the future teachers? Is it true that behind the "iron curtain" only those are accepted who belong to the all-powerful SED—the merger party of Communists and Socialists ? The majority here belong to no party. In one class the SED has 11 members, the Christian Democrats one; in another class the SED has 11, but the Christian Democrats 15 or more. The Liberals, though not present, are not barred. Their chief asked in my presence, for permission to address the school for his party. He was willingly given the chance and attendance was made compulsory."

The writer lists three ways in which those on the outside can help to re-educate Germany. Here they are. They speak for themselves :

"First of all, send us food! It is not easy to teach—or to learn—on an empty stomach that Democracy is the best of all systems. Second, give us paper! Goebbels flooded the country with his knavish propaganda. We cannot blot out that propaganda through the spoken word alone. All booksellers agree that it is easier than ever now to sell books, since there is so little else to be bought. Yet all former stocks of books have been burned out and the present ration of paper can produce so few! How often pupils ask me: 'Where can one find more details about what you told us?' and I have no answer.

"Third, give us some confidence! Every sign of good-will from the outside world is capital in our hands. I do not plead that the Occupation Armies retire or that German industry be less strictly supervised. I mean quite another thing. People here have begun to realize that in Germany the very worst glass, the most ruthless egotist, leaps to power when the settler elements neglected to resist. Show us that in your nations now, not the ruthless, not those who insist on retaliation, but those who consider humanity as a whole, who want to build a better world, in which Germany will have its modest but safe place. Every sign of goodwill from you will bear fruit."

Executive Meeting Belleville Presbyterial Wo. Missionary Society

The September meeting of the Executive of the Belleville Presbyterial of the Women's Missionary Society was held in Bridge Street Church on Monday, September 9th. The opening worship was led by Mrs. McCreary, who chose as the theme of her talk: 'Awake, thou that sleepest and arise from the dead and Christ shall give thee light.' She spoke of Samson of the ten Virgins, and the three Disciples who failed, through sleep, and of the deadly indifference which is the sin of our age.

Mrs. Spafford dealt with the situation re the Presbyterial president and past presidents, caused by the resignation of Mrs. Finlay last April. Mrs. Empey was instated as the executive as president and Mrs. Finlay was declared immediate past-president, although it is expected that Mrs. Spafford would also continue in an advisory capacity.

It was decided that $5 should be paid to Bridge Street Church, for the use of rooms for executive meetings during the term. Mrs. Trussott, the treasurer, reported an unusually large second quarter's receipts.

Mrs. Bailey, Christian Stewardship secretary, brought to mind that the addition of 60c per member, for the Presbyterial for last year, would pass over the top of our allocation in 1947. The point was cleared that all receiving auxiliaries would receive their allocation from the Christian Stewardship secretary, no less than the end of January. The hope was expressed that in each individual church there will be, as in Bridge Street, Belleville, a cabinet bringing all workers of the church into a united group.

The corresponding secretary, Mrs. Homan, spoke of the new affiliated W. A. in Crosby, one woman taking charge of the missionary part of the meeting. Arrangements completed for the affiliated W.A. at the Ridge. One of the main objectives in the Presbyterial for 1947 is to be affiliated Woman's Associations.

Mrs. McCreary, literature secretary, emphasized that rallies should appoint one of their women to contact her, re literature for sale. There was discussion re the Presbyterial Executive reading circle. It was decided to have one again in 1947, with the earnest hope that readers would be more prompt and that at the end of the year, all books would be returned to the owners.

Mrs. McMullen, secretary for Circles, reported five Circles, and the reason there are no more is due to the lack of leaders.

"The Cavalcade"

This is a visual demonstration of the church travelling across Canada, to be seen in Belleville on Women's Day—the W.A. and the W.M.S. to be Tuesday, October 15th. In the programme for that day there will be three important items: (1) at 10:30 worship, with Mrs. Russel Graham as speaker; (2) a panel discussion "Women, the Church and to-day's needs" and (3) the mass meeting, addressed by Miss Wilma Thomas, in the afternoon.

Mrs. Wilson, secretary for community friendship, stressed the welcoming of war brides and strangers in the community.

Mrs. Bugg, for Mission Bands, said her aim was to visit all of the sixty Mission Bands in the Presbyterial. She felt personal visits were important. She reported visiting eleven bands and one rally since April, and reported one new band at Albury. Mrs. Hamilton, Missionary Monthly and World Friends' secretary, requested the early entering of copies of World Friends for 1947.

Mrs. Carman Atten, in a short report, spoke of conducting a Sunday service on behalf of childrens' work.

Mrs. Broad, associate members' secretary, emphasized giving missionary literature to shut-ins and business girls. She said, if only our members for the W. M. S. can be obtained the work will be a success.

Miss Mordan, supply secretary, said Miss Coulles and Miss Willows need no bales and no white gifts. If the W.M.S. make Red Cross supplies, it would be cheaper for them to get their materials from the Red Cross and become Red Cross Units, but if they donate or buy as a W.M.S. unit they should report to her all work done.

Mrs. Hills reported plans for rally in the making (Belleville Section)

Mrs. Hawley, North Napanee, expressed her pleasure that there were a number of 'teen age girls at Whitby School for Missions, and suggested that each auxiliary send one girl there.

Mrs. Holmes said she received much help at Whitby, re study book and "How to Use."

Mrs. Nickle said Dr. Thomas insisted that we W.M.S. women should not limit our field of service to missions and the W.M.S. but it should include our young people of the church.

Mrs. Bell said she hoped to dramatize the School for Missions at Whitby. She was also interested in affiliated W.A.'s.

Dates of Rallies

Belleville Section — Tuesday, October 22nd, at Cannifton.

Madoc Section — Wednesday, October 23rd, at Tweed.

North Napanee Section — Thursday, October 24th, at Enterprise.

South Napanee Section — Friday, October 25th, at Adolphustown.

Mention was made of the new C.G. I.T. at Foxboro and it was hoped to have a rally of C.G.I.T. and Circles to hear Miss Wilma Thomas at the time of The Cavalcade.

The Press Secretary spoke of sending out news press booklets soon and hoped for more scrapbooks exhibited next April, on temperance, worship services, Christian citizenship, pictures of India for example.

Mrs. Patten, temperance and Christian citizenship secretary, said she thought we must work with young people in co-operation with Sunday school, etc. She thought young people growing up would not easily forget if they had signed the pledge.

At this point, the Presbyterial Committee on Cavalcade met the W.M.S. executive. Additional information re Cavalcade, Friday, October 11th, "The Cavalcade" put up in Belleville. Saturday evening, an hour radio service broadcast from the truck—exhibit open. On Sunday, leaders speak in Belleville and surrounding country. Monday, Christian education S.S. Institute. Monday evening, young people, games and pictures. Tuesday, Women's Day.

Presidents of auxiliaries are asked to act as publicity agents, and to ask and pray for the success of this effort to awaken the public to the work of the church.

There were several very welcome guests present and every member of the executive, except one.

Mrs. Pinlay expressed her appreciation of Mrs. Empey's acceptance of the responsibility of the office of president, under difficult circumstances.

Mrs. Herrington closed the meeting with prayer.

INTERNATIONAL SUNDAY SCHOOL LESSON, SEPTEMBER 29TH, 1946

"JESUS, AND THE LAW OF LOVE"

Lesson Text: Psalm 119: 33-38, Matthew 5: 43-48.

The first section of this week's lesson is taken from the longest psalm in the Bible. It is an acrostic poem made up of a numbey of sections, as many sections as there are letters in the Hebrew alphabet. Each section begins with one of these letters, in order. This particular section is a prayer by the psalmist, that God will enable the writer to understand God's law and to keep them to the end. The first petition is for "understanding." This implies belief that if he has understanding then it will be possible for him to keep Gods law. This, of course, is only a partial truth. We may have complete knowledge of God's law and still not keep it. The psalmist here labors under the delusion which beset our forefathers who established compulsory education. Educate the people and all would be well. Now, we know different. We know the absolute necessity of universal education, but we also know that without some inner control, some religious control, education may be a positive harm instead of a blessing.

The rest of the section is the expression of the hope that God will enable the petitioner to follow God's way of life. It is a prayer which every seeker after the good life, should pray earnestly and often.

The second section of the lesson taken from the New Testament, is one of the dynamic, most revolutionary in the whole Bible. It must be remembered that the Rabbis by the time Jesus came, had developed a very elaborate code of religious regulations. These had to be obeyed by the devout Jew. Jesus, in His demand for a good life, appealed not to past tradition, but to the authority of His own insights and His own living personality. We have heard that it was said. Thou shalt love thy neighbour and hate thine enemy. But I say unto you, love your enemies and pray for them that persecute you, that ye may be sons of your Father who is in Heaven. . . . "Love your enemies." A noble sentiment, but an admonition not so easy to obey in the light of what we know of concentration camps and exterminating chambers. Of course, we have to be sensible about this. Certainly we must not assume that Jesus asserted we ought to have a sentimental attachment to everybody else. That is physically impossible, and quite probably not desirable. No human being would have a capacity for that kind of love, anyway.

No! Jesus meant something else. We have just concluded a bitter, disastrous and terribly tragic war. Can we love the Germans and the Japanese? Well, not perhaps in the intimate way in which husband and wife love each other, or in which members of a family love each other. But we may love them, none the less. "If we can be unselfish, we are on the way to becoming perfect as our Father in Heaven is perfect." If we can subordinate our own interests and inclinations to those of others, even to those who have shown towards us. Is our mind a cesspool of ugly resentment?

That is a pretty good test. If we can meet that sort of test on the personal level, we are well on our way to meeting it on the national and international level. In spite of the worst we have heard of our enemies, do we wish for them a chance to rebuild their homes, to re-establish their family life, to get going again, to get enough food, to keep them alive? If we honestly can say we wish these things for the Germans and the Japanese, we are not far from obedience to the command of Jesus, that we love our enemies.

What a time we are having in Paris! What a time we are having with the U.N.O.! Bitterness, suspicion and open resentment! These are the important factors in these meetings. Perhaps that was to be expected after a war. What a lot of bitterness and hard feeling is being gendered in the labor-management disputes that have held back our reconstruction plans. Perhaps, too, that was to have been expected when both groups are trying to get the upper hand in the new world.

We will need a great deal of the kind of love Jesus preached for, if these clashes are not to leave permanent scars on our whole social, economic and political life.

GOVERNMENT BLAMED FOR LABOR UNREST

Has No Consistent Policy, Leader John Bracken Says

Ottawa. — John Bracken, Progressive Conservative leader, said in an address, last week, that the "inconsistencies in government policy" made any further proceedings of the Commons Committee on Industrial Relations "worthless insofar as its endeavors to find a basis for settling the steel strike were concerned."

In a fifteen-minute speech prepared for delivery over the Trans-Canada network of the CBC, Mr. Bracken criticized the lack of co-ordination between the Prices Board and the Labor Department and said that settlement of the steel strike now rested on the government's doorstep.

The speech was one of a series delivered over CBC facilities under the policy of granting free time to political parties to make their views known. While Mr. Bracken spoke on the English network, his speech was being read in French over the French network by Ivan Sabourin of Montreal.

Referring to the evidence before the Industrial Relations Committee, established to attempt to find a solution to the steel strike, Mr. Bracken said it was disclosed there was no co-ordination between the prices board and the National War Labor Board.

"This lack of co-ordination has been the source of much of the labor unrest now so prevalent in Canada," said Mr. Bracken. "For example, the chairman of the Price Control Board at the request of employers, permitted a $5-a-ton increase in the price of steel. And this was done without any decision having been made by the Labor Board as to what increase in wages, if any, to steel workers might be expected.

"How the government expected our economy to function in an orderly way with one government board changing prices and another government board changing wages and no co-ordination whatever between the two boards, is beyond all comprehension."

Donald Gordon, chairman of the Prices Board, and acting Finance Minister Abbott had stated before the committee than an increase substantially above 15-cents-an-hour could not be granted without risking the breakdown of the government's price control policy.

"In the light of these statements were both made after the government, through its Labor Board, had approved with the labor minister's consent an increase of 15 cents per hour in the lumber and other industries of British Columbia," said Mr. Bracken.

Inconsistencies Hit

"As you can readily see, these inconsistencies in government policy made any further proceedings of the committee worthless insofar as its endeavors to find a basis for settling the steel strike were concerned."

(The Committee reported back to the Commons Saturday after meeting for four weeks during which no settlement to the steel strike was found.)

"It had become clear to the committee, to Parliament and to the public, that inconsistent Government policy and Government administration were the real stumbling blocks to the settlement of the strike," said Mr. Bracken.

"The matter thus rests on the Government's doorstep. It must do two things. It must take steps to restore respect for Canadian laws, and it must find a way to get steel production ging again.

"Before the steel strike occurred the government appointed a controller for the plants at Algoma, Hamilton and Sydney.

"For all practical purposes it has put itself in the position of being both the operator of the plants and the employer of the men," he said. "When it found itself clothed with all the powers necessary to do anything required of it, the Government then sat down on the job. It neither operated the plants nor employed the men.

"I do not suggest that it is emulating the tactics of a sitdown strike, but I do say that the Government has sat down on the job it undertook and it is still sitting down on the job in the plants."

Meantime, loss of production was threatening to paralyze "industrial activity in Canada. Everyone knew that one of the ways to escape inflation was to increase the production of goods.

"If whatever increase in wages and prices are justified, were granted we would get increased production," said Mr. Bracken.

He criticized the Government for investing "practically" every field of economic enterprise and for the type of wheat agreement it recently signed with the United Kingdom.

"What the country needs now is less extravagance in government, more peace in industry, a new spirit in the approach to disputes, a formula which will restore confidence on the part of all, that every section of our economy will be fairly treated," said Mr. Bracken.

"In these respects there is no need to be pessimistic about the future. As responsible citizens we must keep steady while the nation finds its way back to peace; its way to producing the needed goods, to sitting down together in disputes to regaining confidence in our economy, and to accepting the reign of law in all matters."

Mr. and Mrs. Willie Sexsmith, of Ebenezer, spent an evening with Mrs. Sexsmith's mother, Mrs. M. F. Beckwith, recently.

Mrs. Chas. Mouck, Gordon and Percy, spent over the week end at the home of Mr. and Mrs. Bill Henderson, Lime Lake.

NEWBURGH

Newburgh, Sept. 23. — On Tuesday evening a number of friends gathered in the Community Hall to bid farewell to Mr. and Mrs. D. Vandervoort and family before their departure to their new home in Maberly. The evening was spent in playing cards and dancing. During the evening Mr. R. Flieler read an address and Mr. and Mrs. Vandervoort were presented with a nest of tables and a Wedgwood lamp. Diana and Peggy were each presented with an envelope containing a sum of money. Mr. Vandervoort thanked their many friends for their kind remembrance.

The first game of the playoffs between Enterprise and Newburgh hard ball teams was played in Newburgh on Wednesday afternoon. The score was 21-9 in favor of Newburgh. Enterprise plays in Newburgh again on Saturday afternoon.

Mr. and Mrs. H. Perry, of Vancouver, B.C., were tea guests of Mr. and Mrs. D. McGill on Monday of last week.

Sunday, October 6th, World Communion Sunday will be Newburgh anniversary, 10:30 a.m. and 7:30 p.m. The Lord's Supper will be observed at the morning service. The Sunday School session that day will be Rev. J. I. Mackay, B.A., B.D., Superintendent of Missions.

A goodly number from here attended the anniversary services at Wesley on Sunday. Rev. Swayne, of Lansdown, a former pastor, was the guest speaker and Mr. and Mrs. E. Wightman, of Newburgh, and Mr. Wilfred Sheffield, of Kingston, supplied special numbers for the event.

Miss Margaret Moffat, of Winnipeg, Man., is visiting her aunt, Mrs. F. F. Moffat.

MOSCOW

Moscow, Sept. 23. — Mrs. Ward Baker and children have been spending a few days in Picton with Mrs. Baker's parents, Mr. and Mrs. C. E. Sherry, and while there attended the Picton Fair.

Mr. Charles Allen, of Lakefield, Florida, is visiting her sister, Mrs. Charles Hicks, and other friends.

Mr. Charles Porter, of Windsor, was the guest of Mr. and Mrs. T. C. Armstrong and Mr. Charles Darling recently.

Services were cancelled in Moscow United Church on Sunday because of anniversary services at Camden East.

Mr. and Mrs. C. A. Baker are spending some time at the home of their daughter, Mrs. Merrill Wright, Yarker, while Mr. and Mrs. Wright are in Toronto, where Mrs. Wright has undergone a serious operation.

Mrs. Cecil Close was a caller on Mrs. Arthur Baker, at Yarker, on Friday evening.

School has opened for 1946-1947, with Mrs. T. C. Armstrong as Principal, and Miss Mary Evans as assistant.

Miss Virginia Allen has returned to her teaching duties at Hinch School, after spending her holidays with her parents, Mr. and Mrs. Calvin Allen.

NEWBURGH

Newburgh, Sept. 16. — Madeline Wagar, who has been ill for the last week, is improving.

Visitors at the home of Mr. and Mrs. Wm. Wagar during the past week were Mr. Ira Calder, of Bainville, Montana; Mr. and Mrs. E. K. Douglas, of Osnsbrook, North Dakota; Mrs. A. Robertson, Helen and Lawrence Norton, of Claremont, Ont.

Mrs. J. Paul spent a pleasant week end in Kingston with her sister-in-law Mrs. J. Wartman.

Mr. and Mrs. Roy Arnold, of Portland, Oregon, spent an afternoon recently with their cousins, Mr. and Mrs Percy Gerow.

The Masonic service at the United Church on Sunday afternoon, was well attended. Archdeacon J. H. Coleman, of Kingston, delivered a very inspiring and helpful message. The special music, rendered by the choir, was very much appreciated.

A meeting was held at the parsonage on Friday evening to complete arrangements for the birthday social to be held in the basement of the United Church on Tuesday evening. The program will be given by Napanee talent.

Wilfred Sheffield, negro roloist, of Kingston, will be in attendance at Wesley anniversary services next Sunday and help with the music.

Rev. and Mrs. H. B. Herrington and Miss Emma Sherry attended the funeral of Mrs. Vandervoort, at Eldorado Church, on Saturday afternoon.

Restful Sleep

"Don't subject yourself to the medieval 'third degree' of enforced wakefulness," says an announcement by the Department of National Health and Welfare. The Department points out that nervousness, loss of weight and lack of reserve power are some of the results of too little real sleep, which is essential for physical and mental refreshment and rebuilding.

WHEN A COLD stuffs up the nose, causes mouth-breathing, throat tickle and night coughing, use this time-tested Vicks treatment that goes to work instantly! It acts at once!
As bedtime rub good old Vicks VapoRub on throat, chest and back. Then watch its SOOTHING STIMULATING action bring relief from distress!
It penetrates to upper breathing passages with soothing medicinal vapors. It warms the chest and back surfaces like a warming, comforting poultice . . . and it keeps on working for hours—even while you sleep—to ease congestion, relax coughing spells, let aromatic vapors be breathed deep into irritated bronchial tubes. Try it tonight . . . Vicks VapoRub.

Minutes of the Council of the Township of Richmond

Municipal Hall, Selby, September 3rd, 1946.

Council met in the Township Hall, at 8:00 o'clock. Members all present, except J. N. Richmond. Reeve presiding.

The minutes of the last meeting were read and adopted.

Several items of correspondence were read by the Clerk and dealt with by the Council.

Moved by Messrs. Schamerhorn and Davis, that Road Pay List for August, amounting to $1,137.08, be passed and cheques issued to the several names on the pay list. Carried.

Moved by Messrs. Davis and Smart, that Relief Pay List for August, amounting to $37.50, be passed and cheques issued to those having accounts. Refunds from the Province and other Municipalities amount to $23.00, leaving a net cost to Richmond Taxpayers of $14.50. Carried.

Moved by Messrs. Smart and Davis, that Borden Sexsmith be paid $26.00 for two lambs killed by dogs, as recommended by the Sheep Valuator Ernest Kerr, and that Mr. Kerr be paid $2.00 for his services. Carried.

Moved by Messrs. Davis and Smart, that the following accounts be paid: C. P. Smith, legal advice, $2.00; H. Courtle, stamps, $4.00. Carried.

Moved by Messrs. Schamerhorn and Devis, that James Dawson be notified that an error had been made in his assessment and that his taxes will be accepted on the amount of assessment of $100, which was raised in error. Carried.

Moved by Messrs. Davis and Smart, that the Road Superintendent be authorized to call for tenders for a new four to five-ton truck, with or without snow plough, to be delivered early in 1947. Carried.

Council adjourned to meet Monday, October 7th, at 8:00 o'clock p.m.

FRED JACKSON, Reeve. R. D. MARTIN, Clerk.

Trials Of A Minister

One of the hardest jobs in Canada today is that held by the minister of labor. It is being made hardier by the barrage of unjust criticism under which he must work.

This was shown last week in Mr. Humphrey Mitchell's evidence before the Industrial Relations Committee. "I find," he said, "that whenever it suits the purpose of a particular union, a prompt attempt will be made to bring about what I can best describe as organized criticism of my actions." He then told of receiving floods of telegrams, many of them in almost identical terms, from unions all over the country and all demanding him do something or other.

Many public men trying to do their duty will know all about such telegrams. Filled with "demands" and vilification, they reflect little credit upon the senders; and the repetitious flow serves no practical purpose except to increase the revenues of the telegraph companies.

One such case was cited by the minister. In an effort to avert a costly strike in the rubber industry, he had mailed to each employee a copy of the Conciliation Board's report and had advised them to accept its recommendations. Somebody got busy, and he was assailed from all parts of the country for this action. He was accused of trying to break up the unions. He should not have dealt with the rubber employees except through the union officials.

The truth, stated the minister, was that his course of action had been previously discussed at a meeting with the union's officials and Mr. Pat Conroy, secretary of the Canadian Congress of Labor, and fully concurred in by them.

Last week Mr. Conroy undertook to give the minister a lecture on moral stamina. "It takes more courage to face the facts," he said, "than to run away from them as the minister has been doing." But running away does not appear to be a habit with Humphrey Mitchell. This was made clear last week in his evidence on wage control.

Rightly or wrongly — and the great majority of Canadian people will say rightly — the Labor Minister for some years has stoutly maintained that price control is not possible without reasonable measure of wage control. During the war years he played a leading part in setting up the wages board throughout the country, to see that wages did not rise to levels that might force rises in prices.

A life-long trade unionist himself, it takes some moral courage on the part of the Minister of Labor to maintain wage control now that the war is over. But he is convinced that it will be necessary for some time yet if the dollar in the worker's pay envelope is to be expected to buy more than fifty cents' worth of goods. Holding that conviction, there seems to be little thinkable that he will be stampeded by telegrams, resolutions, innuendo and plain abuse into taking any contrary course.

When the present industrial tumult and shouting dies, the Hon. Humphrey Mitchell may then be accorded his due as a better and more long-sighter friend of the workers than those little sawdust Caesars who are now so active in sniping at him. — Editorial from The Ottawa Evening Citizen, August 12th, 1946.

How Long Will I Live?
Here is an interesting way to find out the PROBABLE number of years you have ahead of you, based on Life Assurance Mortality Tables:
1.—Subtract your present age from 80.
2.—Multiply the result by 7.
3.—Divide the result by 10.
Given a full life span, you have a good chance of carrying out your plans for the future. Life Assurance will add certainty to these plans, should death or disability prevent you from seeing them to completion.

WEDDING BELLS

PARKER - FURRS

The marriage was performed at Grace United Church on Wednesday, September 4th at 2.00 p.m., by Rev. C.D. McLellan, of Mrs. Frossie Furrs of Napanee, and Rev. William Parker, Alderly, Ont., former minister of the Bay Church, of the United Church.

The bride, who was given in marriage by her brother, Mr Allen Baldwin, wore a street-length dress of Tendan Blue slub crepe and hat to Algonquin grey felt, and carried a beautiful hymnary, the gift of the Helping Hand Bible Class of Grace church. She was attended by Mrs. Russell Day, Bayridge, daughter of the groom, who wore a street-length dress of new wine shade. The flower girl, Shirley Boyce, niece of the bride, was in a figured lime green frock with yellow bows in her hair.

Mrs. B. M. Black played the wedding music and during the signing of the registry the groom's daughters, Mrs. Charles Elliott and Mrs. Calvin Tanner, sang a duet.

The groomsmen were Mr. Earl Nugent, son-in-law of the bride, and the ushers were Mr. Russell Day, of Sydenham and Mr. Charles Parker, of Mallorytown.

Following the wedding ceremony a reception was held in the dining hall of the church, where the bridal party assisted by Mrs. Allen Baldwin, received the guests. Mrs. Baldwin was wearing a navy blue crepe dress with white accessories and a corsage of Bettertime roses and Bouvardia.

Refreshments were served by members of Grace Church W. A. at small tables centered with petunias. The toast to the bride was proposed by the groom.

The groom's gift to the bride was a dual strand of pearls with diamond clasp, which she wore at the ceremony. The gifts to the groomsmen and ushers were silver collar pins. The bride's gift to the matron-of-honor and Mrs. Tanner and Mrs. Elliott were sterling earrings and to the flower girl, a sterling silver bracelet.

For going away the bride chose a black and white herard's tooth check wool suit and black accessories. After a honeymoon spent in the Haliburton highlands, the bride and groom will reside at Sebright.

PERRY - YARROW

A very pretty wedding was solemnized in St. Patrick's Church, Napanee, on Monday, September 2nd, when Rev. Father E. M. Leacy united in marriage Marguerite Frances, daughter of Mr. and Mrs. Jas. Perry of Napanee, and Harvey Rayton Yarrow ,son of Mrs. Olive Yarrow, and the late De.bert Yarrow, Trenton. The ceremony was performed by her father, looked lovely in a floor-length gown of white lace and net, finger-tip veil of the same material and carried a bouquet of red roses. The bridesmaid, Miss Jean McNeil, Napanee, looked very pretty in a floor-length pink satin gown and veil, and carried a bouquet of pink roses.

The groom was attended by Mr. Harold Perry of Kingston, brother of the bride.

Miss Agnes Cavanaugh, organist, played the wedding music. Following the ceremony a reception and dinner was held at the Bridge.ieu Hotel, for the bridal party and immediate relatives.

For the wedding trip to Cobourg Toronto and Niagara ,the bride travelled in a blue suit with black accessories. Mr. and Mrs. Yarrow will reside in Napanee.

Australia, this year, will ship to Britain alone, nearly one million dozen eggs in shell, four times the quantity of last year. In addition, she will export large cargoes of egg pulp and still retain sufficient supplies for the local market.

Cards of Thanks

Mr. and Mrs. Lorne Shetler wish to thank their friends of the Newburgh and Palace Roads, and Napanee, for the lovely gifts received at their shower on Friday evening, and also thanks to Mr. and Mrs. Robert Shetler for opening their home for the occasion. 39ap

In Loving Memory

DICKSON — In memory of Anabella, who died September 28, 1943. We who loved you, sadly miss you
As it dawns another year.

CONGER — In loving memory of a dear husband and father, Edward Wilson Conger, who passed away on September 28th, 1943.
Loving and kind in all his ways,
Upright and just to the end of his days.
Sincere and true, in heart and mind,
Beautiful memories he left behind.
Lovingly remembered by

CLARK — In loving memory of a dear brother, Silas Clark, who passed away September 25th, 1943.
My thoughts wander as daylight fades.
To a land of long ago,
And memory paints the scenes of old
In the gold of the twilight glow.
I seem to see, in the soft, dim light,
A face I loved the best;
I think of him when the sun's last ray
Goes down in the far-off West.
Ever remembered by his
Sister, Mrs. SCOTT WALSH.

RECONVERSION REPORT GIVEN TO COMMONS

Ottawa. — Canada's industrial reconversion program has reached the three-quarter mark and will be completed early next year, it was estimated in a report tabled in the commons by Reconstruction Minister Howe.

The report, based on information provided by 643 major plants, showed programs of expansion and modernization designed to make Canadian industry more efficient, to protect the latter service to domestic consumers and to strengthen the country's position in international trade.

"At the same time the large investment planned by industry held promise of maintaining a high level of employment and income for the country in this and the coming year, despite seriously interfered with by strikes and shortages of material," the report said. The survey indicates that during the first post-war year manufacturing industries have shown a vigor not unlike that demonstrated during the war years."

With reconversion of war, industries three quarters complete this month, a year after VJ-Day, it was expected the program would be 90 per cent. complete at the end of the year and would be fully accomplished by the spring of 1947. Plants covered by the survey had about 380,000 employees, representing 40 per cent of the total employment in manufacturing.

Plans For Expansion

Approximately half the plants had programs of modernization and expansion and of these three-fifths had completed their programs or expected to be the year-end.

Three-fifths of the plants that were engaged in reconversion activities were being retarded by various shortages, the most important of these being delays in securing machinery and other equipment," it was reported. "The estimates are subject to correction in the light of developments of labor-management relations. Extensive strikes, such as the steel strike, may cause further considerable delays not accounted for in the estimates."

Some expansion programs planned for 1946 had been postponed until next year because of material shortages and labor difficulties. These programs would result in some increase in employment.

Among major industrial groups the number of plants requiring reconversion was proportionately greatest in durable consumers' goods groups, such as automobiles, radios, washing machines; the producers group — structural steel, agricultural implements and railway rolling stock — was somewhat above average while reconversion was low in non-durable consumers' goods — food, primary textiles and clothing — and in basic materials — metals, rubber, pulp and paper.

Modernization and expansion was highest for durable consumers goods firms and it was in that field that most of the increase in employment was anticipated.

Good progress in reconversion had been made in Ontario at the time of the survey, with Quebec, the Maritimes and British Columbia trailing behind. Only the Prairies had a better showing due to the fact that the extent of reconversion there was comparatively small. The incidence of both modernization and expansion was highest in Ontario because of the advantageous location of its large industrial centres in relation to the major portion of the Canadian market. Quebec was next in line.

Due to the relative importance of the primary textile and clothing industry in that province, the expected increase in employment was highest in Quebec. The expected increase in Ontario was just equal to the overall average and it was relatively low in the other regions.

Among the nine major industrial centres the number of plants requiring reconversion was proportionately highest in Windsor, Winnipeg, Kitchener, Waterloo, and Toronto. It was lowest in Quebec and Vancouver. Greater than average progress towards the completion of reconversion had been made in Winnipeg and Windsor and less than average progress had been made in the other centres. Shortages impeding the completion of reconversion programs were most felt in Kitchener - Waterloo, Hamilton and Toronto. Conditions were better in Winnipeg, Vancouver and Windsor.

The incidence of modernization and expansion was highest in Kitchener-Waterloo, Hamilton and Toronto, with substantial programs being undertaken in other parts of southwestern Ontario. The incidence in Montreal was lower than in the areas mentioned above. A large portion of the more limited expansion that is taking place in the Prairie provinces and British Columbia was concentrated in Winnipeg and Vancouver.

RATION COUPON CALENDAR

SEPT. 23RD TO SEPT. 30TH

BUTTER
Coupon R21 now valid.
Coupon R26 valid on September 26th.

SUGAR-PRESERVES
Coupons 826 to 830 now valid.

MEAT
Coupon M91 now valid.
Coupon M92 valid on September 26th.

Stop and take a good look inside your old ration books before you chuck them into the ash can or roll them up with the garbage. This warning comes from the WPTB Ration Administration, following reports that many consumers have discarded their old books after obtaining the new one.

The point is that there are some coupons in the old ration book which are still valid for the purchase of sugar, meat, preserves and butter. These will remain valid until the Ration Administration declares them no longer of any use. Following are coupons still good:

S 1 TO S 25 for sugar or preserves;

R18 TO R21 for butter;

AND Q1 TO Q4 for meat.

Question and Answer Column

Readers may direct their questions, giving their name and address and mentioning the name of this paper, to Information Branch, WPTB, 400 Sussex St., Ottawa, Ontario.

Q. Have you any pamphlets on price control which we could distribute to the members of our women's organization in town? We get Consumers News bulletins regularly now.

A. Yes! We will be glad to mail you copies of the pamphlet "Inflation didn't end on V-J Day" and the leaflet "Protection of Quality" if you will let us know how many you could use. We have a good supply on hand.

Q. Would you please explain to me the exact meaning of 'Shared Accommodation'?

A. Yes, we'd be glad to. "Shared Accommodation" means the type of accommodation where any room or rooms for apart of the residence of the landlord or his agent, and where any facility, such as a bathrooms form part of the residence landlord or his agent.

Q. When is the Wartimes Prices and Trade Board going to terminate the issuance of priority suit certificates to ex-servicemen?

A. No priority suit certificates will be issued after October 30. However, certificates issued prior to October 30th will be honoured until the end of this year, by clothing merchants and tailors.

Q. Can you give me the ceiling price on canned peas? I bought some the other day and the price seemed very high.

A. The subsidy which has formerly been paid has been discontinued on this season's pack of peas, tomatoes, corn and green and wax beans. Therefore the retail price on these goods will be slightly higher than last year. If you are in doubt about the price you paid, submit the details to the nearest office of the Prices Board and they will check the matter for you.

Q. I have just returned from a lengthy visit to the United States. When I went to buy some butter the grocer would not accept coupons R12 to R13, saying that they have expired. Is this correct?

A. Yes! Butter coupons R10 to R17 expired on August 31st.

BIRTHDAY PARTY FOR MRS. DONALD KELLAR

Enterprise, Sept. 21. — A surprise birthday party was held on Saturday evening, September 7th, at the home of Mr. and Mrs. Donald Kellar, in honor of the latter.

The table was beautifully decorated with pink and white streamers and centred with a two-storey birthday cake, presented by Mrs. Kellar's parents, and daughter, Mr. and Mrs. William Kirkham and Miss Audrey Kellar.

Many beautiful and useful gifts were received, for which the honored guest thanked all. The evening was spent in games, cards and dancing. Lunch was served, which brought a pleasant evening to a close.

Those present were Mr. and Mrs. Charles Wagar and family; Mr. and Mrs. Nathan Wagar and family; Mr. and Mrs. Arthur Wagar; Mr. and Mrs. Vernard Bell and family; Mr. and Mrs. H. M. Bush, and Mrs. Geo. Kellar.

Those from a distance were Mr. and Mrs. Willis Kirkham, Mrs. Doris Kirkham, and Berley Fenn, all of Newburgh.

PERSONALS

Mr. and Mrs. Damon Goodberry, of Wargarve, were week end guests of Mr. and Mrs. George Wagar.

Mr. and Mrs. Thomas Thompson of Centreville, were Sunday guests of Mr. and Mrs. William Loucks.

At the Stoney Nursing Home, on September 16th, a daughter, Wanda Yvonne, was born to Mr. and Mrs. Ross Huffman, Harrowsmith, and on September 20th, a daughter was born to Mr. and Mrs. Morris Clancy, Centreville.

E. R. Wilson and daughter, Miss Dorothy Wilson, of Kingston, spent the week end with Mrs. Wilson, at their home in the village.

Rev. H. E. Jennings, of Newburgh, was a Sunday guest at the home of Mr. and Mrs. H. E. Vannest.

Mr. and Mrs. H. D. Thompson, Betty and Miles Thompson, of Centreville, were Sunday guests of Mr. and Mrs. Ralph Thompson and family.

Mr. and Mrs. R. C. Jackson, of Napanee, spent the week end with Mr. and Mrs. O. B. Jackson.

ENTERPRISE W. M. S.

The September meeting of Enterprise W. M. S. was held in the church basement, with the President, Mrs. H. E. Vannest, conducting the worship period. Stories of fellow Canadians were given as follows:

Dorcas—Mrs. Roy Hartman.
Peter—Mrs. George Nelson.
Paul—Mrs. O. B. Jackson.
Mary and Martha — Mrs. H. M. Jackson.
Lydia—Mrs. K. J. Crawford.

Ten quilt blocks were donated.

Plans for the annual convention in October were made.

Mrs. Roy Hartman gave a short temperance paper.

Readings on "Evangelism", from the Study-Book, were given by Mrs. K. J. Crawford and Mrs. H. M. Jackson.

Mrs. O. B. Jackson gave an interesting synopsis of chapter 4 of the Study Book, "Currie of Chissamba".

Mrs. R. C. Covert was pianist for the closing hymn, and Mrs. H. E. Vannest pronounced the benediction.

Women Who Cook

Urging all young women interested in matrimony to study the art of cooking, the Department of National Health and Welfare states: "Well may the young man of your choice exclaim 'Oh, if only you could cook' when he realizes that choice and preparation of food mean the difference between health and sickness in the home." The Department suggests that all women learn about food and its influence on living.

Green Foods

Importance of green, leafy vegetables as foods is stressed by the Department of National Health and Welfare. The Nutrition Division of the Department points out that they contain usable food iron, which feeds the blood cells, and Vitamin A, which promotes the health of living cells forming the fabric of the skin. Importance of greens has been recognized by man from earliest times.

CANADA'S No.1 CITIZEN shapes his future...

these five ways...

Canada's future is in the hands of her people . . .
That future is threatened by the menace of inflation . . .
Canada's bulwark against this menace is the steadfast performance of her No. 1 citizens.
Here is the No. 1 citizen's five-point programme of personal finances:

1 Hold on to my Victory Bonds and Certificates.
2 Buy only those goods which are in fair supply and save my money for the day when goods now in short supply will be readily available.
3 Avoid black market purchases.
4 Keep up my insurance.
5 Build up my savings account.

"MY BANK" IS A BIG INVESTMENT IN CANADA

These five points mean conservation—the first requisite for personal security—the first requisite for national security. When you shape your future on these five points, you shape the future of the nation.

This is why we say

If You Are a No.1 Citizen You will look after No. 1...

This is not selfishness, but a realization that a community is no better, no sounder than its citizens.

STELLA

Stella, Sept. 23 — The recent rains have been gladly welcomed by Island residents. Pastures are showing a green shade, and, with frequent showers, will make some growth. Farmers were feeling the effects of the long continued lack of water for stock. The milk supply has been rapidly diminishing at the cheese factories.

Quite a number from here have been attending the fairs at Picton, Napanee, Odessa, and other points.

T. E. Cochrane took some prizes on Holstein cattle at the Napanee Fair.

The Amherst Island Agricultural Society held their annual fair on Thursday, September 19th, with a good attendance. The display of articles was not as large as in former years, but, considering the very dry season, and scarcity of help, it was very good. Lunch was served by the ladies of Trinity United Church. A dance was held in the evening in Victoria Hall, and was well attended. Music was furnished by Liston's Orchestra, Kingston.

We have to report the passing of a well known and respected resident of Amherst Island in the person of James Eves, aged 87 years. The late Mr. Eves moved here with his family to take up the occupation of farming about 25 years ago, and had resided here ever since. He was a very successful gardener. His wife predeceased him several years ago. One son, John Eves, with whom he resided, and Norman Eves, reside on the Island; James, Jr., and Chauncey, of Kingston, and a sister living at Odessa also survive. The funeral was held on Tuesday afternoon to Christ Church, Emerald, when the service was conducted by the Rev. L. G. O. Walker, of Bath, thence to the ferry. Rorz A. Jones, funeral director, of Odessa, transported the remains to Cataraqui cemetery for burial.

Miss Marjorie Anderson was removed to the Hotel Dieu Hospital, Kingston, on Sunday morning for treatment.

John Kilpatrick, who had the misfortune to fall off his tractor while working in the fields the beginning of the week, was seriously injured, and was removed to the Kingston Hospital on Sunday evening.

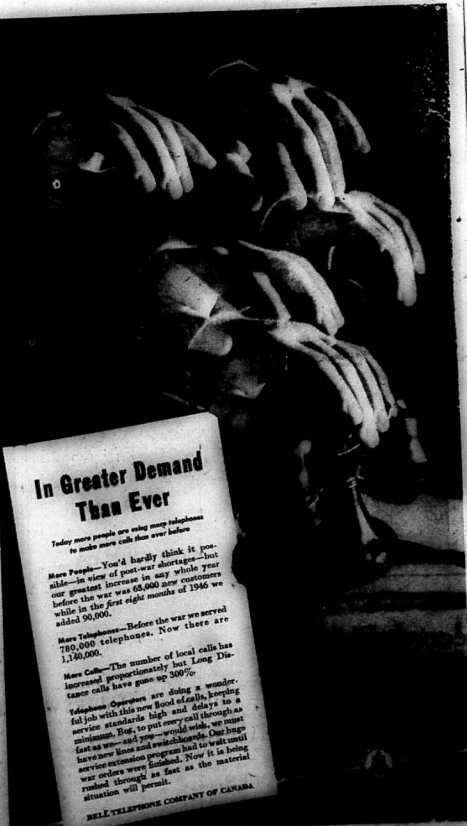
Wm. B. Morrow, of Emerald, who has been undergoing treatment in the Kingston General Hospital for some weeks, is reported to be improving.

Mrs. D. Caughey is spending a few days with friends in Pittsburg.

Mrs. Wesley Brown and grandson spent the week end with Mr. and Mrs. Gordon Mack, Dor'and.

Capt. and Mrs. John Fleming, of Buffalo, N.Y., and Capt. Richard Fleming, of Belleville, have been renewing acquaintances here.

Capt. and Mrs. Herb. Finnigan, of Gladstone, Man., spent a few days here last week with friends.



In Greater Demand Than Ever

Today more people are using many telephones to make more calls than ever before

More People—You'd hardly think it possible—in view of post-war shortages—but our greatest increase in any whole year before the war was 68,000 new customers while in the first eight months of 1946 we added 90,000.

More Telephones—Before the war we served 780,000 telephones. Now there are 1,140,000.

More Calls—The number of local calls has increased proportionately but Long Distance calls have gone up 300%.

Telephone Operators are doing a wonderful job with this new flood of calls, keeping service standards high and delays to a minimum. But, to put every call through as fast as we—and you—would wish, we must have new lines and switchboards. Our large service extension program had to wait until war orders were completed. Now it is being pushed through as fast as the material situation will permit.

Drink and Hoodlumism In Our Ontario

During the past summer, Ontario has suffered from an outbreak of hoodlumism, through drink. Rowdyism has appeared at dance halls, summer resorts, in beer rooms, on the main streets of towns and cities, at social gatherings, in veterans' clubs and in homes.

In vain is the attempt to lay all the blame on strikes, tourists, post-war readjustment and world unrest. Drinking and drunkenness have been clearly indicated in court cases, press reports and accounts from eye witnesses.

At one summer beach a special commission has been appointed to keep order. At a lake resort, the town police have given over to provincial police. In several cases prolonged battles with the police were staged till reserves arrived. One group of offenders drew fines totalling nearly one thousand dollars. Broken bones, disfigured faces, property damage and community feuds have become common. Young girls in the witness box telling of brutality have burst into tears.

One of the worst features of this liquor-caused hellinarism and rioting is the disrespect for law and vindictive assaults upon the police. One evening, in the Dundas-Jarvis area, Toronto, a hotel guest took a stroll and within two blocks he saw three fights with over 200 people participating or standing by as observers. Policemen were knocked down and kicked. Prisoners under arrest escaped. Drunken women from the side lines incited the rowdies to beat up the police, shouting the foulest epithets, and using most profane language. Police cars have had the ignition wires torn out, sand put in the gasoline tank, and attempts have been made by gangs to overturn police cruisers.

Meanwhile the Attorney - General, charged with law enforcement, has had the summer duty of formulating regulations to sell more beer and inaugurate retail sale of hard liquor as well. And the brewers, in neatly-set advertisements plead with the public to hold their war bonds, protect wild game, and be kind to kittens.— The Temperance Advocate.

Baby Weights

Value of weight measurement as a gauge to physical development is the subject of comment from the Department of National Health and Welfare. The Department favours the system of weighing babies frequently. This, it points out, provides valuable record of a baby's gains, and will help the family physician assess and assist the development of the child.

DID YOU EVER WALK UP 20 FLOORS?
● Any time you have walked up even three or four floors you have probably grumbled at the lack of elevator service. But have you realized just how impossible a modern city would be without vertical transportation . . . or how impractical and costly elevator service is just one example of countless taken-for-granted ways in which electricity serves in daily life.
The home washer, electric range, refrigerator, and vacuum cleaner all take a lot of muscle-testing toil out of maintaining a home. Imagine one cent running a washing machine or a vacuum cleaner for a couple of hours, or giving refrigeration for a whole day! But that is what one cent's worth of electricity can do at average Ontario rates.
On a farm, any time you see men pitching hay into a loft you can figure that the job is worth approximately 1c per ton. Anyway, that is about what it would cost for electricity to do the same work at average Ontario rural rates. More and more farmers are learning that electricity is the cheapest labor they can hire. And your Hydro is doing everything possible to extend rural services as rapidly as the supply of materials will permit.
Whether you live in town or country, whether you work in skyscraper or barn, Hydro works for you in Ontario at a cost much lower than obtainable in most other parts of the world. Make the best use of it.

Dr. DeMille Places Alcoholism Among Greatest Problems

Urges Every Citizen To Give Thought To the Problem

In an address delivered last Sunday morning, before a large congregation in Trinity United Church, Rev. C. W. DeMille, General Secretary of the Ontario Temperance Federation, declared that the liquor issue is, to-day, one of the major problems facing the people of Canada. Without resorting to the use of statistics, or dwelling on the moral aspect of the increasing use of intoxicants, Dr. DeMille left a clear impression of the threat of economic tragedy and the danger to Canada's democratic organization as a result of the activities of the organized liquor interests of the country.

Beginning his address, Dr. DeMille said: "There is a problem. Your own eyes can tell you that." It is only necessary to look about, he said, to see evidence of the increased used of intoxicants. He briefly referred to a statement he made from the same pulpit a few years ago, about increased drinking in Napanee, concerning which he was taken to task by town officials, and added that what he said then has more than been substantiated by facts, since that time.

Dr. DeMille said that at Yale College there has been established a school on alcoholism which is seeking to find out what are the facts about alcoholism. The first of the facts discovered by the school is that the problem of alcoholism is of increasing importance. It is even more important than it was twenty-five years ago. After careful study of hundreds of cases in order to secure data regarding the beginning of the habit, which had ended in drunkenness, it was discovered that in a little more than 30 per cent. of the cases under observation, alcoholism became a confirmed habit when the individuals were between the ages of seventeen and twenty-one. One of the main reasons why the problem of alcoholism is greater than it was twenty-five years ago is that the liquor traffic is, to-day, organized as never before in our history. Twenty-one liquor companies are controlled by one organization, headed by one of the most aggressive executives in industry.

RESPONSIBILITY OF ALL

It is also being conceded, Dr. DeMille said, that the problem can never be solved by men like himself going about the country talking about it, but must be the responsibility of the larger group of which every person in every community is a member. The problem, he said, must be faced in every home, every school, every church and in every social organization.

Excessive use of liquor, Dr. DeMille said, is the largest single contributory cause of crime and accidents. Statistics prove that over 45 per cent. of all accidents have related to them the problem of alcoholism. It is doubtful, also, he said, if there is ever a case of marital infidelity that does not have in it, somewhere, the liquor problem. It is also one of the greatest health problems facing the country, for alcoholism must be treated as a disease. It is more difficult to treat even than tuberculosis or venereal disease and the Health League, recently, urged the government to give serious consideration to the relationship between venereal disease and alcoholism.

THREAT TO DEMOCRACY

Referring again to the threat to democratic organization by the liquor interests, Dr. Demille said that insidious attempts are being made by the liquor interests to get into the home, the school and even the church. The serious economic effect of the use of liquor is seen in the fact that last year $273,000,000 was spent in Canada on liquor, aside from the millions which went to bootleggers.

WHAT TO DO?

Individuals ask, said Dr. DeMille "What can I do?" and in answer to the question he said everyone who is concerned about the problem should hold up his head and not be deceived concerning the importance of the issue.

There also should be a greater education campaign and efforts made to see that the programme is carried out in homes, schools and churches. He also urged everyone to talk about the problem, to co-operate with those who are working against the liquor traffic. Be prepared to write Ottawa if it would increase the flow of liquor into the community; ask the members of parliament for copies of the Liquor Control Act and study them; consider the possibilities of local option in the community; use the local press and give it credit for what it does — and above all, pray!

Have You Heard . . .

why a community T.B. survey is to begin here shortly? Well here is the answer . . . A community is no healthier than the people who live in it. And to protect us against T.B. we will all be offered a chest x-ray, FREE OF CHARGE. An x-ray is the only sure way to find this disease, early. So, although you feel fit, have an x-ray anyway. Only by all of us making certain we have not got it, can we rid our community of this dreaded disease.

Magistrate's Court

In the Magistrate's Court last Thursday, H. N. Allan, Kingston, pled guilty to being in charge of a car while intoxicated and was sentenced to serve seven days in gaol and to court costs of $23.50, besides having his driver's permit cancelled. Another charge against Allan, dangerous driving, was withdrawn.

The charges were laid by Constable W. E. Smith on the evening of Thursday, September 17th, when he was called to the fair grounds, where he found Allan in a Checker Taxi from Kingston, near the entrance to the park. In his efforts to get out of the park, Allan had slightly damaged two parked cars.

William P. Clark and Carman Wayte, both pled guilty to being intoxicated in a public place and each were ordered to pay fines and costs of the court, totalling $15.50, or to serve ten days in gaol.

John Joyce, Selby, pled guilty to assaulting Clarence Joyce, his father and after consideration of the evidence the Magistrate imposed a suspended sentence of one year. Young Joyce was arrested on Wednesday, September 25th, after he attacked his father on East Street, near Dundas. The two men got out of a car and the son knocked the father down and kicked him. Joyce Sr. was taken to the doctor for treatment, but was able to appear in court. Evidence given by the son was that both he and his father had been drinking.

Terminal Transport pled guilty to driving a transport without proper brakes and also permitting a transport to be driven without proper brakes. A fine of $20.00 and costs of $5.00 were imposed by the Magistrate.

Gordon Sagriff paid $10.00 fine and $5.50 costs after pleading guilty to being intoxicated in a public place.

BOOKS may be closed on or after November 2nd at the discretion of the Minister of Finance.

AVAILABLE for cash, on the Monthly Savings Plan, Payroll Savings Plan or by personal arrangement with a bank.

COMMENTS ON FEATURES OF SPECIAL INTEREST

The interest rate of 2¾ per cent. bears out the forecast made by the Minister of Finance, last June, that terms would be more favourable than those of other comparable investments at the time of issue. The fact that the Canada Savings Bond is backed by the resources of the Dominion of Canada makes it the safest of all investments, and comparison can only properly be made with other Dominion of Canada issues. A useful comparison in respect to yield is found in the 3 per cent. Dominion of Canada bonds maturing in 1950 and callable in 1946. The theoretical yield on these securities currently stands at approximately 2.45 per cent. Thus the yield on Canada Savings Bonds at 2.75 per cent. plus the feature of redemption on demand at par, bank at 100 per cent., makes the new security more attractive than any similar investment available.

Although Canada Savings Bonds will be sold through banks, authorized investment dealers, stock brokers and investment trust or loan companies, it is expected that the personnel of investment dealers available for sales to the general public will greatly exceed 3,000, and although banks and certain trust and loan companies will again be active in sales to the general public, as a rule they will not be able, to release personnel for canvassing outside their own premises. From these facts, it will be clear that many Canadians, especially in outlying areas, will have to assume a new responsibility, for their own purchases. In this sense, the outcome of the launching campaign will be a measure of the willingness and ability of the Canadian people to act in their own interests.

A comprehensive survey made in February, showed that eight out of ten former buyers of Victory Bonds and/or War Savings Certificates intend to continue their wartime savings habits through the purchase of government securities. The Canada Savings Bond was created to meet this demand.

HERB. BAWN SHOOTS MARAUDING BEAR NEAR CROYDON

On Sunday afternoon, September 29th, a large bear was shot by Herb. Bawn, Croydon, on the farm of Jim Lacey, two miles south of Tamworth ,near the Samon River.

Early Sunday morning, while doing his chores, Mr. Lacey saw the bear and rushs across the river and summoned neighbors to track down the trio. Later in the afternoon, Robert Brown saw the bears again and Herb. Bawn shot the old one.

Two boats were secured by Henry Lacey and Frank Maxwell to bring the bear across the river where it was hung in a tree near Mr. Lacey's home, where it was viewed by many people on Sunday evening. The bear will be shipped to Montreal.

Oran Moss reported wounding one of the cubs, but the other escaped.

RED CROSS NEWS

Last Saturday marked the opening of the Red Cross rooms for the winter months.

At the tea hour Mrs. McKenzie, of Toronto Chairman of the Program Committee for the Ontario Division, was present, and outlined the peacetime work of the Canadian Red Cross.

One minute's silence was observed in memory of the late Mrs. Ralph Hinn, who was a most zealous worker in our Branch.

The Executive will meet the first Saturday in each month at 3 p.m.

Anyone who can spend Thursday afternoons helping in the work rooms will be very welcome.

12 High Ranking Nazis Sentenced to be Executed

Three Others Acquitted

Several Given Long Prison Terms

The International War Crimes Tribunal, on Tuesday, decreed death on the gallows for twelve leaders of the Adolf Hitler Gang, sentenced seven to prison, and—with Russia dissenting—acquitted three defendants.

The Court, after sentencing to death Hermann Goering, Joachim von Ribbentrop and ten other Nazi Germen, announced that Russia had protested against the tribunal's acquital of Franz von Papen, Hjalmar Schact and Hans Fritsche. The Soviet judge, Maj-General I. T. Nikitchenko, also protested that Rudolf Hess should have been hanged instead of receiving the life imprisonment sentence the court handed him, and objected to Monday's acquital of the general staff and high command.

JUDGES of Britain, the United States and France joined in the majority opinion, which now will be carried out by the Allied Control Council, representing all four allies.

Legal officials of the American Military Government said that if any of the three Nazi leaders acquitted were returned to the United States zone of occupation they probably would be tried by Germens under the zone's denazification law.

The officials said because Schact and Von Papen owned property in more than one zone, it was conjectural to which they might be returned. Legal experts in Berlin thought belief the Russians might get custody of Fritsche, whom they arrested in Berlin and delivered to Nuernberg for trial.

SENTENCES IN BRIEF:

HERMANN GOERING was sentenced to death by hanging.

RUDOLF HESS was sentenced to imprisonment for life.

JOACHIM von RIBBENTROP was sentenced to death.

WILHELM KEITEL, Field Marshal was sentenced to hang.

ERNST KALTENBRUNNER was sentenced to die by hanging.

ALFRED ROSENBERG was sentenced to death by hanging.

HANS FRANK was sentenced to die by hanging.

WILHELM FRICK was sentenced to death by hanging.

STREICHER was sentenced to die by hanging.

WALTER FUNK was sentenced to life imprisonment.

KARL DOENITZ was sentenced to ten years' imprisonment.

ERICH RAEDER was sentenced to imprisonment for life.

BALDUR von SCHIRACH was sentenced to 20 years' imprisonment.

FRITZ SAUCKEL was sentenced to death by hanging.

ALFRED JODL was sentenced to death by hanging.

ARTHUR SEYSS-INQUART was sentenced to death by hanging.

ALBERT SPEER was sentenced to 20 years' imprisonment.

CONSTANTIN von NEURATH was sentenced to 15 years' imprisonment.

MARTIN BORMAN was sentenced to death by hanging.

THOSE ACQUITTED WERE:

FRANZ von PAPEN, the old gray diplomat who led intrigues in both world wars.

HJALMAR SCHACHT, the German finance wizard.

HANS FRITSCHE, deputy propaganda minister for Paul Joseph Goebbels, a suicide.

The defendants have four days in which to file appeals. Unless appeals are granted, sentences are expected to be executed October 16th.

Township Honours Reeve, Mrs. Courneya Before Removal

On Wednesday night, September 25th, a very large crowd of citizens gathered at the Beaver Lake Pavilion to spend a social evening, and bid farewell to Reeve E. J. Courneya and Mrs. Courneya.

The evening was spent in dancing, and during a recess an address was read by the Township Treasurer, Mrs. Smith Gilmour, and Councilmen Burns and Hinch presented Mr. and Mrs. Courneya with a beautiful upholstered chairs with foot rest, an end table and table lamp. Mr. Courneya made suitable reply in his usual jolly manner. Lunch was furnished by the community, and a very enjoyable evening was spent.

The following is the address read to Mr. and Mrs. Courneya :

Mr. and Mrs. E. J. Courneya,
Tamworth, Ont.

Dear Friends.—

Your friends of this community have arranged this get-together tonight to collectively say "good-bye" on your removal from our midst and to wish good health and happiness to you in your new home.

For over 20 years you both have been serving the public in our community. Mrs. Courneya has not only mothered a very large family, but also has had the responsibility of seeing that the travelling public have been satisfactorily catered to. This task she has accomplished without fuss but most creditably.

You, Mr. Courneya, have served the community in many capacities. Proprietor of a hotel is a big job, but when you add to that your work as auctioneer and your political undertaking, it all adds up to a busy life.

As auctioneer, Mr. Courneya, you have had the opportunity of learning to really know people, and people have learned to know you to a much greater degree than would be the privilege of the average man. For a goodly number of us present you have talked, shouted and talked some more in order to make us a few dollars.

For ten years you have held the highest office your township can offer you. There has been honor attached to it, but a head of hard work as well. While a citizen of this community you have also been honored by holding the highest office of the county, that of Warden. All these activities have meant you have given time and strength trying to be of some value to the people and to the place where you made your home.

We expect Mr. and Mrs. Courneya have gone through the two most memorable experiences, while in our midst that they will be called upon to face. They saw their four sons don the colors of their country, Mrs. Courneya, the mother of sons-in-law, cross the mighty ocean, and face the hardships of war. The months of anxiety experienced by this mother and father can only be understood by those who have had a similar one. However, Mr. and Mrs. Courneya, having passed through that, have had the precious experiences are reviewed, their home in Tamworth will hold a very prominent place in their memory.

Mr. Courneya has never forgotten to aid his home organizations. When the honor of Wardenship came his way and his Warden's supper was to be given, it was the Women's Institute of his home village that was asked to cater. The financial aid as well as the privilege of having the civic officials visit our little village, was a real asset.

The Red Cross always had staunch friends in Mr. and Mrs. Courneya, and whether it was time or money asked for, either was given freely.

More could be said, but words may be forgotten, so, as a tangible token of the community's esteem for you, Mr. and Mrs. Courneya, and as a remembrance of the years spent in our midst, we would ask you to accept these gifts.

May you both live many years to use and enjoy them. May they bring back pleasant memories of busy days spent in Sheffield.

A most interesting meeting, under the leadership of Morley Hawley, the Missions Convener, was enjoyed by a large group. Singing and lively games,under the leadership of Eugenia Hagerman, Recreation Convener, added to the evening's entertainment. The meeting was brought to a close by singing "Taps".

Price of Milk Takes Sharp Jump Throughout Ont.

Quarts to be 14c Starting Oct. 1

Effective Tuesday, October 1st, the price of milk in Napanee was increased by three cents a quart, from 11c to 14c and the price of cream from 15c to 18c per half-pint, or 34c per pint. By the pint, milk is to be 28c per bottle. Cream milk will be 16c per quart.

The increased price is the result of cancellation of the Federal subsidy of approximately one and one-half cents per quart to producers and approval by the Ontario Milk Control Board of an additional one and one-half cents a quart to provide for increased costs, namely production.

Milk tickets purchased at the price in effect prior to October 1st, will be honored at three cents less per quart than the October 1st price. Cream tickets will have a value of two cents less per pint.

The price to the producers for 3.4 milk is increased $1.00 per cwt. over present base prices in all markets, effective October 1st, 1946, and continuing to April 30th, 1947, at which time the base price to the producers will be reduced by 40c per cwt., and consumers' prices will be reduced at the rate of 1c per quart. It is expected that the distributors' share of this increase is a very small proportion of the total, in fact it amounts to less than 1% per cent. of consumption and operating costs remain static.

The price of manufacturing milk (used for cream, etc.) has been increased 50c per cwt. for 3.5 per cent. milk by the Board's order, bringing the price up to $2.45 per cwt. instead of the present price of $1.95.

The Government, last week, decided to continue paying the produced milk subsidy of 55 cents per 100 pounds, on September 30th.

PREMIER'S STATEMENT

Mr. King, in his statement, said in part:

"The Government, in reconsidering this decision, felt that if there were any real assurance that continuation of the present subsidy would achieve the objectives endorsed by the House, it might be justified in continuing the subsidy for a further limited period of time.

"In fact, however, there have been strong indications that, even if the subsidy were continued, milk producers would demand and at least several of the provincial milk boards would be prepared to authorize, significant increases in the price of milk over and above the subsidy.

"Under these circumstances the Government has felt that there was no alternative but to adhere to the programme already announced and on October 1st to return control over the price of fluid milk wholly to the provincial authorities.

"Conditions surrounding the production of milk for the fluid market vary widely from province to province and even within provinces, and while under war-time conditions it was desirable to establish an overall policy on fluid milk prices, it was felt that the time has now come when the established and experienced milk boards should resume full jurisdiction."

50 VETS AMONG NEW CLASS IN QUEEN'S FACULTY OF MEDICINE

A total of 270 students are enrolled in the Faculty of Medicine at Queen's University for the term, which opened Tuesday, September 24th, according to figures released. Of the total 61 are first-year students and fifty of these are veterans. Three women veterans and one civilian woman are among those enrolled for the first time.

More than 500 applications from Canadians and several hundred from American students were refused, it was stated at the office of Dr. G. S. Melvin, dean of the faculty. The medical school is operating at full capacity, and the 61 new admissions were granted on a competitive basis based on academic standards, Dr. Melvin explained.

CHEESE PRODUCTION DROPS IN FRONTENAC

Continued dry weather has resulted in a heavy falling off in cheese production in Frontenac. Recent rains will not improve production to any great extent. A total of 829 boxes of cheese were graded at the Kingston grading station last week. The Dominion government grader reported that while quantity was falling off, the quality of cheese had improved greatly in recent weeks. Fourteen factories, last week, produced cheese which scored 94 points.

BEAR RUINS BEE HIVES IN SELBY DISTRICT

Farmers of the Selby district expect a honey shortage this fall, if a 300-pound bear isn't shot or chased out of the county. Tuesday night it destroyed thirty hives of bees on the farm of Melburn Armstrong, half of his total stock, and disappeared before it could be shot or caught.

Archie Martin a farmer of the same district, saw the animal while he was ploughing, but said it kept out of gunshot range.

MAY TAKE $150 AT U.S. BORDER

Customs inspectors at border points have been instructed to allow Canadians to carry $150 in cash or travellers cheques when crossing the border into the United States. Foreign Exchange Control Board officials said.

Of the $150 total, not more than $100 may be in United States funds. Formerly Canadians were permitted to take only $50 in Canadian or U. S. funds with them on each trip across the border.

Officials said the former "Form H" which previously had to be filled out for any amounts of more than $50 now is not necessary except for amounts in excess of $150.

Dr. DeMille Places Alcoholism Among Greatest Problems

Urges Every Citizen To Give Thought To the Problem

In an address delivered last Sunday morning, before a large congregation in Trinity United Church, Rev. C. W. DeMille, General Secretary of the Ontario Temperance Federation, declared that the liquor issue is, to-day, one of the major problems facing the people of Canada.

Without resorting to the use of statistics, or dwelling on the moral aspect of the increasing use of intoxicants, Dr. DeMille left a clear impression of the threat of economic tragedy and the danger to Canada's democratic organization, as a result of the activities of the organized liquor interests of the country.

Beginning his address, Dr. DeMille said, "Truth is a problem. Your own eyes can tell you that." It is only necessary to look about, he said, to see evidence of the increased use of intoxicants. He briefly referred to a statement he made from the same pulpit a few years ago, about increased drinking in Napanee, concerning which he was taken to task by town officials, and added that what he said then has more than been substantiated by facts, since that time.

Dr. DeMille said that at Yale College there has been established a school on alcoholism which is seeking to find out what are the facts about alcoholism. The first of the facts discovered by the school is that the problem of alcoholism is of immense importance. It is even more important than it was twenty-five years ago. After careful study of hundreds of cases in order to secure data regarding the beginning of the habit, which had ended in disastrous-ness, it was discovered that in a little more than 30 per cent. of the cases under observation, alcoholism became a confirmed habit when the individuals were between the ages of seventeen and twenty-one. One of the main reasons why the problem of alcoholism is greater than it was twenty-five years ago is that the liquor traffic is, to-day, organized financially as never before in our history.

Twenty-one liquor companies are controlled by one organization, headed by one of the most aggressive executives in industry.

RESPONSIBILITY OF ALL

It is also being conceded, Dr. DeMille said, that the problem can never be solved by men like himself going about the country talking about it, but must be the responsibility of the living of which every person in every community is a member. The problem, he said, must be faced in every home, every school, every church and in every social organization.

Excessive use of liquor, Dr. DeMille said, is the largest single contributing cause of crime and accidents. Statistics prove that over 46 per cent. of all accidents have related to them the problem of alcoholism. It is doubtful, also, he said, if there is ever a case of marital infidelity that does not have in it, somewhere, the liquor problem. It is also one of the greatest health problems facing the country, for alcoholism must be treated as a disease. It is more difficult to treat than tuberculosis or venereal disease and the health leagues, recently urged the government to give serious consideration of the relationship between venereal disease and alcoholism.

THREAT TO DEMOCRACY

Referring again to the threat to our democratic organization by the liquor interests, Dr. DeMille said that insidious attempts are being made by the liquor interests to get into the home, the school and even the church. The serious economic effect of the use of liquor is seen in the fact that last year $373,000,000 was spent in Canada on liquor, aside from the millions which went to bootleggers.

WHAT TO DO?

Individuals ask, said Dr. DeMille, "What can I do?" and in answer to the question he said everyone who is concerned about the problem should hold up his head and not be deceived concerning the importance of the problem.

There also should be a greater education campaign and efforts made to see that the programme is carried out in homes, schools and churches. He also urged everyone to talk about the problem, to co-operate with those who are working against the liquor traffic. Be prepared to resist changes that would increase the flow of liquor into the community; ask the members of parliament for copies of the Liquor Control Act and study them; consider the possibilities of control in the community; give the press and radio credit for what it does — and above all, pray!

HERB. BAWN SHOOTS MARAUDING BEAR NEAR CROYDON

On Sunday afternoon, September 29th, a large bear was shot by Herb. Bawn, Croydon, on the farm of Jim Lacey, two miles south of Tamworth ,near the Bamon River.

Early Sunday morning, while doing his chores, Mr. Lacey saw the bear and two cubs across the river and summoned neighbors to track down the trio. Later in the afternoon, Robert Brown saw the bears again and Herb. Bawn shot the old one.

Two boats were secured by Henry Lacey and Frank Maxwell to bring the bear across the river where it was hung in a tree near Mr. Lacey's home, where it was viewed by many people on Sunday evening. The bear will be shipped to Montreal.

Oran Moss reported wounding one of the cubs, but the other escaped.

AVAILABLE for cash, on the Monthly Savings Plan, Payroll Savings Plan or by personal arrangement with a bank.

COMMENTS ON FEATURES OF SPECIAL INTEREST

The interest rate of 2¾ per cent. bears out the forecast made by the Minister of Finance, last June, that terms would be more favourable than those of other comparable investments at the time of issue. The fact that the Canada Savings Bond is backed by the resources of the Dominion of Canada makes it the safest of all investments, and compares favourably with any investment security can only properly be made with other Dominion of Canada issues. A useful comparison in respect to yield is found in the 3 per cent. Dominion of Canada bonds maturing in 1950 and callable in 1936. The theoretical yield on these securities on maturity stands at approximately 2.45 per cent. Thus the yield on Canada Savings Bonds at 2.75 per cent, plus the feature of redemption on demand at any bank at 100 per cent., makes the new security more attractive than any similar investment available to-day.

Although Canada Savings Bonds will be sold through banks, authorized investment dealers, stock brokers and some trust or loan companies, these agencies will not be able to approach every individual Canadian. A comparison with the sales organization which operated during Victory Loan campaigns illustrates this clearly. During Victory Loan Campaigns there were approximately 15,000 salesmen operating under contract arrangements to canvass the general public (excluding employee groups operating under the Payroll Savings Plan). In addition, banks and trust or loan companies also acted as general sales agents. In the case of the Canada Savings Bond it is not expected that the personnel of investment dealers available for sales to the general public will greatly exceed 3,000, and although banks and certain trust and loan companies will again be active in the sale to the general public, as a rule they will not be able to release personnel for canvassing outside their own premises. From these facts, it will be clear that many Canadians, especially in outlying areas, will have to assume a new responsibility, for their own purchases. In this sense, the outcome of the launching campaign will be a measure of the willingness and ability of the Canadian people to act in their own interests.

A comprehensive survey made in February, showed that, eight out of ten former buyers of Victory Bonds and/or War Savings Certificates intend to continue their wartime savings habits through the purchase of government securities. The Canada Savings Bond was created to meet this demand.

12 High Ranking Nazis Sentenced to be Executed

Three Others Acquitted

Several Given Long Prison Terms

The International War Crimes Tribunal, on Tuesday, decreed death on the gallows for twelve leaders of the Adolf Hitler Gang, sentenced seven to prison, and—with Russia dissenting—acquitted three defendants.

The Court, after sentencing to death Hermann Goering, Joachim von Ribbentrop and ten other Nazi henchmen, announced that Russia had protested against the Court tribunal's acquittal of Franz von Papen, Hjalmar Schact and Hans Fritsche. The Soviet judge, Maj-General I. T. Nikitchenko, also protested that Rudolf Hess should have been hanged instead of receiving the life imprisonment sentence the court handed him, and objected to Monday's acquittal of the general staff and high command.

JUDGES of Britain, the United States and France joined in the majority opinion, which now will be carried out by the Allied Control Council, representing all four allies.

Legal officials of the American Military Government said that if any of the three Nazi leaders acquitted were returned to the United States zone of occupation they probably would be tried by Germans under the zone's denazification law.

The officials said because Schact and Von Papen owned property in more than one zone, it was conjectural to which they might be returned. Legal experts in Berlin expressed belief the Russians might get custody of Fritsche, whom they arrested in Berlin and delivered to Nuernberg for trial.

SENTENCES IN BRIEF:

HERMANN GOERING was sentenced to death by hanging.

RUDOLF HESS was sentenced to imprisonment for life.

JOACHIM von RIBBENTROP was sentenced to death.

WILHELM KEITEL, Field Marshal was sentenced to hang.

ERNST KALTENBRUNNER was sentenced to die by hanging.

ALFRED ROSENBERG was sentenced to death by hanging.

HANS FRANK was sentenced to die by hanging.

WILHELM FRICK was sentenced to death by hanging.

STREICHER was sentenced to die by hanging.

WALTHER FUNK was sentenced to life imprisonment.

KARL DOENITZ was sentenced to ten years' imprisonment.

ERICH RAEDER was sentenced to imprisonment for life.

BALDUR von SCHIRACH was sentenced to 20 years' imprisonment.

FRITZ SAUCKEL was sentenced to death by hanging.

ALFRED JODL was sentenced to death by hanging.

ARTHUR SEYSS-INQUART was sentenced to death by hanging.

ALBERT SPEER was sentenced to 20 years' imprisonment.

CONSTANTIN von NEURATH was sentenced to 15 years' imprisonment.

MARTIN BORMAN was sentenced to death by hanging.

THOSE ACQUITTED WERE:

FRANZ von PAPEN, the old gray diplomat who led intrigues in both world wars.

HJALMAR SCHACHT, the German finance wizard.

HANS FRITSCHE, deputy propaganda minister for Paul Joseph Goebbels, a suicide.

The defendants have four days in which to file appeals. Unless appeals are granted, sentences are expected to be executed October 16th.

Township Honours Reeve, Mrs. Courneya Before Removal

On Wednesday night, September 25th, a very large crowd of citizens gathered at the Beaver Lake Pavilion to spend a social evening and bid farewell to Reeve E. J. Courneya and Mrs. Courneya.

The evening was spent in dancing, and during a recess an address was read by the Township Treasurer, Mrs. Smith Gilmour and Councillmen Burns and Hinch presented Mr. and Mrs. Courneya with two beautiful upholstered chairs with foot rest, an end table, and table lamp. Mr. Courneya made suitable reply in his usual jolly manner. Lunch was furnished by the community, and a very enjoyable evening was spent.

The following is the address read to Mr. and Mrs. Courneya:

Mr. and Mrs. E. J. Courneya,
Tamworth, Ont.

Dear Friends—

Your friends of this community have arranged this get-together tonight to collectively say "good-bye" to you and present from our midst and to wish good health and happiness to you in your new home.

For over 20 years you both have been serving the public in our community. Mrs. Courneya has not only mothered a very large family, but also has had the responsibility of seeing that the travelling public have been satisfactorily catered to. This task she has accomplished without fuss, but most creditably.

You, Mr. Courneya, have served the community in many capacities. Proprietor of a hotel is a big job, but when you add to that your work as auctioneer and your political undertaking, it all adds up to a busy life.

As auctioneer, Mr. Courneya, you have had the opportunity of learning to really know people, and people have learned to know you to a much greater degree than would be the privilege of the average man. For a goodly number of us present you have talked, shouted, and talked some more in order to make us a few dollars.

For ten years you have held the highest office your township can offer you. There has been honor attached to it but a heap of hard work as well. While a citizen of this community you have also been honored by holding the highest office in the county, that of Warden. All these activities have required and given time and strength trying to be of some value to the people and to the place where you made your home.

We expect Mrs. and Mrs. Courneya have gone through the two most memorable experiences while in our midst that they will ever be called upon to face. They saw their four sons don the colors of their country, join with their quota to help free a mighty ocean, and face the hardships of war. The months of anxiety experienced by this mother and father can only be understood by those who have had a similar one. However, Mr. and Mrs. Courneya, having passed through that, have had the pleasure of receiving their home in Tamworth will hold a very prominent place in their memory.

Mr. Courn-a has never forgotten to aid his home organizations. When the honor of Wardenship came his way and his Warden's supper was to be given, it was in Wemyss Institute of his home village that was asked to cater. The financial aid, as well as the privilege of having the civic officials visit our little village, was a real asset.

The Red Cross always had staunch friends in Mr. and Mrs. Courneya, and whether it was time or money asked for, either was given freely.

More could be said, but words may be forgotten, so as a tangible token of the community's esteem for you, Mr. and Mrs. Courneya, and as a remembrance of the years spent in our midst, we would ask you to accept these gifts.

May you both live many years to use and enjoy them. May they bring back pleasant memories of busy days spent in Sheffield.

AN OMISSION

In the list of Committee Chairmen for Napanee's Recognition Day, to be held on Monday, October 14th, the name of Major C. E. Jamieson was omitted. Major Jamieson is chairman of the Programme Committee.

EIGHT INJURED IN CAR CRASH NEAR ODESSA

Minor injuries were suffered by eight persons Sunday evening about 8:45 o'clock, when two cars went into the ditch as a result of a collision on Highway No. 2, about two miles west of Odessa.

When a car being driven by Russell Kennedy hit the rear of a car being driven by Chas's Lakins, of Napanee the Kennedy car plummeted into the north ditch, remaining upright, but with one side of the vehicle completely demolished; the Lakins car plunged into the opposite ditch and was completely wrecked.

Two occupants of the Lakins car were treated for minor injuries by Dr. E. W. Huxtable, of Odessa. Mrs. Charlie Lakins had two stitches put in a cut on her head; Gerald Lakins, of Odessa, had three stitches in his nose and suffered a cut on his head. The other passengers, Mrs. Gerald Lakins and two children of Mr. and Mrs. Charles Lakins received bruises.

Mrs. Kennedy, who was an occupant in the other car, was taken to the Kingston General Hospital, where she was treated for bruises to her legs and for shock.

No charges have been laid.

Price of Milk Takes Sharp Jump Throughout Ont.

Quarts to be 14c Starting Oct. 1

Effective Tuesday, October 1st, the price of milk in Napanee was increased by three cents a quart, from 11c to 14c and the price of cream 11c to 14c and the price of cream 5c per pint. By the pint, milk is to be 8c per bottle. Chocolate milk will be 16c per quart.

The increased price is the result of cancellation of the Federal subsidy of approximately one and one-half cents per quart to producers and the fixing by the Ontario Milk Control Board of an additional one and one-half cents a quart to provide for increased costs, namely production.

Milk tickets purchased at the price in effect prior to October 1st, will have a value of three cents less per quart than the October 1st price. Cream tickets will have a value of two cents less per half-pint.

The price to the producers for 3.4 milk is increased $1.90 per cwt. over the present base price with all markets, effective October 1st, 1946, and continuing to April 30th, 1947, at which time the base price to the producers will be reduced by 40c per cwt., and consumers' prices will be reduced at the rate of 1c per quart. It is evident that the distributors' share of this increase is a very small proportion of the total, in fact it amounts to less than 15 per cent. if consumption and operating costs remain static.

The price of manufacturing milk (used for cream, etc.) has been increased 50c per cwt. for 3.5 per cent. milk by the Board's order, bringing the price up to $2.45 per cwt. instead of the present price of $1.95.

The Government, last week, decided to discontinue paying the producers the subsidy of 55 cents per 100 pounds, on September 30th.

PREMIER'S STATEMENT

Mr. King, in his statement, said in part:

The Government, in reconsidering this decision, felt that if there were only real assurance that continuation of the present subsidy would achieve the objectives endorsed by the House it might be justified in continuing the subsidy for a further limited period of time.

In fact, however, there have been strong indications that, even if the subsidy were continued, milk producers would demand and at least several of the provincial milk boards are empowered to authorize, significant increases in the price of milk over and above the subsidy.

Under these circumstances the Government has felt that the wise and proper course is to adhere to the programme already announced and on October 1st to return control over the price of milk entirely to the provincial authorities.

"Conditions surrounding the production of milk for the fluid market vary widely from province to province and even within provinces, and while under war-time conditions it was desirable to establish an overall policy on fluid milk prices, it was felt that the time has now come when the established and experienced milk boards should resume full jurisdiction."

50 YETS AMONG NEW CLASS IN QUEEN'S FACULTY OF MEDICINE

A total of 237 students are enrolled in the Faculty of Medicine at Queen's University for the term, which opened Tuesday, September 24th, according to figures released. Of the total 61 are first-year students and fifty of these are veterans. Three women students and one civilian woman are among those enrolled for the first time.

More than 500 applications from Canadians and several hundred from American students were refused, it was stated at the office of Dr. G. S. Melvin, dean of the faculty. The medical school is operating at full capacity, and the 61 new admissions were granted on a competitive basis based on academic standards, Dr. Melvin explained.

CHEESE PRODUCTION DROPS IN FRONTENAC

Continued dry weather has resulted in a heavy falling off in cheese production in Frontenac. Recent rains will not improve production to any great extent. A total of 206 boxes of cheese were graded at the Kingston grading station last week. The Dominion Government grader reported that while quantity was falling off, the quality of cheese had improved greatly in recent weeks. Fourteen factories, last week, produced cheese which scored 94 points.

BEAR RUINS BEE HIVES IN SELBY DISTRICT

Farmers of the Selby district expect a honey shortage this fall, at a 300-pound bear isn't shot or chased out of the county. Tuesday night it destroyed thirty hives of bees on the farm of Melburn Armstrong, half of the total stock, and disappeared before it could be shot or caught.

Archie Martin a farmer of the same district, saw the animal while he was ploughing, but said it kept out of gunshot range.

MAY TAKE $150 ACROSS BORDER

Customs inspectors at border points have been instructed to allow Canadians to carry $150 in cash or travellers' cheques when crossing the border into the United States. Foreign Exchange Control Board officials said.

Of the $150 total, not more than $100 may be in United States funds. Previously Canadians were permitted to take only $50 in Canadian or U. S. funds with them on each visit across the border.

Officials said the permit "Form H" which previously had to be filled out for amounts in excess of $150, now is not necessary except for amounts in excess of $150.

GUILTY !

The International War Crimes Tribunal has found the Nazi leaders guilty of a crime against humanity. These men have had a fair trial, which has lasted nine months. Had the situation been reversed and the prisoners been the judges, the trial—if trials there were — would have lasted but a few minutes. Never before in human history, were a group of men so brutally and scientifically inhuman. The deaths they caused, ran into the millions, and the definite, deliberate, studied attempts to wipe out the whole European Jewish People, came within a narrow margin of being successful. There was no crime in the category of crimes, in which they did not participate. It is absolutely impossible to exaggerate or overstate the enormity of these crimes.

Under these circumstances we might have expected a hurried trial, and a quick verdict, arrived at when emotions ran high and when men revolted at the sight of incredible mass massacres, of which the Nazis were guilty. On the contrary a legal expert judicial tribunal was set up. In the impartial atmosphere of a law court, evidence was produced, witnesses called, and the cases pleaded and defended. The culprits were given a fair trial before the world.

However, there was another reason for the slow and calculated procedure adopted at Nurenberg. It was the first time in history that such a trial was held. There were no precedents, there were no authorities to quote or refer to. The Court was breaking new ground, establishing new procedures and establishing precedents. Never before were leaders of aggressive war brought before an international tribunal to give an account of their actions. Naturally, then, every possible care had to be taken and every step was advanced with utmost caution.

The Court has made it clear before world opinion, that gangsters who organize war, who deliberately plan aggressive war, and plot against other nations or races, are as guilty before an International Court of Justice, as a gangster who commits an individual crime is in a local court.

If this International Court of Justice has done nothing more than warn others who, in the future may aspire to aggressive war, that crime doesn't pay, it will have more than justified all the time and expense that has been put into it.

HOLD ON A BIT

On Monday, a news item appeared in the Daily Press, which told of a certain Doctor, Dr. Herbert Evans, of the University of California, who had discovered how to make animals, including human beings, grow. He says he gets some hormones—whatever they are—and injects them into animals. These hormones, he gets from cattle, and they cost an awful lot of money. It takes about 1,200 head of cattle to produce one gram of hormone.

Then the fun begins. He can inject this hormone into dwarfs and make them full grown men and women — that is if he catches the dwarfs young enough. And he can make a five-footer grow into a nine-foot giant. Now, tell us who would want to be nine-foot. Six-foot four is admittedly a pretty good height for a male. What on earth he would do with three-foot on top of that, we do not see.

The famed doctor says he only tried it on one girl and then, after she grew two inches in a year, her mother took her away. No wonder. There is something uncanny in trying to interfere with nature that way. But the Doctor has tried his hormones on rats. He can make them as big as jack rabbits. But why stop at jack rabbits. If he can make rats as big as jack rabbits, what's to stop him from making them as big as a two-year-old heifer, and what will he do with the jack rabbits? A couple of shots in the arm, or whatever, in the jack rabbit corresponds to the arm, and the first thing we know the jack rabbits will be going over fences like deer.

The Doctor says he has tried it out on pigeons, too. Supposing he should give a few shots to some pigeons we see flying around, and they should grow to the size of ostriches, what fun they would have around the City Hall in Toronto.

It is an interesting speculation as to what effect all this would have on reproduction. Just fancy pigeons laying eggs the size of coconuts, and hatching out the size of young turkeys. We used to hear people say "ain't nature wonderful". But this hormone stuff seems to have knocked nature into a cocked hat.

All the same we hope this hormone stuff doesn't get too common: there's no telling what it might do in the hands of a novice. If the famous Doctor Herbert Evans is right, the atomic bomb has nothing on the hormone.

WHAT ABOUT MILK ?

This is a rural community — anything that affects the price of milk, affects the farmers and then the rural community as a whole. The farmers, during the past few years, have had a good return from their labors. They have received good prices. They deserved them. For years there was a wide discrepancy between the price of the commodities the farmers had to sell and those which they had to buy. The policy of the Government under Wartime Regulations, was aimed at narrowing that gap. It succeeded measurably well. Though, of course, in the case of some basic commodities, it was necessary for the Government to pay subsidies. However, the purchasing power of the farmer was increased, and that meant stability and prosperity to our community.

Now the Government has withdrawn that subsidy. The Milk Board has authorized an increase in the price of milk to make up for the subsidy that has been withdrawn. But the Board has added an additional increase, which they claim is to partly cover cost of production. There is a storm of protest all over the Province over this action — church groups, municipal groups and others are protesting the increase. The protest is on several grounds. In the first place, it is protested because the cost of milk will fall heaviest on those least able to bear it: on the poorer people. Then, too, there is a suspicion that the farmer is not going to get much of the increase. Mayor Saunders, of Toronto, asked the Milk Board for a complete statement as to how the Board arrived at the rate of increase. Even though entitled to it, they did not provide the information. Can it be that the great distributing agencies will get the larger part of the increase? That is the auspicion in some quarters. This should be investigated. Judging from the history of milk production, we rather fancy that the farmers will have to watch pretty closely lest they come out at the small end of the deal.

Let all the facts be known — who gets the increase and how much ?

NERVES

Ernest Bevin, Great Britain's blunt-spoken Foreign Secretary, has made a penetrating reply to a question as to what he thought of Marshal Stalin's recent answers to a correspondent's queries. Mr. Bevin says he "doesn't think a further war is likely at present," and then, he adds: "There is one kind of war which must stop, if we are to have peace, and that is the war of nerves, that has left some countries in a state of disturbance."

We became used to the phrase, "a war of nerves" during the rise of Hitler to power. There was one national or international episode after another. They were all gendered, or engineered by Hitler, and followed a common pattern. The aim of these was to keep the nations guessing as to whether Hitler was bluffing or in earnest. For years, people were on edge—hoping for the best but fearing the worst.

Since hostilities ceased, the war of nerves has gone on. Crisis following crisis: a crisis in Iran, a crisis in Palestine, a crisis in China, a crisis in Egypt, a crisis in Turkey. No sooner has one crisis been surmounted than another has cropped up.

Added to this, there has been the war of nerves on the national stage. no sooner is one strike settled than another looms on the horizon. The war of nerves is no mean fantasy. It's all too real.

Yet, it is not to be wondered at. The world is in revolution. The war upset everything, and intensified hates and suspicions; made nations suspicious of others, management suspicious of labor, and labor suspicious of management. Under different circumstances the situation might be faced frankly and with a minmum of apprehension. But we have had five years of war. People are tired. Men who went overseas and are back are anxious to get going in civilian life again. They have had five years of hell. Men and women who kept the home fires burning, worked long hours—many indeed, beyond their strength. They are tired, they are jumpy; they want things to settle down, quickly.

Under those conditions it is not to be wondered at if there is a war of nerves. For it must not be forgotten that the peoples of all nations have had war experiences. The whole world is suffering from mental and moral fatigue. In our personal relations, it is hard to make satisfactory adjustments when peoples' nerves are on edge. It is the same with nations. The tragedy of it is, that there is no way out of the present situation, except going on with the job.

What is needed is patience, and more patience. After all we have come through in the past years, it is almost a miracle that nations can get together, at all. Patience and more patience and the world situation will be clearer up. We have made a lot of progress since Vi-Day, and given patience and goodwill, there should be assured peace for all peoples and all races.

BROADCAST BY FIELD MARSHAL MONTGOMERY

ON LEAVING CANADA 10TH SEPTEMBER, 1946

It is difficult for me to express adequately my feelings on leaving Canada. I have traversed your Country from Coast to Coast, from The Maritimes to British Columbia! My object was firstly stated at Halifax, to see in their home surroundings the men who fought with me on the battle fields of Europe, to see something of the life of the people, to capture something of the spirit of Canada.

I like to feel that I have succeeded in part. I have met a very large number of my old soldiers-in-arms. I have talked with many people in every province and have gained an impression, possibly a small one, of the life of the people. I could not have done more in the time. Always, during my travels, I have searched for the spirit of Canada, and while resting for a day in your Rocky Mountains, of superlative beauty, I reflected on all I had seen and I feel that I caught a fleeting glimpse of the spirit I sought. I saw a great and wonderful country, a land containing in its soil everything that man desires, a proper land fit for proper men to live in and to sponsor exceedingly. And I saw that this Country produces a people of steady, independent, and enterprising versatility, of robust mentality, a people of great courage and character. The former Canadian son of two good bloods— French and British — has grown to full manhood, a worthy son, now become a full partner whose advice and counsel is eagerly sought in the council table and whose strong right arm is ever ready to be raised in the cause of freedom.

But, how few are the people living in this Country. This Country with such limitless possibilities ! In the distant future, I seem to catch a glimpse of a great nation of fifty million people and more, a virile people, ideally located, who through the centuries have enjoyed peace and security. This great nation, joined by the mother land of blood and battle to the Old World and the New World, seems to me to form a hinge between the two.

You may say that all this is but a vision, the day dream of a soldier resting for a day in the Rockies of Canada, but we soldiers try to reduce every problem to its simplest form and avoid all complications. Twice in a generation we have taken part in a great common world effort. In each case we entered it with high resolve and determined resolution and we fought through to victory with great devotion to the cause. In each case, the youth of our nation have willingly given their lives that our countries might survive. In each case, the harvest of victory has been difficult to gather in. We do not want it all to happen again. Our young men died on the battle fields in World Wars I and II in order that the present youth of our nations might grow up as citizens of free countries in a peaceful world.

We want peace. There could be no stronger factor for peace than the working together of the English-speaking people, all bound together by common language, the same common law, the same religious tolerance, the same love of democracy and the freedom of men. Such a fraternal ship would be a strong field against the evil things we have fought to overcome. These evil things might well rise up again and spread; unless faced by a union of free and freedom-loving people; which could be linked to any peace-loving nation within the framework of the United Nations Organization. And in fact, on this conception, there seems to stand poised the spirit of Canada, a hinge between the Old World and The New; a priceless hinge of pure gold.

* * *

On my departure from Canada, I want to thank the Prime Minister and the Government for having invited me, and the people of Canada for the wonderful welcome I have received wherever I have been. I shall never forget my first visit to Canada.

TRINITY W.M.S. AND W.A.

To open the Fall activities of Trinity W. A. and W.M.S. a joint meeting was held in the Sunday School room on Tuesday, September 10th, at which Mrs. Empey and Mrs. Switzer presided. Mrs. Hatton was in charge of the devotional.

Considerable business was dealt with, including arrangements for a play 'A Mock Marriage' to be presented October 4th also an Autumn tea to be held in October.

Two new members were welcomed to the W.M.S., Mrs. F. L. Hooper and Mrs. John Smith. Mrs. Percy Aselstine kindly consented to take charge of the Study Book for the year. A short memorial service was held for two members, Mrs. Ralph Ham and Mrs. James McMurrin; tributes were pair by Mrs. Burns and Mrs. Corkill. Mrs. Switzer spoke of the death of Rev. Russell Graham. Mrs. Graham was one of our guest speakers last year. The offering was dedicated by Rev. Noble Hatton.

After a closing hymn, a social half hour was enjoyed. Mrs. Duffett and her committee served tea and sandwiches.

SWITZERVILLE MISSION BAND

The Busy Bee Mission Band held a meeting at the school on Thursday afternoon, September 19th, with twenty members present, and was conducted by the vice-president, Rosemary Moore. After the opening exercises, the minutes of the last meeting were read by Barbara Robinson and approved. The Members' Purpose was repeated in response to the call to worship. Scripture reading was given by Rosemary Moore, and a prayer poem and prayer by Gerald Benn. The offering was received by John Craig and dedicated in song. Interesting items on temperance, stewardship and peace were read by the Misses Gerald Craig, George Benn and Elaine Benn, respectively. An introduction to the new study book with the use of a map of India was given by Mrs. Wales and the first chapter of Pig Tree Village was read. Leonard Moore distributed copies of World Friends, and after singing the Mizpah, the meeting was closed by repeating the Children's Benediction.

INTERNATIONAL SUNDAY SCHOOL LESSON, OCTOBER 6TH, 1946

"PAUL'S BACKGROUND AND EARLY LIFE"

Text: Acts 21: 39; 22: 3, 27, 28; 26: 4, 5. Philippians 3: 5, 6.

Quite by accident, I tuned in on a programme last Sunday, which was a dramatization of the life of a juvenile delinquent. It was a terrible story. At the end of it, a trained social worker said he had read all the documents in the case, and discovered that the girl had been brought up in a home where the father had been divorced and remarried several times and the young girl never had a chance. He blamed the whole sorry situation on the conditions in the home.

In order to understand a person's life, it is necessary to know the background. It is true that by their fruits shall ye know them. It is true also that people are known by their roots. We shall be studying the life of Paul for the next three Sundays. We begin by taking a good look at his background.

Paul was a Jew. That in itself was something to brag about. The Jews were an exclusive people. They considered themselves a chosen people. It is a risky business to assume a people are a chosen people. There have been lots of people besides the Jews who claimed to be God's chosen people. Something of that assumption moved the minds of the Germans. It is not unusual to find even some Britishers who claim they are the lost Ten Tribes and specially chosen; and Americans, too at times, show the labor under a similar delusion of special privileges. It is hard to live a humble life when that is the background. Usually, a people who claim to be a chosen people, are exclusive, snobbish, and arrogant. It will be remembered how Amos chastised his people for making claims to special privileges because they were God's people. The only privilege it conferred on them, he said, was that of rendering special service.

Paul was a Jew. But he was even more than the ordinary run of the mill type. He had a colege education. That was something in those days. He had the added privilege of studying under the best teacher of his time. The family must have been fairly wealthy to afford that. Paul was born in Tarsus. He was brought up a pharisee; spoke Aramaic in the home, knew the Greek of the street, and for some service or other, Paul's father had been granted Roman citizenship: so that Paul had many privileges—wealth, university training, Roman citizenship, knowledge of several languages and strict upbringing.

This all stood Paul in good stead, after his conversion, when his family apparently disowned him. He was mobbed on one occasion, as recorded in our lesson, and was about to be put to death when he claimed his rights as a Roman citizen. This at once put him in a preferred category and secured for him the special protection of the law. Roman citizenship, at that time, was a prized possession, and Paul knew when to make use of it.

Well, there we are! Paul had every opportunity. He had the privileges of law of cause and effect, it is impossible to say what would have happened, if something else had happened. Yet it is a fascinating speculation to wonder what would have become of the church, indeed of the whole world, had Paul not had the proper home training; the proper background. Of course, not all who have good backgrounds or family training, make good men, nor are those from good homes who go astray. And the opposite is true, that from very undesirable surroundings and from unpromising homes, there come lovely characters and strong leaders. These are the exceptions.

The child without good Christian training has already got two strikes on him in the game of life.

MOTOR TRAFFIC OVER THOUSAND ISLANDS BRIDGE AT ALL TIME PEAK

Visits To U. S. Resorts Canadian Vacationists Increasing

Alexandria Bay, N.Y., Sept. 16 — Canadian vacationists are motoring across the Thousand Islands International Bridge in greater numbers to spend their holidays on the American side of the St. Lawrence River, according to the August traffic reports just compiled by The Thousand Islands Bridge Authority. Crossing the St. Lawrence River via the Thousand Islands Bridge in the heart of the colourful vacation area, a total of 4412 Canadian cars carried motoring vacationists to American resorts during August, as against only 3044 during the month of July. Establishment of the Canadian dollar at parity with American currency, and the lifting of other restrictions that have spurred the upward surge of Canadian visitors across the "friendliest international border in the world" are credited with this recent increase. While small in proportion to the number of Americans visiting Canada since the end of the war, this "turn about" vacation trend is further amplified by a breakdown of traffic summaries.

Vacation traffic at its peak during August of this year, reindeered a total of more than 57,000 vehicles using the well traveled Thousand Islands International Bridge system, representing a 70 per cent. increase over traffic for the same month of 1945. Present indications are for a 40 per cent. increase during the month of September for the largest September traffic in the eight year history of the graceful bridge.

- Daly's Tea is delicious because it is a high quality tea. Ask your grocer for Daly's Tea. You'll enjoy it.

TAMWORTH

Tamworth, Sept. 18. — The September meeting of the Woman's Association of the United Church was held at the home of Mrs. Peter McPhee. The meeting took the form of a quilting, at which everyone worked. Mrs. Charlie Jamieson, 3rd Vice President, took charge of the business, in the absence of the President. Mrs. G. Lochead was in charge of the devotional, taking for her subject, "Community Service". She stressed the point that we must not miss any opportunity to serve others. Mrs. Clifford Milligan read the scripture lesson. Mrs. Jamieson brought plant clips to sell to add to the group funds. The meeting closed with a hymn and the Mizpah benediction. Lunch was served by the hostess and her committee.

The local branch of the Women's Institute is holding a course this week in the Town Hall. "Home Nursing and Improved Equipment" is the subject. A splendid opportunity is being enjoyed by a large number of ladies, who are enthusiastic in their classes. Miss Grace Hamilton, from the Department, is the Instructress, and is staying at the home of Mrs. Robert Gilmour while here.

Miss Scales, Reg.N., paid a visit to the village recently, and will be the nurse in charge of the surrounding schools in the future. Miss Scales hopes to pay a visit to the schools in the village and district very soon.

Dr. and Mrs. R. A. Belson, of Petersborough, were recent guests at the home of Mr. and Mrs. Oliver Clark.

Mr. and Mrs. Jack Edwards, of Toronto, and Mrs. Earl Bradshaw, of Tamworth, spent several days recently at Algonquin Park at Killarney Lodge.

The British Government is setting aside part of the Royal Ordnance factory at Nottingham to make machinery for the manufacture of women's stockings, it has been disclosed. The first order will be for machinery valued at more than $4,000,000.

ENTERPRISE

Enterprise, Sept. 23. — The 54th anniversary services of Enterprise United Church were held on Sunday, September 22nd, with Rev. H. B. Herrington, of Newburgh, as the guest minister. Both services were well attended by the congregation and visitors, and a large thankoffering was received. Rev. Mr. Herrington delivered two inspiring messages during the day. Special music, which was beautifully rendered by a full choir, with Miss Vivian Vannest, A.T.C.M., pianist, included a solo, "I Heard the Voice of Jesus Say" by H. R. Vannest; the anthem, "Praise Ye the Lord," and in the evening a solo "The Holy Hour", by Mr. E. R. Wilson; the anthem, "O Be Joyful in the Lord". The church was nicely decorated with potted plants and cut flowers by Miss Leafa Bedford, Mrs. John Bell, Mrs. Robt. Potter, and members of the Sunday School. The ushers were Messrs. D. B. Wagar and H. M. Jackson.

ENTERPRISE W. A.

The September meeting of Enterprise W. A. was held in the church basement, with Mrs. Robert Potter presiding. Mrs. George Nelson acted as Secretary in the absence of Mrs. H. M. Jackson. Mrs. E. W. Jackson was pianist.

Mrs. O. B. Jackson conducted the devotional period on "Co-Operative Effort".

Mrs. George Nelson gave the scripture reading, and a reading on the topic was given by Mrs. John Bell. Mrs. O. B. Jackson gave the lesson thoughts, which were followed with prayer by Mrs. Robert Potter.

It was decided to have a cash canvass in place of a fowl supper. Those appointed for the canvass were:—

North Street—Mrs. James Burgess and Mrs. Ray Burgess.

South Street—Mrs. Geo. Lockwood and Mrs. Amos Storey.

East Street—Mr. H. E. Vannest and Mrs. Frederick Brown.

West Street—Mrs. John Bell and Mrs. Henry Hartman.

North West—Mrs. Robert Potter.

East Village—Mrs. George Nelson.

It was decided to donate $75.00 to the church thankoffering.

A card of appreciation was received from Mrs. Charles Davey.

The meeting closed with a hymn and the benediction.

Enterprise, Sept. 28 — The opening meeting of the Young Adult Group was held at the home of Mr. and Mrs. Roy Hartman. Rev. K. J. Crawford conducted the opening worship period. It was decided to have the next meeting on Monday of evening, October 7th, at the home of Mr. and Mrs. H. E. Vannest, with April Kennedy in charge of the program. Everyone is to contribute to the lunch. Dues will be omitted until the beginning of the year. The meeting closed with a hymn, and lunch was served.

Mrs. Robert Vottery and Jean, of Brockville, spent a week recently with the former's parents, Mr. and Mr. Charles Whalen.

Mrs. Charles Graham spent a week in Toronto with Mr. and Mrs. Floyd Graham and Mr. and Mrs. Lyle Garland.

Mr. and Mrs. Hector Wilson and daughter, Jean and Mary, of Toronto, are enroute to their new home in St. John, N.B., were guests of Mr. and Mrs. H. M. Jackson and Nancy during the week end.

Mr. and Mrs. Ford Perrick and Bobby, of Kingston were Sunday guests of Mr. and Mrs. Guy Fenwick.

Rev. and Mrs. K. J. Crawford spent last week end with the latter's parents, Mr. and Mrs. George Plaintree, Morton.

A mandate, wrote a schoolgirl recently, is an appointment a girl make with a fellow.

About THE NEW PRICE OF MILK

The new price increases announced by order No. 46-9 of the Ontario Milk Control Board, effective October 1st, 1946, were brought about due to the following circumstances:

1. Cancellation of the Federal Subsidy of approximately 1½c a quart to producers.
2. Approval by the Ontario Milk Control Board of an additional 1½c a quart to provide for increased costs, mainly farm production.

This increase in the retail price of milk to the consumer applies in all markets throughout Ontario, to all kinds of milk including special milk, chocolate milk, buttermilk, etc **Increases for the various units of milk will be at the rate of 3 cents per quart. Cream prices have been increased at the rate of approximately 3 cents per half pint.**

Milk Tickets purchased at the price in effect prior to October 1st will have a value 3 cents less per quart than the October 1st price; cream tickets will have a value 3 cents less per half pint.

This means that it will be necessary for consumers using old tickets to pay an additional amount in cash along with each ticket, in order to bring the payment up to the new prices in effect on October 1

Soap Exports for Seven Months 15,870,713 lbs.

Ottawa. — No soap? The Dominion Bureau of Statistics reports that in the first seven months of the year, Canadian manufacturers have exported 15,870,713 pounds of it.

It may sound like a lot of soap to housewives who recently found the product scarce due to strikes which have stopped production of soda ash at Windsor and Amherstburg, Ont., but it's just a dab compared with annual production figures, which run around 235,000,000 pounds.

Of this year's exports up to the end of July, 1,606,770 pounds were toilet soap and 14,263,943 of other kinds. Total value was $1,787,625.

However, it has been only in recent months that a soap shortage has been felt, and it is understood that during that period, exports have fallen off correspondingly. Soap exports, falling under control of the Combined Food Board, are rigidly controlled because of the fat and oil content of the product.

"Do you smile at your troubles as I advised you?"

"Yeah," and the boss warned me three times to wipe that silly grin off my face and get to work."

Territorial Congress The Salvation Army Held This Month

Toronto, Oct. 1. — With the recently-elected world leader, General Albert Orsborn, in attendance, the 64th Annual Territorial Congress of the Salvation Army is to be held in Toronto, from October 12th to October 16th, it is announced at Headquarters here.

Salvation Army officers from all centres in Canada and some from Newfoundland and Bermuda are coming, to a total number of possibly more than 1,500. In addition, large numbers of Salvation Army members will take part.

This will be the greatest Salvationist assemblage since before the war. During the war, Congresses were discontinued by key officers from divisions. Many were unable to take part because they were in war service in Canada and overseas.

The first public event will be a civic reception Saturday, October 12, when Mayor Saunders is to welcome General Orsborn. There will be a procession of Salvationists to City Hall. Saturday evening a musicael festival, at which General Orsborn will speak, is to be held in Varsity Arena. There will be three Sunday meetings at the Arena, at which the Right Hon. Arthur Meighen, a member of The Salvation Army National Advisory Board, will preside. Monday evening, October 14th, there will be a Massey Hall meeting.

General Orsborn was chosen this year to succeed General George L. Carpenter, who is retirement was overdue. The son of Salvationist parents, General Orsborn entered The Salvation Army as a cadet at the age of nineteen, in 1903. From 1940 until his election to world leadership, he was British Commissioner, in charge of Salvation Army work in the British Isles. His steady rise in rank was because of his ability as a leader and administrator, yet he is best known in religious circles throughout the world as the author of more than 250 songs and hymns.

At the Congress, General Orsborn will be supported by the Territorial Commander, Commissioner Benjamin Orames.

MISS RUTH HEAVEN, OF KINGSFORD, HONOURED BY CH. CONGREGATION

On Thursday evening, September 26th, the congregation of Kingsford Church met at the home of Mr. and Mrs. Walter Scott, to spend a social time and to express their best wishes to Miss Ruth Heaven, who is going in training in Kingston General Hospital. She was presented with a blanket, and this little note:

We hear you are leaving
To be a busy nurse.
And to show we all are grieving
As your "dogs" get worse and worse.
Just skip up to your bedroom
And wrap up nice and cozy—
To think of us and have swell dreams
And you'll find life just rosy.
— With our best wishes,
Kingsford Congregation.

Ruth thanked all for the gift and everyone joined in singing "She's a Jolly Good Fellow."

NEW HOMES FOR OLD

LOW-COST PERSONAL LOANS ENABLE MANY TO IMPROVE THEIR HOMES.

Many people who have put off improvements and repair work on their homes throughout the war are now undertaking the work, rebuilding, redecorating, buying new furnishings, new appliances, and generally improving their properties.

In many cases, the Bank of Montreal is giving ready assistance with low-cost Personal Loans, making possible the immediate cash purchase of materials and essential household articles.

To anyone with a regular income, who is in a position to repay, the Bank of Montreal will be glad to lend money for all useful purposes. The rate is surprisingly low . . . 2% a month for a $100 loan, repayable in twelve monthly instalments. You may borrow smaller or larger sums for shorter or longer periods; the cost, equal to 6% per annum, is proportionately the same. There are no handling charges, no deductions, no extras.

See the manager, or the accountant, of the Bank of Montreal, who will be glad to talk your plans over with you. You will realize then that "When you ask for a loan at the B of M you do not ask a favour".

WEDDING BELLS

REID - HARVEY

The home of Mr. and Mrs. Lorne Harvey, Upper Hill, was the scene of a pretty autumn wedding, when their only daughter, Norma Gertrude was united in marriage to Donald Kenneth, son of Mr. and Mrs. Samuel Reid, Napanee. The ceremony was performed by Rev. W. R. Merrick of the United Church, at 3 p.m. on Wednesday, September 25th.

The young bride, who was given in marriage by her father, was attired in an afternoon dress of azure blue crepe with inserts of black lace and wore a small black turban, trimmed with blue curled ostrich tips. She wore a lovely locket, a gift of the groom, and a corsage of American Beauty roses and white baby mums. Miss Eileen Reid sister of the groom, was her only attendant. She was attired in a street-length dress of shocking pink, with black accessories. Her corsage was of Talisman roses.

The best man was Mr. George Reid, brother of the groom. The wedding music was played by Mrs. F. Henderson, who also played during the signing of the register.

The gift to the bridesmaid was a pair of sterling silver sewerrings and to the best man a leather key container.

At the reception following, the bride's mother received, wearing a frock of navy blue crepe with black accessories. She was assisted by the groom's mother, who was in royal blue crepe with black accessories. The rooms were decorated with pink and white streamers and bouquets of gladioli and asters. A small table was centered by the three tier wedding cake, which was cut by the bride. Luncheon was served to about forty guests.

The happy couple left later amid showers of confetti, by motor, for Ottawa and other eastern points.

The bride travelled in a grey tailored suit with white blouse, black accessories. On their return they will reside in Napanee.

WEDDING BELLS

BUSBY - LEWIS

A quiet wedding took place at the United Church parsonage, Tamworth, on Saturday, September 21st, 1946, when Rev. W. H. Baugh united in marriage Alma Naomi, youngest daughter of Mr. and Mrs. William J. Lewis, Marlbank, and William Fleming, only son of Mr. and Mrs. Thomas Busby, of Lime Lake.

The bride looked charming in a floor-length gown of blue chiffon. Her fingertip veil was caught with matching blue flowers. She wore a gold locket, a gift of the groom, and carried an arm bouquet of Talisman roses, tied with white satin ribbon. Miss Helen Lewis, sister of the bride, was bridesmaid, and wore a floor-length gown of pink sheer a pink and white flower hat and wore a three strand necklace of pearls. She carried an arm bouquet of Talisman roses and white mums.

Mr. Archie Storr was best man. The gift to the bridesmaid was a set of pearl earrings, to the best man a leather billfold.

A reception was held at the home of the bride's parents, where dinner was served to about twenty guests. The bride's table was decorated with crystal holders and white candles, pink roses and snapdragon, and was centered with a three-tiered wedding cake.

The happy couple left amid showers of good wishes and confetti for Peterborough and points west, the bride choosing a gold wool suit with brown accessories for travelling, and a corsage of pink roses.

Among those present from a distance were Mr. and Mrs. Archie Storr and Anna, of Marysville; Mr. Arthur Yates of Rochester, N.Y., Misses Helen and Mildred Lewis and Mrs. James McCarey and children, Kingston.

TYENDINAGA EAST W. I.

The Victoria Women's Institute members were guests of the Tyendinaga East branch at the home of Mrs. Carry Province, on September 13, with a good attendance of members and visitors. The meeting opened with the ode and Lord's Prayer in unison. Roll call was answered by naming a natural resource and its location. The minutes and correspondence were read and a quilting was planned for September 24, at the home of Mrs. Percy Kimmerly.

Current events were given by Mrs. R. Tucker and Mrs. P. Kimmerly gave an interesting topic on Canadian Industries.

The president of Victoria branch presided for the programme which consisted of community singing with Mrs. Graham at the piano. Up-to-date current events by Mrs. Harry Edgar. A comic skit by Mrs. Cook and Mrs. J. Vankoughnet. Each one present described a Canadian industry, in a few words, led by Mrs. Merle Denison. Mrs. Ivan McFarlane started a Surprise Package going with Mrs. Brady winning the prize. A monologue was well given by Mrs. Merle Denison. Mrs. D. Weese demonstrated a cushion top. Mrs. F. McFarland conducted at contest with Mrs. F. Hutchinson winning the dainty prize. Mrs. Provins conducted a number contest. Mrs. Ed. Hewitt being the lucky winner.

The National Anthem brought an interesting program to a close, after which a dainty lunch was served.

Mrs. C. J. Akey moved a vote of thanks to the visitors for an enjoyable afternoon. Mrs. Harry Edgar ably replied, also thanking Mrs. Provins for opening her home.

You can't see the new moon. When you first see the crescent moon low in the western sky, it is from one to two days old.

ORD. EASTERN STAR CELEBRATE 20TH ANNIVERSARY

On September 28th, 1926, Napanee Chapter No. 151, Order of the Eastern Star, was organized and constituted in Napanee with Miss Edith Tavernor, worthy matron and B. M. Black, worthy patron, and on Saturday this event a birthday party was held on Tuesday night of last week, with a large attendance of officers, members and visitors. The chapter has made remarkable progress during these twenty years and during the war years many work meetings were held and considerable work was accomplished. Mrs. Kenneth Hill, worthy matron, presided for the regular session and among the guests were Mrs. Frank Hamilton, past district deputy grand matron, of Kingston; Mrs. Frank Naylor, past district deputy grand matron, and Mrs. Bella Wemmercott, past district deputy grand matron, of Belleville. There was an attendance of nearly fifty visiting members and worthy matrons and worthy patrons, past matrons and past patrons, as well as many members. The chapters represented were Prontenac No. 90 of Kingston, Kingston No. 146 of Kingston, Princess No. 221 of Odessa, Royal Tay No. 193 of Perth, Fraternal No. 168 of Kingston, Lansdowne No. 112 of Sydenham, Minerva No. 138 of Belleville, and Belleville No. 55 of Belleville.

Mrs. Kenneth Hill, worthy matron, extended a most hearty welcome on behalf of Mrs. and Mrs. Frank Hamilton of Kingston, Mrs. S. Naylor and Mrs. Bella Wemmercott, all past district deputy grand matrons were invited to the east, where they were tendered a royal welcome by worthy matrons and worthy patrons as well as the past matrons and patrons also the visiting members were given a rousing welcome, which was extended by Mrs. Kenneth Hill, worthy matron and W. A. Thompson, worthy patron.

Considerable business was transacted at the conclusion of which the degree was conferred in an able manner by the worthy matron, worthy patron and officers. After the degree the worthy matron called on Mrs. Frank Hamilton, past district deputy grand matron, of Kingston, who gave an interesting address on the subject of "Truth." Other brief addresses were also given and all wished for Napanee Chapter continued success in the years to come.

Mrs. Hill had the honour of presenting Mrs. Hamilton and Mrs. Jas. Robson, soloist, with personal gifts. Mrs. Joseph Tustin then approached the east and on behalf of the officers, presented Mrs. B. M. Black with a beautiful pair of bridge lamps, and a fancy dish of hammered silver, which were suitably acknowledged by Mr. Black. He fulfilled the duties of organist ever since the chapter was instituted and is the only officer still in office who was an officer when the chapter was organized in 1926. The refreshments committee was requested to assemble in the west and each one was presented with a message of welcome.

At the conclusion of the chapter session an adjournment was made to the dining room, where light refreshments were served. Mrs. H. B. Card, Mrs. Jas. Hench, Mrs. Joseph Tustin were the conveners of the lunch committee and were assisted by members of the lunch committee. There was a beautiful birthday cake with 20 candles, Mrs. Marion Wheeler, a past matron of Prontenac Chapter No. 90 of Kingston, who assisted at the institution of Napanee Chapter, had the honour of cutting the cake.

The solos of Mrs. James Robson at the opening of the degree and also when the charter members assembled in the west, were greatly enjoyed at the present. Altogether it was fine of the finest birthday parties ever held by Napanee Chapter, which will be long remembered by the large attendance of approximately one hundred.

There was a brief programme after the Chapter closed which consisted of a piano duet by Mrs. Bert Seymour and Mrs. B. M. Black and two vocal numbers "Morning" and "The World is Waiting for the Sunrise" by Mrs. Harold Dennison, with Mrs. B. M. Black as accompanist.

PRESENTATION MADE TO CHURCH ORGANIST AT ENTERPRISE

On Friday, August 30, the ladies of St. John's Anglican Church, Enterprise, met at the home of Mrs. C. Graham, to bid farewell to the church organist, Miss Jessie Cowdy, who recently passed her examinations and intends entering Peterborough Normal School, as a student at the opening of the Fall term. After a few remarks, the following address was read by the rector, Rev. Mr. Ware of Tamworth, and a beautiful student's lamp was presented to Miss Cowdy, by Mrs. Guy Fenwick, as a token of appreciation from the congregation for her faithfulness and efficiency as organist during the past number of years.

Enterprise, Aug. 30, 1946.

To Miss Jessie Cowdy,

We, the members of St. John's Church, Enterprise, feel it our duty to show our appreciation of your faithfulness in the acceptance and discharge of the responsibility of organist in our church.

Your faithful and efficient service has been a great help in making the services of the church cheerful and reverent, and we trust that, wherever you may be, it may be continued and always receive as sincere appreciation.

Your leaving us for teacher training we believe, will be the opening up of new opportunities for service and success.

Our prayers and good wishes will follow you throughout your career.

As a token of our esteem we wish you to accept this student's lamp. May it assist you in preparing for and continuing your vocation.

(Signed) on behalf of the Congregation,

— Rev. J. O. Ware.

Although taken completely by surprise, Miss Cowdy expressed her appreciation to the gift, and thought which lay behind it, stating that it had been a pleasure for her to perform the duties of organist. Prayer was then offered by Rev. Mr. Ware, followed by the singing of the hymn "Blest be the Tie that Binds."

The ladies then repaired to the dining-room where a dainty lunch was served by the younger members. Tea was poured by Mrs. Ware, after which a vote of thanks was tendered Mrs. Graham for her hospitality.

Those present were Rev. and Mrs. Ware, Mrs. Roberts, Mrs. Jas. Cowdy, Mrs. B. Colbourne and Malcolm, Mrs. Floyd Cowdy, Miss Jessie Cowdy, Mrs. Chas. Graham, Mrs. Geo. Fenwick, Mrs. Charles Bench, Mrs. S. Rathwell, Mrs. Walter Fenwick, Mrs. Andrew Burgess, Miss Irene Coulter, Mrs. Earl Wagar, Mrs. Guy Fenwick, Miss Beryl Wilson.

TAMWORTH

Tamworth, Sept. 30. — Mr. James Marlin, of Toronto, Washington, is visiting friends and relatives in this vicinity after an absence of 65 years. Mr. Marlin was born at Lime Lake, and, while quite a young boy, left the place of his birth with his parents. He is visiting at the home of Mr. and Mrs. Nelson Martin, Mr. and Mrs. Smith Gilmore, other places, and will return in the future to his home in Washington.

Mr. and Mrs. Robert Brown returned to their home in Wellington after having visited at the home of the former's brothers, Mr. Thomas and Stanley Brown. This is the first visit Mrs. Brown has paid to her home town in the past 42 years. She is a sister of the late Hugh and of Annie Paul, of Sydney. She has a brother, Hayes, in the west.

The Misses Martha and Frances Stimson have returned to their home here after having visited in Windsor and other points west. They will soon be moving with their brother, Andrew, from the farm to their home in the village which he recently purchased.

FOREST MILLS W. A.

The Woman's Association met on Tuesday evening, September 10th at the parsonage, Roblin, with the president, Mrs. Fred McFarlane, presiding. Mrs. Mildred Armstrong led the devotional exercises, taking as her theme, Harvest. It was opened with a devotional reading, followed by the scripture lesson read by Mrs. Ivan McFarlane. A vocal duet was rendered by Mrs. D. M. Sandford and Miss Shirley Armstrong. A reading by Mrs. Elburn Cook and Mrs. W. J. Pringle favoured with a vocal solo. A hymn and prayer led by Rev. Mr. Duquette closed the devotional.

During the business session the reports were read and approved. Material was distributed among the members to prepare for the bazaar in November. Mrs. D. M. Sandford conducted the following programme which was greatly enjoyed: Opening hymn, reading by Mrs. Lewis Fox, a vocal solo accompanied on the violin by Mr. Adam Scott; recitation by Katharine Cook; vocal duet by Mrs. Elburn Cook and Mrs. D. M. Sandford, reading by Miss Freda Scott; solo by Mr. Adam Scott; reading by Miss Helen Armstrong. A letter of appreciation was read by Mrs. Lewis Fox from Mr. Garnet Brooks, Hamilton Sanatorium, for a bouquet of flowers from the members of Forest Mills Sunday school, after which Mr. Duquette led in prayer for Garnet. A chorus was then sung and a song contest was won by Mrs. Elburn Cook.

Refreshments were served by Mrs. Duquette. A vote of thanks was tendered by Miss Helen Armstrong for their hospitality.

How Long Will I Live?

Here is an interesting way to find out the PROBABLE number of years you have ahead of you, based on Life Assurance Mortality Tables:

1.—Subtract your present age from 80.
2.—Multiply the result by 7.
3.—Divide the result by 10.

Given a full life span, you have a good chance of carrying out your plans for the future. Life Assurance will add certainty to these plans, should death or disability prevent you from seeing them to completion.

NEWLYWEDS HONOURED AT RECEPTION HELD IN SHARPTON

The home of Mr. and Mrs. Roy Graham, in Sharpton, was the scene of a very enjoyable function recently when more than sixty relatives and friends in the Sharpton district met to honour Mr. and Mrs. Russell Simmons (nee Miss Corinne Graham) who were recently married. The evening was spent in cards and music and vocal duets were sung by Miss Amy Boyce and Jack Taylor, who also led in community singing. Mrs. Clarence Taylor was the accompanist.

The rooms were decorated with cut flowers, pink and white streamers and wedding bells. At an appropriate time the bride and groom opened the many lovely gifts and the groom, on behalf of the bride and himself, expressed his sincere appreciation, to their many relatives and friends. Delicious refreshments were served.

MEMBERS OF EASTERN STAR ATTEND LODGE AT BELLEVILLE

Mrs. Kenneth Hill, worthy matron of Napanee Chapter No. 197, Order of the Eastern Star, and Mr. Hill, as well as Mrs. R. D. Martin, Mrs. Marion Easterbrook, Joseph Tustin, past worthy patron and Mrs. Tustin, conductress, were in Belleville Friday night and were present for the reception which was tendered Mrs. Bella Womnacott, of Belleville Chapter No. 55, who is a past district deputy grand matron, and who received a signal honor at the Grand Chapter sessions held recently in the Royal York Hotel, Toronto in being elected Grand Esther of the Grand Chapter.

There was a large attendance and Mrs. Womnacott was presented with a beautiful coffee table.

At the close of the chapter session light refreshments were served.

NAPANEE W. I. EUCHRE' HELD LAST WEEK

BATH

Bath, Sept. 28. — Mrs. E. J. Rose entertained some friends and relatives in honor of Miss M. Holden, who is leaving soon to enter Kingston General Hospital as a nurse-in-training. The evening was spent in games, contests, and at 9 before lunch Mrs. Rose read an address and Mrs. Lidley presented the guest of honor with a vanity set, a box of stationery, and a bottle of cologne. Miss Holden thanked her friends for the lovely gifts. A delicious lunch was served.

Mrs. Chas. F. Young opened her home on Monday evening to a few friends in honor of Mr. C. F. Young's birthday. After playing several games a dainty lunch was served.

The small daughter of Mr. and Mrs. Elwood Morley was baptized on Sunday evening in St. John's Church. The ceremony was performed by the rector, Rev. L. G. O. Walker. The baby received the name "Sharon Mary".

Several from the village enjoyed the days of the Fair at Kingston.

Mr. and Mrs. F. G. Carver were called to Rome, N.Y., owing to the death and funeral of Mrs. Calver's uncle, the late George Sharman. Mr. and Mrs. R. Lemmon accompanied them.

Mr. and Mrs. Arch Tompkins and Walter J. and Neil, motored to Watertown, N.Y., for the week end.

Mr. and Mrs. F. G. Reid were among the guests at a surprise party held at Mr. and Mrs. R. Baker's for Mr. and Mrs. George Reid, Jr., it being an anniversary of their wedding. The guests of honor were presented with a purse of money and good wishes.

The farmers in this community were very pleased to see the recent rain, as the cisterns and wells were very dry.

LANDSLIDE!

By a smashing 12 to 1 vote car dealers rate SUNOCO DYNAFUEL better than any other gasoline they ever used!

We wanted an unbiased opinion about Dynafuel. And who could be more expert—more critical—in judging gasoline performance than car dealers?

Leading car dealers in 93 communities in Ontario and Quebec were offered a trial quantity of Dynafuel and were asked, in writing, to test this product in one of the cars they sell—to try it under all conditions.

After comparing Dynafuel with any other gasoline they had ever used, 17.1 reported their findings in writing—and here is how they voted:—

92.4% SAID DYNAFUEL PERFORMED "BETTER"
4.7% SAID "JUST AS GOOD"
ONLY 2.9% SAID "NOT AS GOOD"

12 to 1 that Dynafuel performs better than any other gasoline they ever used.

Get Dynafuel . . . and get A BIG PLUS OVER OTHER HIGH-TEST GASOLINES!

Good News!

RATION COUPON CALENDAR

SEPT. 30 TO OCTOBER 7TH

• • •

BUTTER

Coupon B26 now valid.
Coupon B27 valid on Thursday, October 3rd.

SUGAR-PRESERVES

Coupons S35 to S30 now valid.

MEAT

Coupon M32 now valid.
Coupon M33 valid on Thursday, October 3rd.

• • •

SOME COUPONS IN OLD RATION BOOK INVALID

The Ration Administration of the Prices Board has announced that Butter Coupons R-22 to R-28 inclusive, in the No. 5 Ration Book are not valid for the purchase of butter and will at no time be declared valid. Similarly, meat coupon Q-4 was the last of the valid meat coupons in Book 5, and coupons Q-5 to Q25 will not be declared valid.

Question and Answer Column

Readers may direct their questions, giving their name and address and mentioning the name of this paper, to Information Branch, WPTB, 400 Sussex St., Ottawa, Ontario.

Q. I am a diabetic and require more butter. Haw shall I obtain an addition to my regular ration?

A. Obtain a statement from your doctor outlining the exact amount of butter and diabetic fruit you require, then forward this and your number six Ration Book to the nearest branch office of the Ration Administration, which in your case is in Ottawa.

Q. If I buy turkeys for a raffle do I pay the wholesale or retail ceiling price?

A. Any number of more than two turkeys are considered wholesale transactions, and wholesale prices would be the ceiling. However, we would remind you that under present provincial law, permission must be obtained to hold turkey raffles. The Wartime Prices and Trade Board has no jurisdiction over these raffles and does not issue permits. You should consult your local police.

Q. Will you please tell me when the blue coupons for butter in the number 5 Ration Book run out? Are certain numbers not valid after a certain date? If so, which ones?

A. There is some confusion among consumers over which butter coupons are valid in the old and new ration books. Coupon R21 is the last butter coupon to be used in the old ration book. Rationing authorities point out that coupons R22 to R28 will NOT be declared valid. First butter coupon to become due in the new ration book is B26, which came due Sept. 29th. Incidentally, coupons still good in Ration Book 5 are: S1 to S26 for sugar-preserves; R18 to R21 for butter and Q1 to Q4 for meat. No additional coupons in the old book will be declared valid.

Sea water often was used for soaking the cattlehides from which tanners of Colonial days made their leather soles. Laid out in an inlet of the sea, the hides were weighed down with stones and left to soften in the tide's ebb and flow.

DORLAND

Dorland, Sept. 28. — The recent rains have revived vegetation, so the country looks quite prosperous once more. Lawn mowers that had been resting for the last three months, have had to be brought out. Fall wheat is still being sown, but what was in before the rains is coming up nicely.

Mrs. Russel Cousins left on Friday to spend some time in Galt with her father, who is in failing health.

Born, to Mr. and Mrs. Marshall Cousins, on September 18th, a daughter.

Master Royce Martin, who has been so critically ill with an hyperadix operation, has sufficiently recovered to return to his home on Tuesday. He is doing well at present.

The Yarker-Colebrook W. M. S. met at the parsonage, Yarker, on September 12th, at 8:00 p.m. Mrs. Townsend led in the worship service. She was assisted by Mrs. Fletcher, who was dressed to represent India, while Mrs. Townsend dressed to represent Canada. Mr. Fetcher led in a quiz, introducing the new Study Book. Mrs. Hawley and Mrs. Fletcher rendered a vocal duet. Mrs. Hawley, President, presided for business. It was decided to quilt two quilts, the same to be given to those whose homes were recently destroyed by fire. The offering was taken and dedicated by Mr. Fletcher. Roll call was answered by a "Beatitude". The meeting closed with prayer by Mrs. Wm. Smith. The hostess served a dainty lunch.

Anniversary services were held in the United Church on Sunday, September 29th. Rev. Mr. Poulter, of Madoc, was the guest preacher, and delivered two inspiring messages. Special music was furnished by Miss Leafa Drew and Miss Janet Huffman at the morning service, and by Mr. Arthur Wright at the evening service. The church was prettily decorated with flowers.

A NEW BOND ISSUE FOR PEACETIME SAVINGS

Canadians are thrifty people. Their record in war financing will stand for many years to come.

Through six years, millions saved and invested in Victory Bonds and War Savings Certificates in a way no one thought possible. Many thousands learned the convenience of regular, systematic saving, whether in small monthly amounts or by larger cash investment. As a result they have accumulated substantial personal reserves with all that means in increased future security and satisfaction.

Because suggestions and requests have come to me from all parts of the country that facilities for this kind of saving be continued in peacetime, the Canada Savings Bond has been created.

The issue of War Savings Certificates and Stamps to the general public will be discontinued on September 30th, and final instalments on the last Victory Bond issue will have been completed in the near future. Canada Savings Bonds, therefore, will provide an opportune means for citizens to carry on their regular savings habits without interruption.

The general public should note that this time there will be fewer salesmen than in the case of Victory Bonds. Although the new Canada Savings Bonds will be sold through banks, authorized investment dealers, stock brokers and trust or loan companies, these agencies will not be able to approach every individual Canadian. This means that for the most part it will be left to Canadians to assume the responsibility for their own purchases of Canada Savings Bonds. If they wish to grasp this opportunity, they should act for themselves without delay.

Canada Savings Bonds are designed to be the finest investment available to the public today. I recommend them to you as a safe, profitable and convenient investment for personal savings.

I now announce the terms of the new Canada Savings Bonds, which will be offered commencing October 15th.

CANADIANS WANT FACTS

CAN WE END LABOR UNREST?

Labor asks for fair wages, security, holidays with pay, a shorter working week. Employers seek a fair return on invested funds, tax easements to enable savings against declines in business, and production standards that permit Canadian goods to compare favorably for world markets.

Vandals Overturn Forty Stones at Local Cemetery

Damage Estimated at Over $5000

Not for many years has any occurrence in the Napanee district so stirred the indignation of the citizens as the desecration of Riverview Cemetery in the early hours of Sunday, October 6th. When William Richardson went to the cemetery Sunday morning, he was amazed to find that a great many of the monuments on the graves, had been toppled over from their bases and were lying on the ground. He reported to a member of the Cemetery Board, and the Provincial Police were notified. After investigation, two Napanee young men, Ross Shetler and Clare Blute, were arrested and placed in gaol on a charge of doing malicious damage to property.

During Sunday the Cemetery was visited by hundreds of people, many of whom were concerned as to whether or not the stones on their family plots were among those which had been damaged.

A total of over forty monuments had been pushed off their bases. Some were damaged beyond repair, others had pieces chipped off them and some were undamaged and will only need to be lifted back and set again on their bases. It was estimated that damage done will exceed $5,000.

Many of the stones pushed over must weigh from 1,000 to 1,500 pounds. Some had only recently been erected and others had been in place for many years. Among the latter were two beautiful tall pillar-like stones, one of polished red granite and the other of grey granite, which, when they fell, broke into several pieces and will be beyond repair. One stone was a monument to the Memory of a Young Soldier who lost his life Overseas. In a few cases, the stones had been erected many years ago and it is doubtful if any relatives of those buried in the plots are still living, and, consequently the stones may not be replaced.

Most of the damage done was in the western part of the Cemetery, but a few stones were disturbed in other parts, as well. Some cement blocks on the top of a mausoleum were also thrown to the ground.

Provincial Constable Everett Smith, of Napanee, who is in charge of the investigations, called in a finger print expert from Belleville and has also had casts made of footprints found at some of the stones.

The two young men held by the police, will appear in Police Court on Thursday afternoon.

Miss M. Cavanaugh Returns to Napanee as Bell Tel. Representative

Miss Mary Cavanaugh, daughter of Mr. and Mrs. James Cavanaugh, Robert Street, Napanee, who has been local representative of the Bell Telephone Company in Picton for the past eleven years, has been transferred to Napanee, where she is to assume a similar position.

Miss Cavanaugh was an employee of the Napanee Office of the Bell Telephone Company for several years before going to Picton.

Mrs. T. J. Hunt Re-Elected Diocesan Pres. Cath. Women's League

The Catholic Women's League convention of the archdiocese of Kingston was held at Picton on September 30th, October 1st and 2nd. Monday evening Sept. 30, at the opening session in Prince Edward Yacht Club Mrs. T. J. Hunt, diocesan president and Mrs. A. W. Hensman, president of Picton subdivision, welcomed the delegates. The pastor, Rev. Fr. L. B. Garvin, led in the League Prayer and also welcomed the ladies. Civic greetings were extended to the delegates by Ralph Warren, mayor. Rt. Rev. Msgr. Byrne, D.D., LL.D., Ph.D. diocesan chaplain, also spoke to the delegates.

Tuesday, after hearing the different reports, the election of officers took place and Mrs. T. J. Hunt was re-elected diocesan president. At 7:30 p.m. in The Globe Hotel, the highlight of the C.W.L. convention, the banquet, was held. His Grace, Most Rev. J. A. O'Sullivan, addressed over two hundred delegates and visitors. Very Rev. Dean Leacy and Father Martin, Deseronto, were among the special guests. Archbishop O'Sullivan stressed the fact that women must help solve the problems of today in the home. Preserve the home and make your home a Christian home and there will be no problem. He asked the women to take a practical interest in things and never forget the power of prayer which will overcome the evils of the present day.

Mrs. Haughain, Stanleyville, moved a vote of appreciation. Mrs. Hunt and Mrs. Hensman were each presented with a very beautiful corsage by the Picton subdivision. As a measure of appreciation, Mrs. A. N. Keon of Sydenham, presented the Picton president, Mrs. A. W. Hensman with a beautiful silver tray on behalf of the Diocesan Council of Catholic Women's League.

Council Arranges To Deed Land For New Schools

Will Also Deed Part of Park Land for County Memorial

At the regular meeting of the Napanee Town Council last Monday evening a by-law was passed fixing the date of the Municipal Elections, Nomination Day and Polling Day. Nomination Day Friday, November 22nd.

Councillor Web ter, Chairman of the Industrial Committee, reported that a representative of a manufacturing concern expects to meet the Industrial Committee of the town on Saturday next to discuss the possibility of establishing a factory in the town.

Reeve Rob on, in his report for the Fire and Water Committee, recommended that Merle McGregor, son of Cecil McGregor, the driver of the Napanee fire truck, be engaged as an assistant truck driver, at a salary of $16.00 per week. The recommendation met with considerable opposition from several members of the Council, and the matter was referred back to the committee for further consideration.

Several Councillors expressed the opinion that since Merle McGregor is a miner he might not have sufficiently good judgment to handle the truck in traffic, regardless of how good a driver he might be.

Councillor Kimmerly stated it had been reported to him that Cecil McGregor, the regular truck driver, had been working for a garage in the town during the hours when he was supposed to be on duty, and a motion was passed that the Fire and Water Committee investigate and report.

Councillor Rogers drew attention to a mot on in the minutes in which the Fire Chief was instructed to make monthly reports at the Council meeting, which had not been done by the Chief.

Mr. Arthur Loucks appeared before the Council to ask for information concerning the extension of the sewer into the Newburgh Road. He stated he would be unable to occupy his new house this winter unless he could get water and sewage facilities. He was informed by Councillor Ramsay that the engineers started the existing sewer on the Newburgh Road is overloaded and he would not recommend any additions. There is also the difficulty. Mr. Ramsay said, of securing the ant pipling, and, as a consequence, he could not likely be started in any place this fall.

After lengthy discussion, a motion was passed that a local improvement sewer be constructed from Church Street, on the Newburgh Road, to Dairy Ave. The yea and nay vote on the motion resulted as follows: Yea: Holmes, Kimmerly, Robson, Rogers, Cone, and Webster. Nay: Chalk, Ramsay.

A motion was passed later in the session that the engineer start construction by-law be prepared, and presented to Council at the next meeting.

LAND FOR COUNTY MEMORIAL

A recommendation, presented by Councillor Rogers, Chairman of the Town Property Committee, was passed, that the strip of land, part of the Harvey Warner Park, be deeded to the County for the purpose of erecting thereon a County Memorial Hall, and the Cenotaph Stand in the Park be allowed to be moved, and the plaque on the Band Stand be placed in a suitable place.

A recommendation of the Property Committee was also accepted that the County be asked to deed the lot north of the town property on West Street to the Board, to be added to the property, on which it is proposed to erect a new school.

Councillor Rogers reported that a price of $225 had been submitted by Thos. Thompson for the old Armouries building on Hall auditorium. Council decided that tenders for the property should be asked for, and that advertisements a king for tenders be placed in the local papers before the next meeting of Council.

SITES FOR NEW SCHOOLS

A motion was passed that the request of the Board of Education be granted for the transferring to the Board of the site chosen for the East Ward School, and that the town transfer to the Board a new site for the West Ward School on the west side of West Street, consisting of Lots 24 to 28, inclusive, being the land all south of the Canning Factory property. It was also decided to proceed with the grading and beautifying of the property on West Street while deciding on the plans for a new school.

Stanley Parks applied to the town for a lot upon which to build a home and the request was referred to the Town Property Committee with power to act.

A request for permission to hold a Boy Scout Apple Day on Saturday, October 12th, was referred to the Police Committee with power to act.

REPORTS PRESENTED

Councillor Vine submitted the Report of the Chief of Police for the month of September, which included the following information: Complaints received and investigated, 6; accidents reported, 3; summons served, nil; arrests, 11; bicycles impounded for riding on sidewalks, 2. During the month of September the following convictions were obtained for the town: Under the criminal code, 7; Liquor Control Act, 6; Highway Traffic Act, 2.

Council Ramsay, Chairman of the Social Welfare Committee, reported that 26 persons received relief aid in September at a cost to the town of $167.50.

Deputy Reeve Holmes presented the Treasurer's Report of receipts and expenditures from January 1st to September 30th. Among the items of receipts were: Taxes, $92,547; licenses, $794; rents, $970; Liquor Control Board, $601; relief grants, $1,086.

Among the expenditures were: Printing, $613; insurance, $969; town property, $1,275; fire and water, $4677; police, $3,562; street lights, $3,037; streets, $10,673; garbage collection, $2,370; charity, $992; direct relief, $1,830; schools, $17,000; parks, $964.

TOWN PLANNING REPORT

Councillor Ramsay, Chairman of the Town Planning Committee, presented the following recommendations from the committee, which were adopted:

That a by-law governing the licensing of public halls be prepared for submission to Council, such by-law to be patterned after model submitted by Provincial Fire Marshal's office, and that a fee of $10.00 be charged annually for each license.

That the Alan M. Chisel in pect each building so licensed, to make sure that the by-law's requirements are complied with.

Present building by-law be studied before introducing a new one.

Existing by-law be amended to read:

(a) Building permits for repairs, or additions, to existing properties shall be issued and authorized by the Town Clerk, provided a value of such repairs, or alterations, do not exceed $500.00 in cost of material and labor.

(b) Building permits for new buildings of any kind shall be issued by the Town Clerk after each application has been approved by the Council at a regularly or special meeting called for this purpose.

MISS RUBY PEARSON NEW POSTMISTRESS AT MOSCOW

On October 1st. the Moscow Post Office changed over, with Miss Ruby Pearson in charge.

The new Post Mistress is a veteran of the last war and has an enviable record of four years and eleven months in The Canadian Woman's Army Corps, three years of which was spent overseas. It is therefore fitting that this appointment should be recognized by the powers that be.

It is now ninety-two years since the first postmaster at Moscow, was appointed.

Following is the complete list of those who have served in the important position:

Since 1854: John Crommer, Zara Vanluven, Everton L. Vanluven, John W. Reid, Mrs. Ella Burton and Ruby Pearson, new appointee.

MINOR ACCIDENTS LAST WEEK

About 12:30 a.m., on Sunday, October 6th, a car driven by Harold Oke, Roblin Hill, Napanee, struck a horse owned by Cyril Wilson on the Newburgh Road and injured the horse's head. Mr. Oke's car was slightly damaged.

Sunday evening, about nine o'clock a car driven by Jack McFarlane of Shannonville, sideswiped a westbound Collecutt bus on the Deseronto Road, just beyond the limits of the town of Napanee. The McFarlane car was damaged on the left front, but only slight damage was done to the bus, which was later able to proceed on its way.

Five concrete containers of Jasmine perfume, valued at more than $1,500,000, were stolen recently from the Laborma plant in Vallauris, near Nice, France.

INFORMATION WANTED!

A county cheese producer, who receives the regular Dairy Produce Market Report, issued by the Dominion Department of Agricultural Marketing Service, was amazed to find in the news items the following: "Plymouth, Wis.: At the Wisconsin Cheese Exchange on Friday, September 27th, there were no sales. Unfilled bids for 10 cars of Cheddars were at 43½ cents and for five cars of Cheddars at 43½ cents. There were also bids on two cars of Single Dairies at 47½c." The local producer would like to know if the Dominion Government officials ever read the items and are aware of the prices quoted in the United States.

Good Market Saturday

Considering the very dry summer the crop of vegetables and small fruits in the Napanee district, has been exceedingly good. Each Saturday, large quantities of both fruit and vegetables have been offered for sale on the Napanee market. Quite a few have been particularly good quality and have been selling from 15c to 25c each cabbages, potatoes, carrots, onions, beets and other small vegetables continue to be offered in large quantities and the quality stays good.

There were a large number of little pigs offered for sale last Saturday, at $15.00 per pair, but buyers were scarce.

UNITED NATIONS CAN PRESERVE PEACE, SAYS EDEN

London, (Reuters)—Anthony Eden said a United Nations World meeting in the Guildhall, last week, that the United Nations Charter, properly interpreted in the pre-atomic age, would work if it was fairly and honestly used.

The former British Foreign Secretary said that in his experience in international affairs he had found that it was the human factor and not the mechanical shortcomings of international machinery that had caused failures.

"Break down the suspicions and antagonisms that at present bedevil the relations between the great powers that were so lately allies, and the present machinery of the United Nations will work well enough until the governments are ready to take the next step forward together," he said. "But unless we can break down these suspicions and antagonisms no machinery, however perfect, has a chance to work."

He said the British people who led the world at its darkest hour, could lead it again.

Liverpool members of parliament are to approach the admiralty and the treasury to suggest that the port become a permanent naval base.

Plans Completed For Honouring II. War Veterans

Napanee's Recognition Day to be Held Next Monday

After months of planning and preparation, arrangements have been completed for Recognition Day, Monday, October 14th, when the Municipality of Napanee will honor the Napanee Veterans of World War Two.

Councillor Harold Webster is General Chairman of the Committee charged with making arrangements for the day's proceedings, and a great deal of hard work has been done by the Chairman and his Committee. Securing the names of all the Service Personnel has been a most difficult task, but a list which is believed to be fairly accurate has been compiled. To each Veteran the Municipality will present an engraved ring at the Ceremony in the Armouries, at 2:30 p.m.

During the morning a programme of sports has been arranged at the Napanee Driving Park and the Lions operated Gibbard Memorial Park. At 1:30 p.m., all Veterans will fall in in front of the Armouries and parade through the main streets, returning to the Armouries for the presentations. Following the presentations tea will be served in the Officers' Mess and the I.O.D.E. rooms, by Members of the I.O.D.E.

During the day music will be provided by the Metropolitan Silver Band of Toronto, the Prince of Wales Own Regiment Band of Kingston, and the Pipe Band of Napanee. In the evening, at 7:30 o'clock, the Metropolitan Silver Band of Toronto, which is considered the finest band of its kind in Canada, will present a concert in the Armouries.

The Citizens of the Town are being requested by the Committee to decorate their homes and places of business, and to turn out to see the parade, to attend the ceremony in the Armouries and the sports at the parks.

Streets Committee Presents Review Year's Activities

Ask Council for Larger Grant

The following report of the Streets Committee covering the period from January 1st, 1946 to October 1st, 1946 was presented to the Council, Monday evening, by Councillor A. S. Kimmerly, chairman of the Streets Committee:

When the estimates for the year were struck in February, it was impossible to make a survey of the condition of the Town roads. When weather conditions did permit of an inspection, it was found that all secondary roads were in a very bad condition. During the early part it was difficult to keep roads in repair on account of lack of materials and help.

The cost of removing snow and ice, cleaning catch basins, cleaning the gutters in the spring and many other items runs into considerable expenditure, before any actual expenditure is made on repair and maintenance of roads.

It was felt that a special effort had to be made this year to place our roads in a reasonable state of repair: both paved and secondary roads, and the first step appeared to be to patch all the secondary roads to prepare them for a surface treatment.

The cost of Bitumula Compound for patching, amounted to $1,217.15 and cost of stone for this work was $226.80 and while the amount expended for labor cannot be definitely determined, yet it would run into considerable money as it took several months to complete the patching and this part of the work would amount to approximately $3,000.60.

When the patching was completed a surface treatment was applied to about 7½ miles of road.

The cost of resurfacing is as follows:

Bitumula Compound	$2000.10
Chip Stone	1520.50
Sweeping, applying Bitumuls & Stone..	1460.06
	$4980.66

There was considerable annoyance in several sections of the Town following the surface application through dust conditions. The reason for this was that the roads treated had not been surfaced for seven years and these road beds were hungry and soaked up the Bitumuls to such an extent that a considerable part of the chip stone applied did not bed into Bitumuls and was left loose on the surface of the road and traffic ground a lot of this surplus stone into dust.

This was clearly demonstrated on bridge Street from West Street to the westerly limits of the Town. In this section there was a heavy coat of stone and the Bitumuls could not penetrate this surface and as a result the chip stone bound in and there was no dust. The same amount of Bitumuls and stone was applied in this section as on all other roads.

As a result of this surface treatment we have a good hard top on the secondary roads and if the Council of next year could repeat the treatment, a serviceable and satisfactory road surface would result and thereafter, could be maintained without too heavy an expenditure.

Our pavements were also in need of attention, especially Dundas St. and the cracks and breaks in the pavements have been filled and if this policy is continued each year, these pavements will last for many years.

We have approximately 3½ miles of pavement. Dundas Street was built in 1921 and has now given 25 years of service. The debentures are now being paid up and the last payment on debentures for this work will be retired next year, 1947

Bridge Street, Centre Street, Thomas Street and the Market Square pavements were paid up in 1941.

John Street, East Street and Robinson Street were paved in 1925 and the last debenture on this work will be retired next year, 1947

There are some roads which were found to be in such a condition that the surface treatment could not be applied. This was particularly noticeable on Water Street in some sections. The only way to place these roads in proper condition is to scarify them, grade them and apply a coat of two-inch stone to establish a base. After that is done a surface treatment could be applied. It is suggested that the Council of next year take this work under consideration when striking the estimates.

The total amount provided in the estimates for street work for this year was $11,000.00 and this amount has been found inadequate for all the work that had to be done. The expenditure to October 1st was: $10,073.70. Accounts owing Bitumuls Co. $1,000.10; Verona Construction Company, Boundary Road, North Fredericksburgh and Napanee $280.00 — total $12,618.80.

SCOUT APPLE DAY THIS SATURDAY

The Wolf Cubs and Boy Scouts of our town will make their annual appeal to the Citizens to support their work. This takes the unique form of an Apple Day, which will be Saturday, October 12th. Be sure to buy an apple and receive a tag from the Cub or Scout who will meet you on the street, that day. Why not encourage him by asking him to let you have a tag instead of waiting to be challenged.

In connection with this drive the lads will call at your home or place of business to canvass your financial support. For every contribution of 75c he will deliver a basket of apples. Please decide how much you wish to contribute and it will help him considerably. Remember he is not a super salesman. He will deliver the apples Thursday or Friday.

By the way if you have any spare baskets around, the home he will be glad to carry them away for you. The Scouts can use them all.

This is a worthy cause, as everyone knows, and so it merits your most enthusiastic support.

— BE GENEROUS!

The boys are hoping that their Scout Committee which is composed of representative citizens of the town, will be able to buy much-needed supplies for their regular programme. And also they are dreaming of a permanent camp site for next summer. This all depends upon your support this week.

— PLEASE BE GENEROUS!

O.E.S. Officers Attend Meeting at Bancroft

Mrs. Kathleen Cowling, P.D.D.G.M. and Mrs. Helen Empey, P.M., of Napanee Chapter No. 151, O. E. S., were in Bancroft on Friday night to attend the regular meeting of Bancroft Chapter No. 197, O.E.S. Among the distinguished guests present were Mrs. Violet Day, P.W.G.M., Picton, Mrs. Tipper, member of the Grand Executive, from Kirkland Lake, and Mrs. Edna Bowen, P.D.D.G.M., Belleville.

There was a good attendance of members and the meeting was conducted very capably by Mrs. Palmateer, Worthy Matron. Following the business meeting and the election of officers, short addresses were given by the visiting members, after which Mrs. Day, Mrs. Cowling, and Mrs. Broad were presented with Honorary Membership Certificates by the Associate Matron of Bancroft Chapter. Appropriate appreciation was expressed by the recipients.

After the meeting a very delicious supper was served.

LAKE ONTARIO LEVEL DROPS

Water level of Lake Ontario at Kingston, as measured by the Resources Department's hydrographic and map service averaged nine and one-half inches lower in August than in July. This is in accordance with the seasonal trend of lake levels to become lower at this time of year. The reading was ten inches lower than August 1945, when the level was unusually high. Level last month was 18½ inches lower than the highest August since 1860, 39 inches higher than the lowest August since 1860, and 4½ inches higher than the average August level.

If normal changes in levels take place this year, levels will drop slowly until February, when they will start to climb again.

CATCHES LARGE FISH

Doug. Embury, manager of a George St. shoe store, Peterborough, bagged a 22½-pound muskie when he went canoeing below Benstorf Bridge when the big fellow grabbed, and for a while, his hour Doug thought he had a mule on the end of the line. His buddy, Lloyd Mitchell, had no gaff, and no landing net, so he clopped a set of gang hooks on the end of the fish stringer, dropped them into the muskie's mouth and hooked it, then hauled the big fellow into the boat. Besides the muskie they caught five pickerel and it was the best day's fishing of the entire season for them.

Doug. Embury is a son of Mr. and Mrs. Ed. Embury, of Napanee.

BOY SCOUT NEWS

On Wednesday, October 2nd the weekly meeting of the First Napanee Troop was held at 7:30, with the bringing of the Flag by Patrol Leader Gar Smith.

Scoutmaster Rev. Noble Hatton discussed the immediate need for baskets for the Boy Scout Apple Day. The meeting then adjourned for thirty minutes while the Scouts went on a basket hunt. Prizes were awarded for every basket each patrol brought in. As the deadline drew near and the scores were very close the Scouts became tense with excitement. The highest number of baskets brought in by one patrol was 34. In three quarters of an hour about 250 baskets had been gathered.

Two games were played under the leadership of Pat Fraser and Peter. The games were Dodge Ball and a get of Tug of War. Both games caused much excitement.

After a short review of Tenderfoot and second class tests in the period corners, A.S.M. Bill Roblin gave the Scouts a brief talk.

The meeting ended by a short talk on Apple Day by Rev. Hatton and the Lowering of the Flag.

While the work in connection with streets will not be heavy from this date to the end of the year, yet streets have to be cleaned, sidewalks repaired, leaves gathered and drawn away, snow shovelled and sidewalks and cars sanded in case of ice conditions.

Having this in mind and taking into consideration the probable expenditure from this date to the end of the year and the amount expended to date, your Committee would request that an over-expenditure on Streets be authorized by the Council of $2,500.00.

After the report was considered, a motion was passed to accept it together with the recommendation in the last clause.

FORCING THE ISSUE

For several years this paper has suggested that there might well be municipal processing and distribution of milk and milk products. It is significant that the present increase in the cost of milk to the consumer has brought this which was a rather far-off suggestion, right into the area of practical politics. There is a wave of resentment discernible in public opinion over the recent action of the Milk Board.

It is rather surprising to discover that in New Zealand they have municipal distribution of milk. Mr. Ross Gregory, staff reporter for The Toronto Daily Star, had an interview with Hon. David Wilson, New Zealand's High Commissioner to Canada. The report of that interview was published in the Toronto paper on Monday. In it, Mr. Wilson tells that in Wellington, milk distribution has been municipalized. He goes on to tell the benefits of this. The children get milk free — the regular rate is nine cents a quart. There is no middle man to consider, no shareholders to be thought of. The whole benefit of the milk production and processing goes where it should go — to those who drink the milk (the consumer) and those who produce it (the farmer). Mr. Wilson said that many other municipalities, besides Wellington, had taken the first steps towards municipalization, and that within the next year, municipalization would be greatly extended.

This is what always happens. Some group of financiers see a profitable business in some essential commodity. They get after it. Then the desire for profits — always insatiable — drives them from one stage to another in the endeavor to get control of the business; then co-operation among them to hoist prices, with the result that the price is paid in human lives.

There might have been little objection had the price of milk been increased by the amount of the subsidy that was removed, but the price increase was twice the amount of the subsidy. So far as we can discover, there was no demand by the farmers for the small increase they received. No! the demand came from somewhere else; quite probably from the same class of people who are spending thousands of dollars these days, to tell the public that Socialism is all wrong, and that the ideal economic set-up is the one which permits such things as we have witnessed the Milk Board sanctioning during the past week. The best way to force the Common Man — who in the final analysis has the last word — to demand socialization of the distribution of the necessities of life, is to keep on raising prices.

FEAR

Vincent Massey, until recently Canadian High Commissioner to Great Britain in an address before The Canadian Club on Monday, told his audience that "Fear" is the basis of much of the misunderstanding between Russia and the Democratic peoples. He is reported to have said: "Fear is the dominant factor in Russian thinking. The Marxist believes that a clash between his system and free society must come, and despite all our efforts at friendship, Russia has retired into an iron-bound isolation, and her people are permitted only a wilfully distorted picture of the world outside, which can only confirm their suspicions that we are plotting against her."

With that we could find little fault. There can be absolutely no question but that the Russians are afraid of the Western Powers. There may, historically, have been some cause for that. But, it is well to remember that fear is not confined to Russia. Some years ago, after a first-hand survey of conditions in Europe before the Second World War, the writer pointed out that the nations of Europe were all afraid of each other. National borders were bristling with bayonets then, and the whole of Europe was in the jitters. It is not only that Russia fears the Democracies, that is only one evidence of the total fear-complex of Europe. Every nation watches every other nation — with fear and anxiety.

Naturally, Russia representing one particular ideology, is afraid of those of another ideology. She fears and envies the bigness, the power and the efficiency of the Democracies even while disliking and opposing the ideas and the spirit which gave rise to these.

Fear is not altogether one-sided, either. We know how fearful certain groups in our own country are of the ideology of the Russians. They have gone a long way to instill that fear into others: to brand one as a Red or a Bolshevik is bound to bring down on his head the denunciations of many who fear even the mildest form of liberalism in politics or economics.

Not only so, but there are great fears in other areas of life. The workman who sees increased productive power of modern machinery, fears another depression, and is doing all he can to stave it off. While management fears that Labor will get the upper hand and Management will be out of business.

Fear is a terrible emotion; it is one of the most terrible and potentially evil emotions in human nature, and when played upon by skilful propagandists, is frought with unlimited powers for evil. And once the fear has been aroused, it is difficult to destroy or annihilate it. Even in an individual, it takes a long time to overcome fear. It can only be done by continued and continual expression of goodwill. On the national level, it is a much more complex and difficult task. It will take years and years of careful painstaking effort, and patient expressions of goodwill to get fear out of the world. It is not an easy task — there is no royal road to achieving it!

LIVES AT STAKE

President Truman has added fuel to the fire already burning in Palestine and the Near East. His public announcement that Great Britain should allow a hundred thousand Jews into Palestine, at once, is bad taste, and bad tactics.

We usually like to regard the President of The United States, while in office, as above party. Naturally, if he is running for a second term, he is expected to make certain political speeches. This he does with the full consent and knowledge of everybody. The public expects it will be a political speech. They know it is coming; they make the necessary allowances.

When acting in his capacity as President, however, it is assumed he is the President of the Whole Nation, and not of any one section. That has been the history of the Presidency.

There is an election or a number of elections coming off in November, in The United States. The Jewish vote is an important factor in elections. It is a compact minority which can be well handled by the Jewish leaders, and can count a great deal in a close election. It is said, too, that the Jews have put up the greatest lobby of all time in Washington. So that the President, no doubt anxious to see his party secure the Jewish vote, made the suggestion that Great Britain should permit many more Jewish refugees into Palestine than had been planned.

In Great Britain, a conference has been in session, trying to find a solution to the problem which the situation in Palestine has presented. It is a thorny problem. it was impossible to get the Jews and the Arabs together, to face the issue. The British members on the conference had to be satisfied with discussing the situation with first a few Arabs and then a few Jews.

Into this tense situation the President of The United States interjected a purely American political issue. The President wanted votes for his followers; he wanted The United States Jewish vote for them — and so made his suggestion. The result is already noticeable. More riots in Palestine; more bitterness gainst The United States, by the Arabs.

The President of The United States has greatly embarrassed Great Britain. He has not enhanced his prestige either, at home or abroad.

GREAT FOR COWS

We think it is a great thing for a farmer to advertise that all his cows have been T.B. tested. The farmer takes a pride in his tested herd, and the consumer is glad to know about it, too! And yet there are still a few people left who see no necessity for human beings having a T.B. test. Strange—is it not? There is only one absolutely sure way of knowing whether a person has T.B. or not, and that is an X-ray.

Soon the people of Napanee and District will have the opportunity to get this T.B. X-ray free. Everybody should get tested. It is a great satisfaction for a man, woman or child to know they have no symptoms of T.B. It is an equally satisfying experience to find out right at the beginning, of this dread disease—then proper care can be taken to effect the cure. It is a strange thing about T.B. One may have it for quite a while and know nothing about it. The cure, once the disease is deep-seated, is a long, slow process. The only absolutely safe way is to get X-ray tested.

It is to be hoped that when the testing begins in this area, it will go over On Hundred Per Cent.

OTTAWA TO STUDY FLOOR PRICE FOR POTATOES

Ottawa. — Fears that an unusually large crops of potatoes in Eastern Canada this year will further depreciate the price, already below the ceiling level, have caused growers to seek a floor price from the Government, and the agricultural prices support board, under the chairmanship of J. G. Taggart, began a study of the whole question.

"The matter was gone into last week when a delegation of thirty, representing the department of agriculture of the Quebec, New Brunswick, Prince Edward Island and Ontario governments and the potato producers of Eastern Canada met with Mr. Taggart. A. C. Taylor, Minister of Agriculture for New Brunswick, headed the delegation.

Reference was made to the abnormal crops of potatoes in the United States where drastic measures have been taken to turn the surplus into alcohol and animal feed, and where a considerable wastage is still expected. While the Canadian crop will not be much in excess of the potential demand, producers fear what might happen to the price, and have asked the Dominion Government to protect the market.

The agricultural prices support board has undertaken to explore the whole situation, and besides the suggestion of establishing a floor price, will look into the prospect of enlarging the export market. It is understood that there might be a good market in South America, both for seed and table potatoes. Both this and the possibility of turning over more potatoes to starch factories will be examined. All these things will be considered before a decision is made, it was stated.

GENERAL

Q *What are Canada Savings Bonds?*
A Canada Savings Bonds are the successor to Victory Bonds and War Savings Certificates. They are your country's promise to return your money to you at any time and to pay you interest at an attractive rate.

Q *Why are Canada Savings Bonds being offered?*
A Because during the war, millions of Canadians learned the savings habit by buying Victory Bonds and War Savings Certificates. A recent survey shows that 82% of them want to keep on saving by a similar plan.

Q *Is the Government selling Canada Savings Bonds just to raise money?*
A No. Borrowing needs of the Government can be met by other types of loans. The main purpose of the Canada Savings Bond is to provide Canadians with a convenient way to continue this kind of saving and investment in peacetime.

Q *Is there any limit to the amount of Canada Savings Bonds that one person may hold? If so, why?*
A Yes. There is a limit of $2000 for each individual, but each member of a family may hold bonds up to the limit.

Q *What is the price of Canada Savings Bonds?*
A 100%. That is, a $100 bond costs $100. If payment is not completed on or before November 15th, 1946, interest will be added to the purchase price.

Q *In what denominations are Canada Savings Bonds available?*
A $50, $100, $500 and $1,000.

CASHING OF BONDS

Q *Can I cash my bond at any time before November 1, 1956?*
A Yes, any branch in Canada of any chartered bank will cash your bond immediately at full face value, plus interest at 2½% upon your identification as the registered holder.

Q *Can Canada Savings Bonds be assigned or transferred?*
A They can be cashed, but not assigned or transferred. This is necessary to prevent any individual from acquiring more than the authorized limit.

INTEREST COUPONS

Q *What interest is paid on Canada Savings Bonds?*
A 2½%—payable yearly on November 1st from 1947 to 1956, by coupon cashable without charge at any branch in Canada of any bank.

Q *Are interest coupons registered?*
A No. They are payable to bearer.

REGISTRATION PROTECTION

Q *Why is it necessary to register Canada Savings Bonds?*
A Registration gives protection in case your bond is lost, stolen or destroyed. It is also the simplest way to ensure that individuals do not hold more than the $2,000 limit.

Q *In whose name can Canada Savings Bonds be registered?*
A They can be registered only in the name of one individual, adult or minor, up to the amount of the authorized limit.

Q *Can Canada Savings Bonds registered in the name of a child be cashed?*
A Yes. Banks are familiar with the necessary regulations.

Q *Can Canada Savings Bonds be disposed of when registered in the name of a deceased person?*
A Yes, any bank will supply the necessary information.

Q *Can I replace my Canada Savings Bonds, if they are lost, stolen or destroyed?*
A Yes. It is wise, however, to keep Canada Savings Bonds in a safe place, as you would any other valuable documents. In case of loss you should immediately notify the Bank of Canada, Ottawa, of the circumstances.

HOW, WHEN AND WHERE TO BUY

Q *Where can I buy Canada Savings Bonds?*
A At any branch of a bank or from an authorized investment dealer, stock broker, trust or loan company—or through the payroll savings plan if this is in operation at your place of employment.

Q *How do I pay for Canada Savings Bonds?*
A In any of the following three ways:

1. By payment in full at time of purchase.
2. By monthly instalments through a bank, trust or loan company.
3. By regular deductions from pay, where employers operate the Payroll Savings Plan.

8 out of 10 will buy again....

Winter Fuel Supply Will Be Needed Soon

SURPRISINGLY LOW-COST LOANS FROM THE B. OF M. CAN HELP YOU PREPARE FOR COLD WEATHER

With cold weather coming, a good many people are laying in a fuel supply to keep their home warm and comfortable for the winter months ahead. Many are using the Bank of Montreal's low-cost personal loan plan to get ready cash, thus making certain they have fuel on hand when it is needed.

Cash for such purposes is easy to obtain from the B. of M. by anyone who is in a position to repay. The cost is only 27 cents per month for a loan of $100, repayable in twelve monthly instalments. Of course, the amount borrowed can be more or less than $100, but the cost remains proportionately the same. There are no other charges.

The Bank of Montreal is interested in giving assistance to people in the community in matters of this kind, and you do not ask a favour when you ask for a loan from the B. of M. Drop in and see your local manager, or his accountant. You will appreciate their friendly, helpful attitude in dealing with your financial needs.

Why VICKS VAPORUB Is So Good

For Relieving Miseries of

Childrens Colds

More than two generations ago—in grandmother's day—mothers first discovered Vicks VapoRub. Today it is the most widely used home-remedy for relieving miseries of children's colds. And here is the reason . . .

The moment you rub VapoRub on the throat, chest and back at bedtime it starts to work two ways at once—and keeps on working for hours—to ease coughing spasms, help clear congestion in cold-clogged upper breathing passages, relieve muscular soreness or tightness. It promotes restful sleep. Often most of the misery of the cold is gone by morning! That's why VapoRub is so good to use when colds strike. Try it!

Britain To Control Radio-Active Work

London — The government has announced that it will assume control of all processing and distribution of radio-active substances in Britain in a central depot which will co-ordinate its activities with those of British atomic energy researchers.

The depot, to be established at Amersham, Buckinghamshire, twenty miles northwest of London, will deal in "radium, radon and artificial radio-active substances required for scientific, medical and industrial purposes," the Ministry of Supply said.

OBITUARIES

J. H. FITZPATRICK

On Saturday, October 5th, the death occurred at the home of his sister, Mrs. James Foster, in Ernestown, of J. Hugh Fitzpatrick, a former well-known resident of Napanee for many years.

Mr. Fitzpatrick, who conducted the Paisley Hotel in Napanee for many years, had been in failing health for some time and sold out his business about two years ago. He was a son of the late George Fitzpatrick and had lived in Napanee most of his lifetime, except for a few years spent in Western Canada.

He was a former member of the Napanee Town Council and was Reeve for a term.

He was predeceased by his wife, about three years ago, and leaves one sister, Mrs. Foster, a niece and two nephews.

His funeral was conducted by Rev. John Moran of Kingston, on Monday afternoon, at the Wartman Funeral Home, and interment was at Riverside Cemetery.

MICHAEL CRONIN

The sudden death of Michael Cronin occurred early last Thursday morning, October 3rd, at the home of his brother, William Cronin, Centre Street, Napanee.

Mr. Cronin who had been staying with his brother since last June, was apparently in his usual state of health the day before his death, and was found dead in bed early Thursday morning.

He was a son of the late Michael and Mrs. Cronin and was born at Bath, a little over seventy years ago. He had been a farmer all his lifetime and had retired from active work just a short time ago.

He was unmarried and besides his brother, William, in Napanee, leaves two other brothers, Fred at Almonte, and Josepha in Oregon; and three sisters, Mrs. Meeks, Toronto, Mrs. Orens, Picton and Mrs. McKelvie, Pittsburgh, Pennsylvania.

His funeral was conducted by Rev. Noble Hatton at the Tierney Funeral Home on Saturday morning and burial was at Riverside Cemetery.

THOMPSON — In loving memory of our dear brother, Jack, who lies in Ossendrecht, Holland.
Pride of his father, his mother's joy,
A brother who was but a boy —
Gave his life to stop war cease,
That you and I might live in peace.
You're not forgotten, dear brother,
Nor shall you ever be,
As long as life and memory —
We shall remember thee.
Lovingly remembered by

THOMPSON — In proud and loving memory of Rose C. Thompson (Jack), who was killed in action in Holland, October 12th, 1944.
Little more than a happy school boy
When called to war;
He lies in a warrior's grave
On a far-off foreign shore.
When we see the welcome home sign
And feel to all others;
Then we wish, with all our hearts
If he only could come home.
If all the world were ours to give,
We'd give it, yes, and more.
If we could hear his cheery voice
Call: "Hello Mom, Hi Dad," once more.

THOMPSON — In loving memory of my dear brother, Jack, who lies in Ossendrecht, Holland.
Gone is the face I loved so dear,
Silent is the voice I loved to hear;
Too far away for sight or speech,
But not too far for thought to reach.
Sweet to remember him, who once was here,
And who, though absent, is just as dear.

WEDDING BELLS

DWYER - McHENRY

On Saturday, September 14, 1946, St. Mary's Cathedral, Kingston, was the scene of a very pretty double ring ceremony, when Rev. W. H. Carty, uncle of the groom, united in marriage Agnes Marie, daughter of the late Mr. and Mrs. John McHenry and Francis Joseph Dyer, son of Mr. and Mrs. Joseph Dyer, Elgin.

The bride was given in marriage by her uncle, John McKeown and was attended by her sister, Miss Eileen McHenry. John Dwyer acted as best man for his brother, and Jimmie McHenry and William Dwyer were ushers.

The wedding dinner was served at Morrison's Party Lounge, where the aunt of the bride, Mrs. Cecily McKeown, received, assisted by the groom's mother. Rev. J. P. Sullivan proposed the toast to the bride.

Mr. and Mrs. Dwyer left on a honeymoon to Toronto, Hamilton and Niagara Falls.

FARER - McHENRY

A quiet wedding took place at Moose Jaw, Sask., on September 17, when Rev. Father A. P. Ryan united in marriage Winnifred Margaret McHenry, daughter of the late Mr. and Mrs. John McHenry of Marysville, Ont., and Don. Arthur, only son of Mr. and Mrs. D. W. Farer, Drinkwater, Saskatchewan.

The bride wore a pastel blue two-piece dress, with black accessories and a corsage of American Beauty roses. Her only ornament was a double strand of pearls, the gift of the groom. She was attended by Miss Rita Farer, sister of the groom, wearing a brown two-piece suit, with matching accessories and a corsage of Talisman roses.

The groom was attended by Mr. Donald Knowles, of San Fernando, California.

A wedding breakfast was served at Grant Hall Hotel, to some twenty guests. The toast to the bride was proposed by Mr. J. S. Rogers, Rouleau, Sask. Immediately following the breakfast, the bridal couple left by motor for a trip to Kingston, Ont., and other Eastern points.

For travelling the bride chose a cerise suit with black accessories and corsage of red carnations. On their return they will reside in Drinkwater Saskatchewan.

WEDDING BELLS

TREVERTON - BELL

A pretty Autumn wedding took place in Victoria Avenue Baptist Church, Belleville, on Wednesday, October 2nd, at 12:30 o'clock, when Rev. H. O. Eastman united in marriage June Mirie Bell, only daughter of Mr. and Mrs. Percy Bell, John Street, Belleville, formerly of Napanee, to Earl Walker Treverton, only son of Mr. and Mrs. Walter Treverton, Plainfield. The bride looked very charming in a floor-length gown of white sheer with long bishop sleeves, high neckline embroidered with crystal sparklers and shirred bodice with bouffant skirt and wore a floor-length veil caught to her hair with gardenias. She wore lace gloves and carried an arm bouquet of red roses with fern and baby breath, lined with a large bow of white satin ribbon with long streamers. The bridesmaid was Miss Lois Mayhew, also wore a floor-length gown of white sheer with a shoulder-length veil caught to her hair with a halo of yink baby roses, and she carried an arm bouquet of pink roses with baby breath and ferns tied with pink satin ribbon, with long streamers. The groom was attended by his brother-in-law, Mr. Clare Weese, acting as best man.

The church was beautifully decorated with baskets of gladioli, potted ferns and cut flowers, the seats for the guests being marked with white satin bows. The ushers were Mr. P. E. Smith-and Mr. George Clare, cousin of the groom. The wedding music was played by Mr. Dorland Houston at the console of the organ. The bride entered the church to the strains of the Wedding March and was given in marriage by her father, Mr. Percy Bell. During the signing of the register, Miss Edna Jobson sang "Because."

After the ceremony the wedding guests gathered at the Bar-B-Q where a delightful wedding dinner was served. Acting as master of ceremony, Rev. H. O. Eastman proposed a toast to the bride and groom, to which the groom ably responded. The dinner room was decorated for the occasion with pink and white asters and centred with a three-storey wedding cake. The bride's mother received the guests wearing a navy blue wool suit with black accessories and a corsage of pink and red roses tied with silver ribbon. She was assisted by the groom's mother, Mrs. Walter Treverton, wearing a brown wool suit with matching accessories and a corsage of pink and red roses tied with silver ribbon.

The groom's gift to the bride was a walnut chest of silver in Lady Hamilton design. The groom's gift to the best man was a leather wallet and the gifts to the ushers were initialled cuff links. The bride's gift to the bridesmaid was a pair of earrings and the gift to the soloist was a bottle of wingine.

After the reception the guests visited the bride's home where they viewed the many beautiful wedding gifts. The bride and groom thanked their many friends most graciously. The young couple then left for a honeymoon trip amid showers of confetti and best wishes. The bride chose for her travelling an olive green wool suit with brown accessories. They travelled by motor to the United States, visited Watertown, Rochester, Medina, Niagara Falls and Toronto. The young couple will reside at Plainfield, Ont.

Out-of-town guests were from Madoc, Napanee, Kingston, Melrose and Plainfield.

The bride is a former resident of Napanee, and is the niece of Mrs. P. R. Cliff, John Street, and Mrs. Norman Frizzell, South Napanee.

They are both enjoying excellent health and are extremely active considering their ages.

Entertaining Program Presented in Trinity Ch. By W. A. Group

An entertainment which proved to be really entertaining to a capacity audience was presented under the direction of Mrs. Frances Nicholson, in aid of the Woman's Association of Trinity Church in the church school room on Friday evening, October 4th. The main feature of the program was a mock marriage and additional items included musical numbers and readings.

The mock marriage was conducted by Rev. Noah B. Good, impersonated by Mrs. Gilbert Howitt and the contracting parties were Mrs. Marion Beamish, as Aliza Seraphina Hopps, the bride, and Mrs. Charles Cooper, as Adam Cuttenahoe, the groom. The bridesmaids were Mrs. Lloyd Cowle, Mrs. George Howitt and Mrs. Mack Hanton. The groom's assistants were Mrs. Frank Mills and Miss Ruth Graham. The flower girl was Donna Asselstine and the soloist who sang following the ceremony was Mrs. Matthew Taylor, accompanied at the piano by Mrs. Noble Hatton. Ushers were Mrs. Lorne Smart and Mrs. Douglas Mayhew. Mrs. Rennie Switzer and Mrs. H. C. Empey.

The part of the bride's father was taken by Mrs. W. S. Exley, the bride's mother was Mrs. W. L. Bell, and the groom's parents were Mrs. W. H. Truscott and Mrs. F. Knechtel.

The wedding guests included Mrs. E. F. Hall, Mrs. J. H. Gibson, Mrs. T. M. Asselstine, Mrs. R. G. Burrows, Mrs. Clayton Deline, Mrs. M. F. Graham, Dr. Mary Cornelius, Miss Eleanor Clare, Miss Vivian McLaughlin, Mrs. R. H. Pinel, Mrs. Empey and Mrs. G. Herrington.

Following the mock marriage the following program was presented: vocal quartettes by Miss Ruth Graham, Mrs. F. B. Mills, Mrs. Noble Hatton and Mrs. Rennie Switzer; a vocal solo by Mrs. Ronald Jackson; violin solos by Mrs. C. B. Wilson in a three-part song by Mrs. F. B. Mills, Miss Ruth Graham and Mrs. Rennie Switzer and headings by Mrs. Katherine Powell.

During the evening Mrs. Nicholson was presented with a beautiful bouquet of flowers by the members of the wedding party, in recognition of her untiring efforts in directing the evening's entertainment.

The mock marriage will be presented in the Tabernacle Church in Bellevile, on the evening of Thursday, October 24th.

WEDDING BELLS

RUTTAN - McKEOWN

Conway United Church was the scene of a very pretty wedding on Saturday, October 5th, 1946, at 2:30 p.m., when Rev. Gill Stowe united in marriage Elizabeth Gertrude (Betty), youngest daughter of Mr. Wm. McKeown and the late Mrs. McKeown of Croydon, and Ernest Hamilton, son of Mr. and Mrs. Ernest Ruttan, Sandhurst. The bride, given in marriage by her father, looked charming in a white wool street-length dress with shoulder-length veil held in a corset of orange blossoms, which was born by her aunt, Mrs. Cchuyler French, forty-one years ago. She carried a white baby mums and tiny sweetheart rosebuds combined with white snapdrils and fern held in a white lace basket. The bride's only attendant was Miss Jean Ruttan of Conway, who was attired in a powder blue wool dress with fuschia accessories and wore a shoulder bouquet of white mums and fuschia asters.

The groom was attended by Mr. Gerald French of Kingston, cousin of the bride. Mrs. Harvey Leeman of Belleville played the wedding music. The ushers were Mr. Wallace Ruttan of Bath, and Mr. Raymond French of Newburgh.

The wedding party motored to the home of Mrs. Percy Merrick, friend of the bride, where a dainty afternoon lunch was served to about forty guests. The dining room was decorated with white and pink streamers and the bride's table was centred with a three-tier wedding cake and tall white tapers. The bride's aunt, Mrs. Percy Merrick, with whom the bride made her home since childhood, received, wearing a mess green dress with a corsage of yellow gladioli and pink asters tied with burnt orange ribbon. The groom's mother was attired in a purple crepe dress with a corsage of matching purple asters and yellow gladioli, tied with blue ribbon.

The groom's gift to the bride was a single strand of pearls, and to the best man a gold wrist watch band. The bride's gift to her bridesmaid was a gold compact and to the ushers, a sterling silver necklace.

The happy couple left amid showers of confetti and best wishes for Toronto and points west. The bride chose for travelling a blue dress crepe with top coat of grey and black accessories. On their return they will reside in the Conway district where the groom is a fisherman and the bride will resume her duties at Tarry Hall.

Guests from a distance were Dr. and Mrs. H. C. Rogers, sister of the bride, recently returned from India, and her other sister, Mrs. Howard McGill, of Centreville; Mr. William McKeown, of Croydon; Mr. and Mrs. Bill Ruttan of Kingston; Mr. and Mrs. Harry Leeman of Belleville, and Miss Blanche Ruttan of Kingston. Another feature of the day was the christening of Paul Alfred, infant son of Mr. and Mrs. Percy Merritt, by Rev. Gill Steers, of Conway.

MOUNT PLEASANT W. I.

The regular monthly meeting was held at the home of Mrs. Cassidy, on September 12th. The president, Mrs. Dupre, conducted the meeting in the usual manner. The roll call was answered by eleven members and four visitors. The secretary, Mrs. Nugent, read the minutes of last meeting, also the treasurer's report. Several items of business and correspondence were dealt with, including a donation of $10 from our branch, to the Adelaide Hoodless Memorial for the fiftieth anniversary. Mrs. Dupre was appointed convener for the next meeting, when we will have as our guests, Maple Ridge W. I. ladies. Mrs. Arthur Sexsmith had charge of the programme, which consisted of community singing, a reading and an old-fashioned choir, led by Mrs. Stafford. This being grandmothers' meeting, suitable gifts were presented to the oldest and youngest grandmother present, also to the one having the most grandchildren. Mrs. Harrie gave a much enjoyed talk to both grandmothers and mothers.

The meeting closed with the National Anthem, after which lunch was served with Mrs. H. Oliver, a visiting grandmother, pouring tea.

NEWBURGH W. C. T. U.

The first meeting of the W.C.T.U. was held at the home of Miss Margaret Campion, on Wednesday, September 11th, at 3:00 p.m. The president, Mrs. George Finlay, opened the service with a favorite hymn. The scripture was read by Miss Cameron followed by a prayer written by Sir Bernard Montgomery. Prafer was offered by Mrs. Paul and the business part of the meeting was attended to. A report was given of $15.00 being raised in the quarter drive through the summer months, to aid in the building of a W.C.T.U. office in Toronto. A solo was sung after which a number of short readings were given.

The meeting closed with the Mizpah benediction.

Question and Answer Column
Readers may direct their questions, giving their name and address and mentioning the name of this paper, to Information Branch, WPTB, 490 Sussex St., Ottawa, Ontario.

Q. Would you have any information on how to preserve fruit with less sugar? I would also like to know how to can vegetables such as peas and beans.

A. Copies of such recipes may be obtained by writing to Consumer Section, Department of Agriculture, Ottawa. However, we have mailed you a booklet direct so that you will not be held up in your canning.

Q. I am a tenant in a returned soldier's home and have lived here for over six years. Now he wants us to get out as he needs the house for himself. Others continue to live in such homes and I cannot understand why we should have to vacate as we have paid our rent regularly and have taken very good care of the place. Is he allowed to give us notice?

A. If this returned soldier owned your home before he enlisted in the armed services he is entitled to regain possession after he has given you three full months' notice. While we appreciate fully the housing situation, consideration must be given to the veterans. However, if this veteran purchased this home after his return from overseas, he would not be able to give notice to his tenants as they would be protected by the "freezing order."

Q. Could you please tell me if there is a ceiling price on used pianos. Under Wartime Prices and Trade Board Order A-1(2), you may sell your piano at a price not exceeding 80 per cent. of the original cost, if it is in good condition. However, if it is in need of repairs you many only charge up to 60 per cent. of the original price.

MISS MABLE HOLDEN, BATH HONOURED BY HER FRIENDS PREVIOUS TO DEPARTURE

A very pleasant time was spent at Bath, Friday evening, September 27, when Mrs. E. J. Rose opened her home to a number of friends in honour of Miss Mable Holden who is leaving Bath to enter Kingston General Hospital as a nurse-in-training.

The evening was spent very pleasantly and at the close, Mrs. Rose read an address and Mrs. Laidley presented the gifts, among which was a very lovely dressing set, given by those present.

Miss Holden has the best wishes of her friends, for success in this new undertaking.

FIRE PREVENTION WEEK

If ever there was need for a Fire Prevention Week, that necessity has been emphasized by the upward trend of fire losses, in both life and property, which have occurred during the past year. It is quite true that Fire Prevention is a year round job, but the custom of observing a special week to impress upon the public the necessity of preventing fires has developed over a period of twenty-five years and has become a national tradition.

And what it might be! The loss of 291 lives and $42,000,000 property damage by fire in 1945 should stir every Canadian out of complacency which threatens our national economy. Appeals to individuals to prevent fires on a strictly abstract basis seem to have had little effect. More often it is only when a personal pocket-book is affected that he begins to sit up and take notice. It is obvious, therefore, that unless the present trend of increasing fire losses can be checked, fire insurance companies will have no other alternative than to increase their rates. In 1921, the average rate per $100 of property against fire was $1.13, and, in 1944, it was 67 cents. In the face of rising fire losses, it is a question how long the insurance companies will be able to operate successfully on these low rates. And there is no doubt but that an increase in rates will have an effect on the cost of living, for modern commerce has been developed upon the ability to insure against unforeseen losses and the cost of insurance enters into everything we buy.

Every Canadian citizen will therefore be wise if he takes into consideration the fact that he will eventually have to pay for his own carelessness. He should resolve that the responsibility for such an increase in the cost of living shall not be his. He can do this by being careful about the disposition of his cigarettes and matches, by seeing that the heating equipment in his home is in a safe condition, by not using flammable liquids like kerosene to start the kindling in stoves, furnaces, fireplaces or other use in the home. By these and many other means, he can avoid this danger not only to himself and his own family, but also to his neighbour and his neighbour's family. Add to this ordinary care, prudence and forethought, not only during Fire Prevention Week but for every week during the year, he can make of his country, Canada, a place of beauty where there is no country where stark ruins lie and chimneys rise on every hand to accuse him of his carelessness.

Board of Education School Area North Fredericksburg

Will any party, or parties, having in his, or their, possession any Deeds, Books, or Papers, the property of any School Section, or Sections, now incorporated in this Area, please take them to the School Inspector's Office, Court House. It is necessary that the Board have these Deeds, Books, and Papers, for reference purposes. We quote from the School Act, Section 144, Revised Statutes, Province of Ontario: "A Secretary, or a Treasurer, and a person having been such Secretary, or Treasurer, and a Trustee, or other person, who has in his possession any Book, Paper, Chattel, or Money, which come into his posse sion as Secretary, Treasurer, Trustee, or otherwise, and not wrongfully withheld, neglect or refuse to duly up, or account for, and pay over the same, or any part thereof to the person and in the manner directed by the Board or by other competent authority".

JAMES A. HICKS,
Chairman.
SAM. J. BAIRD
Secy-Treasurer.

When it's full it's full!

Just like a telephone switchboard . . . there are only so many lines, so many operators—and when the board is full some calls are bound to be delayed.

We regret such unavoidable delays. But in the last two years alone, calls have increased nearly 50%. We're installing equipment to handle this increased telephone volume just as fast as it becomes available, but shortages of essential materials are still slowing up our expansion programme. This delay is felt all along the line. It is felt by you when your operator is unable to answer immediately.

When this happens, please remember she is serving more people than ever before—and that she will answer you just as quickly as she can.

GRACE CHURCH W. M. S.

The Autumn thankofferring of the Women's Missionary Society was held on Thursday afternoon in the Sunday school room, with a splendid attendance. Miss Emma VanAlstyne, the president, presided.

Mrs. C. D. McLellan had charge of the worship service, the theme of which was Stewardship. Mrs. S. Booth sang a vocal solo. The sectional rally will be held on November 1st, at Adolphustown. Mrs. Archie Thompson was appointed as a delegate. The offering was dedicated by Mrs. O. B. Reddick. Mrs. N. Young read a letter in reply to a letter of sympathy sent.

The guest speaker was Rev. D. C. Amos of Bridge Street Church, Belleville. Mr. Amos spoke on his work as chaplain with the men on the Alaska Highway. His talk was very interesting and told of his different experiences.

The musical portion of the programme was a violin solo by Mrs. R. Smith and a vocal solo by Miss Barbara McLaughlin. Appreciation to all those who had helped with the programme was voiced by Mrs. A. Lewis. Refreshments were served at the close by the committee in charge.

I HAVE WILLED THEM SECURITY
. . . WITHOUT "IF"s

Too often have I seen families in distress a few years after the head of the family dies. And I mean cases where the estate left would have been nicely sufficient but for that word "IF."

"IF" someone had not been taken ill . . . "IF" certain investments had been changed in time . . . "IF" someone had not been a carefree spendthrift . . . "IF" property insurance had not been allowed to lapse . . . "IF" succession duties and income taxes had been better understood.

There are many heartaches in "IFs."

My estate is comparatively small. Which makes it all the more important that every last penny be accounted for and stretched safely over the years.

In appointing National Trust the Executors of my will, I have assured my family security from the IFs of inexperience.

Birthday Anniversary

On Saturday afternoon a number of neighbors gathered at the home of Mrs. Robert Bird and showered her with cards and a gift, on the occasion of her 82nd birthday. After a social half hour a delicious lunch was served by the visitors and all departed wishing Mrs. Bird many more Happy Birthdays. The party was a complete surprise to Mrs. Bird.

W. A Meeting

The September meeting of the Woman's Association was held on Tuesday evening at the home of Mrs. Manley Meeks and opened with a hymn, followed by repeating the creed. The scripture lesson was read by Mrs. M. Beckwith and all repeated the Lord's Prayer in unison. The roll call was answered by twenty-four members with a verse containing "prayer". The topic for the meeting was 'Prayer'. During the business part of the meeting it was decided to quilt at Mrs. Beckwith's on Wednesday of this week and to see about paint for the Sunday school room floor. Letters were read by the president, Mrs. Marlin, from Mrs. T. R. Young and Mrs. M. Beckwith, thanking the members of the W. A. for sympathy shown during their recent bereavement in the loss of their brother. The programme included a short reading on prayer by Mrs. W. Booth, a duet by Mrs. Melborne and Edna Benn. A special collection of $3.93 was taken for the Salvation Army drive and it was decided to canvas those absent. The meeting closed with the Mispah benediction, after which a contest was conducted by Mrs. Fred Booth, the prize being won by Miss Evelyn Cronkrite. A delicious lunch was served by the hostess and committee. A vote of thanks was given Mrs. Meeks for the use of her home.

BATH

Bath, Oct. 5. — The annual meeting of the "Little Helpers" was held in the Parish Hall, Bath. There were nearly 40 little folks present as well as the mothers and grandmothers of some of the children. These little ones enjoy the yearly get together and look forward to the time. They have games and a period of instruction; then follows lunch. The success of the evening was a credit to Mrs. Walter and Mrs. Harold Kilgannon, who has held "the office of Secretary-Treasurer for a number of years. A pleasing feature of the evening was to see each little one pass up and place their little sack of pennies on the gift table. The offering amounted to nearly $20.00. This is used to further the work of the Missions among other children in the outlying districts.

Mr. and Mrs. F. G. Reid, accompanied by Mr. and Mrs. Clem Hines, motored to Watertown, N.Y., for the day with their sister, Mrs. F. Lewis, and Mr. Lewis.

THEY'RE BACK...

TO SERVE YOU

When you visit your bank these days you are likely to see faces you have long missed — members of our permanent staff back from active service. Almost five thousand are "back on the job" while others are recovering from wounds and others are still with the forces.

These gallant men who left the banks to enlist and have come back have shown themselves to be alert, self-reliant, eager to get on with the business of living.

Some of them have been away for five years or more. Many have won distinction. All have acquitted themselves with honour. All are welcome back.

In your bank these men find appreciation, security and opportunity for advancement. Our plans for them express our sincere desire that, in banking service, they may find ample scope to make their further contribution to this nation's security.

Bd. of Education Makes Further Plans for Schools

Insurance Coverage on Present Schools to be Raised

At the regular meeting of the Napanee Board of Education the day evening of this week H. L. VanLuven, Vice Chairman, presided in the absence of the Chairman, J. M. Simpson, who is ill.

Mr. Wallace Roy, Chairman of the Construction Committee, reported his and other members of the Board had appointed before the Town Council at its last meeting, when the Council agreed to deed to the Board of Education lands for the proposed new school's in East and West Wards.

Mr. Roy also stated that Mr. H. W. Vine had agreed to sell for $1,000 three lots, adjacent to the lots in West Ward on which it is proposed to build a school, and Mr. Roy was authorized to secure an option for the lots from Mr. Vine at one year. It was also reported that, so far, no agreement had been reached with Mr. Lemery and Mr. McCann for the transfer of their property in West Ward to the Board.

Mr. Roy said that the plans for the large school in West Ward would not be ready for at least a month.

Mr. C. N. Loucks, Chairman of the Property Committee, reported that the committee had, with the assistance of an insurance appraiser, gone into insurance on the school buildings and recommended that the existing insurance be raised by 40% to bring the coverage up to three-fifths of the value of the buildings. The additional amount of insurance to be placed on the buildings the total coverage would then be $175,000 on the three schools. The interest of increasing the insurance was left with the Property Committee to make the necessary changes.

A motion was moved by Mr. Roy and Mr. Mayhew that Carson Graham, who had been on leave of absence during war service, be reinstated in his position as Secretary-Treasurer of the School Board at the beginning of 1947. Mr. Hunter, who has been acting Secretary-Treasurer, was commended by the Board members for the efficient manner in which he had executed his duties.

Mr. Jamieson, Principal of the N.C.V.I. brought up the matter of carrying on Night School at the Collegiate, and a committee composed of D. F. Robins, Marshall Wallace Roy, P. U. Laidley, and C. E. Jamieson, was appointed to investigate and report.

Mr. Jamieson reported the total enrolment in the N.C.V.I. is 361, 90 in the commercial department and 271 in the academic and vocational departments.

Mr. Bell, Principal of the Public Schools, reported a total enrolment in the Public Schools of 500. Mr. Bell informed the Board that "Education Week" is being held in Ontario from September 3rd to 8th, and suggested that open nights for the two weeks be arranged during "Education Week".

The matter of teaching agricultural subjects in the Public Schools was left with the Principal to arrange.

PART CAVALCADE OF UNITED CHURCH VISITS NAPANEE

A part of the Cavalcade which is touring Ontario in the interests of The United Church "Crusade for Christ" visited Napanee on Thursday of last week at Grace United Church, where the Christian Education part of the Cavalcade was on display.

Mrs. Dorothy D. Ross, national supervisor of Home Religion, Mr. Jack Thompson, in charge of visual education and Jack Hoskins who is soon to go to India on mission work were in charge of the displays.

The display included some very fine cut out pictures, the work of an artist, who is also a veteran, depicting Christian education for all ages; pictures showing Christian education in family life and a beautiful transparency showing Christ with little children.

During the afternoon meeting Rev. W. G. Fletcher acted as chairman and Maurice McLeod was secretary. An address was given on Christian Evangelism by Mrs. Ross. Rev. Don. Amos of Belleville, spoke on "The Parent as an Evangelist," and Rev. C. D. McLellan on "The Teacher as an Evangelist." Following the address a round table discussion was held.

At the evening meeting Mr. Jack Hoskins showed pictures relating to his call to go to India as a mission worker.

The Babylonians had a numerical system based on 60 instead of 10.

Goering Cheats Hangman

HERMANN GOERING, ex-chief of Hitler's Luftwaffe who was sentenced to be hanged to-day (Wednesday) by the International War Crimes Tribunal, at Nurnberg, cheated the hangman by taking poison a few minutes prior to the execution hour, it was reported over the air. Apparently, Goering was not the same brave exponent of death which glorified him during the war years and preferred this cowardly way of frustrating justice to facing the gallows in paying full judgment for his crimes.

No particulars were available as to how he obtained the poison, or what type he had taken.

According to the broadcast, sentences on the balance of the Nazi war lords, had been carried out.

Napanee Honours War II. Veterans At Public Ceremony

Signet Rings Presented To All Veterans

On Monday, October 14th, after many months of preparation, the Town of Napanee recognized the service of the 350 men and women of the municipality who served in the armed forces during World War II. A programme of sports was held at the Lion-operated Gibbard Memorial Park in the morning.

In the afternoon a parade of the service personnel, armored tanks, and guns, members of the Red Cross Society, the P.W.O.R. Band, of Kingston, the Metropolitan Silver Band, of Toronto, and the Pipe Band, of Napanee, formed at the Armouries, and, after a march over the main streets of the town returned to the Armouries, where the gifts were presented to each of the men and women who had seen service, and certificates in recognition of their services, were given out by the County.

In the evening a band concert was given by the Metropolitan Band in the Armouries and an address was delivered by the Legion Zone Commander, Mr. Mason, of Belleville.

The afternoon programme was presided over by Harold Webster, a member of the Napanee Town Council, who had been general chairman in charge of arrangements for Reception Day. Mayor Chalk, of Napanee, and Warden J. Harold Brandon, spoke briefly, welcoming the veterans.

As each veteran's name was called out by W. G. Fletcher, County Clerk, the veteran went to the platform, where an engraved gold signet ring was presented to him by Mayor Chalk on behalf of the Town of Napanee, and a framed certificate was presented by the County by the Warden.

Miss Lenore Herrington, President of the Red Cross, and Miss E. J. Pollard, presented each veteran with a packet of 50 cigarettes.

Members of their families, who were seated in the front row of the auditorium, were congratulated by the community for the sacrifice made. Following one minute's silence, after Hitler's address, the Metropolitan Band played one verse of "O Valiant Hearts," who paid the supreme sacrifice are as follows:

Ft. Sgt. Walter Kimmerly, R.C.A.F.
Ronald Gibbard, R.C.A.F.
Ft. Sgt. James Roney, R.C.A.F.
Fte. Raymond Parks
Gunner Dalby Templeton, R.C.A.L.C.
L.A.C. William W. Wagner.
L.A.C. Vernon Roy, R.C.A.F.
L.A.C. Howard Gilbert, R.C.A.F.
Gunner David Terry, R.C.A.
Pte. Arthur Price, R.C.O.C.
Pte. Gerald Sedore, H.M.P.
Pte. Wm. Buchanan, H.M.P.
Archdeacon Dimbrille addressed those who had been given special presentation for bravery, including:

Sgt. Joseph Harold Lewis, M.M.
R.Q.M.S. John Lesage, B.E.M. Major Col. M. P. Bojart, O.B.E., D.S.O., District Officer Commanding M.D. 3, who was present, spoke of the services of the veterans, and urged the community to show its gratitude by giving the same devotion to the country as the men and women who were on active service.

An added feature of the program was the presentation to the municipality, on behalf of the Minister of National Defence for Naval Services, by Commander Hibbard Kingsmill, of the Ship's Bell from the Corvette "Napanee", the first Corvette built and launched in Canada. The presentation was made to the Wartime Mayor Dr. D. R. Hall, who expressed the appreciation of the Town for the gift.

Mayor Chalk presented Humane Society awards to Donald Moore and Bernard Perry, who saved William Harvey from drowning on May 24th, 1945.

Music was provided during the afternoon by the Metropolitan Silver Band, of Toronto.

Following the programme the members of the I.O.D.E. served tea in the Officers' Mess and the I.O.D.E. rooms in the Armouries to the veterans and their families.

Two cows took off in an airlines plane at Seattle, recently en route to a cattle sale in Chicago. They stopped at Denver for milking.

NEWS ITEMS BY PUBLIC SCHOOL STUDENTS

October Snowstorm

The snowstorm on Tuesday, October 1st, accompanied by extreme cold weather, did not last long although it was very cold. Along the States border, Ita has been said that it fell eight inches. People began getting out winter clothing as it was too cold for summer clothing. In the afternoon it changed from snow to light rain. We hope we will not have any more weather like that for quite some time.

— Kathleen Babcock.

C.G.I.T. Meeting

The Canadian Girls in Training held their meeting in Grace United Church at 7:30 p.m. Our meeting opened with a song. After the business, which was part of our meeting, we then began fixing dolls and toys for the Sick Children's Hospital in Toronto. We closed our meeting with a song.

— Joyce Hunter.

'Granada's' New Sign

Granada Theatre has obtained a new sign which is large and attractive. It has one hundred and seventeen lights on it, and also the name 'Granada' in lights. It is sowing over the entrance. I think the sign should result in increased patronage.

— Ernest Butcher.

Boy Scout Meeting

The Boy Scouts held their meeting Wednesday evening, October 2, 1946. They opened the meeting with arrangements for Boy Scout Apple Day which is planned for Saturday, October 12. The Scouts canvassed the town for six-quart baskets in which to put the apples. They were very successful. They then played games led by Patrol Leader Fraser Isbester. After the games were over they had a Tenderfoot quiz. They closed the meeting with the Scout Promise and then Flag Lowering. There was a short court of honour for Patrol Leaders.

— Cameron Robson.

The Field Day

The Field Day sponsored by the Youth Council was held on Friday, October 4th, in Gibbard's Ball Park. The sun was out and not a cloud in the sky. A perfect day for the occasion. The grandstand was filled with pupils and teachers of the High and Public Schools. The announcer was Jack Boyle. The races were: 100-yard dashes, 220-yard dashes, 50-yard dashes, 75-yard dashes, 80-yard dashes. The rest of the Field Day was made up of shot-put, running broad high jump, and hop, skip and jump. The sports ended at 5:30 p.m. and Field Day was over until another year.

The Kilkenny cats were two pugnacious felines which, according to Irish tradition, fought until there was nothing left of them but their tails.

Grand Coulee dam, in the Columbia river, has a spillway capable of producing a waterfall five times the average flow of Niagara Falls and three times as high.

Slight Accident On Marlbank Road

Last week, on Wednesday, October 9th, a car collision occurred on the Marlbank Road when a car driven by Carrie Cotton, Tweed, shot across the road in front of a car driven by William Beecher, Roblin. No injuries were sustained by the passengers in the cars but the damage totalling about $250 was done to the two cars.

Ankle Broken When Struck By Car

Irvine Kellar, Napanee, while walking along the highway, west of Napanee, late Tuesday evening, October 8th, was struck by a car driven by John M. Amey, Ottawa and suffered a broken ankle. He was given first aid by Dr. E. R. Ellicott and was later removed to the Veterans' Hospital, Kingston.

Butter Production Down By 15 Per Cent

Butter production during the month of September continued to run behind last year's figures by approximately fifteen per cent. says C. E. Ladner, Director of Dairy Branch of the Ontario Department of Agriculture, in his monthly summary of creamery instructors' reports. "There is considerable speculation," says Mr. Lackner, "as to what effect the increase in the price of fluid milk will have on butter production. In some sections it is hinted that any surplus milk accruing will find its way into the concentrating plants rather than the creameries." Butter and cream quality continue to be on a higher level than in the same period of 1945.

With the beginning of the last month of the butter quality competitions, it appears that better records than those established last year will be made. Announcement of the winners will be made at the Ontario Dairy Industries Convention at Niagara Falls during the week of November 25th. Buttermakers' Clubs throughout the Province are preparing for their honours' nights when prizes will be awarded to the winning competitions conducted locally by this summer.

Record Pulp, Lumber Output Anticipated

Ottawa. — Record lumber and pulp production is anticipated in 1947, said Hon. H. Mitchell, Labor Minister in reporting on a survey of the woods labor situation.

The minister said forest operators were expected to employ more than 200,000 men in the bush at the peak of the cutting season this winter. At present applications for such workers exceed 35,000 and the national employment service offices are reporting steady increases in the demand. The government, co-operating with provinces and forest industries, has started an intensive campaign to take advantage all suitable men available to take woods employment.

In British Columbia the number of openings for bushmen, specially skilled workers, is the highest it has been since 1939, lumber operators in Eastern Canada, are just starting winter operations and it is expected the demands in Ontario, Quebec and the Maritimes will be even higher than last year.

Postmaster Allison Retires This Week After 22-Yr. Service

Assumes New Position with Bond Firm

On Thursday, October 17th, Mr. J. B. Allison retires from the position of Postmaster of the Town of Napanee, after over twenty-two years of service.

In recent years the duties of Postmaster have increased greatly and especially during the war years. Many additional tasks have been added to the regular duties of the position. Through it all Mr. Allison has continued to serve efficiently and courteously, and he will be very greatly missed from the office. Fortunately he will still be securing the public in his new position as representative of Goulding Bros. & Co. and will be associated with Mr. G. R. McPhee in the sale of bonds and securities.

Mr. Allison was born at Adolphustown and is a son of the late David Allison. After completing his public school education at Adolphustown, he attended Picton High School and later the Ontario Agricultural College at Guelph. From 1900 to 1903 he farmed at Adolphustown and in 1903 he was appointed to a position in the Customs Office at Napanee, where he remained until 1913. For a period at this time he was also secretary of the Napanee Board of Trade. In 1913 he was appointed Postmaster, which position he has filled with distinction for the past 33 years.

From 1914 to 1915 he was associated with the late J. R. Dafoe in the Canadian Army Service Corps in 1914 and spent over a year on active service in Siberia. After his discharge from the Army he was in the insurance business with the late B. F. Davy until September 1921, when he was appointed postmaster.

Mr. Allison was a member of the Napanee Rotary Club for several years, being one of the first to join the club after it received its charter. He is an active member of the Lennox and Addington Fish and Game Association and is also a member of Union Lodge A.F. & A.M.

His many friends will extend to him best wishes in his new position and will miss him in their daily visits to the post office.

Another Fatality Mooney's Crossing Last Thursday

Mrs. Manson King Killed By Fast Train

Another tragic death occurred last Thursday afternoon at Mooney's Crossing, on the Canadian National Railway right of way, when Mrs. Manson King, Desmond, was struck and killed by the fast express train travelling from Toronto to Montreal.

Mrs. King, accompanied by her husband, was driving the family car to-wards Napanee and in making the turn on the highway at the crossing they apparently driven off the end of the planks in the crossing and the car became stuck between the tracks.

Mrs. McAlister and Desmond Ville, who came along shortly after the King car became implicated in the accident, asisted Mr. King in trying to remove the car, but were unable to dislodge it. The men left the car and ran a distance down the tracks in an effort to flag the approaching train. When they returned to the crossing they found that Mrs. King had left the car and was not in the car, but was standing beside the tracks.

The men were unsuccessful in their attempt to stop the train and the car was struck in the left rear, and was thrown a distance of 25 feet. When they returned to the crossing they were unable to find any trace of Mrs. King, and, after a search, found her body about 100 feet away from the crossing.

As there were no eye witnesses to the tragedy it is difficult to say what happened, but it is thought Mrs. King may have intended to move the car for some reason and misjudged the speed of the approaching train.

Provincial Constable Everett Smith was called to the scene of the accident and, after investigation, it was concluded Mrs. King's death was purely accidental, and no inquest will be held.

Mrs. King's death adds another to a number of fatalities which have occurred at the same place. The highway runs parallel to the tracks for some distance south of the right of way and a sharp turn at the crossing makes it difficult to observe trains approaching from either direction.

'SPECIALTY FOR YOUNG PEOPLE

This Sunday evening, at Trinity United Church, will be a special service for the young people of our town and of the surrounding district. The whole programme will be conducted by young people and will be devoted to the interests of youth.

At 7 p.m. a Fireside Hour, known as SINGERATION, will be introduced as a regular part of the evening's programme. It will be a time of singing and other musical numbers. You choose the songs and we all join with you in singing them.

This period will be followed by our Young People's Service at 7:15 p.m. The speaker is an outstanding young man. He is the Rover Scout Boy of Quinte Circle and Young People's Union, and because of his unusual ability and his interest in Community Service he has been invited recently both in Montreal and in Williamsburg, Belleville. He has a keen mind and a likable personality. However, he will be addressing the young people.

In addition, we are happy that the director of Music of Epworth Church, Mr. Ernest Lee, will be present and appropriate to the occasion. The Senior Choir will lead the singing.

A FIRESIDE GATHERING will follow at about 8:30 p.m. and will be held in the Sunday School room. It promises to be a most interesting period, an address by Mr. Jones and Toronto John associate among young people who represent Canada at an Empire Youth Rally in London, England, next summer. This rally is sponsored by the nations of the Commonwealth and the delegates are chosen only by outstanding leaders of our Dominion. The most important purpose of the gathering will be to discuss the fortunate were the delegates who attended. John will be present to tell us something of the United Nations says the Rally made a most impression upon all nationalities of the world and the spirit of the Old Land may well be that we are interested to hear his story.

This whole programme is set up in harmony with the Leaders and Executive of the Young People's Annual Rally, which is to be held in Trinity Church on October 25th. A large number is expected at this gathering and the evening will be of a Fellowship Banquet will be served at 6:30 p.m. and the music will commence at 7:45 p.m. The Guest Speaker will be Rev. H. M. Sprague, B.A., BD. and Minister of Bridge Street Church in Kingston. He will speak at 2:45 p.m. and again at 8:00 p.m. The public are cordially invited to attend all sessions during which you are able.

L. & A. Club Win High Place in Homemaking

Over one hundred girls took part in the homemaking club activities in Lennox and Addington which were in charge of Miss F. Eadie and the prize ceremonies for the year.

The H. H. McKeup Trophy awarded to the highest scoring club in the inter-county demonstrations was won by Lennox and Addington Club, which was under the leadership of Lottie Evans, Moscow. The three girls taking part in this were Kathleen Marjorie and Dorothy Huffman. Their demonstration was "Cotton Accessories for the Club Girl's Bedroom." They were awarded a share of the team demonstration for their bedroom ensemble, which was under the leadership of Lottie Evans.

HIGH PRICES FOR SHORTHORNS

Mr. Russell Long and son, Bridon, of Tamworth, Ont., have completed a public sale of cattle on October 7th that brought the handsome sum of $43,000. The three highest heifers brought $10 150. They were all 1945 calves.

United Kingdom Will Purchase Surplus Eggs

London. — The Food Ministry has announced a contract with the Canadian Government under which the United Kingdom will take the whole surplus of Canadian eggs produced in 1947 and 1948.

"It is hoped that the total quantity involved will amount to the equivalent of some 2,875,000 cases of shell eggs each year, of which half will be imported as dried eggs," the ministry statement said.

The shell egg portion of the contract would provide about twelve eggs per head in each of the two years for everyone in the United Kingdom," the ministry said.

At a press conference in Ottawa, last week, Hon. James Gardiner, the Agriculture Minister, said a new contract had been concluded with Britain providing for an increase of one cent a dozen for spring eggs and two cents for fall eggs. He was unable to give detail on the quantities of the new contract, at that time

Magistrate's Court

In the Magistrate's Court Thursday, Earl R. Middleton was fined $10 and costs or sufficient to avoid an accident and was ordered to pay a fine and costs totalling $10.50. The charge against Mr. Middleton was laid following an accident on No. 41 Highway, about noon on Friday, September 27. According to evidence given by Traffic Officer Cowal, Mr. Middleton attempted to pass a Department of Highways truck in a curve and collided with the truck.

Edward Lafleur was fined guilty to being intoxicated in a public place and paid $10.00 fine and $5.50 costs.

RIPE STRAWBERRIES PICKED MONDAY

Mr. Willard Embury, Newburgh, brought to The Beaver Office on Tuesday, a large, fully-ripened strawberry, which he had picked on Monday in his patch of everbearing berries.

Mr. Embury stated the vines were still covered with blossoms and green berries. He picked at least a dozen ripe berries on Monday.

TWO BROTHERS DIE FROM 'POLIO' AT ODESSA

The death of Gerald Gilmore, 10 son of Mr. and Mrs. William Gilmore, from poliomyelitis was the second death in the community of Odessa, both from the same family. Six days previously, his brother, Carmen, 9, died of the same illness.

Odessa Continuation School was closed as a result of the younger boy's death, but re-opened again on Tuesday.

Roger Schneider, 5 year old son of Mr. and Mrs. Oliver Schneider, of Odessa, who also contracted Polio, is a patient in Kingston General Hospital. His case was diagnosed early and he is expected to recover.

NEWS BRIEFS

BATH WOMAN PAYS RIBBENTROP DEBT

Odessa. — Joachim von Ribbentrop, condemned former Nazi foreign minister, will go to the gallows in Nuremberg with one minor obligation paid up — a 38-cent debt to Harry Skinner, Ottawa druggist.

Mr. Skinner said, recently, he had received a registered letter, written in slightly improved English. The two men were recaptured by the police near Apsley, nineteen hours after the runaway. They picked the lock and hammered Askey with a heavy iron bar. He is a patient at Bancroft Red Cross Hospital.

JUNIOR MATRIC NECESSARY TO BECOME A REG. NURSE

One of the principal requirements of a candidate trying for her Registered Nurse's degree is that she have her junior matriculation, Health Minister Russell Kelley states in explaining why such a great percentage of nurses trained in small hospitals are unable to become a Reg. Nurse.

There is no "big-ity prejudice" involved in the question, it is just one of educational standards set by Government regulations, he added. There are other requirements, such as training in pediatrics and mental illness. "Nurses in large city hospitals receive this training which is not always available in smaller hospitals," explained Mr. Kelly.

ALLIED DIRECTORATE TO WATCH REICH

Berlin. — A new Allied body called "Combined Services Directorate" to supervise the demilitarization of Germany will begin functioning January 1st, 1947, Gen. Joseph T. McNarney has announced.

The new directorate will be responsible for keeping a strict watch on all questions affecting the liquidation and possible regrowth of German war potential and for reporting any tendencies which might lead to a revival of German military might.

THE PEACE CONFERENCE

Canada's Chief Representative at the Paris Conference has declared that the Conference will have justified itself only, if the Council of Foreign Ministers incorporates into the final peace treaties, the recommendations made at Paris. For eleven weeks, the Representatives of seventeen middle-sized Nations, who were asked to meet and speak their minds in open forum, have debated the draft treaties that were presented to them. It has been a long drawn-out affair, and public interest in the Conference has waned considerably. It was aroused occasionally when there was a sharp clash between some of the member nations. However, the main and most important achievement lies in the fact that for eleven weeks, the nations—enemy nations, some of them—met in open court and had their say. The treaties are all drawn-up now—five of them, and await the final approval of the Big Four Foreign Ministers. If the Democratic method of open discussion, with decisions arrived at by majority vote, is not to be made a farce of, the Big Four will do well to heed the suggested changes in the draft treaties, and recognize their value as representing the public opinion of those concerned. If this is done, it will do more than any other single factor to re-establish confidence, honesty ,integrity and goodwill among the European peoples.

Now the World Organization meets in New York State. Delegates—many of them — will go direct from Paris to the United Nations Organizations meeting. There, other large issues will be fought out. All this seems like a vast expenditure of money and energy. Yet, it is as nothing compared to what was spent on war and destruction, during the past five years. If only The United Nations Organization can keep going, providing a forum for the discussion of international problems, over the next few years, it will have survived the most serious test. After all, people have been at war. For five years all the ingenuity and inventiveness of human nature has been used to breed distrust, hate, bitterness, among various nations. Naturally it will take a long time to dissipate distrust and restore Confidence between them. So long as members representing different nations will meet and talk, there is hope for the future.

Unfortunately, Russia is still suspicious of the Democracies, and the Democracies are suspicious of Russia. Instead of striving to bridge these differences, the sensational press is exaggerating them, with stories of a possible Third World War. Another World War would be the end of our civilization, as we know it. There need be no Third World War if the UNO continues to thresh out its differences in public view and the great organs of publicity adopt a co-operative attitude, and recognize the heavy responsibility which rests on them as purveyors of ideas, through the printed word.

ANOTHER OPPORTUNITY

The Dominion Government is giving the public another opportunity to invest their money in a first-class security. During the war hundreds of thousands of people learned to save money by buying government bonds. Twice each year, a war loan was floated, and the public urged to lend their money at good interest, to the Government.

Now that the war is over, the Government borrowing from the public in the form of a loan, will not be done oftener than once ayear. The First loan under the new plan, is now being offered to the public. The bonds are different this time than in previous loans. They are in comparatively small denominations: $50, $100. $500 and $1000. They pay 2¾ interest for ten years. They are registered in the name of the owner, and are redeemable at any time, at par. They are not available for large institutions.

There are some novelties in this issue. Because they can always be sold at par, means that they will not be subject to the law of supply and demand. They will never be worth more or less than their face value. There will be no up or down market value. A hundred dollar bond for example, will always be worth the hundred dollars—no more, no less

No general objective has been set. There is plenty of money in the country, and the Government believes the proposition is so attractive, it will have a wide appeal and a generous response. These are days when people have more available cash than ordinarily. There is still a shortage of consumer goods, which means there are less ways of spending money than there will be later on. The sensible thing is for people, under these circumstances, to put their money where it will be safe and profitable — nothing is safer than the Canadian Government, and the return at 2¾ per cent. interest, is a good investment.

The same privileges as were given to employees in connection with former loans, are continued in this new one. The employee can purchase these new bonds by pay roll deductions and on the instalment plan — another feature designed to aid the small investor.

THANKSGIVING

Thanksgiving was celebrated in Napanee in a way as befits a town which desired to show gratitude to those who had made possible the freedom of conscience, opinion and religion, which is our greatest heritage. The day was given over to organized athletics and entertainment. But the main feature was the presentation at the Armouries, in the afternoon, of gifts of remembrance to all Members of the Armed Forces, who had served during the Great War, and a fitting token of love and affection to the nearest of kin of those who have given their lives in the Second World War. The Armouries was crowded to capacity and the arrangements were perfect and were carried through with military precision.

There was an air of soberness and solemnity about the occasion, with little noise, save the occasional cheering or hand-clapping as a gift was given and received. A sort of subdued sense of the value to our community of the men and women represented in the returned personnel, pervaded it all.

Thanksgiving is usually associated with the harvest and crops. This year, we have been singularly blessed. While half the world starves we have more than enough of everything. We have, in that, great cause for gratitude.

Greater than this, however, as as our source for thanksgiving, was the hope of peace which the youth of our country assured for us. A grateful nation will not forget them. Never again must they be allowed to suffer, as their parents, following the First Great War, suffered. Our thanksgiving service on Monday was at once our gratitude to the past and our pledge to the future. — This is as it should be.

INCREASING DEATHS

Thanksgiving Day was a sad day for a great many people. In Ontario alone, seventeen people were killed on the Thanksgiving week-end, beside a great many more injured. On a trip Friday night, from Toronto, the writer saw four serious accidents: one near Grafton, where a double-decker truck, loaded with new cars, had side-swiped another car, demolishing it and sending the occupants to the hospital; the great truck blocked the traffic for several hours. The rain, the leaves on the road and the heavy traffic, were no doubt contributing factors in the heavy toll of life and property.

The Department of Highways has certainly done all that can be done to prevent accidents: the white centre lines are clearly marked, side roads are indicated, reflector signs warn against curves. It is hard to escape the conclusion, however, that most of the accidents are due to human factors. It is strange how gasoline affects the emotions of some people. even the slightest delay. They must get on, so, behind the wheel, they become irritable as they speed up, pass on the hill, take a chance on a curve, and crowd other cars dangerously near the edge of the road. The tragedy of it is that often the careful driver, who is obeying all the rules of the road, is the innocent victim of other people's carelessness, and emotional aberrations.

There is little that can be done about it. The solution lies in the hands of individual drivers. But so long as we lack self-discipline, and the ability to curb our emotions and our excesses, there will continue to be a long list of accidents when people motor in great numbers. The only thing the careful driver can do is to obey all the rules of the road — and hope for the best.

V. O. N. NEWS

On Thursday afternoon, October 11 the Victorian Order held an open meeting in the Armouries. The president, Mrs. Reddick, who was in the chair, called on the Rev. Mr Noble Hatton to open the meeting with prayer.

The Nurse's Report for September was as follows: 36 cases carried, 132 visits made, twenty-nine and one-half hours at school, and one confinement.

The Baby Clinic will re-open October 16th.

The guest speaker, Mr. Hatton, spoke briefly on some experiences he had had with other Victorian Orders and stressed the necessity of working with some group or organization with an aim to help those less fortunate, if we are to develop integrated personalities.

Mr. Hatton was thanked on behalf of the Board and members, by Mrs. Duffett.

Mrs. P. Laidley, convener of finance, reported $1850.00 collected in the recent tag day held in the town. She also announced that there would be a telephone bridge held in November details of which will be printed at a later date.

Mrs. Frank Mills moved that the meeting be adjourned.

The Trinity Church ladies served a cup of tea at the close of the business meeting. The table, bright with marigolds and yellow candles, was presided over by the president, Mrs. Reddick.

A process for the manufacture of gasoline-proof, rubberless, carburetter tubes and armored hose pipes has been developed by the Council of Scientific and Industrial Research laboratories. All the equipment required for manufacture of the pipe can be fabricated in India.

People of Normandy Anxious to Care for Graves Can. War-Dead

Ottawa.—The people of Normandy, where many Canadian servicemen died in the invasion of Europe, are anxious to adopt the graves of the Canadian war-dead and tend them for Canadian relatives, the French Information Service, says.

A press release urged Canadian families of fallen servicemen to communicate with "Association France - Grande Bretagne" which would put them in touch with persons in the department of Calvados, that part of Normandy which includes Caen, Bayeux, Tilly-sur Seulles, Lisieux, Falaise, Vire and Honfleur.

Those persons would undertake to visit the graves on behalf of the families, put flowers upon them as requested ,write to the families, send them photographs and guide them should they come to France to visit the graves.

The release said relatives may write to the following addresses:—M. Louis Meriel, 58 Rue de l'Eglise, Courseulles-sur-Mer, Calvados (Beny sur-Mer cemetery), and M. Gaudu, 14½ Rue du 20e Siecle, Caen (isolated graves in the department of Calvados).

Full particulars about the identity of the deceased and the location of the grave should be given.

A german doctor, prisoner-of-war, helped to beat off a bull which tossed a farmer near Trivebridge, England, then tended the injured man.

The United States has a much longer shoreline on the Gulf of Mexico than does Mexico.

A British mine rolled out on the deck of the Sarah A. Purdy as the crew hauled in a trawl. It did not explode.

Words to the song, "Oh What a Beautiful Morning," were written by Oscar Hammerstein II in just one hour.

INTERNATIONAL SUNDAY SCHOOL LESSON, OCTOBER 20TH, 1946

"PAUL TRAINS FOR HIS LIFE'S WORK"

Text: Acts 9: 19b-22; Galatians 1: 17-24; Acts 11: 25, 26.

Among the Protestant churches there is a shortage of ministers, that is, among what might be called the historic churches. Among the newer denominations: those which have come into existence during the past decade or so, there is no dearth of ministers. In this latter group, leaders are required to take but a minimum of training, the emphasis is on Christian experience. In the historic churches, a long period of intensive, general and theological training, is insisted upon. The long course in this case and the comparatively short course in the other, is sometimes offered as a reason for the differences in the number of men giving themselves for full time service within the respective groups.

Naturally, under the pressure of the occasion, and the need for leadership, there are those who would shorten the period of training for ministers in the historic churches. Perhaps as a temporary measure some modification is necessary. But as a general policy the long years of careful and consecrated training are essential.

Here we see Paul in this week's lesson getting ready for his life's work. Paul was well trained. He had the best the ancient schools could give. And when he was converted, the very first thing he did was to go off by himself and prepare his mind and spirit, and will, for the task that lay ahead of him. It was no easy task for Paul. It is never an easy task for a converted man. Usually he is enthusiastic on the start. He sees life in a new setting and from a new angle. He wonders why other people do not see it his way. He finds unexpected opposition from those from whom he expected more. He has to be prepared for that. We used to hear more of backsliders a few years ago than we do now. The reason for backsliding is undoubtedly lack of preparation, lack of training in the Christian way.

Undoubtedly, the best insurance against backsliding—adequate preparation—is that which Paul illustrates in his own experience. Paul got busy as soon as he could, working for others. The Christian who does little to help others along the way, is himself preparing for his own downfall. It is one of the secrets of the new organization: Alcoholics Unanimous— that those saved from intemperance should help others. Day or night, those saved from alcoholism hold themselves in readiness to help others. In doing so, they help themselves, even though they may not realize it. This is no new principle. It has been tried and proved successful all through the years. The best and most successful way of helping ourselves is to help others. That was what Paul did. As soon as he was converted and had trained himself adequately, he went out to help others, to persuade them.

Of course, that was not all. Paul consorted and fellowshipped with other Christians. He joined himself to the little groups of disciples whom he found here and there throughout the country. It is a risky business for any man or woman to assume they can get along alone. No! We each need the companionship of others like-minded with ourselves. That is one of the great outstanding values of the Church. It provides a band of men and women of differing tastes and stations in life, but all bound together by ties of mutual trust and consecration, to a common Lord.

It was after this, after his conversion, after his period of solitude, after his quiet hours of worship that Paul was ready to embark on his world-wide mission. Fortified in the spirit, well trained, and with a passionate desire to make Christ known, he went out, nothing daunted, to turn the world upside down.

GENERAL INFORMATION REGARDING TUBERCULOSIS AND THE IMPORTANCE OF THE LOCAL MASS SURVEY

Many of you have heard of the free health service to be offered every resident of this community. We refer, of course, to the FREE CHEST X-RAY SURVEY which is being sponsored by the Lions Club of Napanee, in co-operation with the Ontario Tuberculosis Association and the Ontario Department of Health.

Similar surveys conducted in other centres have been most successful, and are part of the Province-wide plan, started last year, to cut in one-half the incidence of tuberculosis within the next ten years.

Tuberculosis is one of the most serious of diseases, however, if found early and proper treatment begun at once, it is also one of the most readily curable. Contrary to the old belief, it is not hereditary, but is infectious and can strike anyone . . . and at any age!

The importance of the X-Ray Survey soon to begin, is best realized when you consider that more persons in Ontario die from tuberculosis than from all other infectious diseases combined. This is largely so because an affected person may go for some time and not be aware that he has tuberculosis. For this is the menace — you can look the picture of health — feel perfectly fit and still have the disease in its early stages.

That is exactly why every one of us will soon be asked to have our chest examined . . . not so much because you may have the disease yourself, for only about two in every 1,000 require treatment for pulmonary tuberculosis . . . but because only by all of us making sure we haven't got it, can we protect our families and by so doing our community, as well.

Arrangements will be made to have the school pupils X-rayed in a group. Volunteer canvassers will arrange appointments for all adults by calling at their homes or places of business.

The X-ray is painless, takes only a moment, and as pointed out before, is without cost to any one. Part of the expense of the survey will be met from the sale of T.B. Christmas seals in this district. All X-ray results will be kept confidential.

It is hoped that each one will do everything possible to make this splendid health service a real success. DO WHAT YOU CAN . . . tell your friends and neighbours about it . . . be X-rayed yourself . . . as well as your family. Any help you are able to give will go a long way in destroying this widespread disease that has long been the enemy of man.

GRACE CHURCH Y. P. U.

The regular meeting of Grace Ch. Y. P. U. was held Monday at 8 p.m. A most interesting meeting under the leadership of Allan Elliott was enjoyed by the members. Mr. J. Haycock, a prominent citizen in our town gave a very interesting talk on the study of art. Mr. Haycock showed many pieces of his own work which were really an inspiration to the artists of our group. A short business meeting followed by lively games and Tupperware brought the evening's meeting to a close.

READY MONEY FOR Home Repairs Available AT THE B OF M

LOW-COST LOANS, REPAYABLE IN INSTALMENTS, CAN HELP KEEP YOUR HOME IN ORDER

Remember the old expression, "A stitch in time saves nine"? This is particularly true when it comes to making repairs around your home. Often a small job done at once is inexpensive; if delayed, it frequently requires more time, money, and material to make the necessary repairs.

A shortage of ready cash need not delay you in making small repairs. You can obtain money at 27 cents a month for each $100 borrowed through the Bank of Montreal's low-cost personal loan plan. Such loans are repayable in twelve monthly instalments. There are no deductions, no extras, no handling charges. Furthermore, when you get such a loan at the B of M, you may be sure that you are not asking a favour.

When repairs are necessary in your home, or when cash is required for any good reason, drop in and see the Bank of Montreal neighbourhood manager, or his accountant, who will be glad to review your plans with you. 42a

WEDDING BELLS

ELLIS - COATES

Archdeacon R. J. Dumbrille officiated at the double-ring ceremony, which united Mary Jean, eldest daughter of Mr. and Mrs. W. R. Coates, and Jack E. Ellis, only son of Mr. and Mrs. L. D. Spencer, all of Napanee, which took place in the Chapel of St. Mary Magdalene's Church, at 7:00 p.m., on Monday, October 7th.

Given in marriage by her father, the bride wore an ice blue wool street length dress, and corsage of American Beauty roses.

Miss Betty Coates, sister of the bride, was maid-of-honor in a shirring wool dress, with a corsage of red roses. Mr. Thomas Webb, cousin of the groom, acted as best man.

After the ceremony, the reception was held at the home of the bride. The rooms were tastefully decorated with pink and white, and beautiful autumn flowers. The bride's table was centred with a three-storey wedding cake. The bride's mother received the guests, wearing a brown tailored suit, with corsage of yellow tea roses, assisted by the groom's mother, attired in a chocolate brown suit with corsage of yellow tea roses.

The groom's gift to the bride was a gold dresser set, to the best man a leather billfold. The bride's gift to the matron-of-honor, was a rhinestone bracelet.

The happy couple left for Detroit and Buffalo, amid showers of confetti and best wishes. The bride travelled in a blue dress, black shortie coat, back accessories. On their return they will reside in Napanee.

Out-of-town guests included Miss Muriel Weir of Kingston, and Miss Joan Steves, Deseronto.

FIRST NAPANEE WOLF CUB PACK

October 5th, 1946.

The Pack has now embarked on its new Fall season's competition. Inspection was taken with the Cubs being checked for Sunday school attendance and dirty finger nails.

Roll call and dues with the Sixers marking their attendance books took up the next part of the program.

Games played during the evening were Pick-me-Up and King on his Throne.

Apple Day was discussed and further news will be given at the next meeting. The meeting closed with the usual Cub ceremonies.

October 11th.

The weekly meeting of the Pack concentrated mainly on the forthcoming Apple Day. Akela also outlined the schedule to be followed and the principle of good salesmanship.

For the purpose of tagging the pack worked on two-hour shifts. Members assembled at the Armouries to receive their supply of apples, tags, etc.

Inspection was held with a surprise being in the form of asking for registration cards.

A quick game of 'Akela Says' followed one of 'Jump The Rope.'

The meeting ended after a brief sing-song of Cub favourites.

Akela's main announcement for the pack deal with a meeting of the Cub Mothers' Auxiliary, to be held on Thursday, October 17th, at 8:00 p.m. in the Cub Rooms.

In Loving Memory

BIRD — In loving memory of our dear mother, Mrs. Charles Bird, who departed this life on October 17th, 1942.
'Tis memory now, alone, can trace
The kindly smile upon her face;
The words of love so gently spoken,
Or fill the circle, death hath broken.
Fondly remembered by
42pa HER FAMILY.

DAFOE — In loving memory of our dear mother, Mary Elizabeth Dafoe, who passed away October 15, 1940.
A beautiful memory, dearer than gold
Of a mother whose worth can never be told;
Alone, unseen, she stands by our side
And whispers: "Don't grieve, death cannot divide."
Deep in our hearts, a memory is kept
Of one we loved, and will never forget,
And though the years may be many or few,
We will always be thinking, dear mother, of you.
Lovingly remembered by
42pa HER CHILDREN.

SCILLY — In ever loving memory of our dear father, Robert Scilly, who died October 16th, 1944.
Those whom we love go out of sight
But never out of mind.
Loving and kind in all his ways,
Upright and true to the end of his days.
Sincere and just in heart and mind
Beautiful memories he left behind.
Lovingly remembered by
42pa DAVID and HELEN.

Exit Permits Denied Nurses As Measure To Alleviate Shortage

Ottawa.—Applications from nurses for labor exit permits allowing them to work in the United States are being "routinely refused" because of the critical shortage of nurses in Canada, labor officials stated.

In most cases these permits are issued "pretty freely," except for certain professions and occupations including medical men, nurses, dentists civil and mechanical engineers and other technical personnel.

Only under special circumstances, as for instance on compassionate grounds, are permits being granted nurses, said Arthur MacNamara, Deputy Labor Minister.

Mr. MacNamara termed a report that the requirement of labor exit permits might be rescinded early next year "as good a guess as any."

By order-in-council under the Emergency Transitional Powers Act, all persons leaving Canada for more than 30 days must obtain one of these permits.

"We're going to get out of it as soon as we can," Mr. MacNamara concluded.

Mrs. Jos. Tustin New Worthy Matron Of Eastern Star Lodge

Mrs. Joseph Tustin was unanimously elected Worthy Matron of Napanee Chapter No. 151, Order of the Eastern Star, when the regular meeting was held on Tuesday night of last week. She had been the conductress during the past year and has fulfilled her duties very efficiently.

Mrs. Kenneth Hill, worthy matron presided and conducted the election, and the balance of the elected officers are as follows: Worthy Patron, Joseph Tustin; associate matron, Mrs. Blake Gilbert; associate patron, Kenneth Hill; secretary, Mrs. Bert Seymour; treasurer, Mrs. W. A. Thompson; conductress, Mrs. Elmer Miller and associate conductress, Mrs. Easterbrook. These officers, with the appointed officers, will be installed the first meeting night in November.

The retiring worthy matron is Mrs. Kenneth Hill and the retiring worthy patron is W. A. Thompson.

"By the way, Mrs. Grubb," said the new lodger. "I have a few idiosyncracies."

"That's all right," replied the landlady. "I'll see that they are dusted regularly."

NEWBURGH – CHAMPIONS OF L. & A. LEAGUE

The end of a successful baseball season came on Saturday, at Enterprise, when Newburgh, who led the best three out of five series, two games to one, emerged victorious, and are now champions of the newly formed Lennox and Addington Baseball League, after a hard fought game with the battling Enterprise team. The score of 12-11 was a fair index of the closeness of the game. Two capable umpries in the persons of the Dunn brothers, were in charge of the game.

The league, consisting of five teams finished in the following order: Newburgh, Enterprise, Centreville, Forest Mills and Tamworth.

Baseball has come back to this part of the county, to stay, after a long absence. The merchants and public of Newburgh have given generously of their support to a worthy team. Card's Brush Factory of Newburgh, donated a beautiful silver cup, to be competed for annually, becoming the property of the team which wins the championship three times in succession. The use of the playing field used by the Newburgh team was given free of charge by the owner, the genial Reeve of the Village, Mr. W. Wager.

Congratulations to the Newburgh team and better luck, next time, to the other members of the league.

For the final play-off game, the teams lined-up as follows:

Newburgh — R. McGill ss, P. Conway 3b, N. Paul 2b, J. Remington 1b, M. Buck p, H. Finn cf, A. Buck c, R. Conway rf, H. Kellar and W. Hartwick lf.

Enterprise — B. Paller cf, C. Coulter rf, D. Murphy 1b, D. Wager ss, G. Wager c, D. Kellar 3b, M. J. Ackson lf, N. Wager 2b, V. Bell p.

Umpires — Plate, I. Dunn; bases, M. Dunn.

UNITED EMPIRE LOYALIST CHAPTER

The October meeting was held on Monday, the Regent, Mrs. Macnaughton presiding. Ven. Archdeacon Dumbrille opened with special prayers, followed by an eloquent address to the members. All stood in silence, in memory of the late Mrs. Ralph Ham: a tribute of gratitude and appreciation for her splendid devotion to war work and her willing and helpful service in the Order.

Mrs. Estelle Jean Worrick, Montreal, was made a member. The chapter will welcome new members who wish to help with the many activities, local and otherwise.

A final report of the Clothing Drive held in June, was given by the Regent. Three and one-half tons of clothing were sent to UNRRA for distribution among the needy. Mrs. D. R. Hall reported that 1,500 meat ration coupons were collected by herself, Mrs. Percy Vine and Mrs. E. Robbins.

The Regent told of the Chapter plans for serving refreshments Reception Day, following the parade and presentations, to the returned and next of kin, on October 24th. I.O.D.E. rooms on ground floor will be in charge of Mrs. Macnaughton, Mrs. Tustin, Mrs. Hunt, Mrs. Powell, Mrs. Lewis, Mrs. P. Vine and committee. The Officers' Mess convened by Mrs. C. D. Sills and Mrs. D. R. Hall and members of the Alice Harshaw Chapter.

Mrs. T. J. Hunt gave an interesting talk on her recent trip to British Columbia. Mrs. Powell contributed a humorous sketch of weeks spent in her girlhood province, in the Maritimes.

Mrs. Lewis and committee will resume the Thursday afternoon quilting and sewing meetings from 2 to 5 o'clock, to begin October 17th.

Headquarters has been re-decorated and is attractive. New chairs have been added.

Mrs. Hall poured tea.

Business Meeting At The Evangel Tabernacle

On Friday night, October 4th, a meeting was called at The Evangel Tabernacle, Bridge Street, Napanee, of the congregation, for the expressed purpose of setting the Church Scripturally in order, that the Church might be efficiently organized to successfully carry on the Gospel work and properly handle the business affairs.

The meeting which was called for and presided over by the Pastor, was opened with prayer.

Miss Beatrice Sheehy was appointed by the Pastor to keep minutes of the meeting. Rev. Rabbie then gave an interesting outline of the work from its very inception; after which a Constitution, containing the fundamental doctrines of faith and rules of Christian conduct, and methods of handling business affairs, with rules to govern the Assembly according to the Scriptures, was read by the pastor and openly discussed by the assembly. This constitution involved the necessity of adopting a name for the church and assembly, which would scripturally represent them as a people. After much time was spent on this subject, in questions and discussion, ballots were passed and vote taken. With the exception of one ballot, the church unanimously voted that the name of the church shall be The Pentecostal Church.

The pastor made clear why the name (Evangel Tabernacle) was used, until such a time as the church was organized, and in fellowship and in affiliation, through the pastor, with an organization.

Rev. H. N. Rabbie is affiliated with The United Pentecostal Church.

Ballots were passed, and a vote was taken to adopt the constitution, which was unanimously adopted.

Officers were then elected for the period of one year, for the Church and the Sunday School, in accordance with the constitution.

The meeting was then adjourned, after which the pastor closed the meeting with prayer.

Lions Club Hears Splendid Talk on Czechoslovakia

Prof. Roy of Queen's University, Guest Speaker

At a regular meeting of the Napanee Lions Club on Monday evening, Professor Roy of Queen's University, Kingston, who spent the past summer in Czechoslovakia, gave a splendid address on the history of that country, the events leading up to the Second World War and of the occupation by the Nazis.

The Club was also honored in having as their guest in an unofficial capacity, Lion Don. Carmichael of Gananoque, District-Deputy Governor, who was introduced by R. F. Hunter of Napanee, Governor of District A4.

Mr. Carmichael, in a few words, commended the Club in leasing the Gibbard Memorial Park and also in its untiring efforts in sponsoring sports this past season.

The speaker was introduced by Dr. E. R. Ellicott and was thanked on behalf of the Club by J. A. Egan, The president, Percy Asselstine was in charge of the meeting.

PROF. ROY'S ADDRESS

Professor Roy, who is a very fluent speaker, at the outset spoke at some length regarding the history of the Czechs and the Slovaks. The speaker, while in the British Army, was in Czechoslovakia for some time after the First World War and stated that at that time, the Czechs were just beginning to get on their feet. For over 1,000 years the Slovaks were dominated by Hungary, and the Czechs began to build-up after the blow to the Austrian Empire after the war 1914-1918. Czechoslovakia is seventy-five per cent. Catholic, but has never really submitted to the rule of Rome.

Following the First World War, the country had two very good friends, France, England and America. The Russians were a humbled, broken nation. The Czechs, at that time, believed that Germany was not beaten and formed a military alliance with France. Hitler then came to power and the Czechs feared German aggression this time and Hungarian aggression. The people knew that Hitler hated them and just before Czechoslovakia was made a German protectorate, the Czechs appealed to France, but that country would make no comments. Great Britain, at that time were pledged to help France, but the only man to speak for the Czechs was Winston Churchill ,who was not in power at that time. We remember which and know only too well what happened. The country was made a protectorate of Germany and practically everything was lost or taken by the Germans. Everything was controlled by Germany and during the occupation about two and half million of the enemy were in the country.

Mr. Roy spoke at some length of the atrocities committed by the Nazis; the horrors of the concentration camps, the slave camps, the mass slayings. Horrors which Professor Roy depicted were almost unbelievable. "Can you imagine men with mentalities like that, controlling the destiny of so many peoples?" he asked. 250,000 Czechs were killed in concentration camps.

During the occupation years all the schools and universities were closed. In one demonstration by the students protesting the closing the Gestapo shot them up and shot them down, while other were sent to concentration camps. "We think here in Canada that we have many attending our universities. This year alone, 50,000 students are attending Prague University. Quoting the president of the university: "We have six years to make up in our education. We need doctors, lawyers, statesmen, etc."

Speaking of the nationalization of industry in Czechoslovakia, Professor Roy pointed out that does not mean they are Communists. While they have taken a leaf from the Soviet book and deal a great deal with Russia, due to lack of transportation to Western countries, their's is a western ideology. Their government is elected the same as ours in a democratic way and representatives of the people have final control. The people have final concerns were killed off during the occupation and now there is only the government to take over. "For the present, anyway", said Prof. Roy, "nationalization of industry is working, but in a democratic manner."

The speaker spoke highly of President Benes, who was president of the country before the war and also at the present time. Great plans are being made in Czechoslovakia and tremendous resources are being developed now. In closing, Prof. Roy quoted the words of President Benes: "We always were Czechs and will remain that."

Premier King To Attend U.N. Assembly Meeting

Ottawa. — Premier Mackenzie King will attend the open meeting of the United Nations Assembly meeting in New York, which opens this Wednesday (to-day).

The Prime Minister left Ottawa Tuesday and arrived in time for the inaugural session of the UN meeting. He will spend only a few days in New York.

Mr. King is not a member of the Canadian delegation which he himself appointed to the Assembly, and it is understood that his attendance will be in the capacity of an observer.

J. B. ALLISON IS HONOURED BY POST OFFICE STAFF

On Friday afternoon the local Post Office was the scene of an informal presentation to Mr. J. B. Allison, who retired, last week, after twenty-two years as Postmaster in Napanee.

The employees of the Postal Department along with the Rural Mail Couriers, and staff from the National Selective Service Office, the Department of Veterans Affairs and the Customs Office, gathered to present Mr. Allison with a solid leather brief case.

The presentation was made on behalf of the Government employees by Mr. Gerald Pollard.

Mr. Allison acknowledged the gift with a few suitable words of appreciation to the gathering, and thanked them for their very kind remembrance.

Among those attending were Inspector Ravell of Ottawa, and the new Acting-Postmaster, Mr. W.F. Hubbard, formerly of Kingston, who assumed his duties here last week.

SOCIALIST UNITY PARTY DEFEATED BERLIN ELECTION

Berlin. The Soviet-backed Socialist Unity Party (S.E.D.) appears to have been routed in Berlin's first free municipal election in fourteen years ,which an American military government official termed of continent-wide significance in the issue between eastern and western political philosophies.

Returns of Sundays election have shown the S.E.D. running a poor third in a field of four parties; the Social Democratic Party (S.P.D.) which scored a smashing victory, capturing almost half the total vote; the Christian Democratic Union (C.D.U.) which was second , well ahead of the Socialist Unity Party; and the Liberal Democratic Party (L.D.P.)

Balloting, by straight ticket only, was heavy in the city and according to the votes tabulated the Social Democrats will have 487 per cent. of the total and the Socialist United Party only 19.6 per cent.

Before the election, Lt.-Col Louis Glaser, political affairs chief of the United States military government's Berlin branch, said the issue clearly lay between eastern and western political philosophies. "Germany must decide whether to make a decision in this respect," he said. "The Berlin vote, establishing such a decision, will have great influence upon the ultimate destiny of Germany and therefore upon the political destiny of Europe."

Rural Areas Take Advantage Savings Bonds

New Issue Going Well

Ottawa, Oct. 22. — Reports from the rural areas of all provinces during the first week's sale of Canada Savings Bonds were uniformly good.

Headquarters' officials said today While specific totals of sales in farm districts, had not been made available, managers of bank branches located in such localities and representatives of investment houses predicted very healthy final figures, basing their opinion on what they had observed during the week. The steady pace, with no sign of any letup, was considered a pleasing side of rural sales.

One outstanding feature of sales in farm areas in Eastern and Western Canada was the unexpected large number of cash purchases. However, it is anticipated here that larger numbers of farmers will be buying on the time payment basis in greater numbers towards the end of the sales period.

Here and there signs are evident that farmers have been finding it just a little difficult to readjust themselves to the Canada Savings Bond sales methods. In these spots they have been looking for the old Victory Loan salesmen, and have even written in to Ottawa asking that a similar salesman be appointed to their respective districts. Such requests have been answered by pointing out to the writers that the expense of organizing a big sales force similar to Victory Loans, and of training such a force for the new procedure, was out of proportion to the purpose of the new offering. It was explained that the Canada Savings Bond was designed solely as a facility for investment of personal savings for those who wished it, and not as a primary means of meeting Government financial requirements.

Springbrook Lodge To Install Local Oddfellows

W. R. McGrerr, District Deputy-Grandmaster for District No. 48 of the Independent Order of Oddfellows was at Springbrook on Tuesday evening where he installed the officers of the Springbrook Lodge. Mr. McGrerr was accompanied by the following, who comprised the installing team: Arnold Rogers, Wilfred Smith, Percy Rose, Andrew Ford, Earl Deline, Thomas MacCrae and Alvin McTaggart. Others who made the trip were Edward Calver, Noble Grand of Argyll Lodge No. 212, George Day, William Walker, Ray Huffman and Sidney Milne.

Springbrook is out of this jurisdiction and the visit was by invitation, and on Thursday night of this week, the District Deputy-Grand Master and his installing team from Springbrook will make a fraternal visit to Argyll Lodge for the purpose of installing the respective officers.

Delicious refreshments were served after the installation.

PRESIDENT PIERCE, ADDRESSES LIONS AT BROCKVILLE

Members of Lions Clubs through Eastern Ontario, Quebec and Northern New York gathered in Brockville Sunday evening to honor Clifford D. Pierce, Memphis, Tenn., the President of Lions International, at a banquet in the Hotel Manitoba.

Lion Pierce only recently returned from a trip to Europe where he attended the Paris Conference, arrived in Brockville on Sunday afternoon from Toronto and a motorcade of automobiles was formed to accompany him from the Hotel Manitoba to the Thousand Island International Bridge and immediately following the banquet President Pierce left for Ottawa where he entrained for North Bay where he was to deliver an address.

Lion Pierce told his audience of his flight to Paris, where he presented American delegates to the Conference with a scroll on behalf of the Lions clubs of eighteen different countries. Another presentation was a solid copper gavel which was used at the meeting of the conference. He told of his meetings with James Byrnes in Paris and of his impression at the conference when watching the delegates from the 21 nations represented taking their seats.

Three main issues at stake were pointed out by Lion Pierce: the navigation issue of the Danube river, the Trieste situation and the question of reparations. He also pointed out that Lions International had sent three consultants to the United Nations meeting at San Francisco and had also sent delegates to the planning meeting for the Dumbarton Oaks proposals. Mention was made of the Lions work in Central and South America and of the establishment of hospitals and the work done with lepers.

Lion President Pierce was introduced by Lion Russell F. Hunter of Napanee, district governor, and at the conclusion of the address, the thanks of the gathering were extended by Lion William H. Stevens of Ottawa, international counsellor.

Lion A. E. Woods, president of the Brockville Lions Club was chairman of the meeting. Bruce A. Mitchell of Toronto district secretary introduced the head table guests and the official welcome to the visiting delegates was extended by Mayor N. S. Cuthbertson.

Following the International President's speech, J. Frank Caseiman, Morrisburg, deputy district governor made the presentation of a large silver tray to Mr. Pierce on which was inscribed wording telling that the presentation had been made on behalf of the district of Brockville meeting.

Don. Carmichael, Gananoque, deputy district governor, on behalf of the visiting delegates, thanked the Brockville Lions Club, who played hosts at the meeting.

Presentattions Made To Local Rebekahs

At the meeting of Queen of Sheba Rebekah Lodge No. 234 held on Tuesday night of last week and presided over by Lady Grand, Mrs. Reta Grand, it was announced that the installation of the officers will take place on Monday night, October 28 and the installation will be conducted by Mrs. P. Timms, District Deputy President, of Kingston and her staff. A large attendance is expected and will include many visitors.

There were two presentations at the meeting held on Tuesday night, the first being a gift to Miss Reta Sherman, who will shortly be married, and the second to Mrs. Ray Huffman, who is retiring as degree mistress. The first presentation was made by Mrs. Aubrey Pringle, and the second one by Mrs. Clarence Reid.

Miss Sherman and Mrs. Huffman briefly acknowledged the gifts.

P. CONSERVATIVES GAIN TWO SEATS IN BY-ELECTIONS

The Progressive Conservative victory in Monday's elections in Parkdale riding, Toronto and Portage la Prairie, has reduced the King Government's slimly held Parliamentary majority and is regarded as a definite Progressive Conservative triumph. It is also a loss to the P. C.

Lion Pierce only recently returned from a trip to Europe where he attended the Paris Conference, arrived in Brockville on Sunday afternoon from Toronto and a motorcade of automobiles was formed to accompany him from the Hotel Manitoba to the Thousand Island International Bridge and immediately following the banquet President Pierce left for Ottawa where he entrained for North Bay where he was to deliver an address.

Stolen Truck at Roblin Left Thief Stranded

A large truck owned by Wilbert South of Roblin, and used to collect milk, was stolen during the early hours of Sunday morning and was located on Sunday afternoon in a damaged condition, as the thief had attempted to drive the vehicle without water in the radiator.

The radiator of the car had been drained on Saturday evening, after Mr. South had parked the truck near his home.

FIVE DAYS SALES SAVINGS BONDS REACH $76,742,350

The cumulative sales total, across the country, of Canada Savings Bonds, which went on sale a week ago yesterday, have reached $76,742,350 for the first five days, of which $10,832,650 worth of bonds were sold through the payroll purchase plan. Indicative of rural sales all over the nation, the Saskatchewan total for five days has reached $4,017,-550. In Madoc, Ontario, the total was $32,980, an average purchase of more than $100 for every adult inhabitant.

Napanee Council Moves to Assist New Industry

Special Meeting Held to Consider Matter

Following a special meeting of the Industrial Committee on Wednesday last, a special meeting of Napanee Council was called on Friday evening and the following recommendation was put before it: "The establishment of an industry in Napanee by the garment company named would be in the public interest if Council could make satisfactory arrangement with this company to secure suitable accommodation."

Councillor W. Ramsay stated that the Town Clerk and himself, meeting representatives of the company, had offered suitable accommodations. The company would employ about twenty-five local people.

Town Clerk, W. A. Grange, had contacted a law firm which specializes in municipal affairs, about details of the company re taxes, rentals and the supply of facilities, he said. The ruling was, however, that the only concessions the town could make be in setting the first assessment.

A motion was passed authorizing that a deputation be sent to interview the Municipal Department in Toronto as to what steps can be taken towards granting of certain privileges to this company.

A request was received from the Ross Miller Biscuit Company for a building permit to make additions valued to $14,000 and $36,000 respectively, to its present building. Considerable discussion arose over the question before the permit was granted with suitable precautions ordered to avoid overloading of the Camden Road sewer.

Ralph Bell, president of the Retail Merchants Association asked that the Poultry Fair be held on November 19th and 20th, and also on December 5th. He requested that council help the association with the advertising. He asked also that the date of the Santa Claus Parade be set for December 21 and that a grant of $100 be given to help defray the cost of candies and costumes. The request was granted.

W. Roy, representing the Board of Education, reported that there were no complete tenders for the new Central School.

Charles Loucks asked if the clear water from the dairy now going into the Camden Road sewer could not be diverted into the upper river this allowing his proposed sewers to be added on to 2the now overloaded sewer.

It was moved by Councillor Webster and seconded by Councillor Vine, that inquiry actual be taken with regard to analysis of this water and also the advisability of this plan. He was further that council recommend to the Public Utilities Commission that water be extended to Arthur Loucks home on Newburgh Road.

NEWS BRIEFS

CHURCH STOOD 70 YEARS WITHOUT WEDDING CEREMONY

Ontario has a little rural church which in the seventy years of its history never had a wedding celebrated within its walls until last month, despite the fact that its name is Gretna, a name reminiscent of an entirely different record. Situated in the Bay of Quinte district, where pioneer families still bear historic names, and with the erected U.E.L. after them, it was fitting that Gretna Church should have for its first bride the daughter-in-law of Lieut.-Col. James Mellow, the man who gave the site, was the carpenter of well as one of those who raised the funds for the building. The bride was Mildred Parks, and her groom, William Goodman, grandson of another pioneer worker of the Church. Fittingly enough the officiating clergyman was the uncle of the bride, Rev. Harry A. Mellow of Leaside United Church, Toronto, who was assisted by the local pastor, Rev. M. Redvers Brown. Napanee, recently released from service as a Chaplain overseas.

SHARBOT LAKE BOY HELD FOLLOWING KILLING

A case of continuous beating until six-year-old Gerald Dusharm was dead, has led to the apprehension of an 11-year-old Sharbot Lake boy, whom is being held in Kingston.

No weapons have been found which might have been used to kill the lad, but it is possible the boy's head was bashed against the railway tracks on a wooden trestle bridge which crosses Briggs Creek where the body was found in about three feet of water.

The battered body, of which the head and face had been smashed and the skull split from front to back, and arms and hands bruised possibly trying to ward off blows, was found half submerged by a neighbor, one of about 175 residents who took part in a five-hour search for the missing boy.

KINGSTON WORKMAN KILLED IN BOX CAR

There will be no inquest into the death of Charles Whitmore, 46, of 210½ Montreal Street, who was killed when assisting in unloading steel plates from a box car on A. Davis & Sons' tannery siding on Thursday last. He was injured beneath about four or five tons of steel drying plates. As Mr. Whitmore and a helper, A. McFarlane of Harrowsmith, attempted to move one of the remaining 37 plates at the end of the box car, a slight tremor caused the whole load to shift. Whitmore, still on his feet, was pinned against the side of the car, while McFarlane, although struck across the shoulder was able to jump clear.

WORLD NARROWLY MISSED CRASH WITH COMET

R. Naismith, scientist and leader of the British Government radio research team who used radar to detect and record the trials of a swarm of meteors, October 9, said last week that had the earth been eight days earlier in the wing through space it would have collided with the comet Giacobini Zinner instead of running into its tail. Mr. Naismith explained: "The pictures demonstrate how the atmosphere protects the inhabitants of this planet from bombardment from outer space. Rocket trips to the moon are a topical subject, but if high altitude flying is to develop we shall need protection to withstand the heat of these meteor showers. Any machine flying at a height of more than sixty miles would find it impossible to miss such a shower as this."

'QUEEN ELIZABETH' COMPLETES FIRST PEACE VOYAGE

New York — The largest liner of them all — the 80,000-ton Queen Elizabeth — docked in New York on Monday, at the end of her first peace-time Atlantic crossing. Every whistle in the harbor screamed a welcome and thousands on shore cheered as the Queen moved majestically up the Hudson to her North River pier.

It was a different welcome she received than when she first came to New York on February 7, 1940 — blacked-out unfinished giant which had sneaked from her moorings in the Clyde in night to run for safety through U-boats infested seas. Then she came alone and unheralded, seeking safety from Germany bombs and torpedoes.

This was the "Queen Elizabeth's" big day, but Russian Foreign Minister, V. M. Molotov, almost stole the show. Other passengers included Senator Tom Connally, chairman of the Senate foreign relations committee; Lady Iris Mountbatten, a great granddaughter of Queen Victoria and Lord Baltimore, chairman of the British Newspaper Proprietors Association.

The Queen Elizabeth carried 2,296 passengers and made the crossing without too much hurry under five days. She is more like a town than a ship. Her inside walls are a furnished inn. Great stairways wind from one deck level to another. There are five elevators. On almost every deck are inviting do-it-of a cabaret or a dining room, and the corridors are lined with shops with mannikins in the windows.

During the war the Elizabeth carried as many as 20,000 troops in a single crossing, but today she has accomodations for 2,314 passengers. There are 35 public rooms.

Saturday's Market

There was a slight falling off on the market on Saturday morning, and the vehicles were not as plentiful as a week ago. However, there was a splendid market and the townspeople were out in force and purchases were quite numerous. There was a good supply of eggs, butter, potatoes, carrots, chickens, geese, home-killed meats, cauliflowers and apples. The latter brought the average price of 50c per bushel.

There was a large crowd in town, due to the heavy rain on Friday and the various merchants all report a record day's business. In the evening there were quite a number out and business was exceptionally good. Parking was at a premium in the evening.

A. M. DICKINSON DIED AT UTICA, N.Y.

The death occurred at Utica, N.Y., on October 6th, of Albert Aldertin Dickinson, aged 85, formerly managing editor of the Utica Saturday Globe.

Mr. Dickinson was born at Millbrook near Belleville, and attended school at Newburgh, Ontario.

GOING UP

The British financial papers are frankly apprehensive over the trend towards inflation in The United States. The decision of the President to end practically all controls and the removal of ceilings on meat, has shot the prices sky high. Ground meat — Hamburg steak if you will—was selling in Buffalo for seventy-five cents a pound, with other meats and meat products proportionately high. Just at a time when the wages were becoming stabilized to meet the current cost of living index, up go prices. Then what: a strike of airplane pilots, and a threatened strike among the automobile workers. Should another wage increase be granted the automobile workers, the increase will be used as an argument to up the price of cars. Then the workers will press for increases and The United States will be going through the whole Labor - Management dispute again. The stark naked fact is not that there is danger of inflation, but that inflation is here: that wages and prices are chasing each other in an endless spiral.

It is strange that people never learn the lessons of history. Surely, with the memory of what happened in 1920-28 still green in our minds, it would not seem that leaders in business and politics would have done everything possible to avoid a repetition of those years. But, no ! No sooner had the war ended than there was a clamor for the removal of ceiling prices, and controls. In The States, this became so determined that the Government after floundering around for a while, weakened. Then the merry-go-round started. There is only one possible result of the present trend, and that is a final readjustment. Should that come as it did in 1929, all the suffering and sorrow, the business failures, heartaches, and poverty of those years, will be repeated.

The tragedy of it all is that The United States, because of the new financial power it has achieved during the war, cannot in this era, any more than in another, live to itself alone. It will take little short of a miracle to prevent another world-wide financial collapse should The United States experience a sudden deflation.

We in Canada, whose proximity to our great neighbor, binds us close to The United States in all her ways, will undoubtedly share whatever depression follows the boom over there. Fortunately, we have, so far, been able to keep the inflationary trend here within bounds. The Government is resisting pressure to have controls removed. It is devoutly to be hoped that they can continue to resist the pressure and continue to control prices and wages, until the consumer demand for goods is within striking distance of being balanced by production. If that can be done, then when the crash comes, we will be in a better condition to meet it.

UNDER THE BED

We have heard it said that a certain Toronto Daily takes a flashlight and peeks under the bed every night, for fear some Member of the Ottawa Government should be lurking there, so great is its obsession against the King Regime. Now, of course, we would never subscribe to any such a statement, and yet, a careful reading of the Toronto morning paper leaves an impression that it does not like Mr. King and his Cabinet. Well, we cannot blame the paper altogether for that. A paper, like an individual, has a right to its likes and dislikes, and if it really did not dislike someone, it would be strange indeed, human nature and printer's ink being what it is!

We have no desire to step into the private vendetta between the C.B.C., a government concern and the Toronto paper. And yet, it is hard to escape the conclusion that the C.B.C. has the better of the argument. The issue arose over the Drew-King correspondence. The Toronto paper takes the C.B.C. to task, charging it with playing politics, because it did not report on this correspondence in a ten o'clock broadcast the night it was released. Mr. Dunton, chairman of the C.B.C., says that it had only received 180 words of a 1400-word dispatch, in time for the broadcast, and was not prepared to make any report on so small a portion of the dispatch. Back comes the Toronto paper and says in effect, that the 180 words was enough."

Well, maybe 180 words out of 1400 was enough for some people to make a report, but others and, apparently the C.B.C. among them, would like a little more information about what was in the 1400-word dispatch before giving it out over the air.

We have no particular brief for the King Government, and on the whole it is a good thing to have a paper which is always on the watch, and which keeps a weather eye open for any attempt of the government to usurp more authority than the people have granted to it, and its boards and commissions. We are all for that. But, after all, there is reason even in the extent to which criticism can go. And in this case, we think the Toronto paper would have been better advised to leave the matter of this particular broadcast, alone.

WHY NOT HERE ?

In India, where religious riots are taking a tragic toll of life, and where a much more widespread clash may break out at any time, the newspapers have taken a rather unique stand. It is reported that the leading newspapers have met in conference, to reach joint action with respect to the publication of news. In a situation where open and keen competition for circulation, prevails, newspapers vie with each other in an effort to secure the interest of the reading public. Consequently, the sensational and the unusual is featured, and given place on the front page—head-line prominence. Without any curb, this tendency to stress the sensational grows, with the result that all too often, prepudices are underlined and intensified and the passions of the readers inflamed.

Recognizing this tendency to inflame passions, and to stir the emotions by publishing the most lurid accounts of bloody scenes of violence, the papers of India have come to an agreement to play down all such events.

There is a lesson here for the Press in other countries, not excluding our own. The Press has an obligation, it is true, to give the public, facts. But some of the accounts of the trial that has taken place recently in Hamilton, is on a par with some of the most sensational papers in The United States. There can be no doubt but that the disgraceful and morbid curiosity shown by people who hung around the doors of the Court House, hoping to get in or even to get a look at the prisoner, was aroused and stimulated by the vivid headlines and highly-coloured reports in certain sections of the Daily Press.

If papers would get together and agree on a policy of presenting the news in a way that would not lower public morality, it would have a noticeable effect for good on our whole moral and social life. Perhaps the example of the papers in India will not be lost on some papers nearer home.

22-MAN DELEGATION ARRIVES NEW YORK FOR U.N.G.A. SESSION

New York. — Canada's delegation of 22 including advisers and alternates with a similar number of secretarial workers reached New York on Monday last, to attend the United Nations General Assembly. The party was headed by Rt. Hon. Louis St. Laurent, Minister for External Affairs and the following fully accredited delegates: Hon. Paul Martin, Secretary of State, Senator W. McL. Robertson, Minister Without Portfolio, and M. J. Coldwell, C.C.F. leader.

John Bracken, leader of the Opposition in the House of Commons and a delegate, was expected to arrive on Tuesday or Wednesday.

One of the alternate delegates, Hon. Dana Wilgress, Canadian Ambassador to Russia, arrived on the Queen Elizabeth on Monday and Hon. Hugh Keenleyside, Canadian Ambassador to Mexico, came in from Mexico City to act as alternate delegate.

There was one woman in the Canadian group, Mrs. H. D. Burwash, External Affairs Department at Ottawa, who will be an adviser to the delegation.

INTERNATIONAL SUNDAY SCHOOL LESSON, OCTOBER 27TH, 1946

"PAUL'S WIDENING FIELD OF SERVICE"
Lesson Text: Acts 13: 1-5, 13, 14, 44-48, 48, 40; 14: 26, 27

The rapid spread of christianity is one of the greatest episodes of all time. It began in a simple way, and in an inconspicuous part of the world. Its appeal was to the Jews first, and then to the gentiles also. Then it spread to certain Greek Jews who were attracted by the quality of life it produced, and by its teaching; then it spread to certain Gentile people who had some knowledge of Judaism and were eager to find out about the new religion. Finally it left all its racial and ecclesiastical moorings and set out to minister to the whole world.

This rapid change in the appeal of christianity from that of a religion which was concerned only with the Jews, until it became a universal religion, was due almost wholly to Paul. He was the instrument in God's hands through whom the full implications of the gospel as a universal religion became real. Of course this was not achieved without a struggle as later lessons in this series will show. Paul had not only to take the gospel to the Gentiles, he had to fight for the right to do so. Jews who were not at first so keen on admitting others than themselves to the benefits of the gospel. Once, however, that Paul had seen the light, once he was convinced that the salvation of Jesus Christ was for all people, nothing could turn him from his course. He had mapped out for himself; nothing could turn him back.

In this week's lesson we find Paul on one of his missionary journeys. These should be followed on a map, so as to get a picture of the places visited. Such a study will show that Paul was not only a flaming evangelist. He was, as well, a great statesman. He struck out into the far corners of his country, stopping at the large centres of population, making contacts, and establishing little groups which became the nuclei of strong and vigorous churches.

Of the men mentioned in this lesson J. S. Howson writes: "Simeon is one of those Jews who bore the Latin surname Niger in addition to the Hebrew name, like John whose surnam was Mark', mentioned in the last verse of the preceding chapter, and like Paul, himself, whose change of name will presently be brought to notice. Lucius, probably the same who is mentioned in the list of the Romans, is a native of Cyrene, that African city which has already been mentioned, as abounding in Jews, and which sent to Jerusalem our Saviour's cross bearer. Manaen is spoken of as the foster brother of Herod the tetrearch".

"As they, ministered to the Lord, etc." That is to say, while they served in the church. Barnabas and Paul were set apart for the work of missionaries. They were not altogether off on their own. They had been called by the Holy Spirit, and were sent out with the blessing of the little church. Just how the Holy Spirit manifested Himself we do not know. But, apparently, the manifestation was sufficiently real and definite to carry conviction with the church to which they were ministering. There are many ways in which "a call" may be received. Often it is the burning conviction of a great need, and of one's responsibility and capacity to meet it. This is about as far as we can go in defining what takes place when a person gets a call from God. Perhaps one of the reasons why more people do not engage in full time service for the church is that they expect a "call" will come in some more wonderful, notable experience. Well, it may come that way, but God speaks in many languages, and the language of a great need and the individual's responsibility and capacity to meet it is certainly one of these.

It was not an easy task to which Paul and Barnabas set their hands. There was the great Pagan world to reach with the gospel message. And yet it is significant that at this stage of their careers most of the opposition came from men who ought to have been with them rather than against them, from the jealousy of the Jews themselves. Even at that early date there was jealousy among church workers.

POLISH VETERANS FOR FARM LABOR TO ARRIVE SOON

Further to the recent announcement of Mr. Arthur MacNamara, Deputy Minister of Labour, Ottawa, that 4,000 Polish Veterans have been selected for employment on Canadian farms, Mr. B. C. Sullivan, Ontario Regional Superintendent of the National Employment Service, states: "We have received news from Dominion Government representatives in Italy, that the Polish Veterans selected for work on Canadian farms are an exceptionally fine type of man, and should prove be eminently satisfactory. Unfortunately, due to shipping conditions, the movement of these men to various centres in Canada has been delayed for a week or so. They were previously expected to arrive early in October."

It was emphasized by Government officials that farmers desirous of employing a Polish Veteran should forward their application immediately to the Provincial Agricultural Representative, or contact any local office of the National Employment Service. "It is imperative that we have the application forms quickly in order that we may ascertain the locality where the man is to be sent, and also to arrange for transportation facilities," remarked an officer of the National Employment Service.

In discussing the feeling on the part of some farmers toward signing a contract employing a Polish Veteran and not knowing his capabilities, Mr. Sullivan clarified this point when he stated: "We believe that the selection of Western farmers made by the Employment Service proved to be satisfactory to most of the Ontario Farmers during the past three or four summers and suggest that the experience gained in this field should create confidence in the work now being undertaken by this Department.

MINISTER OF LABOR COMMENTS ON LABOR CONDITIONS

In commenting on labour and employment conditions in Canada today, Hon. Humphrey Mitchell said: "It is safe to say that conditions in Canada today are extraordinarily good in the matter of remunerative employment. This is probably an understatement. Some advanced figures that have been given me by the Dominion Bureau of Statistics indicate that Canada is not far from the peak point of her history in regard to total employment."

In the Ontario region there were 49,200 unplaced applicants and 47,000 unfilled vacancies at October 2nd. Employment sagged again as material shortages grew worse following production drops due to strikes. Production of chemicals, rubber, copper wire, and glass is still affected by labor unrest, but the recent steel settlement may provide a basis for general improvement. The supply of labor is adequate for present needs in most manufacturing industries except for textiles and foundries. Female textile workers are practically unobtainable, although materials are in good supply. Foundries need skilled men. The automobile industry and its feeder plants are almost at a standstill. Strike-idle workers and prisoners-of-war have relieved labor shortages in canning factories. Farmers are applying in increasing numbers for Polish veterans. As harvesting tapers off, seasonal farm workers will turn to the woods, but there is only a remote possibility that full labor needs can be met. All types of construction tradesmen — carpenters, plumbers and bricklayers, especially — are in demand, despite the very limited supply of building materials.

There are about 2,000 kinds of plants which yield fibres useful to man.

Outriggest job is to teach the world to live together. But it's a job we'll have to learn ourselves first.

POPULATION NEED OVERWHELMING

Toronto, C.P. — David Croll, Liberal Member of Parliament for Toronto-Spadina, said in an address last week that Canada is ready for a new wave of immigration comparable to the pre-1914 period, when immigrants landed at the rate of 1,000 a day.

He told the Optimist Club that with manufactures comprising 61 per cent. of the nation's commodity output, Canada was growing to the industrial stature of Britain and the United States.

"This means we must stop sending materials abroad to be processed and returned to us as manufactured goods. We have the materials, the finances, the machines, and the 'know-how.' Our great lack is manpower and here the need for population is immediate and overwhelming."

CHEDDAR CHEESE NEW CONTROL

All cheddar cheese manufactured after October 12th in the provinces of Quebec and Ontario, which is purchased from manufacturers by wholesale buyers and wholesale distributors must be held in storage and may not be sold or disposed of by them, except on written instructions from the Administrator of Dairy Products, the Wartime Prices and Trade Board has announced.

The Board will require wholesalers and wholesale buyers to report all purchases and manufacturers to report all sales.

It is expected that these steps will result in a more equitable distribution of this type of cheese, the Board said.

ACTIVITIES AT NAPANEE CANNERS

The corn is brought in from farms in the surrounding district and is placed on a platform from which it is then worked on a conveyer which leads to the huskers. This machine averages about six tons per hour and requires nine workers. An endless conveyer belt takes it upstairs onto a rotating table and then to a cutter. From the cutter it drops into a worm and from the worm it goes into large tubs, which contain ten pounds of sugar and fifteen pounds of salt to every fifty gallons of water. The corn is then taken downstairs to a filler. Then it goes to a mixer which is heated at 150 deg. F., then to a filler which heats it to 183 deg. F. From there it is taken to a steamer. A man straps the cans into large baskets and these are then put into a retort under a ten-pound pressure and a temperature of 240 deg. F. for ten minutes. From there they are moved in a long cooling vat which requires eighteen minutes for the cans to reach the end. They are taken next into the warehouse where they are labelled by a machine which requires nine workers to operate. They labelled about 2,000 cases in eight hours.

The peas pack started on the 20th of June, tomato canning the 20th of August, corn canning, September 1st. About a hundred workers are employed in all.

This information was received from Mr. Ross Cornrite an employee who has been with the cannery for ten years.

NAPANEE AND COUNTY SAY 'THANK YOU' TO VETERANS

At Gilbard's Park on Monday morning, Oct. 14, 1946 the Recognition Day Sports Committee held games and sports for children. There was a baseball game and races. At 1:00 oclock in the afternoon the preparations for the parade were made at the Armouries. The Metropolitan Silver Band of Toronto, led the parade, followed by the Veterans, the 47th Battery, Girl Guides, the Brownies, Scouts, Clubs and the Cadets.

When the parade returned, the various groups assembled at the Armouries. The C.G.I.T. girls seated the people. The middle rows were reserved for servicemen.

On the platform sat Mayor Chalk, the former Mayor, Dr. Hall, Rev. Noble Hatton, Mr. Harold Webster, Warden H. Brandon and others.

Warden H. Brandon presented the certificates and Mayor Chalk the pins to the returned men who were present.

Presentation of the bell was made by Mr. McCrimmon to former Mayor Dr. Hall, who cordially received it on behalf of the town.

Rev. Noble Hatton gave a short speech of remembrance for those who did not return. There was a one-minute silence during which Rev. Hatton read the names of seven of those who gave their lives.

The Humane Society presented a certificate to Bernard Perry and to Donald Moore for saving William Harvey from drowning in the Napanee River on May, 1945.

Archdeacon Dumbrille gave the Salute to Valour. This was addressed to those who had won distinction in the war.

A buffet luncheon was served in the I.O.D.E. rooms and the Officers' Mess, afterwards.

SHORTENING – APPLES AND PIES

Toronto. — Rural Ontario is in a dither over the apple situation. Hon. T. L. Kennedy, Provincial Minister of Agriculture, and himself a farmer, says there are lots of apples but pie makers are plagued by a shortage of shortening for pastry and sugar for sweetening. He is getting letters daily from persons asking what he can do about it, as a man who often eats and enjoys apple pie three meals a day, Ol. Kennedy says glumly these isn't much hope for improvement because the lack of shortening. If not of sugar, will prevail for some time. He reports that farmers are particularly concerned because they can't sell their fall apples — they're tops for pies.

L. & A. W. A. Annual Deanery Meeting

The Lennox and Addington W. A. Deanery annual meeting was held in St. Paul's Church, Sandhurst, Tuesday, October 10th. Following Holy Communion and an inspiring sermon delivered by Rev. F. Ware, a box lunch was served at noon, after which the business meeting opened under the chairmanship of the Deanery Secretary, Rev. M. Oldham said the opening prayers.

Miss Jean Marinden of Oxford, an authority on Girls' work, gave a splendid address, showing the importance of leadership among the younger groups. From her wide experience during the war years in England and throughout the Empire, Miss Marinden is giving invaluable aid to those who are leading the girls in the church all over the Dominion.

Mrs. J. de P. Wright, Diocesan President, gave a report on her visit to the Dominion annual and the General Synod in Winnipeg. Other speakers were Mrs. L. E. Davis, Dorcas secretary; Mrs. E. Teskey, corresponding secretary, Mrs. C. E. Jamieson, educational secretary.

The total offering for the day was $31.10. Mrs. H. C. Secker was re-elected as Deanery secretary. Miss M. Allison read the resolutions of thanks. The sympathy of the meeting was expressed to Mrs. C. E. Radcliffe in the loss of her husband, Canon Radcliffe. A letter is to be sent to Mrs. Radcliffe. Tamworth W. A. invited the Deanery for 1947.

Ottawa electors will be asked to vote at the Dec. 9th civic elections on whether or not civic employees should be granted a five-day week, it has been announced.

Autumn Meeting Ruri-Decanal Chapter Lennox and Addington

The Autumn meeting of the Ruri-Decanal Chapter of Lennox and Addington, in conjunction with the Annual Meeting of the Woman's Auxiliary of the Deanery, was held in Sandhurst in the parish of Adolphustown, on Thursday, October 10th.

At 10:30 a.m., Holy Communion was celebrated by Archdeacon Dumbrille assisted by the Rural Dean and the Rector, Rev. L. O. Walker read the Epistle. Rev. F. Ware preached an inspiring sermon. There were eighty-five Communicants.

The Chapter met in St. Paul's Church at 2:00 p.m.

An expression of appreciation for the long and faithful service in the parish and outside the Diocese of the late Canon Radcliffe, was recorded in the minutes.

The standing of the parishes with regard to the missionary appointment, was never better.

The clergymen present were Rural Dean Pringle, Deserbnto; Archdeacon Dumbrille, Napanee; Rev. F. Ware, Tamworth; Rev. S. G. Secker, Adolphustown; Rev. M. Oldham, Camden East; Rev. L. O. Osborne-Walker, Bath. The Laymen present were Mr. Sills, Sandhurst, Mr. Coxall, Tamworth and Mr. Brim, Deseronto.

A vote of thanks was extended to Rev. F. Ware and members of St. Paul's Church, Sandhurst, for their hospitality.

B. OF M. LOW-COST PERSONAL LOANS AVAILABLE TO MEET MEDICAL EXPENSES

Money spent to retain good health is one of the best investments a person can make, because good health is the best assurance of happiness and achievement. Some people occasionally delay medical treatment because of a shortage of ready cash. At such a time, it is often good business to obtain a loan to cover any necessary medical expenses.

The Bank of Montreal's low-cost personal loan plan offers you an ideal service under such circumstances. Loans can be obtained under this plan at a cost of 27 cents a month for each $100 borrowed, repayable in twelve monthly instalments. There are no other costs, no deductions, no extras involved.

If you need money for purposes of this kind or for other personal requirements, drop in for a chat with your local Bank of Montreal manager, or the accountant. If you have a reasonable plan of repayment, they will be glad to assist you in a practical way—and this in strict confidence. 43a

SELBY MISSION BAND
The monthly meeting of the Selby Mission Band was held at the Sunday school room on Saturday afternoon, September 28th. The meeting opened by repeating the Member's Purpose. A hymn was sung and Marie Price led in prayer. A new call to worship followed. The secretary read the minutes and Marion Henderson read the scripture. The roll call was answered by a verse from the Bible containing the word Rejoice. Judy Kimmett read China on the watch tower. Thomas McChricheon read a story. The offering was taken up by Ralph Prisken and the offering dedication was said by all. Mrs. Prisken read the introduction to the new book on India. Judy Kimmett read a piece on India and a hymn was sung.

WEDDING BELLS

CHAMPAYNE - CAMPBELL

St. Mary Magdalene's Church, Napanee, was the scene of a quiet wedding on Thursday, September 17th, when Lillian Lois Campbell, daughter of Mr. and Mrs. R. J. Campbell, of Tamworth, became the bride of George N. Champayne, Toronto, son of Mrs. William McKnight and the late Jas. Champayne. The Venerable Archdeacon R. J. Dumbrille officiated and Mr. W. R. Eppes played the wedding music.

The bride, given in marriage by her father, looked charming in a gown of white embossed organza with veil of embroidered silk net, and a gold cross and chain, gift of the groom. Her corsage was of cerise roses and bouvardia, and she carried a white prayer book.

Mrs. Cameron Clarke, maid-of-honor for her sister, was gowned in pale blue embossed organza with matching feather hat and shoulder-length veil. Miss Lillian Sedore, niece of the bride, as junior bridesmaid, wore a pink silk jersey and net gown with matching flower hat misted in veiling, corsage of both attendants were pink roses and cornflowers.

The groomsman was Mr. Stewart Sedore.

For the wedding trip to Muskoka and Manitoulin Island, the bride wore a pale blue crepe dress with brown accessories.

Cards of Thanks

Mrs. A. E. Cook wishes to express her appreciation to friends and neighbours for the many acts of kindness received during her recent illness. 43ap

Mr. Geo. A. Johnston Mrs. Wilfrid Cuthill and Mrs. William Vankoughnet wish to thank their relatives, friends and neighbours, also the choir of St. Mary Magdalene's Church, Napanee, for their kindness shown during the sickness and death of their wife and mother. 43ap

Mr. and Mrs. Russell Boyce and family wish to thank their friends and neighbours of the Newburgh Road, Palace Road and Strathcona Community for the beautiful tri-lite floor lamp and purse of money presented to them on the eve of their departure for their new home in Deseronto. 43ap

Words are inadequate to express the very sincere thanks of Rev. W.R. and Mrs. Merrick to the friends of Selby, for their wonderful kindness to Mrs. Merrick during her illness in bed, but we will try to say in a sincere "Thank You" to the Men's Bible Class, for their kind gift; to all the many donors of the beautiful gifts sent in the "Sunshine Bag"; to the Mission Band for their thoughtful gift; to all who so kindly sent such a variety of delectable things to eat, and to every one for their kind and beautiful cards not forgetting all the kind friends who came in to call, also Dr. Meunier for his kind attention. 43ap Rev. W.R. and Mrs. Merrick.

PRESENTATION AND ADDRESS

On Friday evening, October 18, the many friends and neighbors of Mr. and Mrs. R. H. Boyce gathered at their home on the Newburgh Road to spend an evening with them before their departure for their new home on George St., Deseronto, and presented them with a beautiful tri-lite floor lamp and purse of money. An address was read by Sydney Miller and the presentation was made by Wm. Toner. Mr. and Mrs. Boyce replied, thanking their friends and inviting them to their new home.

Following is the address:

Dear Mr. and Mrs. Boyce.

We are gathered here this evening to spend one more social time with you. We are glad to be here, but wish it were for some other reason. For 20 years you have been our friends and neighbors and there are many memories linked to these associations. You have been very generous with your kindness and have been always ready to lend a helping hand to those who needed it. At our social gatherings, your presence has always been a welcome addition. In our church and Sunday School we shall miss you and your family. The women will feel the loss of your presence at their meetings Mrs. Boyce.

It sounds trite to say "What is our loss is someone else's gain", but it is true. We hope that in your new home you will find many congenial friends. But we hope you will remember those who have been your friends for many years and first came here as bride and groom.

"We may build more splendid habitations,
Fill our rooms with sculptures and with paintings,
But we cannot buy with gold the old associations".

To keep our memories fresh, we ask you to accept this gift.

Your many friends and neighbors.

YOUNG PEOPLE ATTEND TRINITY UNITED CHURCH

A large congregation gathered in Trinity United Church Sunday evening for the Young People's Service. Worship was conducted by Mrs. Harry Hanna and the speaker for the special occasion was Mr. Donald G. Williams of Belleville — immediate-past President of the Bay of Quinte Conference Young People. The scripture lesson was read by the newly-elected President of our Lennox and Addington Association, Miss Vivian Henderson, of Selby. The people led in the worship of song. Four of the girls were introduced as a Youth Quartette: Misses Mary Margaret Douglas, June Cooper, Helen Martin and Mary Barrett. They sang "Into Thy Presence My Prayer." The anthem was "Saviour, Breathe An Evening Blessing," by Thomas Adams.

Mr. Williams challenged his audience with his presentation of "Full-time Christian Service." By a skillful comparison of the modern aerial paintings by the masters, he underscored the demand and need, as well as the rewards, of consecration to the cause of the Kingdom of God.

A Fireside Gathering followed and attracted a group that packed the church parlours. The speaker, Mr. John Allen, of Toronto, delighted his audience with his description of a trip to the Old Country last summer to attend an Empire-wide youth service in Westminster Abbey. A thrilling story resulted from his comments on visiting blitzed areas of London, attending the youth service in Westminster, climbing to the famous dome of St. Paul's Cathedral, studying the history of England as it is recorded in Canterbury Cathedral, wandering about Cambridge, being thrilled by Edinburgh, spending time in youth centres, talking with H.R.H. Princess Elizabeth and meeting Lord Bennett and finally flying home over the Atlantic in a Royal Dutch Airways plane.

In commenting upon the evening, Mr. Hatton announced that the meeting of the first Sunday in each month would be devoted to youth. So the next special youth service will be on November 3rd. At that time a young people's club will be organized.

OBITUARIES

THE LATE MRS. HUGH DILLON

A lamentable death occurred at the Napanee Hospital, October 1st, when Margaret, beloved wife of Hugh Dillon, passed to her eternal reward in her 70th year. Mrs. Dillon was of an exceedingly amiable disposition and loved by all who knew her, and her death came as a great shock.

Deceased, whose maiden name was Margaret Byrnes, was born near Enterprise and was a daughter of the late Mr. and Mrs. Johnnie Byrnes. She was married 31 years ago, to Hugh Dillon, of Kerrobert, Saskatchewan, where they lived until nine years ago, when they came back East and settled in Tamworth.

Besides her grief-stricken husband she leaves to mourn her loss one daughter, Madeline, four brothers, James of Centreville, Edward and Matthew of Tamworth, and William John, of Kerrobert, Sask. Three children predeceased her and are interred at Kerrobert.

The high esteem in which she was held was testified to by the unusually large cortege Thursday morning to St. Anthony's Church, Centreville, where Rev. Father Ryan celebrated the solemn requiem mass after which her remains were interred in the family plot. The pall-bearers were Messrs. Leo Ingoldsby, James Brady, J. P. Deevy, Henry Even, Bernice Wannamaker and J. Kearns.

BOY SCOUTS NEWS

FIRST NAPANEE WOLF CUB PACK

October 18.

In spite of the cold weather a good turnout of Cubs was on hand to participate in the weekly meeting. A beginning was made on First Star Knotting with the Sixes receiving instruction from their Sixers.

During the evening games of 'Flip' and 'Kangaroo Hop' were played.

Inspection centred on clean hands and Sunday school attendance. A general survey was taken to determine how many Cubs had their regulation cards on their person.

The meeting closed with the Cub Silence. Cub Prayer and Dismissal.

Cub Notes:

Keep these dates in mind:

Friday, November 8th — Parents' Night.

Sunday, November 24th — Cubs' Own Service.

Scouts in Other Countries:

Four thousand Boy Scouts who visited His Holiness the Pope, at his summer residence, Castel Gandolfo, were told that they have a spiritual function in world reconstruction, especially in the religious and moral life.

Akela.

Balud von Shirach, leader of the Hitler Youth Movement, told the United States Army's Chief psychiatrist at Nuernberg prison that Germans must be divided into age groups and children under the age of ten taken away from Nazi-indoctrinated parents.

Only 36,000 truck owners in the United States operate more than five vehicles.

MOST MOTHERS DO THIS
If Baby Has A Cold
AT BEDTIME RUB throat, chest, back with Vapoltub. Relief-bringing action starts right away.
WHEN THE KIDDIES take child sleeps. Other ills relieved, most distress of the cold is eased.
Best-known home remedy you can use to relieve distress of children's colds is comforting Vicks VapoRub. Even while you rub it on, VapoRub starts to work to ease distress...and it keeps on working during the night. No wonder most mothers do this when a cold strikes. Tonight, try VICKS VAPORUB

8 Perspicacious* People

*According to Webster, this five-dollar word means clear-sighted—of acute mental vision or discernment... which pretty well describes the "eight out of ten" who plan to invest in Canada Savings Bonds.

IN RECENT ADVERTISEMENTS we have been suggesting that the way to save money is to have a plan and stick to it.

Now comes this Dominion Government savings plan, ready-made for your needs. It enables you to add to your present holdings of Victory Bonds by the same tried-and-true method you used during the war; paying for your purchase in cash, if you like; but better still by convenient instalments, as you earn.

You found out for yourself, with every Victory Bond you bought, that this is a savings system that *works*... convincing proof that you *can* "save some for yourself."

Simply call at your Royal Bank branch, sign an application for one or more bonds, to be paid for by convenient instalments spread over a year if you wish. Keep up the war-time saving habit. Invest in Canada Savings Bonds.

CANADA SAVINGS BONDS

- *Are as good as cash—backed by the Government of Canada...*
- *Can be bought for cash, or by instalments out of income, at any branch of this bank...*
- *Can be bought by salary deductions at your place of employment...*
- *Can be sold at any chartered bank any time, for what you paid for them, plus earned interest...*
- *Are available in four denominations: $50, $100, $500 and $1,000.*
- *Are registered—each bond you buy is registered in your name at Ottawa.*

Mr. and Mrs. Arthur Joyce spent the week end in Rochester, N.Y.

Mr. J. Wartman of Kingston, was a week end guest of Mr. and Mrs. Robin Fluke.

A number of our young people motored to Perth on Saturday and attended the Young People's Conference.

Mr. and Mrs. D. Vandervoort and family moved on Thursday to their new home in Maberly, where Mr. Vandervoort has purchased a business.

Mr. Bob McGill has accepted a position with Mr. D. Vandervoort, at Maberly.

The anniversary services in the United Church on Sunday, were well attended. Rev. J. I. Mackay, B.A., B.D., Superintendent of Missions, was the guest speaker. The special music rendered by the choir was much appreciated.

Birthday Party

A prettily arranged birthday party was held in the Sunday school room of the United Church on the evening of October 2nd. Twelve members of the Woman's Association presided at small tables decorated to represent the months. After the guests had been welcomed by Mrs. H. B. Herrington and Mrs. Norman Hutchison, they were shown to their respective tables by Phyllis McGill and Paula Mounce. The entertainment which followed was given by members of Grace Church, Napanee. Mr. Don Scott opened the program with a sing-song in which he succeeded in getting everyone in a friendly mood. Mrs. Bert Seymour capably accompanied the evening's musical numbers. A male quartette consisting of Messrs. Blakely, Sexsmith, Seymour and Bird rendered selections of splendid harmony. Mrs. Robt. Smith delighted the audience with her violin solos. Another feature of the program was the recitations contributed by Mrs. Haggerty in which she depicted in a splendid manner the humorous side of life as well as the more serious. Following this splendid concert, appreciation to the entertainers was voiced by Mrs. Robin Fluke. A large candle-lit birthday cake was contributed and presented by Mrs. Clarence Baker. The girls of the local C.G.I.T. gave efficient aid to the various hostesses during the social period.

OPENINGS FOR YOUNG MEN IN THE AIR FORCE

The Air Force has openings in all ground crew trades such as: Aircraftsmen, Electricians, Radio Operators, Radar Mechanics, Clerk Accountants, Clerk Administrations, and many others.

Young men wishing to enlist without previous service experience must be over 18 years of age and under 26. They normally should have Junior Matriculation, but full consideration is given a young man with Grade 10 and with civilian experience in a trade.

R.C.A.F. veterans applying for re-enlistment will be advised as soon as possible regarding their rank they will receive on re-appointment.

Army and Navy veterans applying for enlistment in the R.C.A.F. will be given full consideration for their service time and experience.

Skilled tradesmen, without previous experience will be accepted up to age 30, whether married or single.

The peacetime R.C.A.F. offers all young men the opportunity to travel, the finest training in all skilled trades, free medical, dental and clothing service, recreational facilities and the opportunity of completing in competitive sports. Liberal allowances for married men, adequate pay and a substantial pension at the end of twenty years' service.

All enlistees accepted by the Recruiting Officer are given free transportation to No. 1 Air Command at Trenton, Ontario, or to their nearest recruiting centre. There they go through all the details of enlistment. Then they are posted to No. 1 Manning Depot, Portage la Prairie, Manitoba, for basic training and from there are sent to a trade school to commence training in the service trade they have selected.

The mobile recruiting unit has made a complete tour of Ontario so that every young man may have the opportunity of presenting himself for enlistment. To date there has been a heavy response in recruiting. It is felt that once more many young men in this area will take advantage of this opportunity.

All young men not able to contact the Recruiting Unit here in Napanee may, by writing to No. 1 Air Command, Trenton, Ontario, receive full particulars on enlistment.

Lady Sharp ,Guest of Honor, Odessa Meeting

Odessa Women's Institute and members of the Library Board, were well represented at a tea held in the Library, in honor of Lady Sharp, of Los Angeles, Calif., a former resident of the village. The guest-of-honor was welcomed by Mrs. Clark Boyce, president of the W. I. and Mr. Harry Laughlin, chairman of the Library Board. The latter gave a brief address and thanked Lady Sharp for the gift of the library to the township and referred to its uses as educational and social. Lady Sharp responded.

Miss Willanna Clark, secretary of the W. I. gave a short account of money spent by the Institute towards the upkeep of the library, which they help to sponsor. Lady Sharp presented a cheque to the treasurer of the Library Board, to have the building painted. The building was given her maiden name "Margaret Breden." A guest book in charge of Mrs. Stanley Sproule was presented to the guest-of-honor by Mrs Nora Gilbert, who also introduced her to those present.

Lady Sharp wore a pin adorned with four stars, which represented four years' service in war work to Los Angeles, when people of seven nationalities met at her home to sew. The group now meet twice a month.

Mrs. Robert Cairns and Mrs. Stanley Sproule poured tea at a table adorned with autumn flowers and yellow tapers in crystal holders. Conveners of the tea were Mrs. F. Browne Mrs. Frank Hurley and Mrs. Roy Babcock. They were assisted in serving by Mrs. Robert Baker, Mrs. Armstrong, Mrs. T. White, Mrs. Seymour Kilgannon, Mrs. O. Schneider, Mrs. J. L. Clark and Miss Betty Browne. Piano selections were played by Mrs. Hurley and Mrs. Gilbert.

Lady Sharp wore a corsage of sweet peas, and Mrs. Boyce one of snapdragons, gifts of Mrs. Geo. Cooper.

RED CROSS NEWS

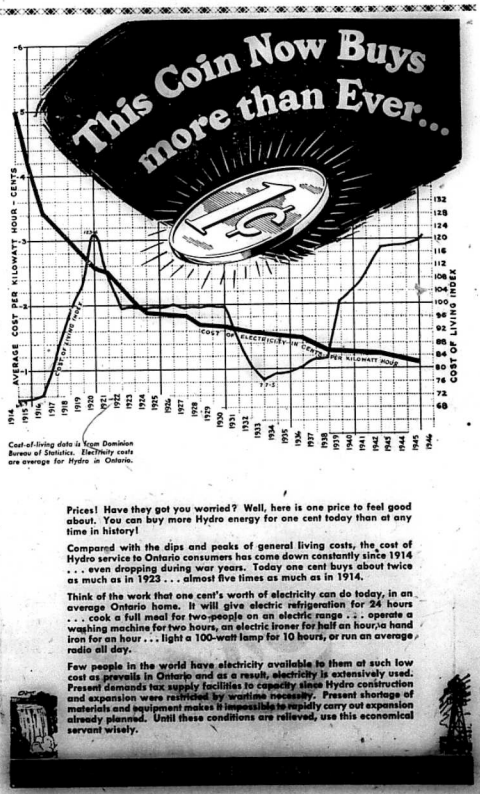
TELEPHONE CALLS HAVE MUSHROOMED IN THE LAST TWO YEARS!

...and they're still zooming! That is one reason why when you pick up the telephone, you can't always get through to your party just as promptly as you (and we) would like.

Operators are working at top speed—present equipment is being stretched to its fullest possible use—and we are working against time to hurry the highly complicated installations which are essential to handle the ever-growing number of daily calls.

So, when you use the telephone, will you please remember these facts if your operator sometimes seems slow to answer, or your call is otherwise delayed.

BELL TELEPHONE COMPANY OF CANADA



This Coin Now Buys more than Ever...
AVERAGE COST PER KILOWATT HOUR—CENTS
COST OF LIVING INDEX
COST OF ELECTRICITY IN TERMS OF PER KILOWATT HOUR
Cost-of-living data is from Dominion Bureau of Statistics. Electricity costs are average for Hydro in Ontario.

Prices! Have they got you worried? Well, here is one price to feel good about. You can buy more Hydro energy for one cent today than at any time in history!

Compared with the dips and peaks of general living costs, the cost of Hydro service to Ontario consumers has come down constantly since 1914 . . . even dropping during war years. Today one cent buys about twice as much as in 1923 . . . almost five times as much as in 1914.

Think of the work that one cent's worth of electricity can do today, in an average Ontario home. It will give electric refrigeration for 24 hours . . . cook a full meal for two people on an electric range . . . operate a washing machine for two hours, an electric ironer for half an hour, a hand iron for an hour . . . light a 100-watt lamp for 10 hours, or run an average radio all day.

Few people in the world have electricity available to them at such low cost as prevails in Ontario and as a result, electricity is extensively used. Present demands tax supply facilities to capacity since Hydro construction and expansion were restricted by wartime necessity. Present shortage of materials and equipment makes it impossible to rapidly carry out expansion already planned. Until these conditions are relieved, use this economical servant wisely.

The dictionary defines habit as "a tendency acquired by frequent repetition of the same act". By this token, most of us through the war years formed a habit of saving through buying Victory Bonds. We liked it. Liked the convenience of it, the security, the good rate of interest . . . liked the fact that we were investing in the future of our country.

The habit of saving through government bonds can be continued in peace time. The new Canada Savings Bonds can be bought in units of $50, $100, $500 and $1,000. They pay 2¾% interest, by annual coupons, for ten years. Yet they can be turned into cash at full face value, with interest, at any time. Buy them for cash, or on the Monthly Savings Plan, Payroll Savings Plan or by personal arrangement with your bank.

Warden Brandon Entertains Friends At Banquet

Over 100 Guests Enjoy Entertainment

Over one hundred guests, including officials of the County of Lennox and Addington, and their wives, were welcomed by Warden and Mrs. Harold Brandon at a splendid banquet held at the Hotel Paisley, on Thursday evening, October 24th.

County Clerk W. S. Wilson was chairman of the evening and following the National Anthem, Rev. L. G. Walker asked the blessing. Hosts Mr. and Mrs. Tyson served a delicious meal which was interspersed with community singing led by G. F. Smith, of Napanee.

In reply to the toast to the Township of Ernestown, the chairman called upon Dep.-Reeve Delbert Sexsmith, who responded for the councillors, and Treasurer Jas. L. Clarke who responded on behalf of the officials of the township.

Following the introduction of the Reeves of each township, some being unavoidably absent, the toast to the County of Lennox and Addington was responded to by Reeve Edwards. E. J. Courneya, T. D. Creighton and W. A. McLeod and by Reeve J. R. Johnston of Adolphustown. Thanking the Warden and Mrs. Brandon for the privilege of attending the banquet, reference was made to the fine spirit of co - operation which had been displayed in the work of the council, and to the splendid leadership and the harmonious understanding throughout the year.

Capt. W. W. Exley, the newly appointed County Treasurer responded to the toast to the County on behalf of the County officials. Recently returned from military service across, Capt. Exley said he was the junior member of the organization and felt humbled at being so called upon. He thanked councillors and officials for the help they had given him during the past few months and congratulated Warden Brandon on being elected to lead the county in matters of government—He also thanked Mr. and Mrs. Brandon for the privilege of attending and wished them God speed in their future years.

Mrs. H. Brandon was presented with a beautiful bouquet of flowers by Mrs. G. F. Smith.

The toast to the Province of Ontario was proposed and responded to by James or D. Hepburn, M.L.A. In his remarks, Mr. Hepburn pointed out that fifty per cent of taxes are paid by the Province of Ontario and said the people of the province must elect the best possible government in order to lead the way to a greater and even more prosperous Canada.

In replying to the toast to the Dominion, Geo. J. Tustin, M.P. opened his remarks by thanking Mr. and Mrs. Brandon for their invitation. Referring to the splendid dinner provided, he said Canada was the greatest food producing country in the world to-day, which has been justly proven by the amount of foodstuffs shipped during the war and post-war periods. Not only food but munitions and other supplies were sent overseas in increasing amounts. In praising those men and women who left home for service in other countries, he said we must not lose sight of those who were giving their services at home to make it possible to carry on. The people of Canada must unite now as they did when to fight for peace and the continuance of peace.

The evening's entertainment was provided by Miss Beatrice Walker, who sang two well rendered solos, "Smile With the Light Brown Hair" and "My Hero" from the "Chocolate Soldier", accompanied at the piano by Mrs. Walker; and by the versatile entertainer, Mr. Fred McPherson, caricaturist.

The gathering toasted the Warden and his wife, in reply to which Mr. Brandon, on behalf of himself and Mrs. Brandon, thanked all for their presence, those who had helped in every way to make the evening such a success and Mr. and Mrs. Tyson of the Hotel Paisley for their cordial reception and for the splendid meal they had provided.

ODDFELLOWS VISITED TAMWORTH LODGE

W. R. McGreer, district deputy grand master for District No. 46 of the Independent Order of Oddfellows accompanied by his installing team motored to Tamworth on Monday night, where the newly elected officers of Tamworth Lodge were duly installed. Other members of the party included Edward Calver, noble grand of Argyll Lodge No. 212, I.O. O.F. and the members and visitors had a real good evening. Splendid addresses were made by the district deputy grand master and officers and at the close of the lodge session, the members and visitors enjoyed light refreshments.

ARM CUT IN SAWING MACHINE

Orville Courneya, son of Mr. and Mrs. E. J. Courneya, at The Lloyd Hotel, lacerated his arm quite seriously while cutting wood at the premises of Mrs. F. McElroy, in Tweed, recently. Mr. Courneya has his own sawing-machine. Members of the family had gone to replenish Mrs. McElroy's wood supply when the accident occurred.

Visiting Minister In Trinity Church Pulpit

This Sunday, at 10:05 a.m., Trinity United Church will hold its annual Bible Society service. The evangelist speaker for the occasion will be Rev. Edgerton Ryerson Young, of Toronto. Mr. Young is one of the new secretaries of the Society, having come to this work after serving as a chaplain in the Canadian Army.

In the evening, the preacher will be Rev. Ray McCleary of Woodlawn Green United Church in Toronto. Mr. McCleary was one of the outstanding padres in the Canadian

REV. RAY McCLEARY

Army in the recent war. He is one of the most powerful ministers of our church. He has acquired a great reputation as a minister in the east end of Toronto. This work has led to the planning of a modern community centre. To this end a fund of $50,000 has just been raised in the city. The appreciation of the city is indicated by the fact that they have voted $150,000 to this project. Mr. McCleary will visit Trinity after conducting the anniversary service in the morning in George Street church in Peterborough.

The service will be of special interest to young people. The first fifteen minutes will be devoted to singing old hymns. At 8:30 p.m. you are invited to a Fireside Gathering to organize a young people's Club.

CELEBRATE GOLDEN WEDDING

Judge and Mrs. George E. Deroche of Toronto, formerly of Deseronto and Belleville, celebrated their golden wedding anniversary at a dinner at the Old Mill, Toronto, last week. They were married in Plymouth and lived in Deseronto for a time where Mr. Deroche set up law practice. In 1906 he moved to Belleville where he practised for thirty-four years until his retirement.

Many Citizens Visit Gibbard Factory On "Open Night"

Visitors Impressed by Improvements in Building

Last Wednesday evening, The Gibbard Plant was open to the public for the first time and about four hundred people visited the factory and had a most interesting evening. This first Open House Night was primarily for the families and friends of the employees and was organized by the Gibbard Recreation Club.

In the Showroom the Company had on exhibition a number of bedroom and diningroom suites and occasional pieces, some free from and others dressed in production while others were samples of new Giggard lines for the first six months of 1947. The display covered a wide variety of attractive pieces, colonial and modern pieces.

Quite a number of the woodworking machines in the Plant were running and were demonstrated by their operators as the visitors were conducted around the Plant. It was apparent that The Gibbard Plant is wonderfully well equipped and that our local men are among the most skilled in the woodworking industry, turning out as they do a product in the better price field.

Some indication of the tremendous job of renovation that has been going on in the plant for the past five years was seen. New stairways, floors and lighting have been installed and the Plant has been completely repainted inside. The new dust collection system, or fans in the Plant, and the new boiler plant were noticed and it was also noted that two of the kilns were out of operation as they are in the process of being rebuilt with automatic equipment and forced draft heating. It is understood also that the Veneer Department is to be completely re-equipped just as soon as delivery of new machinery or order in the United States is received.

At the conclusion of the tour of the Plant, refreshments were served to the visitors in the Recreation Room.

Napanee Oddfellows To Visit Watertown

The Watertown City Lodge of Oddfellows will celebrate the 75th anniversary of the lodge on Thursday night, November 7th, when the first degree team from Argyll Lodge No. 212, in Napanee, will confer the degree. This was announced by Elwin Willard, noble grand. The lodge was instituted September 21, 1871.

Grand Master Harvey M. Parker of New York State will be present to witness the degree and will also attend the banquet under the chairmanship of Lr. S. L. James. Mr. Willard declared that the lodge was very free from all indebtedness due to the efforts of William O. Leggett, chairman of the social committee and his aides.

The Watertown Lodge conferred the initiatory degree on a class of fifteen candidates from Watertown, and a number of men from outside lodges, in the I.O.O.F. Temple Thursday night, October 24th.

EASTERN STAR OFFICERS TO BE INSTALLED

At the meeting of Napanee Chapter No. 151, Order of the Eastern Star, held in the rooms of Argyll Lodge No. 212 on Tuesday night last, preparations were made for the installation of the officers which will be held on Tuesday night, November 5th. Mrs. Joseph Tustin is the worthy matron-elect, and Jos. Tustin is the worthy patron elect. The former has also appointed officers and these with the elected officers will be formally installed in office.

There was a large attendance at the meeting which was presided over by Mrs. Kenneth Hill with members and considerable business was transacted. In addition the beautiful degree was conferred on a class of candidates. At the close of the Chapter session, light refreshments were served.

MILK PRODUCERS SHOW CONFIDENCE MILK CONTROL BD.

At a Joint meeting of the Directors of the Cheese and Concentrated Milk Producers' Associations of the County of Lennox, held the evening of October 28th, the following resolution was passed:

"Whereas the authority of the Milk Control Board of Ontario is at present under question, and whereas it is the considered opinion of this meeting that said Board has performed an invaluable service since its inception in the stabilizing of the dairy industry of Ontario;

"Therefore, be it resolved that we, the Directors of our respective Associations, representing some 2,000 farmers of Lennox County, wish to go on record as having every confidence in the Milk Control Board as set up by the Honorable T. L. Kennedy, and ask that if it does not now have the authority, that legislation be passed as soon as possible giving it the power to enquire into the cost of producing, processing and distributi n in all branches of the dairy industry, also to set prices which will be equitable to all concerned. We would also suggest that consideration be given to the paying for all milk on a pooled basis."

TRINITY CHOIR ENJOY PARTY

It was a treat to sit in on the practice of the Trinity Church Choir last week. Everyone enjoyed it. It was obvious that the leader of the choir, Mrs. J. E. Madden, was pleased. And that it was a popular practice was indicated by the number — over thirty present. The explanation is that practice was part of an evening of fun arranged by the committee composed of Miss Florence Hall, Mrs. B. Barrett, Miss Olive McMillan, Miss Ruth Graham, Mr. Bert Weiss. Wednesday evening, when eighty-four members and friends sat down to dinner at the Superior Restaurant Hall. Afterwards the minister, Rev. Noble Hatton, voiced the appreciation of members and friends of the church, as well as his own personal gratitude, for the work of the choir. He also welcomed back a number who had served in the armed forces: Mrs. Ralph Bell, Wesley Aikenbrack, Gordon Paul, Borden Lewis, Rene Switzer, Tom Webb.

Reference was made to the pleasure of all to have the musical Cochrane family present from Deseronto. Mrs. Madden expressed her pleasure in the work of the choir. She received enthusiastic support from all and sent when she outlined her plans for the future.

Prizes were cut to a minimum and after a period of "chit-chat" the members settled down to practice. Then the rest of the evening was given over to games and sing-song.

The American Revolution's last battle was fought in 1872 in Kentucky. The battle took place at a place known as Blue Licks battlefield state park.

Magistrate Imposes Over $1200 Fines Cemetery Vandals

Stones Overturned to be Replaced

Clare Blute, 21, and Ross Shetler, 24, who pleaded guilty to wilful damage of forty-two tombstones in Riverview Cemetery, on the night of October 5th, were each ordered, by Magistrate J. B. Garvin, on Thursday afternoon, to pay $50 and costs, or two months in gaol, and were placed on probation for five years, providing that each pay the sum of $500 by way of restitution for the amount of damage done to the tombstones.

W. M. Nickle, K.C., appeared for Blute and H. L. Rowntree for Shetler.

K. S. Ham conducted the case for the Crown.

Provincial Constable W. E. Smith, who investigated the case, told of the damage done and also produced photographs taken of the cemetery the day following the vandalism. He read statements signed by the accused, which stated that they had had quite a lot to drink on the evening in question, and on going home, had gone in to the cemetery, where they pushed over a number of tombstones.

George Hewitt, monument dealer, stated that he had made an examination of the cemetery. He said that if each stone damaged was to be repaired by a new one, the cost would be around $8,000, but added that the monuments disturbed could be repaired at a cost of $1,100. "I feel," said Mr. Howitt, that repairing could be done in a manner acceptable to the owners."

Mr. Nickle, in his appeal to the court, stated that it was the defence's desire to make restitution for the damages. "If the matter had been solved and had gone to this dastardly deed in a place of holy respect, then there would be something on their behalf, but there is no doubt that both were intoxicated." If they were fined $500 each, the fine would be paid, he testified, but it is my desire to have this damage repaired as soon as possible. He pointed out that the money, totalling $1,100 be turned over to a trustee, to have the work to be done. The Crown should show some approval to make good an indistrect and incomprehensible slip act. He said he didn't think there would be a word of criticism, if each were fined $500 or $1,000, would not give the Cemetery Company restitution for the damage.

Mr. Nickle went on to say that, if both were sentenced, then there would be restitution. "I am not going on berry bushes," he said. "As long as the accused are paying for it, they are not going to forget this drunken act."

Mr. Nickle suggested that the accused should suffer the penalty, besides making restitution. If this view was taken by the Court the $1,100 should be held in trust for thirty days, in case the Attorney-General's department appeals the verdict.

W. A. Grange, solicitor for the Cemetery Company, stated that the Cemetery Company was quite prepared to accept restitution.

Mr. Ham stated that he entirely concurred with Mr. Nickle. All of Shetler's trouble has taken place since his return from the Army. The case, he said, is a complete tragedy of the age.

K. S. Ham, County Crown Attorney, stated that the crime is without precedent in this part of the Province, and perhaps in the whole of Ontario. The only explanation put forward, he said, is that both were pretty drunk. Just how drunk were they? he asked. He didn't think they were as drunk as they made out, as two men, working together turning over forty-two stones would take a considerable length of time. "Mr. Nickle's appeal sounds like a bargain counter," and I am not in favor of any proposition." He said that restitution should be made for the damage to the cemetery should lead to sentences.

Magistrate Garvin stated that in each of the cases, the Court considered two main factors: "To protect the interests of the public and "a sentence that will act as a deterrent to others." The Court also has the interests of those who have been grieved. The desecration of a cemetery is a deed which can have no sympathy from anyone.

"You must, by this time, realize the enormity of your offence," he said, speaking to the accused. In my mind, the abuse of liquor is entirely responsible.

PRESENTATION TO MR. F. SMITH AND DAUGHTER

A social evening was held last Thursday evening at the new home of Mr. Fred Palmer, on Bleecker Street, Parkdale, when a presentation was made on behalf of Mount Pleasant Community, by Ward Secksmith, Roy Grooms and Ross Oliver, of a large lounging chair to Mr. Smith and of a plastic shoulder bag to Marjorie. Mr. Smith expressed appreciation of the address and presentations.

Games were played during the evening and lunch was served.

Assisting the district deputy grand warden; Hiram Mumby, district deputy recording secretary; R. Shetler, district deputy - grand treasurer; William Barlow, district deputy grand chaplain; W. F. Baker, district deputy grand marshall; M. E. Neil, district deputy grand inner guard and Allan McComb, district deputy grand outer guard, and H. Martin, district deputy grand financial secretary. The work done by the visitors was excellent and called for a hearty vote of thanks which was moved by Arnold Rogers, past district deputy grand master, and Alvin McTaggart, past grand.

The lodge room was completely filled and there were many more than a hundred present. Visiting brethren were present from Springbrook, Stirling, North Bay, Canton, Picton, and Deseronto, including the sister lodge, Napanee No. 86. Among the visiting brethren were W. R. Cockburn, district deputy grand master for District No. 47, Picton; also the vice grand of Thomasburg; E. R. Duettam and B. Begbee, of the Quinte Lodge No. 34, of Picton. There were also several visitors from Springbrook and Stirling. All the visitors received a hearty welcome from the noble grand, Edward Calver. The degree team was introduced by Ward H. Roe, past district deputy grand master, and were given a vote of thanks. The visitors were requested to stand and there were 36 all told. Among the seven members of the Odd Order present was W. B. Sills, Argyll Lodge, who is entering upon his 51st year as a member.

Before the closing of the lodge, Bro. Clayton Burkitt, district deputy grand master for No. 44, was called on for an address and he complimented Argyll on the efforts of the past of the ensuing year and stated that he and the members of his staff were delighted to come to Napanee for the purpose of installation. He expressed the wish that more frequent interchanges would occur in the future and in closing he wished for Argyll Lodge success in the future.

After the closing of the lodge the brethren assembled in the banquet hall where supper was served. The programme which followed consisted of brief addresses, violin selections and Scotch songs, also community singing which was led by Donald A. Scott.

The officers and members of Argyll Lodge are very proud of the personal work of the retiring noble grand, Edward Calver, who has worked hard to increase the membership

INSTALL OFFICERS REBEKAH LODGE

The annual installation of the officers of Queen of Sheba Rebekah Lodge No. 254, was held on Monday night and was conducted by Mrs. F. W. Times, of Kingston, district deputy president and her staff of officers. There was a large attendance of officers and members including many visitors and the installation was exceedingly well done. The following are the officers of the Lodge for the ensuing year: Mrs. Aubrey Pringle, noble grand; Mrs. Fred Tanner, junior past grand; Mrs. Edna Shannon, vice-grand; Mr. Ed Shannon, recording secretary; Miss Edna Cranston, financial secretary; Mrs. Marshall Hudson, treasurer; Mrs. B. McGreer, left supporter of the vice-grand; Miss Irene Wagar, inner guard; Mrs. Harrison Mallet, outer guard; Mrs. B. M. Black, pianist. The District Deputy - President was assisted by Miss Violet Armitage, deputy marshall, and the soloist was Mrs. Lusby. The pianist was Mrs. Newton Foster.

Presentations were made to Mrs. Timms, Mrs. Fred Tanner and Mrs. Andrew Kitchen. The latter received a 20-year jewel, which was presented by Mrs. R. S. Wales and Mrs. Tanner received her past grand's jewel. Miss Edna Hull presented Mrs. Blake Bryeke with a gift for her daughter, Mrs. Robert Leury, who moved to Stirling, some time ago.

Fifty-Fifty Club Has Record Attendance

Monday evening, eighty members of the Fifty-Fifty Club met at Trinity Church and set out in relays for the various homes where a progressive dinner was served. There was considerable hustle and bustle and a maximum of fun as the groups taxied from place to place to enjoy the courses prepared. The members who opened their homes for the occasion were Mr. and Mrs. Doug. Kerr, Mr. and Mrs. Bert Empey, Rev. and Mrs. Noble Hatton and Mr. and Mrs. John Diamond. Coffee was served in the church parlours.

Then, in an informal atmosphere the minister took charge of the gathering. Among those who were welcomed to the Club were Mr. and Mrs. Jack Spencer, Mr. and Mrs. Tom Henshelwood, Mr. and Mrs. Kenneth Fuller, Mrs. Grant Howitt, Mr. and Mrs. Husband and Mr. and Mrs. Rene Switzer.

Rev. Noble Hatton spoke on the subject "Whom God Hath Joined." He stressed the necessity of Christian emphasis in every-day living of the spiritual basis of Christian marriage. "Christian Church," and reminded his listeners that the church is not a building of brick and stone, but is a body of people joined together by allegiance to God and the Christian faith. He spoke of the adoption of Church Union in 1925 and remarked that the church had made wonderful progress.

Assisting at the evening service was the Rev. Noble Hatton of Trinity United Church, whose congregation is worshipped with Grace Church for this service. Under the leadership of Mr. Wightman, choir leader, the music was exceptionally fine. In the morning the large choir rendered the anthem, "The King of Love, My Shepherd Is," with Mrs. Wightman and Gervin Clarke taking the solos in an effective manner. In the evening the choir also rendered "Consecrate Art Thou," with Mrs. W. V. Drury singing the soprano solo. There was also a ladies' chorus, "Father Most Merciful". The special soloist for both services was Mrs. W. V. Drury, of Peterborough, a former leader of the choir. In the morning she gave a Good Shepherd solo and in the evening her selection was "I Will Live for Thee." Her lovely voice was enjoyed to good advantage in both selections. Mrs. B. M. Black presided at the organ and also at the evening played a number of selections preceding the service.

There was a fireside service at the close, at which the chairman was W.

Open Season For Game Birds

In an advertisement pub'shed recently in all of the Ontario daily and weekly newspapers the following sentence appeared: Rifles may not be used for shooting birds." This appears to have created some misunderstanding among sportsmen and in order to clarify the situation it would be noted that:

The use of .22 cal. low-powered rifles or other rifles of any calibre for the hunting of Migratory Game Birds, is prohibited.

The open hunting season for pheasants in those areas where pheasants may legally be taken, the use of rifles for the taking of any protected or unprotected bird or animal, is prohibited.

Rifles may be used for taking ruffed grouse, and other species of grouse.

Many articles can be prevented from going down the furnace pipe if a piece of fine fire netting is inserted inside the register hole and register plate placed over it. This is especially advisable if there are children in the home.

NEWS BRIEFS

TRENTON TO RAISE $150,000 FOR PROPOSED HOSPITAL

A campaign has been organized in Trenton to raise $150,000 toward the building of the proposed new hospital in that town. Every resident in that city will be canvassed and the co-operation of churches, theatres and service clubs will be utilized to promote the project.

PATROL BOAT TO ENFORCE LAW

To assist in the enforcement of game laws in district waters, the Provincial Department of Lands and Forests has made a crash boat available. It will go into service very soon. Capt. Jeslin is in charge of the conversion from boat. There has been a number of complaints regarding alleged illegal fishing and hunting in these waters and the new service will provide a means of supervision and check up.

INFANT MORTALITY DROPS

Dr. A. R. J. Boyd, (Medical Officer of Health of Kingston, stated last week that Kingston established a new low record for infant mortality. The rate in 1945, which was the 1,000 live births, was more than 45 per cent below the rate of 1941, when the rate was 83.3 per 1,000 live births. This was the lowest ever recorded in Kingston," said Dr. Boyd.

BRIG. H. D. GRAHAM GOES TO GIBRALTAR

Brigadier H. D. Graham, C.B.E., D.S.O., with bar, of Trenton, has been promoted from the Department of National Defence at Ottawa, to be Chief of Staff in Britain. He will leave for England early in November.

Brigadier Graham was brigadier with the Hastings and Prince Edward Regiment and rendered distinguished service overseas, which resulted for him recognition from the King.

SEEKING $50,000 FROM STUDENTS

A campaign to raise $50,000—about $1 from each Canadian university student — for relief of European students, was announced Saturday by Gordon Campbell, executive secretary of the International Student Service.

Canadian students sent $30,000 to their fellows in Europe, last year through the I.S.S., which in recent years has conducted similar campaigns at most of the major universities in the Dominion. The I.S.S. maintains hostels for students suffering from tuberculosis — five now are in operation, with no distinction regarding nationality or race, Mr. Campbell said.

SOAP SCARCITY EASING

Prediction that the soap scarcity would ease quickly with settlement of Eastern Canadian strikes was made last week by Miss Byrne Hope Sanders, director of the consumers' branch of the Prices Board. She said she could feel honoured that she came to Ottawa at such a time.

During the evening, the excellent music of W. Bradley Wright, Mrs. Cameron Wilson added very much to the enjoyment of those present.

SHOULD REGISTER FOR BABY BONUS

The Health Department now is drawing the people's attention through advertisements, to the changes in the income tax laws with respect to family allowances.

In the Budget brought down June 27th it was disclosed that in the cases of taxpayers with children under sixteen family allowances would be interlocked with exemptions for dependent children. The taxpayer will be given a tax credit of $100 for each child under 16, but under the change in the law he will be considered to be in receipt of family allowances which average about $72 per child annually.

Magistrate's Court

Emerson York, for driving without necessary lights, was fined $3 and costs.

Joseph P. Adam, for parking a vehicle upon the travelled portion of the highway, paid $10 and costs.

Patrick Gaffney, for failing to give a proper signal before turning, $10 and costs.

Dean Harold Babcock, for being intoxicated in a public place, paid $10 and costs.

The case of Garnet Miller, for careless driving, was enlarged to October 31st.

Rev. W. P. Woodger Guest Preacher At Grace Church

104th Anniversary Observed Last Sunday

The 104th Anniversary of Grace United Church was held on Sunday, and was attended by large congregations, which taxed the seating capacity of the church. The guest speaker for both services was the Rev. W. P. Woodger, B.A., of Trinity United Church, Cobourg, a former minister of Grace United Church. The floral decorations were lovely.

The church was founded nominally in the first Episcopal Church and was known as the White Church. The building was completed in 1844. When the Rev. H. H. Johnston was named the minister, and throughout the years, many scholarly ministers have presided. In 1913 it was renovated and considerably improved. In January of 1943 the interior of the building was badly damaged by fire and the restoration of the church was at once proceeded with, so that to-day, the church with its new chancel, is one of the finest in the presbytery.

Mr. Woodger, at the morning service, expressed his great pleasure in being present for the service and referred to the happy years when he was the minister. In the evening, he selected as his subject, " The Christian Church," and reminded his listeners that the church is not a building of brick and stone, but is a body of people joined together by allegiance to God and the Christian faith. He spoke of the adoption of Church Union in 1925 and remarked that the church had made wonderful progress.

Assisting at the evening service was the Rev. Noble Hatton of Trinity United Church, whose congregation is worshipped with Grace Church for this service. Under the leadership of Mr. Wightman, choir leader, the music was exceptionally fine. In the morning the large choir rendered the anthem, "The King of Love, My Shepherd Is," with Mrs. Wightman and Gervin Clarke taking the solos in an effective manner. In the evening the choir also rendered "Consecrate Art Thou," with Mrs. W. V. Drury singing the soprano solo. There was also a ladies' chorus, "Father Most Merciful". The special soloist for both services was Mrs. W. V. Drury, of Peterborough, a former leader of the choir. In the morning she gave a Good Shepherd solo and in the evening her selection was "I Will Live for Thee." Her lovely voice was enjoyed to good advantage in both selections. Mrs. B. M. Black presided at the organ and also at the evening played a number of selections preceding the service.

There was a fireside service at the close, at which the chairman was W. F. Barrett. Several hymns were sung with G. F. Smith leading and Mrs. B. M. Black presiding at the organ. There was also a duet rendered by Mrs. Robert Smith, with Mrs. Bert Seymour at the piano. Another feature was the ladies' trio which was well sung by Mr. Wightman and Misses Barbara McLachlin and Mrs. Shirley Jelfs. Hazel Rockwell and Jean Glover. Brief addresses were given by Ven. Archdeacon R. J. Dombrille, rector of St. Mary Magdalene Church, Toronto, and Rev. H. C. Trinity United Church, Rev. W. P. Woodger of Cobourg and the minister, Rev. C. H. McLellan.

Mr. Woodger referred to the pleasant memories and happy associations he had when he was the minister of Grace United Church and referred to the members who were here on that occasion. Ven. Archdeacon R. J. Dombrille, B.A., A. A. Lashley, the late Rev. the United Church Observer, Toronto, and the Rev. Harry Pearson.

This service was very largely attended and at the close refreshments were served by the members of the Women's Association of which Mrs. Wilfred Smith is the president.

DOLL PAGEANT UNIQUE EXHIBITION

All those who were fortunate enough to see the Page-ant of Dolls at St. Mary Magdalene Church on Friday afternoon and evening, agreed that it was one of the most unique and fascinating exhibitions ever seen in Napanee. There were 90 dolls in all, depicting a great variety of characters and costumes. Each dressed in its most liberal sense. for every detail of feature and facial expression was carried out with the most meticulous accuracy.

Each was there in all his grandeur of velvet and satin, with powdered wigs and buckled shoes. Its annual height, 6 ft. 4 inches, indicated as he towered over his first lady, Martha Washington, who was magnificently attired in the extremely elaborate gown of her high station. Elizabeth, in blonde wig, which she wore on state occasions, looked ruff and all. Napoleon, with just putting one scarlet slipper on the handsome velvet cloak which Sir Walter Raleigh threw down at her feet. Madam Anderson and Paul Robeson, the only negro couple, were dressed and elegant in contrast to an ebony black couple in gaudy silks and satins. Mary Queen of Scots, in most attic of 1850 complete with hoop skirts, bonnet bows and frilled under sleeves. A Quaker lady in sober brown with a quiet bonnet to shield her from the outside world. A busy housewife busily at her labors and a beautiful lady of the French Revolution period, in her satin gown with sash and slanter. There were beauties from data in real estate, and every flower had its address . . . a group from Hawaii in the familiar grass skirts, and a group from the delightful costumes of ancient China, and many many others from various parts of the world and various periods in history.

As for the eight-room dolls' house it was incredibly detailed, from the bathroom, a white bear skin rug before the fireplace in the library to a cradle and cot in the nursery, a telephone in the hall. Crown Derby dishes in the dining room and even the mice running around the kitchen floor.

Mrs. MacFarlane made every article in the exhibit herself. She is so well known in Toronto that her visit to Napanee was the occasion of several radio stations and Napanee should feel honoured that she came to us in such a busy week.

During the evening, the excellent music of W. Bradley Wright, Mrs. Cameron Wilson added very much to the enjoyment of those present.

Year's Slate Elected N.H.S. Literary Society

On October 11th, at Newburgh High School, nominations were held for the various offices of the Literary Society for the school year 1946-47. During the following week many gay and humorous speeches were made by candidates for students to vote for the best candidates. On October 23 an election took place, after each nomiee had delivered a brief speech. The voting was done by ballot.

The following is the slate elected for the coming year: President, Wayne Templeton; Vice - President, Leda Drew; Secretary - Treasurer, Marjorie Huffman; Editor, Billie Hanna; Press Secretary, Gwendolyn Brady; Grade IX representative, Jean Jackson; Grade X representative, Kathleen Huffman, Grade I representative, Barbara Walker; Grade XII representative, Isobel Allen; and Grade III representative, Maurice Salsbury.

NAPANEE W. I. EUCHRE PARTY

The Napanee Women's Institute sponsored a very enjoyable progressive euchre on Friday afternoon. There were six tables in play and the winners were Mrs. Ivan Barrager, first prize; Mrs. H. Yeomans, low prize and Mrs. W. Craig, the door prize.

GETTING IT STRAIGHT

In order to keep the record straight with respect to the present increase in prices and wages, it is necessary to remind ourselves continually where this whole thing started. Even our esteemed contemporary, The Kingston Whig-Standard, which has all the sources of information available, when it deals with the situation, does not pay enough attention to origins. In its issue of Monday, October 28, it published, as an editorial note, the following:

"Wage increases to steel workers were followed by manufacturers' appeals to be allowed to increase steel prices; railway wage increases will be followed by higher freight rates, and increases to Western coal miners brought requests from operators to be allowed to increase the price of coal to the consumer. Inflation's merry-go-round will soon pick up speed."

That is true, so far as it goes, but it does not go far enough. It is only half the truth, and a half-truth is often more deceptive than a whole untruth. The truth of the matter is that the steel people asked for and obtained a five dollar increase per ton on steel before the workers asked an increase in wages. It was the increase in the price of steel that started this whole business. That, and something else. The something else was the way in which the Members of Parliament increased their own wages or salaries. The effect which the action of the legislators, in increasing their own salaries, had on the working man, was much more far-reaching than they ever expected.

The increase in the legislators' salaries and the increase in the price of steel, started this whole movement. Senators and Members of Parliament have something to answer for.

POLITICAL TREDNS

Three recent by-elections have gone against the King Government: one in Quebec, one in Ontario, one in Manitoba. The Quebec seat and the Manitoba seat were Liberal losses. The one in Quebec was taken by Social Credit, the one in Manitoba by a Progressive Conservative. The Toronto seat was traditionally conservative.

In Great Britain, more attention is given to by-elections as denoting a trend than in this country, but even there one can be no escaping the conclusion that the tide is running against the present administration. Of course, the Government has still four years to run and much may happen in four years. On the other hand, the Government has now only five of an overall majority in the House, and that may cause embarrassment at any time, and may force an issue on some important matter which might result in a vote against the Government. Certainly the tide of the Government has become less secure with each by-election.

This situation will undoubtedly stimulate vigorous and effective opposition. We may well look for keener and more constructive debate than for some little past. The Opposition will not be slow to take advantage of the situation created by the by-election. This will be all to the good. The Government will be more inclined, as well, to take note of minority opinion than it has been on some other occasions when it had an overwhelming majority.

This situation has naturally given rise to conjecture as to the future leadership of the Liberal Party. The Prime Minister has now been in office for nineteen years, which is a Canadian all-time record. He has intimated that he will not face the electorate again. Just when he plans to retire, or who will succeed him as the leader of the party, is not known — probably not even Mr. King knows.

Mr. King, who is an adept at taking advantage of situations, may wait until something happens which may appear advantageous to him and his party, before relinquishing his leadership.

No matter what happens at the next election, it will be interesting in that a new leader in both major parties will face the electorate. This change will undoubtedly favor the Progressive Conservatives, who should now prepare to assume the full powers of constructive government, should the people decide to entrust them with the responsibility.

NOT SO EASY

The rioting and the large number of deaths in India during the past few months, are a grim and tragic demonstration of the difficulty the British Government of India has faced through the years. Even admitting that the British administration of India has not been perfect, it has accomplished great things. Indeed the cultivation of the spirit of freedom and self-reliance, has more than anything else, made possible the movement towards self-government.

For years, when any person or interest wished to stimulate envy, jealousy or hatred against the British Empire, they shouted "India." They pointed to a great continent ruled and dominated by an alien power. It was certainly true that Great Britain controlled India, but of the repressive measures known to other subject peoples, India knew nothing. Indeed, the fact that now, when self-government is being achieved, there are men of education, men of leadership and capacity for governing a great country, is in itself, a tribute to the quality of British statesmanship.

People who best know the situation in India were always of the opinion that the differences of religion and culture there, were so great, that it would be difficult for them to work together. Events are proving the truth of that contention. Until a few days ago, the Moslems refused to work with the Hindus in an Indian Government, and went a long way towards stimulating the race riots that have marked the past few weeks. Seeing the situation getting out of hand, they have, at least, decided to work with the Hindus. This bodes well for the future.

The British are demonstrating their sincerity in their determination to withdraw from India. Lord Wavell is giving magnificent leadership. If the Hindus and the Moslems can learn to work together, the future for India will be bright, indeed. In the meantime, the British are doing all that is humanly possible to create the atmosphere between the groups and to get them to work together for the good of the whole. The future historians, we doubt, now will have less to say about Britain's mismanagement of India than certain rabble sources of our own day, who seem to take a delight in stirring up prejudices against the British.

HEADACHES AHEAD

Builders and contractors are having a few headaches these days, trying to get materials. There is a shortage of nearly everything: nails, plumbing fixtures, shingles, lumber and most other materials that go into the building of a home. This, too, just at a time when the demand for new houses is phenomenal. This combination of conditions leads, naturally, to the use of material that is not properly prepared to stand the rigors of our climate, or any climate for that matter.

Bad as the headache now is, there are more headaches ahead for those who are forced, by the stress of circumstances, to accept homes that are using material of this sort. A month or two ago we saw a home that was in construction. Before it was even finished, the lumber had shrunk so that there were, in places, gaps a quarter of an inch or more between the joints. Only this week, at St. Ola, we saw a great load of lumber ready to be moved to market. We asked the owner how long it had been cut, and to our dismay, were informed that it had been cut the week previously. Ordinarily it was compulsory to stack lumber for ninety days before putting it on the market. Now it goes on the market green as grass—a week or less after it had been standing in the forest.

There is nobody to blame for this. The prodigal use of lumber for war purposes depleted all stock piles. And people are so driven by dire necessity for homes, that they are compelled to use anything they can get.

There is no way out except that those who can possibly do so, should wait until more normal times and until the supply of lumber is such, that it will be possible to stock it and season it, somewhat. Building with green lumber is bound to bring a lot of headaches in its train.

INTERNATIONAL SUNDAY SCHOOL LESSON, NOVEMBER 3RD, 1946

Lesson Text: Acts 15: 23b-29. Galatians 5: 13-18.
"PAUL CHAMPIONS FREEDOM AND BROTHERHOOD"

The age-old story of the struggle on matters of detail between men of good intent is recounted in this week's lesson. Paul was converted to Christianity through faith in Jesus Christ as his Saviour. On his heels, he went up and down the country bringing men into the church. He had, at the time of this lesson, been preaching for nineteen years. He had done a marvellous piece of evangelistic work. However, there were some of the leaders of the Church in Jerusalem, who did not like Paul's methods. He did not do things in the orthodox way. He accepted people into the Christian church, without making them first become circumcised. The group in Jerusalem who did not like this, sent a couple of men to Antioch to tell the people there that Paul was not a real Christian because he did not make the converts conform to the Jewish ritual. They made trouble in the church there, so Paul decided to have a showdown. He and Barnabas and some others went to Jerusalem, met the leaders and fought the matter out. The result was that Paul and his methods were completely vindicated.

After the meeting in Jerusalem the heads of the Church decided that the best way to settle the problem at Antioch, was to send two of their men to tell them by word of mouth, exactly what they had decided. There could then be no mistake and no misinterpretation; so quietly. They decided to send Judas and Silas. Judas is not mentioned elsewhere in the Bible; we know nothing of him. Silas later joined Paul on his second missionary journey. He is sometimes called Silvanus. Silas was a good delegate, as he held the confidence both of Paul and of Peter, who had been on different sides on the debate regarding circumcision — Peter holding out for circumcision and Paul opposing it.

Before sending the delegates, the heads of the Church in Jerusalem, sent a letter to the people in Antioch telling them what their decision had been. Part of that letter is contained in the first section of this week's lesson. It should be read very carefully. The heart of the letter is contained in verses 28 and 29. In effect these verses say that the committee has decided to exact only the minimum requirements. Four of them: That the Christian should abstain (1) from things offered to idols, (2) from blood, (3) from things strangled, (4) from fornication. The Church had yielded on the matter of circumcision. The first three points were matters of insignificant importance. The fourth was different; as it cut right into the old heathen worship in which the worshipper engaged in certain sexual orgies associated with the worship of Venus, Aphrodite, or Astarte.

In the next section which is taken from Galatians, Paul is putting forth his position before the Council. He argues that Christians are not bound by ritualism and form. They are free. They are Christians as a result of their faith in Christ — not because they obeyed some prescribed rules. At the same time Paul argues that Christians have to be on their guard continually, less they abuse the freedom which they have won. But even so, one may say: "can we not dress as we please, drink as we please, eat as we please, drive as we please, spend Sunday as we please, go to church when and where we please, speak as we please — no you cannot. Your freedoms you may have but not for long! The not your freedom for an occasion of the flesh. Every freedom involves a corresponding restraint, also for a Christian — let us not forget that."

OBITUARIES

MRS. E. I. BOYLE

The many friends of Mrs. E. I. Boyle in Napanee heard with great regret of her sudden death on Friday, October 25th. Early this year she had been ill for several weeks, but had apparently recovered, and was resuming many of her usual activities. The day before her death she had been about her household duties and on Friday when she was not seen about her home, investigation disclosed that she had passed away quietly during the night.

Mrs. Boyle, who was formerly Elizabeth Lochhead, was a daughter of the late Mr. and Mrs. John Lochhead. She was born near Napanee, in Richmond Township, and, following her marriage, moved to Napanee, where she had since resided.

She was a member for many years of Trinity United Church, in which she took an active part, in the women's organizations. Almost since its organization she had been a member of the Napanee Women's Institute, and last year and this year until her illness early in the summer she was President of the Institute. She was also a Past President of the Ladies' Golf Club, and was one of the most active workers in the Napanee Red Cross Society.

She was predeceased by her husband fourteen years ago, and leaves one sister, Mrs. Carrie Vandebogart, St. Catharines, and two nephews, Burton Vandebogart, Toronto, and Alan Vandebogart, Napanee.

Her funeral was conducted by Rev. Noble Hatton, at the Wartman Funeral Home, on Monday afternoon, and interment took place in Riverside cemetery.

The active pallbearers were Messrs. F. H. Henderson, E. B. Weiss, W. J. Wiggins, E. C. Hogarth, F. L. Hooper, and Wm. Hunter. Honorary bearers were Dr. G. W. Morden, Wark Poole, and C. W. Buchanan.

In New York's Radio City Music Hall, janitors clean out 2800 ashtrays every twenty-four hours.

Extensive sulphur deposits in Texas and Louisiana are covered with quicksand and cannot be mined by ordinary methods.

Trinity Autumn Tea

On the afternoon of October twenty-fifth Trinity Sunday School auditorium was the scene of a very successful event in the form of an autumn tea, under the auspices of the Women's Association. The convenors of the six groups, with a director, assisted by members of their committees, carried out the details.

The auditorium was most attractively and suitably decorated with autumn leaves, late fall flowers, and yellow and bronze chrysanthemums.

The tea table, which was covered with a lace cloth, had a centre of bronze 'mums flanked by four candles to match. Set with silver service at either end and trays of refreshments, it was very attractive. A dozen small tea tables, each with a centre of bronze 'mums, were scattered about, and added much to the appearance of the room as well as to the general social atmosphere.

The guests were received by the Treasurer and Secretary of the Association, and were further welcomed by the Pastor's wife and the President, while the hostess invited the ladies to tea.

Tea was poured by Presidents and Past Presidents of various Societies, and was most graciously served by a number of the younger matrons of the congregation.

Two side features were the cooked food table and the country store. The former was very pretty with its decoration of autumn leaves, and, because of the generosity of the members in donating food, was very successful financially, as supplies vanished about as fast as they appeared.

The store was highly profitable, too, because of the generosity of the donors. It carried supplies of canned goods, fresh garden vegetables, hand-made articles, as well as various other items.

During the afternoon Mrs. Rene Switzer, accompanied by Miss Beatrice Baughan, delighted all with a beautiful solo, and Miss Vaughan rendered a number of piano selections.

The ladies may well congratulate themselves on the success of their enterprise.

ANNUAL MEETING GIRL GUIDES

The annual meeting of the Local Association of Girl Guides will be held in the I. O. D. E. rooms of the Armouries on Tuesday evening, November 5th, at 8:00 o'clock. Reports for the year will be presented and an Executive elected for the ensuing year. This is an open meeting and anyone interested in the work of the Girl Guides will be welcome.

RECEIVES AWARD

Mr. F. Burton Elliott, C.L.U., has been honored by receiving the National Quality award given by the Life Underwriter's Association, in recognition of securing a substantial amount of quality business. The award is being given in Canada for the first time this year.

Minister Municipal Affairs Addresses District Assessors

A recommendation from his department that it appoint a board of three men, composed of experienced assessors, who will visit Ontario municipalities and assist local assessors, will soon be presented to the government, Minister of Municipal Affairs Dunbar said, in Belleville last week.

The minister was addressing the annual meeting of District 5, Association of Assessing Officers for Prince Edward, Hastings, Lennox and Addington, Peterborough and Durham Counties, when he made the announcement.

"If I had my way I would have assessment high and taxes low," he said.

Questioned on the appointments of county assessors, Mr. Dunbar said the government was not trying to force the measure on any municipality. He advocated a pension system for municipalities where permanent employees would be assured of something for their old age. He said municipalities were receiving in grants a sum of $36,000,000.

Mrs. Canada Spends Wartime Savings

Ottawa. Thrifty housewives, who saved their pin money during the war, spent a lot of it last August on radios and household goods, a report by the Dominion Bureau of Statistics disclosed last week.

An analysis of sales in Canada during that month showed a 24 per cent rise over July, and a 27 per cent increase compared with the corresponding month last year.

Radios, musical instruments and supplies, led all departments with an increase of 198 per cent. over August, 1946. Sales of household appliances and electrical supplies were nearly 66 per cent. higher; hardware and kitchen utensils, 30 per cent.; furniture and home furnishings 34.5 and 29 per cent, respectively.

HE LOVED HIS WIFE DEARLY...

...but neglected his Widow!

Certainly, he *meant* well by his widow. He left her his entire estate and appointed dependable Uncle Fred to administer it.

How was he to know that Uncle Fred was destined to outlive him by only a few weeks?

Without proper direction the estate's affairs drifted. Important details were overlooked. Some investments, that might have been salvaged, foundered. For want of experienced guidance the late husband's business drifted on the rocks. In a very little time the estate he had so carefully built up for his wife's security had dwindled to a pittance.

The efficient administration of an estate requires much technical knowledge and even more—experience. For your family's security ... appoint National Trust your Executor.

WRITE FOR THIS FREE BOOKLET—it explains the duties and requirements of an Executor and how the fees of an Executor are fixed. It contains interesting and highly valuable information for you whether your estate is small or large.

Getting Bank Loans Often Good Business

LOW-COST MONEY WHEN YOU NEED IT — REPAYABLE IN INSTALMENTS

Getting a loan from the Bank is often good business. Considerable savings can often be effected by obtaining ready cash when it is needed. It is at such times that the Bank of Montreal's personal loan plan can be most helpful.

The Bank of Montreal offers personal loans repayable in twelve monthly instalments, for the surprisingly low cost of 27 cents per month for each $100 borrowed. Larger or smaller amounts may be borrowed for longer or shorter periods at a proportionate cost—which amounts to no more than 6% per year.

Many people are availing themselves of this opportunity to raise ready cash when it will do the most good. For quick purchases or emergencies of any kind where money is required, the Bank's personal loan plan is meeting a real need quickly and effectively — and at the lowest cost available.

The manager or the accountant are anxious to assist people in their personal financing in a thoroughly practical way. 44a

OBITUARY

WILLIAM CLAYTON

Mr. William Clayton, a resident of Napanee for about sixty years, died on Monday, October 28th, at the home of his daughter, Mrs. Alex. Mitchell, Brockville, where he had been residing for the past few years.

Mr. Clayton, who was in his 88th year, had been in failing health for some time, but had been confined to his bed for only about a week previous to his death.

Born in England, he came to Canada when a boy of ten years of age. For some time he farmed at Thomasburg, but came to Napanee over sixty years ago. He was a man of strong christian character, and was held in very high regard by the many people who knew him. During his residence in the town he was a devout member of Grace United Church, which he attended with commendable regularity.

He was predeceased by his wife in 1942, and leaves an only daughter, Mrs. Mitchell, in Brockville.

His funeral will be conducted on Wednesday afternoon at the Tierney Funeral Home by Rev. W. P. Woodger, of Consecon, a former pastor of Grace United Church, Napanee. Interment will be at Morven cemetery.

MRS. GEORGE JOHNSTON

The death occurred at her home on Mill St., Napanee, on Wednesday, October 9th, 1946, of Clara A. N. Johnston, in her 81st year.

The late Mrs. Johnston was a daughter of the late Marshall and Jane A. N. Davy, and was born at Bath, Ontario, on July 15th, 1866, and was the last surviving member of a family of ten. In 1907 she married George A. Johnston, of Napanee, Ontario.

Her funeral was held on Friday, October 11th, 1946, from her late residence to St. Mary Magdalene's Church, and interment took place at Riverside cemetery.

The pallbearers were Bruce, Rockwell and Dempster Parks, Orville Dillenbeck, Gordon Snider, and Fred Vanalstine.

Left to mourn her loss are her husband, George A. Johnston, and two daughters, Mrs. W. Cuthill (Henrietta), and Mrs. W. Vankoughnet (Andria).

OPEN HOUSE AT GIBBARD FURNITURE FACTORY

Open house at The Gibbard Furniture Factory was held on the evening of October 23rd, at seven p.m. The recreation room was open to all. Guests were free to visit the machinery. At one table there was an electric band saw. Mr. James Douglas was making ornamental chairs and distributing them among the people. At another machine there were medium-sized drills and when a certain drill was moved all the drills would descend and as they were moved they would form table legs on the blocks of wood that were beneath the drills.

After the machines had been reviewed, refreshments were served. There were sandwiches, cake, cookies and milk. The Dux group left at ten and the second came in.

HEAVY SMOKE A NUISANCE

On the evening of Tuesday, October 22nd, Chief of Police T. S. Moore had to put out all bonfires in Napanee, because of the heavy smoke. When people have bonfires they should not light them in the evening, for the smoke cannot rise because of the cold air above. Bonfire smoke in the evening is really quite a nuisance.

— Wanda Hawley.

GRANADA THEATRE REOPENS

The Granada Theatre which is to re-open in two weeks is going to receive more patronage from the citizens of Napanee, district and other nearby towns. It has installed new seats, curtains, carpets and signs. It has been air - conditioned and the ticket booth has been changed.

All the people will enjoy it when it opens again.

— Dolores Smith.

TRAIL RANGER MEETING

The Trail Ranger meeting was held at the West Ward School on Wednesday evening at 7:30. There was a game at first, then boxing followed. Ernest Butcher and Bob Toomer put on the gloves and showed us how to box. Tom Miller and Don. Baldree had a bout followed by one between Allan Brown and Ken Johnson.

The meeting was then closed with the Trail Ranger's Pledge.

YOUTH COUNCIL HOCKEY TEAM

The Youth Council of Napanee will sponsor a Junior "C" O. H. A. Hockey Team in the Belleville and District League this year. The team will be composed of players from Napanee under the age of twenty-one. The coaches will be B. McPherson and F. Bentley. The team should be a real success and the general public are asked to give their support by attending the games.

— Tommy Breaugh.

C.G.I.T. MEETING

On October 22nd, Tuesday night, at 7:30, the C.G.I.T. groups held a meeting at the home of the leaders, Rosie and Myrtle Hayes, as the church was being used for another meeting. We played games and sang songs. We had refreshments afterwards. We made plans for a Hallowe'en party which will be held next Tuesday.

We closed the meeting with a song.

— Sylvia Follis.

TEMPERANCE FILMS SHOWN

Mrs. McKay, representative of the W.C.T.U. and Miss Parks, a former teacher, visited the West Ward Public School on Monday, October 21st, at 3:30 p.m. They showed film strips of great benefit to the pupils, based upon drinking of alcohol, and interesting facts concerning certain parts of the human body.

OBITUARIES

MR. GEORGE BEAUBIEN

After a short illness, there passed peacefully away at his home, Stella, on Thursday, Oct. 10, one of Amherst Island's oldest and best known resident in the person of George Beaubien. Born at Bath in the year 1856, he was the eldest son of the late Joseph Beaubien and his wife, Sarah Kimmerly. At an early age he moved with his family to Amherst Island, where he spent the remainder of his life.

In his earlier life he was a well known carpenter, but for a number of years he followed the occupation of farming, until overcome with blindness he was forced to retire from active life. In the year 1881 he was united in marriage to Julia Annie Ashley, who remains to mourn his loss. There are also left four daughters, Mrs. William Smith, of Collins Bay, Mrs. T. A. Galagher of Erie, Pa., Mrs. William Hinchey of Centreville, Mrs. David Reid, Stella, and two sons, Irvin and Herbert, of Stella. A son, George, predeceased him three months ago. He also leaves a sister, Mrs. John Baker, of Emmettown Station; ten grandchildren and a number of great-grandchildren.

The funeral service was conducted by the Rev. Mr. Secker of Adolphustown and was held at his late residence on Saturday morning. Interment was at Glenwood cemetery. The pallbearers were Messrs. Harry Howard, Allen Hitchins, James Strain, Percy Howard, William McCormac, and Charles McMullen.

MRS. GEORGE W. BROWN

Grace Aloma Brown, age 40 years, died at her home, Centre Street, in Napanee, on Saturday, October 19th, wife of George W. Brown. Born in Elm Tree, only daughter of Mr. Willard Whitelock and the late Mrs. Elsie Whitelock, deceased has been in ill-health for several years. She was a devoted member of the United Church in Napanee, as well as Elm Tree and Kaladar, her former home. She leaves to mourn her loss beside her husband, one son and one daughter, Mrs. Donald Tryon (Dorothy) of Kaladar, and Eugene Brown, Napanee. Her father, Willard Whitelock of Arden, two brothers, Nathaniel and Russel Whitelock of Elm Tree, also survive.

The funeral service was conducted at the Wartman Funeral Home, Napanee, with Rev. C. D. McLellan officiating. Interment was made at Riverside Cemetery.

OBITUARY

MRS. ROBERT KIRKPATRICK

Mrs. Robert Kirkpatrick, a well-known resident of Napanee, died at her home on Dundas St. on Sunday, October 27th, after being ill for the past seven weeks.

Mrs. Kirkpatrick was born at Madoc about 80 years ago, and was a daughter of the late Mr. and Mrs. Patrick Kehoe. Following her marriage she lived for a number of years in Sheffield Township, where her husband farmed. About thirty-five years ago she and her family moved to a farm near Napanee, and twenty-six years ago came to Napanee, where they had since resided.

Since coming to Napanee Mrs. Kirkpatrick had been a member of Grace United Church and was active in the women's organizations.

She was predeceased nine years ago by her husband, and leaves two daughters, Mrs. Fred King and Mrs. Bruce Calder in Napanee, one son, Arnold, in Kingston, eight grandchildren, and four great grandchildren. She is also survived by three sisters, Mrs. Alice Hotts, Tweed; Mrs. Smith, Hastings, and Mrs. Duff Genereux, Queensboro, and one brother, Simon Kehoe, of Duluth, Mich.

Her funeral was conducted Tuesday afternoon at the Wartman Funeral Home by Rev. C. D. McLellan, and burial followed at Riverside Cemetery.

The pallbearers were Messrs. Bob Moore, Wm. Waller, John Slater, Ross Milligan, Nelty Hart, and D. A. Reid.

ATTENTION JUNIOR RED CROSS MEMBERS

A large number of cones, balsam, pine, spruce and juniper roots are urgently needed for arts and crafts work in veterans hospitals. These cones and roots are used in occupational therapy work in which the returned servicemen in hospitals participate in an effort to regain physical and mental health.

That is a fine way of helping our returned servicemen. Please send your collection to Junior Red Cross, 621 Jarvis Street, Toronto, where they will be distributed to the D. V. A. hospitals.

Stop at the sign of the big B-A

for Complete Winter Driving Protection

GET THIS 6 POINT "WINTERIZE" SERVICE FROM YOUR B-A DEALER

1. CRANKCASE — Drain, flush and refill crankcase with correct winter grade of B-A Peerless Motor Oil. "It's Alloyed" to give complete protection under extreme winter driving conditions.

2. CHASSIS—Lubricate the chassis with B-A quality lubricants, using the B-A Chek Chart which assures the right lubricant in the right place, according to car manufacturers' specifications.

3. TRANSMISSION — Drain, flush and refill with B-A Winter Transmission Oil —assuring quick get-away in sub-zero temperatures.

4. DIFFERENTIAL — Drain, flush and refill with B-A Hypoid Gear or Transmission lubricant according to car manufacturers' recommendations—giving complete winter protection to these vital parts.

5. FRONT WHEEL BEARINGS —Remove front wheels, carefully wash bearings and repack with B-A Wheel Bearing Grease.

6. HOSE CONNECTIONS — Check radiator and heater hose and tighten all connections to ensure there are no leaks.

7. RADIATOR — Drain, clean and reverse-flush the radiator to remove dirt and scale and assure efficient operation of cooling system. Refill for the required protection with B-A Frost Cop or B-A Nevfrez.

8. BATTERY — Check voltage and hydrometer readings and recharge if necessary. Clean and apply grease on terminals to prevent corrosion and check battery connections for wear.

9. SPARK PLUGS—Remove, clean and regap spark plugs for greater economy and better engine performance.

SERVICE B-A PRODUCTS

This winter it is more necessary then ever for you to take extra care of your car against the rigorous demands of cold weather driving. Many war-weary cars have been kept operating because of the careful servicing and top quality B-A products obtainable at your neighbourhood B-A dealer. He knows that B-A winterized protection, plus B-A top-quality gasolenes, motor oils and greases, will give you an extra margin of winter driving comfort and protection. It pays to winterize your car at the Sign of the Big B-A.

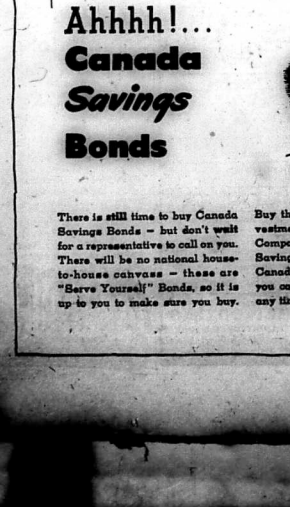
THE BRITISH AMERICAN OIL COMPANY LIMITED

TRINITY EVENING AUXILIARY

Trinity Women's Evening Auxiliary held its opening meeting of the season on Thursday night, Oct. 15, at the church. The usual supper was enjoyed by all, after which the members were invited to hold the business meeting at the home of Rev. and Mrs. Hatton.

With Mrs. Walker, vice-president, in the chair, the opening hymn was sung followed by the general thanksgiving prayer. The treasurer's report was heard and the roll call was answered by quotations from the Old Testament. Mrs. Knox and Mrs. Sexsmith conducted the worship period and Mrs. Knox led a most interesting quiz on India. At the close of the worship period, Mrs. Walker introduced Mrs. McKay, who gave a short talk on temperance work.

Mrs. Hatton was given a vote of thanks for her hospitality and the meeting came to a close by repeating the Mizpah benediction.



There is still time to buy Canada Savings Bonds — but don't wait for a representative to call on you. There will be no national house-to-house canvass — these are "Serve Yourself" Bonds, so it is up to you to make sure you buy.

Buy them through your Bank, Investment Dealer, Trust or Loan Company, or through your Payroll Savings Plan. They are safe as Canada — pay good interest — and you can get your money back at any time.

Canadian North Could Sustain 80,000,000

Potential resources in Canada's far north are so great the 80,000,000 people could find a livelihood there, Sydney Fisher, who spent several years as a Royal Canadian Mounted Police officer in the Arctic Land and in the Brown River district, said recently in an address to the Ontario Canadian Industrial Development Agents' Association. Potential oil fields, when developed, he said, could produce 256,000,000,000 barrels of oil a year.

DORLAND

Dorland, Oct. 26. — The clouds on Friday and heavy rain during the evening and early part of the night formed an interlude in the bright summer-like weather we are enjoying.

A joint meeting of the Woman's Missionary Society and Woman's Association was held at the home of Mrs. F. E. Foster on Wednesday afternoon, with a large attendance. Mrs. D. King presided over the first part of the meeting, which followed the usual W. M. S. program. Miss Carr led the devotional period. Mrs. A. C. Davis presided for the W. A. portion of the meeting, which was mainly taken up with completing plans for the joint societies furnishing dinner for the 21st annual rally of the Napanee South Section of the Belleville Presbyterial, which is to convene in the church here on Friday, November 1st.

The United Church preaching service here will be withdrawn on Sunday, November 3rd, in favor of anniversary services to be conducted in Conway Church by Rev. H. B. Neal, a former popular pastor of this circuit.

A few from here attended the charivari given Mr. and Mrs. Fred Dickson on Friday evening.

GIFTS PRESENTED TO REV. AND MRS. W. PARKER ON SEBRIGHT CHARGE

On Thursday evening, September 5th, Mr. and Mrs. Richard Kirkwood, Minden, entertained twenty friends of Rev. and Mrs. Parker at a surprise party.

The guests participated in several games and some old time songs were sung. Mr. E. A. Rogers and Mr. T. C. Prentice came forward and Mr. Rogers read the following address:

Minden, Ontario,
September 5th, 1946.

Dear Mr. and Mrs. Parker:

It is always pleasant to gather together to meet an old friend. Tonight we also have the pleasure of making a new friend.

Your visits to Minden, Mr. Parker, have always been happy hours of reminiscing with your old congregation. The long trips with the horse and cutter have disappeared but the pleasant memories of your work in our midst remain.

To you, Mrs. Parker, we wish much joy in your new life's work.

Mr. Parker, we offer you our congratulations at this happy time.

May your work in God's Church continue for many fruitful years to come.

On Wednesday, October 9th, a very pleasant evening was spent in the tastefully decorated basement of the Sebright church when the Sebright and Dalrymple friends of the Rev. Mr. Parker and Mrs. Parker met to welcome them home after their recent marriage in Napanee. Miss Laura Young on behalf of Sebright read an address welcoming Mrs. Parker to the community and wishing the happy couple long years of service in the Master's work. A very lovely floor lamp and a sum of money was presented by Mrs. Bert Nicholson. On behalf of the Dalrymple friends Mrs. W. D. Deverell read an address expressing appreciation of Mr. Parker's past work in the church and looking forward to many fruitful years of work in the Master's service for Mr. and Mrs. Parker. Miss Ann Marlyn Deverell presented a gift in the form of a sum of money. Mr. Parker, who was very much taken by surprise, thanked the friends on behalf of himself and Mrs. Parker, in a few well chosen words. Dainty refreshments were served by the ladies with Mrs. T. W. Deverell and Mrs. Thrasher poured tea.

MARLBANK

Marlbank, Oct. 28. — Anniversary services were well attended in the United Church on Sunday, both morning and evening. Rev. Mr. Fletcher, of Yarker, delivered two very impressive sermons. At the morning service the choir rendered an anthem, and a duet was sung by Mrs. Bert Asselstine and Mrs. Sidney Booth, with guitar accompaniment. At the evening service an anthem and also a male quartette were given by Messrs. Aubrey Asselstine, Vimy York, W. C. Martin and A. C. McConnell, which were very much enjoyed. Rev. Mr. Fletcher was a guest for the day at the homes of Mr. and Mrs. Bert Asselstine and Mr. and Mrs. W. C. Marlin.

Mrs. Henry Allen and Edna Knoll returned home on Monday last after visiting friends at Port Colborne for a week.

Mr. and Mrs. W. C. Marlin, also Miss Evelyn Cronkite, were last Sunday guests of Mr. and Mrs. Victor McGregor, Croydon, and attended anniversary services there.

Dear "Carol Teen":
I know you could be depended upon to send the newest C.D.S. but didn't expect to my self favourite as the Rayon Hounds-tooth beauties as the dreamy Rayon Crepe Date Dress! The girls are raving about the Houndstooth ... they like the big push-up sleeves, and the high round neckline. I love the way the broad leather bellities my waist. My favourite is the Black and White check, but the Brown, Green, Grey, Navy, and Tan, with white each had their fans.
And the Rayon Crepe Date Dress! It's simply beautiful in the the Romantic Rose shade you chose for me. the bodice, shaped motifs made of felt, on the bodice, and repeated on the belt, didn't escape my eagle eye. Medium pleated skirt, and seams, and the girls it comes in Heavenly Blue and Birchbark White, too; and that both frocks are in sizes 10 to 16.
Appreciatively yours,
Betty.
P.S. — Must remember to tell the gang that the Houndstooth check is $17.95, and the Date Dress $12.95.

Council Passes Money By-Law For East Ward Sch.

Council Also Plans to Proceed With Sewer Extensions

At the regular meeting of the Napanee Town Council, on Monday evening, a requisition was received from the Board of Education for $65,000 for the purpose of building and equipping the proposed new public school in East Ward. P. U. Laidley, chairman of the Board of Education Finance Committee, was in attendance at the meeting and presented the plans for the school and made some explanations regarding the building and equipment.

Wallace Roy, chairman of the Building Committee of the Board of Education, described the proposed building, which he said would have two standard size class rooms. The building will have a steel frame and it is expected will be covered with buff brick, if such brick is available. It will have asphalt tile floors, and the walls, to wainscott height, will be covered with a washable cement coat. The building will be heated with oil and in addition to the two classrooms, will have a teachers' room and library. It is expected that a start on the building can be made this fall.

After considerable discussion the Council gave two readings to a by-law providing for the issuing of $55,000 debentures for the purpose of building the school at a 2½ per cent. interest rate. The by-law, before being given its third reading must be approved by the Department of Education and the Municipal Board.

A by-law was also passed authorizing the execution of a deed of the land in East Ward, required for the building of the school.

The Council also gave two readings to a by-law providing for the construction of sewers on the Belleville Road, Thomas Street, Robinson Street and Graham Street, at an estimated cost of $32,025.

Councillor Ramsay who, with the Treasurer, M. J. Graham, recently interviewed J. P. Coombs, supervisor of Municipal Affairs, Toronto, regarding the terms of the offer for any inducement to industries, which may consider locating in the town, reported the committee was informed there was no act authorizing any municipality to purchase a building for industrial purposes. Mr. Coombs expressed the opinion that any industry needing substantial sum of no value to the town. He also stated he was opposed to giving a fixed assessment and was of the opinion that the only assistance the Town should give an industry, is a low assessment which could be arranged locally.

Mr. Ramsay expressed disapproval of Mr. Coombs' views in the matter and said that Napanee already had two industries which had been given concessions and which had proved to be of great value to the town.

Councillor Webster, chairman of the Industrial Committee, was of the opinion that in view of Mr. Coombs' attitude there appeared to be no need for an industrial committee in the town. But other members of the Council were of the opinion the Industrial Committee could continue to serve a very useful purpose and efforts should be still made to secure industries and advertise the town.

The matter of making some new arrangement for drainage from the Acme Farmers' Dairy to divert the cooling water from the present Camden Road sewer, was discussed and was referred to the Town Planning Committee.

The Council passed a resolution proclaiming Monday, November 11th, remembrance Day, a public Holiday in the town of Napanee.

Permission was granted Edward Calver to remove gas pumps from Dundas Street to Robert Street, subject to the approval of the Department of Highways.

COMMITTEE REPORTS

The treasurer's report, from January 1st to December 31st, was presented by Deputy Reeve Holmes, chairman of the Finance Committee.

Among the items of revenue were: Taxes paid $9,015.53; Rents, $1,092; Liquor Control Board, $601.35; Relief Grants from Province, $1,189.58; Service Charges, $666.39.

Items of expenditure included: Salaries, $3,295.93; Printing, $634.53; Fire and Water, $4,212.22; Police $3,915.20; Streets, $12,267.22; Garbage Collection, $2,613.11; Direct Relief, $2,078.67; Schools, $17,000.00; Parks, $1,012.37; County Rate, $22,248.75.

Reeve Robson, chairman of the Fire, Water and Light Committee, reported that the Committee had reconsidered the matter of hiring an assistant for the fire truck driver and would make no appointment this year.

Councillor Vine, chairman of the Market and Police Committee, presented the report of the Chief of Police for October. There were thirteen complaints received and investigated; four accidents and seven arrests made. Eight convictions were obtained for the town under the Liquor Control Act and four under the Highway Traffic Act.

Councillor Vine also stated the stop-light to be installed at the corner of Centre and Bridge Streets would be in place before the end of this month.

Councillor Ramsay, chairman of the Welfare Committee, stated there were 26 persons receiving relief aid in Napanee in October, at a total cost to the town, of $146.22.

Banded Pigeon Found Near Bath

Raymond Myers, who lives near Bath, found on his farm last week, a pigeon bearing on its leg a band marked FED-43-1173.

Y. P. U. HALLOWE'EN PARTY

The Young People of Grace Church gathered in the Sunday School room on Tuesday, Oct. 29, at 8:00 p.m., wearing varied costumes. A grand march started the evening's entertainment. Judging the costumes was Miss Hazel Vanalstine who judged the two best costumes to be those of Bruce McAdam and Don. Tompkins.

Refreshments brought the games, relay races and other entertainment to a close.

A Worthwile Opportunity!

Every man, woman and child in the Lennox and Addington area will be given the opportunity of safeguarding their health by having a Free Chest X-Ray when a community X-ray Survey begins here December 3rd, 1946. Announced last night, the survey will be conducted by The Lions Club of Napanee under the auspices of the Ontario Tuberculosis Association.

* * * *

The announcement was made by Dr. W. H. Duffett, Medical Health Officer, who expressed the hope that every citizen of Napanee and District over 16 years of age would take advantage of this special opportunity.

In order that every Napanee Citizen may be registered for the survey, a house to house canvass will be made by Members of Town Organizations, covering a two weeks' period before the actual survey gets underway. The Clinic will be held in the Masonic Temple building, Bridge St., Napanee, and will be in operation from Tuesday, December 3rd, to Friday, December 6th.

* * * *

This survey is part of the war on tuberculosis begun last year by the Ontario Tuberculosis Association in co-operation with the Ontario Department of Health, to cut in half the incidence of this disease in Ontario within the next ten years.

An X-ray will take only a few moments of each person's time, Dr. Duffett pointed out. The most up-to-date mobile equipment, which uses 70mm film and can handle 100 persons an hour will be used. These miniature plates, when read by experts, are just as accurate as full-size X-rays. Nurses will be in attendance and every woman will be issued a disposable paper gown.

Tuberculosis of the lungs, if found in the early stage and treated, is almost always completely curable. Nevertheless, nearly as many Canadians died from this disease during the war as were killed by enemy action. More persons die from tuberculosis in Ontario than from all other infectious diseases combined.

Many of these were needless deaths, Dr. Duffett stated. Tuberculosis is a disease that can be controlled, he said. But it is highly communicable, and too often it is not discovered until it has reached advanced stages. Only the X-ray plate can discover the disease at this early stage.

* * * *

Further plans regarding the Lennox and Addington survey will be announced as they are completed. In the meantime, public health officials are most anxious that everyone give the project their whole-hearted co-operation. With this co-operation they are convinced that Lennox and Addington will be well in the forefront of Ontario communities in the prevention of tuberculosis.

RAY REID AND MOTHER INJURED IN ACCIDENT

Mr. Ray Reid, whose home is about six miles east of Napanee, on Highway No. 2, and his mother, Mrs. Fenton Reid, were injured in an auto accident in Kingston last Saturday, when Mr. Reid's car collided with a car driven by Fred White, R.R. 1 Aldershot, at the corner of Princess and Alfred Streets. Mr. and Mrs. Geo. Laycock, Hamilton, passengers in the White car, were also injured.

Mr. Reid suffered cuts about the face and his mother was thought to have sustained a fracture of the leg. Mr. and Mrs. Laycock received cuts and bruises. All four were taken to the hospital for treatment.

The accident happened when the car driven by Rey Reid was proceeding west on Princess Street and was in collision with a car driven by Fred White, R.R. 1, Aldershot, Ont., which was proceeding east and turning left on to Alfred Street.

Damage to cars was estimated at $400 in each case.

FARM ODDITIES

Mrs. Percy Crouce, Roblin, reported recently that while driving to Albert Cheese Factory, she noticed and picked wild raspberries on October 20th.

Thos. McFarlane, Roblin, when digging potatoes, uncovered one potato which weighed four pounds, and also secured from his patch twenty-four potatoes which weighed 46 lbs. or an average of two pounds each.

INTERESTING PICTURE IN "THE OBSERVER"

"The United Church Observer" had a picture of the Rev. C. D. McLelan and the three young men who conducted the service several weeks ago in Grace United Church. The young men were Gordon McLellan, who is a candidate for the ministry and who is attending Toronto University; Donald Elliott, who is attending the Western University in London, and Morley Hawley, of Napanee.

This picture was in the last issue of "The Observer."

"Lest We Forget....."

On this Remembrance Day we honour the dead of two wars ... the valiant heroes of World War I who gave their lives to win the Peace that wavered ... their valiant sons who gave their lives in World War II that the Peace for which their fathers died might be saved and embrace the world forever. For these men who shall never return, we bow our heads in prayer...to these men tribute is paid this Remembrance Day.

NEWS ITEMS BY PUBLIC SCHOOL PUPILS

Hallowe'en Party, Trail Rangers

The Hallowe'en party for Trail Rangers was held Wednesday, October 30th. Those who were in the "Hall of Horror" proceedings arrived at the School at 6:45. After we came through the window we were brought through a door one at a time. First we were put on a wooden horse and told to pet it, instead we put our hand in glue. After that we were conducted through another door, where David Roffey, jay like a ghost, Ernest Butcher, Don Johnson, Bob Toomer, threw light bulbs on the floor while making queer noises and Don Johnson walked around ringing a bell. Then the group gathered in the craftroom, where prizes were given for the ones who were dressed in the best costumes. Then we played a game and had a contest to see who could put on the best show. Then the ones dressed like women chose a partner and had to feed him a bag of peanuts. The first one to finish won the contest.

Refreshments were served between games and songs. The meeting closed with the Lord's Prayer.

— Don Johnson.

Teachers' Meeting

On Tuesday, October 29th, 1946, a Teachers' Convention meeting was held, thereby permitting the public school pupils throughout the Inspectorate of Lennox, to have a holiday.

NEWS BRIEFS

LARGE SHIPMENTS CANNED GOODS FROM P. E. COUNTY

The rush to get Prince Edward canned goods to world markets accelerated last week to substantial proportions, with the S.S. "Calgarian" of the Canada Steamships Lines pulling out of Picton Harbor, Friday noon, with 672 tons of canned goods. Warehouses are piled high with cases of canned goods still awaiting shipment; with the result that November exports will probably exceed forward high levels. The passing week has been an exceedingly busy one for A.A. Covert, Picton agent for Canada Steamships Lines, with the heavy shipments of the week lifting the month of October's exports to a total of 3,407 tons of canned goods. It had been expected that 4,000 tons would leave the Port of Picton during October but lack of ships prevented a heavier export.

Magistrate's Court

In the Magistrate's Court in Napanee, last Tuesday, David Wemp, Amherst Island, pled guilty to three charges. They were that he was intoxicated, driving a car without the current year license plate, and consuming liquor while under 21 years of age. The charges were laid by Constable Smith, following an accident on Amherst Island in which the car driven by Wemp was involved. He was ordered to pay fines and costs totalling $46.50 and to serve a definite term of seven days in east the drunk driving charge. Failure to pay the fines and costs will result in a further gaol term of twenty days. Wemp's car was impounded for three months and his driver's permit was cancelled.

Gervase Hawkins pled guilty to being intoxicated in a public place and in view of the fact that it was the second offence in a year, he was fined $20.00 and costs, or ordered to serve one month in gaol.

Manson Stevens pled guilty to having liquor without being in possession of a permit and was sentenced to pay a fine of $200.00 and costs or to serve three months in gaol.

The following cases were settled out of court:

Delbert Sagriff, Gerald Huffman, Douglas Brandell and Alfred J. Williams, each paid $10 fine and $5.55 costs for having liquor in a public place.

Job Janes paid $10.00 fine and $5.55 costs for having liquor in a public place.

Randolph Blue, for failing to turn his car to the right from the centre of the road, paid $5.50 fine and $5.50 costs.

Donald Kimmett, Roblin, paid fines and costs totalling $54.00 for leaving the scene of an accident, for careless driving and failing to report an accident.

Samuel Fraser, of Brownville, N.P., paid a fine and costs of $8.00 for failing to turn out on the road.

LETTING IN THE LIGHT

It is rather remarkable the way in which the light of modern investigations is penetrating to unexpected quarters. It has always been assumed that New Zealand was the most advanced Socialistic country in the world, but recently it has been revealed to the world that even in that progressive country there is a blind spot.

The blind spot has to do with the Cook Islands, part of New Zealand. The dock workers in the largest city there, recently asked that their daily wage be increased from four shillings to eight shillings (about $1.60). That started the whole thing. Apparently this Island is controlled by the New Zealand Government which appoints all offices and administration. The people have no Democratic rights, no voice in managing their own affairs.

Of the exploitation of the natives by the New Zealanders, C. R. Howell writes from Auckland, in a Worldover Press despatch, that:

"Local trading firms find exploitation of the natives highly lucrative. During the war, for example, a clothing factory was set up. Material imported from New Zealand was made up by thin cheap labour — the average wage of the Islands is about 70 cents a day — and shipped back to New Zealand. Inspectors for labor and machinery were non - existent. Yet at the San Francisco Conference, Prime Minister Fraser of New Zealand spoke of the millions of Melanesian and Polynesian people "whose welfare is as dear to us as our own."

But things are changing there, too. Even in Cook Island, labor is on the march, as Mr. Howell points out. He says that:

"The Polynesians, in the Cook Islands, at least, have had to take the initiative. The Cook Islands Progressive Association now has the support of over 9,000 of the people and is urging upon the New Zealand Government the following reforms:

"1. Direct representation in the New Zealand Parliament. The people now have no official spokesman in New Zealand, and their petitions sent through the Island administration have the unhappy knack of getting lost. Surely it is as reasonable for 15,000 Cook Islanders to have a member of Parliament as for 3,000 South Island Maoris.

"2. Improved labor conditions; and (3), adequate shipping for the Islands' chief source of income.

"So far the New Zealand Government has sent certain investigators, but their inquiries have been confined to the Administration, the local traders and carefully selected chiefs. The people themselves were not consulted. Recently a panacea has been offered in the form of a new Trade Union — carefully prepared by "the heads" in New Zealand and subject to restrictions far beyond anything that applies in New Zealand. Subject to satisfactory pledges of good behavior in the future, there will also be a small wage increase.

"These rather niggardly concessions are a start, but much remains to be done. The Cook Islanders have a right to conditions of economic security and democratic privileges as truly as any other New Zealand citizens. They should not have to beg for them. Mr. Albert Henry, a native of the Cook Islands and Secretary of their Progressive Association, recently declared: "The present hardships and injustices being suffered by my people are creating a wall between them and the Government and people of New Zealand. It is a wall of misunderstanding and fear. Now is the time to break down that wall. Otherwise it will quickly grow into a great high wall of distrust and hatred."

Democracy is on the march even in Cook Island.

EDUCATION WEEK

Someone has jokingly remarked that if all the special weeks in one year were added together, there would probably be a hundred or more, instead of fifty-two in a calendar year. That may be true, nevertheless, each such Special Week has a place in the minds of people and provides an opportunity for giving emphasis to some feature of our complicated modern life.

This week, educationists are seeking to bring before the public, the claims of education. Naturally this has to do, first, with our schools, both primary and secondary. It is hardly necessary in this day and generation to comment even in a passing way on the value of these elementary institutions of learning in our modern life. They are taken for granted. And it may be that is not an unmixed blessing. There is a danger that when we take an institution for granted—or indeed a person, there is a lack of appreciation as to its real worth. For five days a week and for five hours a day, the young people are handed over to the care of others. Under them they receive their training in the more formal studies, as well as in the character building activities. We owe a great debt of gratitude to these teachers, in whose hands, to a large extent, rests the future of our citizenship. It is well that we should not take them too much for granted. The successful school is one in which the parents show an intelligent interest in all that is going on in our schools. Both children and teachers benefit by a display of such interest. Co-operation between teachers and parents is the ideal of all education. If Education Week does nothing more than to draw attention to this need of co-operation, it will have accomplished something.

Education Week should do more than underline this more or less practical aspect of the subject. The value of education in its broader aspects has been dramatically demonstrated to the world, in recent years. In Germany the whole mind set of a generation was changed by intensive education, and now re-education is going on there, to undo the work done by the Nazis. The same is true of Japan, where a complete change in the political and social philosophy is taking place, through education directed by the United Nations. In the Democracies, care must be taken, continually, that children be taught to think, and that they be taught both by precept and by practice, the meaning and purpose of a democratic society.

APPOINTMENTS POPULAR HERE

Two recent Government appointments are of more than passing interest to the people of Napanee and District. Mr. Justice G. A. Gale of Toronto, and Mr. Justice John B. Aylesworth of Windsor, have been appointed to the Supreme Court of Ontario. Mr. Aylesworth is the son of the late Anson Aylesworth and Mrs. Aylesworth of Newburgh, and Mr. Gale is the husband of the former Miss Hilda Daly, Napanee. These men are brilliant lawyers and have risen to the top of their profession as a result of native ability and hard work. Mr. Gale is an exceedingly young man to be appointed to such a responsible position. Still under forty, he will be the youngest man on the bench.

Napanee citizens will rejoice in the merited recognition that has come to these men, so well and favorably known in this community.

THE AFTERMATH

The real tragedy of war is not only what it does to men's bodies, and that is serious enough, but what it does to their souls, and to their morals. The wave of juvenile delinquency sweeping the world, is an indisputable evidence of this. In one issue of the daily press, that of Monday, November 4th, are two news items which illustrate this, all too tragically. One comes from Buffalo, N.Y., where three young Canadian boys, ages 17-18, are under arrest charged with robbery and murder. These young fellows, according to the despatch, have told the Police numerous stories of other robberies and crimes, which have set the investigators investigating the possibility of an international gang of youngsters who have been robbing and committing other crimes. The Police, on both sides of the border, are tracking down every clue which the boys have given them.

The other instance comes from across the pond, where London Police are at their wits' end because of the depradations done by children, too young to be arrested. The youngsters are aged about six or seven years and work in gangs. The report says:

"During a recent visit to the east end of London this reporter saw these 'toddlers' gangs' at work. One crowd of children, led by a boy about seven years of age, was playing at the rear of a house which workers were repairing. The men had gone for lunch and the children were scattering sand, cement and other material over the place. Other children were throwing stones at newly-glazed windows."

This is a problem to be tackled jointly by the school, the home and the church. It will not be an easy problem to solve, because these children have grown up during the war years, when the whole psychology made for destruction of life and property. It is a challenge, however, that dare not be neglected, if the world of tomorrow is to be worthy of all the sacrifices of those who died to make it a decent and wholesome place to live in.

Napanee Ministerial Discusses 'Huzzahing' At Weddings

At their regular monthly meeting the Napanee and District Ministerial Association discussed local marriage customs. All present felt that the habit of many of driving about the town with horns blowing was a nuisance; but also it is such an extreme and sudden change from the attendness and seriousness of the service in which the bridal couple have so recently participated. It definitely does not add to the true significance of the betrothing. It is a nuisance that has been banned in many communities by local by-law.

Moreover it is a hangover from man's primitive days of superstition, when all present at a wedding were expected to make as great a noise as possible to protect the bridal couple from evil spirits skulking about to do them harm. It was decided that each minister should do what he could to discourage this strange practice.

The Ministerial met in Grace Church, Monday, at 2:30 p.m. In the absence of the President, Rev. H. C. Secker, the Vice President, Rev. W. G. Fletcher, presided. The Secretary is Rev. Kenneth J. Crawford. Those present were Capt. V. Clarke, Lieut. R. Hall, Revs. R. J. Dumbrille, J. A. How, Noble Hatton, C. D. McLellan, M. R. Brown, W. H. Clarke, and Messrs. W. D. Hallowell and Carson W. Duquette.

The Chairman welcomed two new members. Mr. Hallowell has recently come to the Deseronto Presbyterian Church, and Mr. Duquette to the United Church at Reblin.

The Rev. W. G. Fletcher presented a paper on the Bible. He drew attention to the widespread demand for the Bible in the lands that have known the oppression and destruction of the Nazi hordes. In Holland alone there is a need for 50,000 Bibles. This situation is illustrative of the demand of Belgium, Denmark, Germany, Russia, China, Japan and many other lands. Realizing the vitalness of the Divine Word and in the light of this demand, it would be of interest to take a sort of Gallop Poll in our own country regarding the Bible. The following questions could be presented:

1. How many Bibles are there in your home?

2. How often during the last year have you read it?

3. How much of what you read did you understand?

It is felt that there is something in the statement that the general appearance and format of the Bible is partly responsible for its reception. But this no longer obtains. The outstanding publication of 1946 is the Revised Standard Version of The New Testament. It is an outstanding achievement in presenting the Word of God in a manner that will attract attention and increase to the maximum interest and understanding.

SPECIAL SPEAKERS TRINITY CHURCH LAST SUNDAY

On Sunday, November 3rd, the preacher at the morning service in Trinity United Church was Rev. Edgerton Ryerson Young, one of the new Secretaries of the British and Foreign Bible Society, and in the evening the preacher was the Rev. Ray McCleary, of Woodgreen Church, Toronto.

Mr. Young spent five years as a missionary to the Cree Indians at God's Lake, four hundred miles north of Winnipeg, and was for four years a Chaplain in the Canadian Army before assuming his present position.

In his address Mr. Young referred to the unsettled condition of the world today as a result of the recent World War, and expressed the opinion that hope for a real peace, the abolition of race feeling and hatred, lies in the greater application of the christian principles as set forth in the Bible. He pointed out that hope is seen for a more settled condition in the increase in the understanding of the value of religion. In the increase in church attendance, and the greater interest in church work. Papers and magazines are giving more and more space to religious matters and the need for a moral and religious basis for the redemption of the world.

Referring to the work of the British and Foreign Bible Society, Mr. Young said that since its inception in 1834 the Society has distributed over 500,000,000 copies of the Bible. There are still about 1,000 groups of people in the world who do not have the Bible in their own language. The work of missionaries is made more difficult without the Bible in the language of the people they are serving.

At the evening service Rev. Ray McCleary delivered an address especially of interest to young people. He dealt with the place of the church in the world today and the need for the church to take an even more important place than at present. Following the service a fireside hour was held by the young people in the Sunday School Hall.

Meat, Poultry, Egg Processors Granted Some Leeway

The Prices Board has announced that effective October 21, processors of meat, poultry and eggs may add to their selling price the extra cost of processing and packing these products when shipping to outlying areas.

The Board pointed out, however, that before the processor or seller may include these extra charges in his selling price he must first secure the approval from his nearest Prices and Supply Representative.

Reason for this move, officials explain, was that when shipping to outlying areas, processors have had extra costs in packing and processing their products to withstand the perils of shipment and long storage. It was therefore considered necessary to permit the processor to add this extra cost to his selling price.

INTERNATIONAL SUNDAY SCHOOL LESSON, NOVEMBER 10TH, 1946

- "PAUL FOUNDS THE CHURCH AT PHILIPPI"
Lesson Text: Acts 16: 11-15; Philippians 2: 1-11

Paul never had a more satisfactory relationship with any church he founded than he did with the congregation at Philippi. They seemed to have a special place in his heart, and were intensely interested i nall Poul's work and travels. They were loyal to him, through thick and thin.

The founding of the church at Philippi was in itself interesting and unusual. On his first visit to the city Paul looked around to see just how to begin. It was no easy task. He was one person with perhaps one or two others with him, in a great city. It was a pagan city. So far as Paul knew there were no Christians there. Just where to begin was his problem. Then by some method or other, perhaps by the grapevine route, he heard that a few people got together on a Sunday down by the riverside, for a prayer meeting. There were only a handful, but Paul went down. And then the unusual happened. One was present who listened to Paul, accepted his ministry and was baptized. "Lydia had a dress making establishment; she employed several women"; to help her; she used the best goods, Tyrian purple. She was bright, capable, and deeply religious. Right away she accepted Paul's gospel. After due instruction she and her workers were baptized. In her house, Paul dwelt, and in her home the church was organized. That is not too unusual."

As a matter of history, hundreds, yes thousands of churches have been founded just that way. All across this broad country of ours, are churches, magnificent places of worship which were started in a home—perhaps in a tent, and even out in the open air.

They began in this way but they began just in the heart of some person — some individual. Nearly every religious organization is founded by some devoted, consecrated man or woman who has seen the need of common worship and religious services and has got a few people together in the home to talk it over, and to pray about it.

Sunday school teachers who teach this lesson, no doubt often get discouraged. They wonder if it is worth while, and then one day, perhaps, all unsuspected, some one reacts favorably; some one or some two or more accept the challenge, see the purpose the teacher has and go out to work for God and His Kingdom. Many missionaries have laboured for years without gaining a convert. Then one is touched with the Divine Fire and goes out to touch other lives, and other hearts.

Of course Paul was fortunate in the character of his first convert at Philippi. She was keen, alert, responsive and brave. She had strength, determination and courage. Some times, in a rather discouraging tone, it is said that only so many were at church—and most of them were women. Well, thank God for that. What would the Christian Church have been without Philippi and what would Philippi have been to the Christian Church, without Lydia.

The second part of the lesson is a section from a letter which Paul wrote to the church at Philippi, later in life, probably from Rome where he was a prisoner. The people of Philippi had often sent Paul little gifts. He thanks them, and then suggests that if they want to make his joy complete, they should keep true to the gospel. They are to do nothing for glory, and should look to the things of others. What a world this would be if Paul's injunction here were universally observed. No war, no crime, no bitterness, no opposition, no black market.

He then suggests that each should have the mind that was in Christ Jesus. The inner drive and source of power for all the acts of life should do is the mind of Christ. Paul recognizes that and always exhorts Christians. Having done so he describes in a few words the power of Christ and the grace of Christ. And in a few words he paints a picture of all nature bowing in homage to the Saviour of men.

Advocate Potatoes Substitute for Bread and Flour Products

Despite the bountiful wheat crop which has just been harvested in Canada, as well as in some other countries, the demands of a hungry world for this staple food remain high, and Canada's export requirements are very large.

Canada, this year, has an excellent potato crop. During the coming months it is hoped that a generous use of this vegetable will be advocated and practised. Substituting potatoes wherever possible for breads and other flour products will enable Canada to spare more wheat for overseas shipment. Apart from wheat conservation aspects, both the supply and the price of potatoes favour an increased consumption, this year.

The September supply estimate placed 1946 potato production at 44,-626,000 cwt., an increase of 24 per cent. over the smaller than average crop harvested in 1945 and 9 per cent. greater than the five-year 1936-43 average. Substantially heavier average yields per acre account for this year's increase.

The ceiling prices in effect for potatoes this year are the same as those which prevailed a year ago. In most cases potatoes sold at ceiling prices throughout last year. At the present time, they are selling considerably below ceiling prices. Potatoes can be bought to good advantage now for winter use, where storage facilities permit.

New Zealand is about 1,000 miles long, and no wider than 280 miles at its widest point.

21ST ANNUAL RALLY NAPANEE SOUTH W. M. S.

The 21st Annual Rally of Napanee South Section of the Women's Missionary Society of Belleville Presbyterial was held in Adolphustown United Church on Friday, November 1, the theme of the rally being "Re-Enlisting for Christ." Following registration the morning program opened by all singing a hymn. Miss Annabelle McGee, on behalf of Adolphustown W.M.S. extended greetings, to which Mrs. E. Alcombrack most ably responded. This year Adolphustown W.M.S. is celebrating its fiftieth anniversary.

During the business session the following committees were appointed: Resolutions, Mesdames Lewis, Gould, and McLeod; Nominating, Mesdames Rose, Hoare and Dupre; Courtesy, Mesdames Windover, Joyce and Kimmerly. Mrs. Floyd Vannest had charge of the Literature table. She highly recommended several good books for children, juniors, youth and adults: Books on India; This is India; Thoughts of God. She invited all to visit the literature display during the noon hour.

The morning worship service was conducted by members of Bay West Auxiliary. Their text was Mark, 6th Chapter, 7 to 12 verses. Jesus chose His twelve helpers and sent them forth to win souls for the Kingdom. The harvest truly is great and the laborers are few. The theme is service. We are all workers with Christ. Our gifts of money accomplish little unless God sanctifies them. Now is the time to work with Jesus. Tomorrow may never come. Mrs. Robertson led in prayer. Mrs. Baird sang very sweetly "Thine Alone." Auxiliaries giving reports were Adolphustown, Bay East, Bay West, Deseronto, Empey Hill, Morven, Odessa, Grace Church, Napanee, and Selby. All were very satisfactory and showed much progress. Adolphustown choir furnished some very excellent music.

Mrs. Bell, vice-president, reported from the School for Leaders at Whitby. The school, Trafalgar Castle, was built in 1857. It is a very beautiful bbuilding. The attendance this year 155, was the largest in years. There were study periods, recreation, sports and there was also a large swimming tank available to the delegates. Mrs. Carscallen, the Principal's wife, spoke on India. The population is 400 million. Cows are considered sacred. There are 200 million of them. The Dean of the College took as her topic The Faith by Which We Live. This is a time for faith and prayer. With God's help we can succeed. As day by day we walk along doing little things graciously, He will teach us the greater things. Let us pray that our eyes will be opened. Our prayer life up as a rainbow. Just leave it to God and He will work things out. The morning offering was dedicated by Mrs. Townend, Deseronto.

Mrs. Patten, secretary of temperance, said that great disappointment has been expressed that even the greatest war and crisis in history has not cured the greed of the liquor trade and our young people are faced as never before with this great danger. Let us lead our young to see that their own physical well being depends on abstaining from alcoholic drinks. Alcohol is a drug, a habit-forming narcotic. Help them to understand that their chances for success and advancement in whatever line of life they choose to follow, either in work or play, depend on keeping away from strong drink, and that their domestic happiness also depends upon it. Famous coaches will not waste their time in training men who drink, even in small quantities. Lord Baden Powell, head of the Scout movement, told the boys: "keep off liquor from the very first and make up your mind to have nothing to do with it." We can be total abstainers ourselves and never offer liquor to anyone. The cocktail is not a mark of advance, but decadence. Let us have wholesome recreation and well-run social centres in the churches, for our youth. They look to us for leadership. Let us see that these young people will not look back in after years and condemn us for our indifference.

Memorial Service

Mrs. McLellan conducted the Quiet Half-hour and Memorial service for the nine deceased members. She chose as her text Philippines, 4th chapter, 8th verse. Let us remember the good things, the heavenly guidance, the help other men have given us to keep on the right path. The best way to remember the dead is to try to complete the task which they have left undone; to try to perpetuate and reproduce their spirit. There is only one way to prepare for immortality, and that is to love this life and live it as bravely, cheerfully and faithfully as we can, remembering Him.

At the noon hour a very delicious dinner was served by the Adolphustown ladies.

AFTERNOON SESSION

Mrs. W. H. Bell, vice-president, Empey Hill, presided for both morning and afternoon services. Empey Hill Auxiliary had charge of the afternoon worship service and chose as their text the 18th chapter of Matthew, 1 to 20 verses. Mrs. Effie Empey, president of Belleville Presbyterial, said that action was the keynote of the School for Leaders and also of the Cavalcade. Let us be working. We in North America have most of the money that is in the world. It is up to us to rebuild the missions which have been blown to bits and help feed the hungry in bombed areas. While India is to get home rule, she is a part of our British Empire and needs our help. She spoke of Miss Wilma Thomas' talk at the Cavalcade. She said: "educate the young as they are our future. Christian homes are the basis of everything. If our homes were ideal, there would not be so many divorces, juvenile delinquency, etc." Let us be loyal to our church. Let us show our thanks to God, for all the things we have to be thankful for.

Guest Speaker

Mrs. Empey then introduced the guest speaker, Dr. Florence Murray, Korea, who was a missionary doctor in a Korean hospital for many years. When war was declared she was forced to return to Canada but expects to return soon to Korea. She brought greetings from the Korean Christians to Canadians for the help they had given them. Restrictions on sending parcels have been lifted. The Koreans need warm clothing, also needles, thread, buttons and safety pins. The Christian hospital where she was employed was very primitive. There was difficulty in getting nurses. Gradully things became better. Three-year courses for nurses were given, X-ray plants added, laboratories and special wards for children were added to the equipment. Lectures were given on public health. Villages had open-air meetings where lantern slides were shown and the people were told about Jesus. Without the good will taught by the church, without the fellowship of the church, we cannot have peace. Just one per cent. of the Japanese people were Christians. More missionaries are urgently needed. We must do something worthy in the face of opportunity and cheer. The command that our Master has given: "Go ye into all the world and preach the gospel."

Mrs. Will Frisken, of Selby, gave a very fine talk on Mission Bands. Mrs. Grant Sexsmith delighted all with a very beautiful solo. The talent money donated by the Auxiliaries towards providing literature for missionaries in foreign lands, amounted to $167.50 and was dedicated by the vice-president, Mrs. Bell. The afternoon offering was dedicated by Mrs. James Henderson, of Selby. Mrs. W. H. Baugh of Tamworth, superintendent of Mission Bands, reported sixty bands. She has visited fourteen and her aim is to visit all, eventually. She has covered approximately 1,000 miles. She said for every leader there is a great task and responsibility. She recommended several books that would be very helpful to mission bands: Share of the Punjab, Tales from India, Eagle Books, The Talking Leaf, This is India, Prayers for Children, and Thoughts of God. She asked the members of the W.M.S. to encourage their Mission Band leader.

Resolutions Passed

The Resolutions Committee presented the following resolutions:—

Resolved that we as a body of Christian women, will do everything in our power to cut down on the liquor traffic. Also that we use our influence and by our example, help the young people to overcome the temptations arising from social drinking.

The Nominating Committee reported that Miss Ruth John, Dorland, would attend the School for Leaders at Whitby next summer, with Miss Vivian Henderson, of Selby, as alternate.

The Courtesy Committee thanked all those who had helped in any way, towards making the rally a success.

An invitation from Empey Hill to hold the Rally in their church next year, was accepted.

Mrs. Bell, the vice-president, closed the meeting with prayer.

ADOLPHUSTOWN

Adolphustown, Nov. 4 — The members of St. Alban's Church and the many friends in the community were shocked and saddened to hear on Saturday last of the death of the Rev. Stanley Jackson, of St. Peter's Church, Brockville. Some time ago Mr. Jackson had charge for several months of the Parish of Adolphustown and Sandhurst, and endeared himself to all.

Mr. Marshall Mallory, who has spent the past month with friends in Detroit, Mich., has returned, and will remain for the winter with his daughter, Mrs. Davis, in Deseronto.

Miss Edith Johnson, a former resident of Adolphustown, who has resided in the States for some years, was renewing acquaintances in the village last week.

The monthly meeting of the Woman's Auxiliary of St. Alban's Church, held at the home of the President, Miss M. L. Allison, was well attended. There were 15 members present and after a short business meeting the remainder of the evening was spent in the packing of the bale for Elkhorn School. The report of the Junior W. A. was given, showing a very successful organization, under the capable direction of Mrs. Secker.

Mrs. C. Lonard, Mrs. Lawrence Allen, and Miss Thelma Buell attended the Teachers' Convention held in Napanee on Tuesday last.

Mr. and Mrs. Lyle Mawson, of Toronto, were recent guests of Mr. and Mrs. Mark Christie.

SILLSVILLE

Sillsville, Nov. 1 — Rev. Gil Steers and Mrs. Steers, Mrs. A. Catlin, of Grimsby, Ont., and Mrs. A. W. Mellow, took Thanksgiving dinner with Mr. and Mrs. Leslie Mellow. During the evening Mr. Steers baptized Donald Leslie, the infant son of Mr. and Mrs. Mellow.

Mrs. Donald Hough and infant son are home from Kingston General Hospital.

Born, to Mr. and Mrs. Wm. Tilburt, a son, at Strathcona.

Hallowe'en passed off quietly. A number of small boys called on their friends and were very well behaved causing no damage or worry to the farmers. They boasted of one big piece of pie, too.

DORLAND

Dorland, Nov. 2 — The rains are coming frequently of late, but the fine weather on Friday we appreciated by the members of Napanee South Section of the Belleville Presbyterial, which held their annual rally in the United Church here, with session morning and afternoon. Dinner was served by the local Auxiliary and the Woman's Association.

The community was saddened to learn of the passing of a former resident, Mr. Maitland Clapp, who has resided near Picton for a number of years. His wife, formerly Catharine Allen, predeceased him and he was living alone at the time of his death, which regrettably occurred during his sleep. He was discovered in bed, and it is stated he had been dead probably 24 hours. The funeral cortege arrived from Picton at the family plot in the United Church cemetery about 2.30 p.m. on Friday, and he was laid to rest beside his wife and parents. Mr. and Mrs. Irvine Clapp.

Miss Joy Magee of Napanee spent last week end the guest of Miss I. Carr.

Miss D. Hawley quietly celebrated the 95th anniversary of her birth on Thursday, October 31st.

Hallowe'en passed off very quietly. Some of the younger set made a number of calls, but I think omitted any troublesome pranks.

OBITUARIES

MRS. ERNEST A. WATSON
On Monday, October 28th, following an illness, Mrs. Ernest A. Watson passed away at the home of her daughter, Mrs. W. A. Callanan, of Cooksville. Mrs. Watson was in her 75th year and had been ill at her home on Oakwood Ave., Port Credit, and was taken to her daughters on Saturday, where she died.
The late Mrs. Watson was formerly Catherine Anne Shane, born in Camden, the daughter of Jas. Shane and Victoria Anne Perry. She lived in Camden East until the death of her mother in 1882, after which she made her home at Hay Bay with her grandparents, Mr. and Mrs. Jeremiah Perry. In 1890 she married Ernest A. Watson of Deseronto, where they lived for seven years. They lived for a number of years in Strathcona and then in Marlbank, and have resided in Port Credit since 1910. Mr. Watson has recently retired from the Waterworks System of Port Credit, of which he has been superintendent for many years.
Surviving beside her husband are four children, William, Toronto; Beatrice (Mrs. W. A. Callanan), Cooksville; George and Lawrence, of Port Credit; two brothers, William of Deseronto and George of Camden East. One son, Henry Ernest (Harry) predeceased her in 1916. There are seventeen grandchildren and one great-grandchild.
The service was held on Wednesday afternoon from the residence conducted by Rev. Bernard Buley. Interment was made in Spring Creek Cemetery, Clarkson.

The first known zoological garden was founded in China in 1100 B.C., and was called the Intelligence Park.

SUNDAY SERVICES AT GRACE CHURCH

The attendance at Grace United Church on Sunday evening was excellent and an inspiring sermon was preached by Rev. C. D. McLellan, B.A., B.D., whose subject was "What We Are." The choir under the leadership of Mrs. Ralph Wightman, sang the anthem, "Only One Prayer Today." Lovely flowers were placed in the chancel in memory of Mrs. Robert Kirkpatrick, whose death took place a few days ago, and who was a member of the church.

The Trail Rangers, with their leader, Frank Freeman, attended the service and were tendered a hearty welcome by Mr. McLellan. There was also a baptismal service when the small son of Mr. and Mrs. Richmond was baptized by Mr. McLellan.

At the session of the Sunday school which immediately followed, Mrs. Jas. Haggerty gave a short illustrated talk on our Home Mission work.

Mr. McLellan was in charge of the evening service, and special organ numbers were played by Mrs. B. M. Black, organist, preceding the service. Mrs. F. B. Elliott sang the solo, "I Shall Not Pass This Way Again."

The talk was given by Rev. Egerton Young of the Bible Society, whose address was most interesting and helpful. There was a fairly large congregation present.

LEST WE FORGET!

LOYST — Flight - Sergt. Morley Loyts, R.C.A.F., died in England on November 9th, 1943.

Luke 9: 24 : "But whosoever will lose his life for my sake, the same shall save it."

Sadly, but proudly remembered
by DAD and MOTHER.
45a BROTHERS and SISTERS.

CALDWELL — In proud and loving memory of a dear husband and father, F./Lieut. Donald F. Caldwell, R.C.A.F., who lost his life in a plane crash at Munster, Germany, while on a mercy trip to Poland.
They say time heals all sorrow
And helps us to forget,
But time, so far, has only proved
How much I miss you yet.
God give me strength to fight it
And courage to bear my sadness,
But what it meant to lose you, Don,
No one will ever know.
Ever remembered by his
Loving Wife, ISOBEL,
45a and Son, DONALD.

CALDWELL — In loving memory of P./Lieut. Donald F. Caldwell, who lost his life in a plane crash, one year ago.
Nothing can ever take away
The love a heart holds dear;
Fond memories linger every day,
Remembrance keeps him near.
Lovingly remembered by
45a MOTHER-IN-LAW.

In Loving Memory

HART — In loving memory of our dear daughter, Myrtle Amelia Hart, who passed away November 8th, 1944.
Her life is a beautiful memory,
Her death is a sweet silent grief.
She sleeps in God's beautiful garden
In the sunshine of perfect peace.
So we leave her in God's keeping
The rough road safely o'er,
And our dear daughter, we loved so well,
Has only gone before.
Sadly missed but lovingly
45a remembered by
MOTHER and FATHER.

HART — In loving memory of our dear sister, Myrtle Amelia Hart, who passed away November 8th, 1944.
God must have a beautiful garden
For he only chooses the best.
He picked a rare and beautiful flower
When he called our dear sister to rest.
We often look at her picture—
She is smiling, and seems to say:
"Don't grieve, I'm only sleeping;
We will all meet again some day."
Sadly missed but lovingly
remembered by
45a SISTERS and BROTHERS.

DAFOE — In memory of a dear wife and mother, Mrs. Melville Dafoe, who passed away November 4, 1943.
Memories are treasures no one can steal,
Death leaves a heartache no one can heal.
Sweet is the hope that, again we shall meet,
Kneeling together at our Savior's feet.
Sadly missed by
45ap HUSBAND and FAMILY.

HOSPITAL AID GROUP MEETS

The first fall meeting of the Hospital Aid group was held Monday evening, November 4th, when a full report of the work done during the past year was given.

Through fees, donations and the Christmas draft raffle, a good sum of money was raised, and the Finance Committee used this money to supply the Campbell Nursing Home with sheets, draw sheets, pillow cases, towels, baby nightgowns, binders, and diapers. A fine up-to-date delivery table of very complete design was installed last week for Miss Campbell's use. This table was bought with funds donated to the group by the Napanee Rotary Club, and will be a very great help to Miss Campbell and her staff.

The members of the group hope to arrange to instal fluorescent lights in the operating room at the Nursing Home in the near future. The aim of the group for the coming year is to raise sufficient funds to buy an Oxygen tent for the use of the town and vicinity. This could be of great practical help to the vicinity in cases of emergency or accidents.

The Hospital Aid Group wish to take this opportunity to thank all those who have helped them this past year. The generous donations of money and materials, the hours spent by the different Women's Institutions in sewing are all deeply appreciated. Without this assistance the group could not have functioned.

Church Parade, Yarker

The Yarker Branch of the Canadian Legion, No. 358, will parade to St. Anthony's Anglican Church for divine service at 11:00 a.m. on Sunday, November 10th. Wreaths will be deposited at a cenotaph erected on the church lawn. All active and ex-service men specially invited. The Chaplain of the Legion, Rev. M. F. Oldham, will preach.

BISHOP VISITS ST. LUKE'S CHURCH, CAMDEN EAST

A solemn and impressive service was held in St. Luke's Anglican Church, at Camden East, on Sunday, November 3rd, at 3:00 p.m., when the Right Rev. John Lyons, M.A., D.D., Lord Bishop of Ontario, Diocese of Kingston, visited the church and administered the Apostolic Rite of Confirmation upon 32 candidates, prepared and presented by the rector, Rev. Maurice F. Oldham. At the service a beautiful Brass Processional Cross was given by Mr. Hilton Robinson, in memory of his parents, the late James Robinson and Susan Saul, for many years members of the congregation. This Cross was dedicated by Bishop Lyons, who gave a fine sermon on the teaching of confirmation, its bearing upon all church members, and the duties and privileges those who receive it must practice. He also stressed church loyalty and the christian religion can solve all the trouble and unrest in the world today. The church was crowded to capacity for the service, the congregation overflowing to the vestry, vestibule and baptistry. The church was nicely decorated with flowers. Mrs. Chas. McCormick was organist, and Mrs. Harold Huff was choir leader. Special music was given for the occasion. Those confirmed were:

From St. Luke's Church, Camden East: Mrs. Evelyn Nora Dowdle, Kathleen Frances Henshaw, William Patrick Hanaghan, Earl Frederick Lloyd, Betty Marlene Lloyd, John Linden Lloyd, Donald Bruce Huff, Mrs. Laura Irma Macdonald, Mrs. Jean Elneida Blakely, Vicki Ruth Peters, Gayle Victoria Annetta Peters, Dorothy Marion Lemmon, Doreen Alberta Robinson, Barbara Helen Robinson, Howard James Huff, Wilfred Allen Lloyd, Pauline May Boomhower, Edna Fern Lawlor, Helen Patricia Lawlor, John Carl Lawlor, Frances Glenn Lawlor, Maitland Lyle Lawlor.

From St. John's Church, Newburgh: Mrs. Beverley Louise Dowdle, Mrs. Heather Ivy Dowdle, Betty Pauline Storrings, Barbara Jean Storrings, James Roy Wood, Clayton Roy Hurd, Lewis Paul Hurd.

From St. Anthony's Church, Yarker: Wellington Murphy, James Edmund King.

Confirmation Certificates will be presented on the occasion of the candidates' first communion. The Bishop spoke briefly to the candidates assembled in the Parish Hall after the service.

RE - OPENING ROYAL WINTER FAIR NOVEMBER 12-20

Everything is in readiness for the re-opening of the Royal Winter Fair in Toronto, on November 12th. The fair will continue through to November 20th. During the war years this leading Canadian agricultural fair was cancelled due to the building being occupied by members of the Armed Forces. Since the war ended the buildings have been overhauled and redecorated and are now in first-class shape for accommodating the 15,000 head of live stock, the thousands of entries in the fruit, seeds, grains and other exhibits, for the incomparable flower show, which was always one of the most attractive features of the Royal, and the many other attractions of the fair. More entries in every class of exhibits have been made for this year's Royal than ever before.

Formal opening of the 18th Royal Winter Fair will be at the Horse Show on the evening of November 12 by Hon. Ray Atherton, United States Ambassador to Canada. On Monday evening, November 18, Their Excellencies the Governor General and the Viscountess Alexander will formally attend the Horse Show and informally the following evening. At this Show, teams from the United States, Mexico and Peru will be among those competing for international honours in riding and jumping contests.

The Royal will also be the stage for the national contests of the Canadian Boys' and Girls' Farm Clubs, which have a total membership throughout the Dominion of about 40,000.

NEWBURGH UNITED CHURCH CHOIR HONOURS LEADER, MRS. RALPH WIGHTMAN

Newburgh, Oct. 29 — Tuesday evening the members of the United Church assembled at the parsonage, to pay their respects to Mrs. Ralph Wightman on the eve of her departure for her new home in Napanee.

After a social hour spent in games and song, Mr. Towne read the following address:

Newburgh, Ont.

Mrs. Ralph Wightman:

To-night, Newburgh Choir has met once again. This time we meet, not for the usual enjoyable Thursday evening practice, but for a social evening and a chance to pay our respects to our choir leader, who is leaving us.

We are filled with mixed feelings—sorrow at losing you, and delight, that you are united with Ralph and settled where we can see you real often and where you can be of even more service to more people.

Our friends in Napanee were indeed fortunate when you accepted your new position as choir leader there. We shall miss you, but we know that you will still be interested in Newburgh choir.

Most of us could not possibly walk up to you and say the things we feel in our hearts, so we all unite in wishing you the best of happiness and good things in Napanee, and as a token of our esteem, we ask you to accept this bedspread. We hope that you will find use for it in your new home.

To repair cracks that appear in table tops and chairs, use some melted beeswax on the end of a knife and press tightly and smoothly into the cracks.

NOTICE!

TAKE NOTICE THAT

1. The Council of the Corporation of Napanee intends to construct, as a local improvement, sewers on the following streets:

Belleville Road, from Graham Street to Bridge Street.

Thomas Street, from York Street to Belleville Road.

Thomas Street, from West Street to Belleville Road.

Robinson Street, from Graham Street to Thomas Street.

Graham Street, from West Street to Robinson Street.

And intends to specially assess a part of the cost upon the land abutting thereon for the work.

2. The estimated cost of the work is $32,025.00, of which $3,202.50 is to be paid by the Corporation. The estimated cost per foot frontage is $7.143.1000. The special assessment is to be paid in ten annual instalments.

3. A petition to the said Council will not avail to prevent its construction, but a petition against the work, or the manner in which it has been undertaken, may be made pursuant to Section 8 of The Local Improvement Act, to the Ontario Municipal Board, by a majority of the owners representing at least one-half of the value of the lots which are to be specially assessed therefor.

4. A by-law for undertaking the work will be considered by the Council at a meeting thereof to be held on the 2nd day of December, 1946, or at a regular or special meeting thereof to be held thereafter.

Dated, November 4th, 1946.

FIRST NAPANEE WOLF CUB PACK

Friday, October 25th.

The weekly meeting was well attended in spite of the inclement weather.

Following the Flag Break, Inspection was held with Akela checking for dirty paws and claws. Immediately following was roll call.

To start the Final Star off, knotting occupied the main portion of the Corner work period.

During the meeting Akela promoted three Cubs to the rank of Sixer, namely, Jim Douglas, David Medd, and Ronald Barrett. Those receiving their Second's stripe were Billy Burrows, Laing Howitt and Robert Ronson. The new recruits received their name plates, color patches and Provincial Emblems.

The evening's announcements centred on the Cub Hallowe'en Party held on Thursday, October 31.

Closing ceremonies were Flag Down Cub Silence and Cub Prayer.

Plans fo rthe Pack's Annual Parents' Night are rapidly taking shape. It was to this end that the members of the Pack are working.

Following the preliminary ceremonies of Flag Break, Inspection and roll call, several games were played.

A enghty cornerwork period centred on knot tying with the new Cubs learning the reef knot and bowline. Akela discussed with the Pack the exact nature of the Parents' Night. It is to be a display of Cub work with a "Going-Up" ceremony as a climax.

It was emphasized in Akela's announcements that all parents, guardians, relatives and interested friends are invited to attend the night's exhibition on Friday, November 8th at 7:30 p.m. The display will be held in the Sunday School room of Grace United Church.

After a short sing-song the meeting dismissed until Wednesday, November 6th, at 7:30 p.m.

RED CROSS NEWS

Professor Roy's address to the Red Cross on Saturday, was a most fluent and comprehensive sketch of Czechoslovakia — past and present. He emphasized the essential culture, love of beauty and intense nationalism, which has survived hundreds of years of suppression under the Austrian rule. It has never had great military leaders, their chief national heroes were rather professors and religious leaders. The people suffered undreamed of horrors under the Nazi rule as Hitler's determination was to totally exterminate the Czechs, but they have survived and their will to perpetuate Czechoslovakia enabled them to live through six years of torture and starvation in concentration camps. Their country is now rising triumphant from the ruins which the Nazis left.

The Czech culture and ideals are essentially Western and Democratic, although they are Slavic in origin. Prof. Roy emphasized that the people are not Communists although through necessity they now have to rely on and co-operate with the Russians. They are bitter towards the Nazis but are not repaying them with cruelty. On the contrary they are treating their prisoners extraordinarily well although they are hanging those known to have actually murdered their people.

Canadians and Canada's part in the war are regarded very highly by the Czechs. They are good fighters and fought with our armies in Africa, Italy and Normandy. Hundreds of Czech airmen fought in the Battle of Britain.

The Red Cross and Napanee were greatly honored to have such an internationally-known figure as Prof. Roy give such an informative talk.

Prof. Roy was introduced by Mrs. Sneath and thanked by Mrs. McLellan.

The monthly business meeting of the branch preceded the address when considerable business was transacted. A minute of silence was observed in memory of Mrs. E. I. Boyle, who had so suddenly and recently passed away. Mrs. Boyle was a life member of the Red Cross and a member of the executive as well as convener of the social committee.

SEVENTY-FIVE YEARS OF BANKING
From the days of the Little Red Schoolhouse to the present age of scientifically planned and equipped school buildings, The Dominion Bank has been promoting progress. With 75 years of such participation in community betterment behind it, this Bank looks to the future with continued faith and optimism.
Schools for TOMORROW!
Tomorrow's schools will employ new facilities for enhancing the child's health and happiness.
With windows above the roof of the corridors, the classrooms will be flooded with light from both sides, fostering good eyesight and encouraging cheerfulness.
Seating arrangement will be flexible. Moveable desks and chairs will make it easy to group the pupils, according to need, for greater convenience, comfort and interest.
Radio receivers with built-in loudspeakers will enable the teacher to make full use of educational broadcasts.
Such things, combined with new materials, modern heating and ventilation, plenty of window space, will conduce to "sound minds in sound bodies" in Canada's Schools of Tomorrow. Enterprise will produce them. This Bank will provide enterprise with the resources needed to translate plans into practise.

Question and Answer Column

Readers may direct their questions, giving their name and address and mentioning the name of this paper, to Information Bureau, WPTB, 490 Sussex St., Ottawa, Ontario.

Q. The other day I purchased a tin of beef stew and the grocer took two meat tokens. Was he correct?

A. Yes. For the size of tin you mentioned in your letter the grocer was quite right in taking two tokens.

Q. When I was at my local grocer's not long ago I asked for some green tea and he said he was out of it and did not know when he would be getting some in. Could you tell me when this tea will be back on the market again?

A. Due to the war and the various other setbacks experienced by the tea industry during the war, production of green tea has been seriously curtailed, and the latest information available is that it will be at least six months before green tea is again in the shops.

Q. I am going to sell a new car which was only purchased a few weeks ago. It has a very low mileage and I thought I could charge the price I paid for it. However, I have been told it must be sold as a used car and the price cannot be as high as the price I paid. Is this true?

A. The mileage on a car does not determine the proper ceiling price. Your car would be classified as a used car and not as a new car, therefore you must not charge the price you paid.

Q. My husband works in a large plant and each day a milkman delivers cartons of milk for lunch. They formerly paid 8c a pint, then it was raised to 9c. Recently it was increased to 10c and this week to 11c per pint carton. Is this allowed?

A. The price of milk comes under the jurisdiction of the Ontario Milk Control Board and we have forwarded your letter to them.

Remembrance Day Service Held at County Cenotaph

Rev. Noble Hatton Delivers Short Address

At the Remembrance Day service held on Monday morning, November 11th, at the Cenotaph in Napanee, Rev. Noble Hatton, padre of the Napanee Branch of the Canadian Legion, delivered a short address in which he said the members of the Legion and the citizens of the community were gathered together to remember those who gave their lives in the two great wars: those who wore wounded and those who were bereaved.

Each member of the community, Mr. Hatton said, whether a Legionnaire or Private Citizen, has a responsibility toward making Canada a better place in which live, and should have the definite goal in mind of improving conditions throughout the world, so that another war need never come. There should be a rededication of thought and action by every Canadian, which will result in the feeling of personal responsibility for Canada, which has so much to offer as a contribution to world peace. Every citizen should determine to help build a nation that is righteous, just and honourable, in all its dealings.

The service at the Cenotaph included the singing of "O Canada", a Prayer of Remembrance by Rev. C. D. McLellan, Two Minutes Silence in memory of all who paid the supreme sacrifice, in both world wars, the Salute to the Dead by a firing party of the 47th Battery, the Last Post, The Reveille and the Benediction by Archdeacon R. J. Dumbrille.

The wreath sent by the Province of Ontario was placed on the Cenotaph by Mrs. Clarence Reid, who also placed a wreath in memory of her son, Pilot Officer Donald Reid. Other wreaths were placed from the following: Town of Napanee, by Mayor Chalk; 47th Battery, by Major C. D. Sills; Canadian Legion, by Fred Carter; in Memory of Vernon Roy, by A. V. Roy; I. O. D. E., by Mrs. Katherin Powell; the Napanee Branch of the Red Cross, by Mrs. C.D. McLellan; in Memory of Dick Wagner, Warman Funeral Home; Napanee Lions Club; Lennox District Women's Institute; V. O. N., Napanee; Creamsries; Eastern Star; Paisley Hotel; in Memory of Gnr. William Templeton; in Memory of Jack Thompson.

The parade to the Cenotaph formed at the Armouries and among those in the group were Members of the Legion, 47th Battery, Napanee Pipe Band, N. C. V. I. Cadets, and the Girl Guides.

Ralph Bell acted as chairman for the service and among those on the platform were the members of the "Corps of the town"; Warden Brandon, Mayor Chalk, Col. Isbister and Geo. J. Tustin, M.P.

D'ARCY McGREER GOES TO S. AFRICA HIGH COMMISSIONER

Mr. D'Arcy McGreer, Ottawa, has been appointed Canadian High Commissioner to South Africa, according to an announcement made by Premier King, last week.

Mr. McGreer is a son of the late Rev. Dr. McGreer, Napanee, and a brother of Mrs. Percy Chambers, Napanee, and has been a frequent visitor in the town during recent years. Previous to the outbreak of war with Japan, he was Charge d'-Affaires for Canada at Tokio. He has served with the External Affairs Department of Canada since 1927.

D.W. YOUNG, PRES. PROG. CONS. ASSO. P. E. AND LENNOX

D. W. Young, of South Fredericksburgh was elected president of the Prince Edward - Lennox Progressive Conservative Association at the annual meeting of the group, in Picton, Wednesday afternoon, November 6th. Other officers elected included: Mrs. Ross Bush, of Consecon, Mrs. Albert Beckwith, of Cherry Valley, Mrs. Lachlin McGregor, of Napanee, and Allan Weese, as vice-presidents; Harold Webster of Napanee, as secretary-treasurer, and Warden Earl Brummell, of Cherry Valley, as assistant secretary.

Delegates elected to attend the provincial convention in Toronto in December, were Mr. and Mrs. D. W. Young, C. F. Evans and Clarence Milligan, Mrs. L. McLean, Mr. and Mrs. Earl Brummell and Clayton McCaw, were chosen as alternates.

THE SPEAKERS

included Geo. J. Tustin, M.P., who described the Mackenzie King administration as "pretty good." Mr. Tustin, "Mr. King is having a tough time courting for the favors of the C.C.F., which has been called the Leftist group of the Liberal party."

James McCallum, Jr., lauded the leadership of Premier George Drew and spoke of the work of the Tourist and Publicity Department as outstanding.

A recommendation was passed to the effect that it would be more to the interests of the party to have all "one level" associations hold annual meetings and report to the secretary of the riding. Local associations which had not held annuals this year were asked to do so.

ANNUAL MEETING LOCAL ASSOCIATION GIRL GUIDES

The annual meeting of the Executive Committee of the local Association of Girl Guides, was held in the Town Hall on Wednesday evening, November 5th, with the president, Mrs. F. Asselstine in the chair. A very interesting and comprehensive report of the activities of the Guides and Brownies and also of the local association, was given by the District Commissioner, Mrs. W. S. Wilson followed by reports from the president and other officials.

Captain Barbara Caldwell and Lieut. Barbara Kimmerley were also present and gave more detailed reports of the work of the Guides and Mrs. W. R. Douglas reported on the Brownies, in the absence of Mrs. B. Davis, the Brown Owl.

The following officers were elected for the ensuing year:

Hon. President — Mrs. D. C. Macnaughton.

President—Mrs. P. Asselstine.

1st Vice-Pres.—Mrs. G. E. Gibbard.

2nd Vice-Pres.—Mrs. M. Way.

3rd Vice-Pres.—Mrs. W. S. Phippen.

Secretary—Mrs. R. R. Douglas.

Treasurer—Mrs. H. L. Wallbven.

Badge Secty—Mrs. F. A. Correll.

Secretary of Camp Training and Programme — Mrs. L. Scrimshaw.

Press Secty — Mrs. J. G. Pindiater.

Chairman of Hospitality — Mrs. W. K. Huston.

Chairman of Finance — Mrs. B. Quinn.

All members of the Association expressed deep appreciation of the splendid support given the work of the Guides, by the citizens of Napanee, the Service Clubs and the Press.

A new Guide Company is now in the process of formation under the leadership of Mrs. Isbester.

At the conclusion of the meeting delicious refreshments were served by Mrs. Huston, Chairman of Hospitality.

TO ORGANIZE GIRL GUIDES IN DESERONTO

Mrs. W. S. Wilson, District Commissioner, Girl Guides, visited Deseronto on Wednesday afternoon last, for the purpose of assisting in the formation of a local Association of Girl Guides in Deseronto. It is expected that a Girl Guide Company and a Brownie Pack will be organized in the very near future.

The battleship Oklahoma, victim of Japan's attack on Pearl Harbour, will be sold for scrap.

There are said to be more than 300 types of common stains.

Canvassers to Attend Meeting in Regard Mass X-Ray Survey

Many volunteers are needed to make a success of the coming FREE TUBERCULOSIS SURVEY by X-ray of every man, woman and adult child in the Napanee Area, and to this end Local Organizations are kindly co-operating. The Local Women's Organizations are actively associated with the survey and have offered their services as canvassers, and are acquainting others with the urgency of the project.

Members of The Imperial Order Daughters of Empire, I.O.E.L. and Alice Harshaw Branches); The Victorian Order Nurses; The Napanee Branch of The Red Cross Society; The Home and School Association; The Napanee Women's Institute, and branches of the Women's Institute throughout the County, will be given a small district and be asked to call on every family in that district with the objective of registering each individual, sixteen years and over, for a free chest X-ray. It is most urgent that every Citizen in the Napanee Area should co-operate with the Canvassers, if no one is to be missed during this free survey.

County Residents desiring this Clinical Service, are urgently requested to register at the Survey Office, over Scrimshaw's Store, in Napanee, during November 18th to November 21st — or 'Phone 250. Each adult will be notified by post card when to report for the X-ray. These post cards will arrive by mail at least two days before the time of examination.

Canvassers are expected to attend a meeting, Thursday evening, November 14th, in the Town Hall, at 7:30 o'clock, to receive final instructions before beginning the house to house canvass in Napanee, in connection with this survey, sponsored by the Lions Club of Napanee, in co-operation with the Ontario Tuberculosis Association.

The actual survey will take only a few moments of each person's time and the most up-to-date equipment, capable of handling 110 persons an hour, will be used. Nurses will be in attendance and each person will be provided with a disposable paper gown. All X-ray results are kept confidential.

Magistrate's Court

Arthur Druce, who pleaded guilty to disorderly conduct, was given a suspended sentence for one year, when he appeared before Magistrate Garvin last Thursday in Napanee Police Court. He was also ordered to pay costs of the court totalling $20.50.

Trent port following cases were settled out of court:

Earl Wagar, for operating a car with a driver's permit, $10.00 fine and $3.07 costs.

PADRE CAMERON AMNESIA VICTIM IN NEW YORK

Missing from his home at No. 20 Fuller Ave., since Monday morning, November 4th, when he left for a visit to relatives in Hamilton, Rev. Peter D. Cameron, assistant parish officer with the Provincial government at Queen's Park, was found on Wednesday night, Nov. 6, in Bellevue Hospital, New York, where he had been admitted as an amnesia victim.

According to a story told by his wife, Mr. Cameron left home Monday for an appointment in Hamilton, intending to return to Toronto on Tuesday. When he failed to arrive home, Mrs. Cameron contacted Hamilton without avail, but eventually traced Mr. Cameron to Windsor, where he had spent Tuesday with a brother there, after which he had departed with intentions of visiting home. Efforts to trace his whereabouts after he had left Windsor proved fruitless and he turned up last Wednesday in New York.

Mr. Cameron, it was learned, is a veteran of both world wars, serving as a mechanic with the R.A.F. during the 1914-18 war and as a padre with the R.C.A.F. for two and a half years prior to his discharge in late 1944. During the second war, Mr. Cameron was stationed in England during the height of the blitz, serving with air force stations in Hell's Fire Corner in Dover, and at Top Cliff. Both places were under continual bombardment. Shortly before his posting back to Canada, Mr. Cameron suffered a complete breakdown and was committed to hospital at Bainstoker, Rutlandshire, where he was when he was once again hospitalized in Montreal, but never completely recovered from the effects of his breakdown.

Sister In New York

Following his discharge, the 47-year-old veteran supplied Trinity United Church at Napanee for some time until appointed to the parish office some months ago.

Mrs. Cameron, the only child of Mr. and children whom he had seen killed were never out of his thought, it seemed. Mr. Cameron still suffered bad spells after returning home, and it was only a few days ago that I made arrangements at Sunnybrook Hospital to have him treated there, but then she had to leave. Now, however, it is a wonderful relief to know that he is safe."

Mr. Cameron has a twin sister living in New York, and it is believed that he had intended to pay her a visit before returning home, when the amnesia struck him. Mrs. Cameron is awaiting word to the effect that Mr. Cameron will be home Wednesday evening, next, for the Co-Emps.

After a short business meeting the entertainment started with the impromptu group of songs. Each member sang one line of a song and after finding the five others who had the same song, they sang it through as a sextet, unrehearsed, and without music. Cries of "professionalism" and "You've already practised" were heard when Mervyn Owen's group, which had been made men, women

MUST SHARE GUILT

Jewry all over the world must share the guilt with those of their own faith who are acting in such a lawless manner in Palestine, and more recently in Rome. The latest threat of these Hebrew terrorists is against the lives of the British Leaders, Rt. Hon. Clement Attlee, Viscount Montgomery, Rt. Hon. Ernest Bevin, Viscount Hall, and others. Indeed Great Britain is taking these threats seriously and special precautions are under way to protect these and other notables, including the Royal Family.

We are well aware that the Jews have come through a time of horrifying terror. They have been unmercifully abused. They long for a homeland where they can have peace and the right to work, and perhaps, a good deal of allowance must be made for their wrought-up nerves.

At the same time, there is no justification for acts of terrorism which take the lives of innocent people and destroy property.

It is hard to see how this could continue without money. There must be people, somewhere, supplying the money to charter ships, to provide munitions and to finance travel.

It is well known that there is great wealth among the Jews, and an assumption that the money comes from these sources is not altogether unwarranted.

Until the Zionist Movement leaders in Canada and The United States repudiate the actions of this Palestine underground, and disavow any financial connection with them, they will have to bear their share of the responsibility for the acts of terrorism that are being openly perpetrated and advertised. They will have to bear, as well, some responsibility for the growing antisemitism in this country and The United States.

IN THE STATES

The election in The United States which, last week, returned a Republican Congress and Senate, can be explained in several ways. There is first, the natural reaction against a war administration. Had the election been held immediately the war ended, the results might have been different, but the voters have had fifteen months to think it over, and voted against the Government.

Then, too, there has been the record of the Administration, since the war which has been of a vacilating character. Certain controls were removed, then they were put on again. Business men and farmers took advantage of this. They withheld goods from market when controls were on, and flooded the market with them when the controls were off. Soaring prices, with alternating artificial scarcity and abundance, made the householder angry. Naturally the administration was blamed and not without some justification. There was no way to show popular resentment, save by a vote against the lawmakers. The turnover was general, not confined to any one section of the country.

The position of the President is now a different one. He will be the leader of an administration with both Senate and Congress having a majority against the party he leads. Vigorous progressive leadership will be difficult as there will, of necessity, be much trimming of sails and much compromise.

These are days of great moment. The great Democracies have been influenced, perhaps more than all realize, by what has taken place in Russia. Legislation has been molded in the light of the trend towards a wider distribution of wealth, and a better deal for the comman man. This spirit was represented in The United States by President Roosevelt and the Democratic Party. The Republican Party represents the opposite trend. If the President and the Republican majority in Congress and the Senate will recognize this and, in the light of the world's great need for moral leadership, work together, the next two formative years may be great in the history of the nation, and of the world. If, however, every suggestion made by one party is blocked by the other, the hands of the clock will have been put back a long way.

THOUSANDS LOSE FRANCHISE

Regulations controlling the operation of the Cocktail Lounge Act when it comes into force make it necessary for any other than the five largest cities in the Province to take a vote on the subject. A petition signed by twenty-five per cent. of the voters must be secured and then a six per cent. vote will be necessary before cocktail lounges will be allowed.

We have no quarrel with the regulation, but we have very serious opposition to the exceptions. If it is necessary to take a vote in any community, then by any standard we wish to choose, a vote should be taken in all cities. Why should the people in Napanee and Belleville and Kingston be allowed to take a vote, and the people in Toronto, London, Windsor, Hamilton and Ottawa, be exempt. What it means is simply this, that thousands of people in our Province are being denied the free use of their vote.

Who gave any individual, any leader, any party, the right to make this distinction between the voters in one part of the province and the voters in another? On what grounds are some permitted to vote and others not permitted? These are questions that Premier Drew should answer.

This is one of the most sinister and dangerous precedents ever set in Provincial politics. In the first place, there was no demand for cocktail lounges. For the first time in a quarter of a century hard liquor is to be sold in Ontario. Indeed it is the first time in any Province outside Quebec, for twenty years or more. Nobody asked for that, at least nobody asked publicly, though we have our suspicion that the Bronfmans may have had something to do with it.

Now, having imposed a new law on the public, Premier Drew says that the five big cities will not be allowed to vote on the issue, but that all others must vote.

It will be hard for the average voter to escape the conviction that the Progressive Conservative Party in this Province is playing the game as the liquor interests want it played.

The consumption of liquor in Canada has reached an all-time high, with all the attendant evils; and the Government of this Province plans to push the sales even higher, and to increase the evils even more than they now are — and while applying democratic principles in some places, are using totalitarian tactics in others.

Is it any wonder that the Premier Salazar of Portugal, says: "It is no longer possible to know what Democracy exacty means, and is."

THE MIDDLE WAY

A good deal has been written about Sweden as an example of an economic system which is a half-way house between a totally planned economy and free enterprise. It is in no desire to cast reflections on Sweden's achievements to point out that Canada is quietly but effectively achieving a middle way of her own. Apart from all the publicly-owned and publicly controlled projects of which we have more than most nations, rapid strides are being made in establishing co-operative enterprises. These get very litte notice in the daily press, nevertheless they are a factor to be reckoned with.

"In the last ten years, according to a survey recently made by the Canadian Government," says a Worldover Press despatch, "co-operatives have increased their business in Canada 270 per cent. Last year, the total transactions amounted to $585,650,066, most of which were carried on by farm co-operative organizations. Working capital has increased from $15,797,223 in 1936 to $40,163,231 in 1945. During the two years 1944 and 1945, it is estimated that marketing co-operatives handled 28 per cent. of all the chief farm products entering trade channels. Sales of equipment, merchandise and supplies by co-ops to their own members, increased 15 million dollars last year over the year before, reaching a total of $81,360,855. An interesting development is the growth of co-op telephone systems, of which 2,375 are now in operation, with an investment of $22,000,000."

A business that can have a turnover of $585,000,000 in a year cannot be overlooked, when one is trying to get an accurate picture of the Canadian scene.

EXPRESSES VIEWS CHINESE SITUATION

General Victor W. Odlum, Canadian Ambassador to China, just before his departure for Canada, told a press conference in Nanking, that the situation in China will be a potential factor if a Third World War is in the making.

However, he did not think that the situation in China would provoke a Third World War, though admitting that the prospects for a peaceful settlement of the China problem in the foreseeable future are very discouraging. The outspoken Ambassador declared that a meeting of minds and hearts instead of hate provides the only basis of true agreement on the outstanding issues facing the country.

He expressed his opinion that there is a great deal of politicalism in China — there are strong liberal elements in the Kuomintang as there are men who we would recognize definitely as intellectual liberals in the Communist Party as well as other democratic parties.

The Ambassador said he has learned a great deal about China and the country's leading thinkers. He indicated that he was going to report to his Government on the progress now being made in China in the things which he specified as the hard working spirit of the great masses of the Chinese people, the development of schools, and the large number of skilled hands available in the country.

INTERNATIONAL SUNDAY SCHOOL LESSON, NOVEMBER 17TH, 1946

Lesson Text: Acts 17: 1-9. I Thessalonians 1: 2-8.
"PAUL MINISTERS TO THE THESSALONIANS"

This lesscn follows the general pattern adopted for the treatment of the events in the early days in Asia. There is first, the historical statement from Acts, and then a letter to the church concerned from the appropriate epistle of Paul.

In his journeys Paul had now reached Thessalonica. This is the modern Salonica. A Greek city much in the news during the war. It was a pagan city when Paul set foot in it. It was under the Romans, a great commercial city; after the battle of Philippi it became a "free city." Since then it has always been a thriving metropolis.

Paul had been journeying up along the road which ran from Byzantium to the Adriatic. There were only a few towns along the route and he may have stayed a few days in each. Reaching Thessalonica, where there was a synogue, he stayed longer. He went, as he was accustomed, to the synagogue on the Sabbath, where he had a good opportunity to get his message over. It is recorded that he reasoned with the people. This is the first time this word is used, and designates a change in Paul's methods. "Reasoned" might be interpreted as "discussed" in a manner somewhat similar to our question and answer method.

The point that Paul discussed with them was two-fold. First, that Christ had to suffer, and the second that He rose from the dead. Both of these were hard to explain or for the Jews to accept. Brought up under the belief that the Messiah would be a great national leader, it was hard for them to believe in a suffering servant. Moreover, there was no established belief in a resurrection among the Jews. Paul had turned the world upside down. Jason was bound over to keep the peace and then let go. And friends got busy and spirited Paul and Silas out of town under cover of darkness.

A year or so later Paul wrote to the church in Thessalonica. The reason for the letter was three-fold, or four-fold. Some claimed Paul was making money out of his preaching; some said he was wasting his time and the time of other people. Some were worried about their dead. There was a tendency too, in this new church of social cliques. So Paul writes in a kindly, yet firm manner.

Most of the things Paul had to meet in his churches are still heard. "The preacher is in it for what he can get out of it." How often does one hear that? He is wasting his time. We use more philosophical language. We may say—or at least some say—the preachers are non-productive, they do not produce; they are wasting their own time and making a living off other people without contributing anything. And then, too, the modern church is charged with being the hot bed of cliques. It all depends on the preachers and the churches. Certainly there are good preachers, and certainly there are churches in which Mrs. Brown and her set has little to do with Mrs. Jones and her group. But this is not a general situation. Wherever the word of God is magnified, and the spirit of Christ prevails, good will and love, and self-sacrifice are the order of life.

Paul, in this lesson, does not touch on these matters. Rather, he tells the church at Thessalonica, of their good qualities and the results of their Christian service, and congratulates them.

Production Is Down Milk, Butter, Cheese

Total production of milk in Canada continues to decline and present trends indicate that production in 1946 will be about three per cent or around 500 million pounds less than in 1945. Fluid milk sales to the end of September were well above those of the corresponding period of 1945.

Creamery butter production also continues to decline, with the drop in September being particularly marked, due to the recent farmers' non-delivery strike in Alberta. Butter stocks as at the beginning of October were slightly lower than at the corresponding time a year ago and, states the Current Review of Agricultural Conditions in Canada, unless production is increased during the winter months, it will probably be necessary to import butter ration to less than six ounces per week.

Cheese production continues to decline and it is doubtful, says the Review, if that production for 1946 will total more than 140 million pounds. It is evident that the export contract of 125 million pounds will not be filled before the end of the contract year if supplies are to be made available to the Canadian domestic trade.

Total production of cheddar cheese to the end of September 1946, totalled 120.3 million pounds, the lowest since 1941, and more than 23 per cent below the 1945 production. This decrease can be attributed partially to the diversion of milk from cheese factories to the fluid milk markets.

If the present cheese production trends continue until the end of 1946 the total cheese made in Canada will be approximately 140 million pounds. This, says the Review, would mean that both the exports and domestic market would be in short supply. Cheese storage stocks as at October 1, showed holding totalling 88.3 million pounds as compared with 63.9 million pounds on October 1st, 1945.

Both figures include stocks for the British Ministry of Food, the amount of which is not definitely known.

GRACE CHURCH W. A.
The October meeting of the Woman's Association was held in the Sunday school room on Thursday afternoon with a splendid attendance. The topic of the worship service was With Glowing Hearts we See Thee Rise. Suitable hymns were sung and a story was given by Mrs. C. D. McLellan and a vocal duet was sung by Mrs. B. Seymour and Mrs. F. B. Elliott.

The treasurer, Mrs. Correll, gave her report. All reports were not in for the cash canvas but so far it was very gratifying. A letter was received from the two young ladies who are in charge of the church work at Maynooth, asking for some assistance. It was decided to send a gift of dishes, quilts, etc.

The program consisted of a piano solo by Mrs. B. M. Black and a vocal solo by Mrs. S. Booth.

The meeting closed with a prayer by Mrs. Gera'd Unger.

One more can be one too many

Even Hydro cannot always find immediate room for one more consumer.

Present demands for Hydro power taxes existing facilities to the utmost. This is due to ever-increasing use of low-cost Hydro service plus necessarily restricted Hydro construction during and since the war. Shortage of materials and equipment makes it impossible to speedily accomplish expansion long since planned.

Lines and transformers now serving any one district can carry just so much power. Whenever that capacity is being completely used by present consumers, addition of new customers could be made only at the expense of service to the old, until new materials for extensions are obtainable. This condition applies in city, town and country. Everything possible is being done to overcome it. New equipment is being installed as fast as it becomes available. Your Hydro Commission trusts and believes you will recognize the facts; and assist, by your patient co-operation, in the orderly restoration of the prompt service that your Hydro always strives to maintain.

In the meantime, let your Hydro know as early as possible of any planned substantial increase in your power needs, and use this low-cost servant wisely.

TAMWORTH

REMEMBRANCE DAY OBSERVED

Tamworth, Nov. 11. — Remembrance Day was observed on Monday, November 11th, at the Township Hall, here, and wreaths were placed at the cenotaph adjoining the hall.

The service opened at 10:30 a.m., Mr. W. G. Richmond acting as Chairman.

Mrs. F. O. Ware officiated at the piano.

The service opened with the National Anthem, followed by the invocation by Rev. W. H. Baugh, of the United Church.

Hymn, "O God Our Help in Ages Past", was sung.

Rev. F. O. Ware, of Christ's Church, gave a powerful address, based on "The Anniversary of the Passover", "O Valiant Hearts" was sung, and the assembly proceeded to the Cenotaph, where Mrs. Herbert York and Mr. Alex. Adair placed the Provincial wreath, Mr. R. K. Stinson placed the wreath from the Legion, and Mrs. W. G. Richmond placed a wreath in memory of her son, Flt. Sgt. Reggie Richmond. After two minutes' silence was observed, Mr. Baugh pronounced the benediction.

A large number of veterans were in attendance, as well as a very good congregation.

Mr. and Mrs. Adam Burris, of Nova Scotia, spent a few days last week at the home of Mr. and Mrs. Smith Gilmour, visiting the former's sister, Miss Burris, of the teaching staff here.

Mrs. Burley, of Sydenham, nee Miss Roberts, formerly of the teaching staff here, visited at the home of Mr. and Mrs. Harold Reynolds, also other friends in the village over the week-end.

Mr. and Mrs. W. G. Richmond attended the service in Trinity United Church, Napanee, on Sunday morning, when the dinner guests of Mr. and Mrs. Frank Richmond.

Miss Scales, Reg.N., is spending some time in the village and is at the home of Mr. and Mrs. Robert Gilmour. Miss Scales is the nurse appointed for Lennox and Addington School Health Service. She has been working in the Denbigh and Northbrook sections, and is now attending the schools in this centre.

VIOLET

Violet, Nov. 1. — Quite a number from Violet community attended the confirmation service, which was held in St. Luke's Church, Camden East, on Sunday, November 3rd, when Bishop Lyons, of Kingston, confirmed a class of 32 candidates, who had been instructed and prepared by the rector, Rev. M. F. Oldham.

Some from here attended the Oldford - Martin wedding, which was held in the Standard Church, Kingston, on September 23rd.

Mr. and Mrs. Perry Aikenbrack and son, Donny, and Mr. and Mrs. Bruce Allen, of Bethel Street, spent an evening last week with Mr. and Mrs. Arthur Stevens.

Mr. and Mrs. Borden Hannah, of Kingston, visited last week with Mr. Hannah's brother, Mr. Lorne Hannah, and Mrs. Hannah.

Mrs. Annie MacDonald spent last Friday evening with her son, Mr. Percy Lemmon, and Mrs. Lemmon.

Mr. and Mrs. Harold Creighton, of Napanee, spent an evening recently with the latter's parents, Mr. and Mrs. Kenneth Valentine.

The Home and School Forum of School No. 17 was held at the home of Mrs. Ernest Wright and Mrs. Arthur Wight on Wednesday afternoon, October 30th, with most of the members present. After the business part of the meeting was finished the hostesses served refreshments.

Mrs. Lorne Hawley, who underwent an operation in the Kingston General Hospital, has returned to her home, much improved.

Mr. Bert Scouten still remains very ill, with Dr. A. R. E. Mounce, of Newburgh, in attendance.

NEWBURGH

Newburgh, Nov. 11. — Mr. George Paul and Mr. Billy Shorey, of Toronto, were Friday evening guests of the Misses Shorey.

Mr. and Mrs. Levi Brown celebrated their 55th wedding anniversary last week. Congratulations.

Mrs. John Wartman, of Kingston, spent the week-end with her daughter, Mrs. Robin Fluke.

Miss Margaret Ramsay was the Sunday tea guest of Miss Margaret McGill.

Margaret Ramsay is spending a few days with her aunt, Mrs. Wilde.

Miss Mary Elizabeth Robinson, of Frankford, spent the week-end at her home in Newburgh.

At the Sunday evening service in the United Church, Mr. Herrington dealt with the question, "Has Western, or European, Civilization Already Collapsed?" Following the service a song fest was held in the basement of the church, with Mr. Ralph N. Wightman in charge, and Mrs. Wightman at the piano. During the song fest Mrs. John Wartman, formerly of Newburgh, now of Kingston, was called to the platform and Miss Emma Shorey read an address, which pointed out the splendid services which Mrs. Wartman has rendered to the church and its organizations, and to the community. Miss Alma Brisco and Mrs. Ed. Lockhead, on behalf of the congregation, presented her with two boudoir lamps and a pair of gloves. In her reply, Mrs. Wartman said she had come to Newburgh 25 years ago and found the church really decorated, and that there had come to her a sense of responsibility to her a sense of responsibility to which she had been endeavouring to discharge ever since. Among the other items that followed was a trio by Mrs. Hugh Ramsay, Mrs. Ralph Wightman and Miss Phyllis McGill, and a solo by Mr. Harry Morgan. The song fest closed with the benediction and the verse, "Grant us Thy peace upon our homeward way", as a vesper.

MISSION BAND CONCERT

The basement of the United Church was prettily decorated in Hallowe'en colors for the Mission Band concert, which was held on Tuesday night, November 5th.

A large crowd of parents and friends turned out to encourage the children in the Mission Band work, which is under the leadership of Mrs. Hugh Ramsay and Mrs. H. B. Herrington.

Fifty children entered into the following games, which delighted all present:

Nuts in May; In and Out the Window; Musical Chairs; Here Stands a Bluebird; Whistle Stoop; Spin the Pan.

After the games, the following program was given:

A Song of Welcome, by Miss Derbyshire's Class.

Solo, by Juanita McQuay.

Recitation, "Do Your Best", by four little girls.

Chorus, "Jesus Thinks About the Children", "All the Little Children", "In Country's Far, Far, Far Away", by Daisy Mission Band.

Instrumental, by Paula Akey and Iris King.

Song, by Wilma and Marion Wager.

Piano Duet, by Mrs. W. Embury and little daughter, Irene.

Nursery Class, 3 and 4 years old, "Robin, Robin, Sing to Me".

Song, Mary Watson, 3 years old.

Recitation, Catherine Moore.

Trombone Solo, Bill Finlay, accompanied on piano by his mother.

A Trio, "From Over the Sea", by three little girls, in costume.

Piano Solo, by Beverly Card.

Recitation, "Bring Your Silver Offering", exercise, by five boys.

Instrumental, by Romanie Pluke.

Violin and Piano Duet, by Harold King and daughter, Iris.

Instrumental Duet, by Margaret and Billy Ramsay.

Trombone Solo, by Bill Finlay.

Slides were shown on the Study Book, "Nyanga's Two Villages".

Rev. Mr. Herrington closed the meeting with prayer.

WOMAN'S ASSOCIATION

The November meeting of the Women's Association of the United Church was held at the home of the Misses Clara and Emma Shorey. Mrs. H. B. Herrington presided with Miss Lulu Fluke as pianist for the evening.

The program, arranged by Mrs. Mounce and Mrs. R. Fluke, followed the theme of "Service". Mrs. Harold King, who capably led this period, was assisted by Mrs. R. Hounslow in reading the scripture, and Mrs. Hugh Ramsay, who sang an appropriate solo.

Two readings, entitled, "The Legend of St. Christopher" and "The Lonely Hermit", read respectively by Mrs. Lochead and Mrs. Hutchison, showed the value of service in everyday life.

Mrs. Joseph Paul led in prayer of rededication.

The program was closed by song, in unison, of the hymn, "O Master, Let Me Walk With Thee".

Refreshments were served by the hostesses.

FIRST NAPANEE WOLF CUB PACK

Wednesday, Nov. 6th.

Weekly Meeting

Further progress was made towards the Parents' Night, which was scheduled for November 8th. Akela detailed each Six to carry out a portion of the First Star Tests. Time-keeping and signals were given the semaphore test to demonstrate.

Corner work period was devoted to carrying out the required tests for Parents' Night.

With the assistance of several members of the Scout Troop, a rehearsal was held of the actual "going up" ceremony.

Following Akela's announcements, the meeting closed with Cub Silence and the Cub Prayer.

Friday, November 8th.

Annual Parents' Night

An enlightening evening's entertainment was put on by the members of the Cub Pack. This entertainment was in the form of a Parents' Night held on Friday, November 8th, in Grace United Church Sunday school rooms.

Akela Barnett opened the meeting by welcoming the parents and called on Mr. W. S. Wilson to speak on behalf of the Group Committee.

The Pack opening ceremonies were held to show the parents how a regular meeting is begun. For inspection Akela checked dirty paws, claws and fur of the Cubs. Points for cleanliness were awarded accordingly.

Following inspection a short games period took place. Team games of Over and Under and a Spindle Relay, were demonstrated.

First Star tests were next carried out with each six exhibiting a different test. Knotting was shown by the Red Six and Green Six; skipping by the Grey Six; leap frog by the White Six; hopping by the Blue Six; and balancing by the Yellow Six.

Second Star semaphore was demonstrated by Cubs Donald Maunder, John Mayhew and Murray McAdam.

The Pack carried out a Jungle Dance called the Dance of Baloo with Akela Barnett taking the lead. Next on the program was a stunt called Skinning-the-Snake, performed by each of the Sixes. This proved to be quite amusing and everyone enjoyed the boys' performance.

The climax of the evening was the Going-up Ceremony in which the older members of the Pack were graduated into the Scout Troop. Those inducted into Scouts were Cubs John Mayhew, Allan Empey, Murray McAdam, Don. Maunder, Harry McGregor and Bob Cassidy. The members of the Troop to receive the new candidate Scouts were under the leadership of assistant Scoutmaster Bill Robbin. At the conclusion of the ceremony Akela Barnett was presented with a gift by Scout Allan Empey, on behalf of the newly-graduated Cubs.

The evening's activities were wound up with the Cub Silence, Cub Prayer and the lowering of the Flag.

CUB NOTES:

Next meeting, Friday, November 15. Shorts, optional.

Church Parade on Sunday, November 24th.

Education Week Observed, Camden East

The annual Educational Week in Camden East was marked on Sunday evening, November 10th in St. Luke's Church, Camden East. The public School children attended the service and the choir, made up of the school pupils, was in charge of Mrs. Harry Hinch, the Principal.

The rector, Rev. M. F. Oldham was in charge of the service and preached an appropriate sermon on Psalm 78: 4, stressing the necessity of training the children in regard to the things of God, by parents and also urging the children to use daily prayer in their lives.

The choir rendered the hymn, 'Abide With Me', very nicely. There was a good attendance at the service.

SOCIAL EVENING AT REBEKAH LODGE

Under the auspices of Queen of Sheba Rebekah Lodge No. 254, a social evening was held in the rooms of Argyll Lodge No. 212, I.O.O.F. on Wednesday night There was a good attendance and the evening was spent in cards and other amusements. Delicious refreshments were served at the close.

During the evening, Mr. and Mrs. George Mills, who are well known members of Queen of Sheba Rebekah Lodge, and who are leaving this week for their new home in British Columbia, were each presented with a pin, for which they expressed their thanks. Mrs. Mills received a Rebekah pin and Mr. Mills an Oddfellows pin.

Bay Quinte Clerical Union, Camden East

The annual meeting of the Bay of Quinte Clerical Union was held in Camden East, on Friday, November 8th. A celebration of the Holy Communion was held in St. Luke's Anglican Church at 11 a.m. Dean Brianty Browne, of St. George's Cathedral, Kingston, was the celebrant and was assisted by Rev. A. F. Oldham, rector of Camden East, and Rev. Harvey Scase, Curate of St. George's Cathedral.

A chicken dinner was served by the ladies of St. Luke's Church at 12:30 p.m.

In the afternoon the Clergy met in the Rectory, and the president, Rev. Briarly Browne, presided. Addresses on the session of the General Synod were given by the Dean, also Rev. Grant Sparling of Belleville, and Rev. Capt. W. E. Kidd, Deseronto. General discussion followed the reports of the Anglican Advancement Appeal. A vote of thanks was given to the rector of Camden East, and also to the W. A. for the dinner.

The spring meeting will be held early in June, in St. Thomas' Church in Belleville.

SUNDAY SERVICES AT GRACE CHURCH

The service in Grace Church on Sunday morning, was well attended, notwithstanding the inclemency of the weather. Owing to it being Remembrance Sunday previous to Remembrance Day, the subject of the minister, Rev. C. D. McLellan, was an appropriate one as he spoke on the subject: 'Our Trust and Our Task,' and referred to the sacrifices made in this war and the last one. Mrs. B. M. Black presided at the organ and the choir, under the leadership of Mrs. Whitman, sang the selection, 'O God Our Help in Ages Past.'

The service at night was in charge of the Laymen, and the special speaker was Mr. Clayton Burr, of Belleville, who presented some facts of the recent General Council of The United Church, held in Montreal. The scripture lesson was read by Blake Allen, the prayer was made by Floyd Vannest and the prayer of dedication was given by Garnet Leary. The service was in charge of Rev. C. D. McLellan.

There was a good choir under the leadership of Mrs. Wightman, and Mervin Clarke sang the pleasing solo, 'O Loving Father.' Mrs. B. M. Black organist, presided at the organ and gave a few numbers preceding the service. There was a fairly large congregation present. Lovely bouquets of flowers were placed on the communion table in memory of Donald Reid, son of Mr. and Mrs. C.M. Reid, and William Buchanan, son of Mr. and Mrs. William Buchanan. These young men died overseas during the World War.

WEDDING BELLS

LLOYD - WANNAMAKER

A pretty wedding took place at the Bayside parsonage, on Saturday, November 2nd, 1946, at 1:00 p.m., when Rev. M. R. Brown united in marriage Marjorie Lena May, youngest daughter of Mr. and Mrs. John Wannamaker of Napanee, R.R. 4, and Wesley Herbert, second youngest son of Mrs. Hanna Lloyd and the late Mr. E. T. Lloyd, Sillsville.

The young bride looked pretty in a street-length blue crepe dress with black accessories and carried a bouquet of American Beauty roses with a sprig of white heather sent from Scotland.

The bridesmaid, Miss Margaret Westlake, of Trenton, looked pretty in a street-length rayon crepe dress of Romantic Rose and wore the gift of the bride, a string of pearls. She carried a bouquet of Tea Roses with a sprig of white Heather sent from Scotland.

Murnie Wannamaker, youngest brother of the bride, was best man and wore the gift of the groom, a tie set. The groom's gift to the bride was a De-Pured Crosley electric range. The bride's gift to the groom was a tie set.

After the ceremony a dainty buffet lunch was served at the home of the bride's parents, to the immediate relatives. The happy young couple left after the luncheon, amid showers of confetti and best wishes, by motor, for Ottawa and points east.

For travelling, the bride wore a green wool suit, with black accessories.

OBITUARIES

PHILETUS J. SEELEY

The funeral of Philetus J. Seeley was held recently from his late residence at Bath. Service was conducted by Rev. James Robinson and interment was made in Riverside Cemetery, Napanee. Deceased passed away in the Kingston General Hospital, after a short illness.

BATH

Bath, Nov. 9. — The annual Children's Day service was held in St. John's Church recently at the 11:00 o'clock service. The members of the Sunday School took part, as the lessons were read by Wilmot Hoselton and Bobby Young, the address by Floyd Hegadorn, prayers were led by Marie Hegadorn, Joan Hegadorn, Mildred Kiljannon, Lois Baker and Betty Fairbanks. A duet was sung by Marilyn and Shirley Withers. Grant Gallagher and George Reeves took the offering. During this part Beverly Wart sang a solo. The choir rendered appropriate music, with Miss B. Walker as organist.

A very successful meeting was held by the Girl Guides. It was an open meeting in the form of a masquerade. Various costumes. Mrs. Burleigh and Mrs. Roberts acted as judges. Prizes were given for the costume or the gay nineties, worn by Betty Fairbanks, and one to a little lady dressed in an unique gown of turkish towels, worn by Miss O. Mc-Quin. Games and refreshments completed the evening. They had sung by Marilyn and Shirley Withers. Grant Gallagher and George Reeves took the offering. During this part Beverly Wart sang a solo. The choir rendered appropriate music, with Miss B. Walker as organist.

MARRIAGES

KIMMERLEY — LYONS — On the 12th of October, 1946, at Windsor, Ont., Mrs. John Lyons, formerly of Carleton Place, was united in marriage to Mr. E. A. Kimmerly, of Windsor, the couple to reside in Windsor. Mrs. Lyons has just completed a happy year with Rev. and Mrs. J. F. Dingman, Napanee.

21ST ANNUAL RALLY NORTH NAPANEE W. M. S.

The twenty-first annual Rally of Napanee North Section of the Women's Missionary Society was held in the United Church, Enterprise, on Thursday, October 31st. Registration began at 9:30 a.m.

The morning session opened by singing the Doxology and National Anthem. The president, Mrs. Gerald Hawley, presided and called on Enterprise Auxiliary to conduct the worship service. Mrs. O. M. Jackson on behalf of Enterprise Auxiliary extended cordial greetings to the Rally, to which Mrs. Bennett, on behalf of Camden East, replied.

The appointment of committees was as follows: Nominating, Mrs. Geo. Switzer, Mrs. Fred Wales and Mrs. Ward Baker; Courtesy, Mrs. Mrs. Baugh, Mrs. Fletcher and Mrs. D. Wilson; Resolutions Com., Mrs. Thos. Wilson, Mrs. Rosemarie and Mrs. Purcell.

A complete story of the year was presented by Mrs. Kenneth Wease, who reported twelve auxiliaries having 94 life members and 244 auxiliary members, an increase of two life and 21 annual members over last year. Mrs. Wease expressed the hope that to twenty-one dollars per member. Many public meetings had been held with guest speakers bringing interesting and helpful messages. All reports mention the splendid spiritual atmosphere during worship periods and also grave instances of practical Christianity in the lives of their communities.

Mrs. George Hawley was called upon to introduce the guest speakers. Mrs. Patton, formerly of Newfoundland and now of Queenston, gave the Presbyterial Executive; Mrs. Albert Empey of Eldorado; Presbyterial President; and Dr. Florence Murray of the Hamheung Hospital, Korea.

Address by Guest Speakers

In her subject, Women at Work on Temperance, Mrs. Patton stressed the importance of community efforts for Youth Welfare. Social drinking is enemy No. 1 to the youth of our land. Attempting to appear adult, youths imitate their elders in the drinking habit. This habit begins before the age of twenty-one. Social pressure is usually the cause. A hostess assumes a grave and alarming responsibility when she offers alcoholic beverages to youthful guests. Youth must be taught that their physical well-being depends on total abstinence, etc. Secondly, they must understand that their future success in life and their domestic happiness depend on keeping away from drink. Lastly, children must be taught at an early age that temperance and alcohol do not mix. Mrs. Patton emphasized the importance of wholesome recreational activities for youth, stating that the church should provide suitable facilities and become responsible for same.

Mrs. Edmund Wilson sang a pleasing solo. A four section discussion followed. Mrs. Baugh, as Mission Band representative, presented literature and materials for use in Band work. Quoting Mrs. Mackenzie on How to Interest Teen-agers she said: "It was necessary for leaders of young people to seek to understand the problems of youth and to be interested in young people; also, they must be willing to present missions attractively and interestingly."

Mrs. Thomas Wilson, in her subject Community Friendship, considered life to a journey and said all must be ready to help fellow-travellers along the way with courage, friendliness, love. One must remember his duty to strangers, be mindful of the sick and lonely and generous to the needy.

Mrs. Truscott, speaking on Our Givings, said we must consider our givings. As Christian women, we should give cheerfully, regularly and generously of all we possess—time, money and talents. A vocal solo was given by Mrs. Bruce Findlay and Mrs. H. B. Herrington reviewed the literature on display, and assisted by Mrs. Vernon Paul had charge of the literature table.

An impressive quiet half-hour and memorial service was conducted by Moscow Auxiliary, after which lunch was served by the Enterprise ladies in the Community Hall.

AFTERNOON SESSION

The afternoon session of the rally opened at 1:30 p.m. Trinity Evening Auxiliary conducted the worship service. The secretary read the minutes of the morning session. Twelve auxiliaries answered the roll call with a Bible promise and ten mission bands and five baby bands were called.

Mrs. Albert Bennett extended greetings from the Presbyterial. She emphasized the importance of early training in the art of Christian stewardship. It is most essential if the world is to become Christianized, that we, as W. M. S. organizations, accept and meet our allocations. National life is affected by the outlook of the home be it spiritual or non-spiritual. Youth should be prepared and trained for permanent Christian marriages. Enterprise Mission Band gave a chorus and a reading by Mrs. Ralph Wightman was enjoyed.

Dr. Murray's Address

Dr. Florence Murray, Missionary and Medical Doctor, drew a vivid word picture of the Korean Mission Hospital. Listeners could visualize the exhausting and discouraging early days in the establishing of the hospital. Lack of proper equipment, even necessities, insufficient and incompetent nurses, added to the difficulties but by courage and endurance the Hamheung Hospital has won for itself the reputation of giving the best service and best treatment of any Korean hospital. Koreans soon realized the difference between the Mission Hospital and government hospitals. In the Mission Hospital, every opportunity is taken to preach and teach the gospel to the patients and also to the visitors who flock to see the sick ones. Many are interested in the Christian gospel, but when they see it lived, it has its effect.

The Koreans are keen for education and the nurses and doctors use every opportunity to teach health and sanitation. Group schools are held each year to improve the local leaders in evangelistic work and the hospitals co-operate by giving a course in health. Dr. Murray said the influence of Christian missions had been far more reaching than statistics show. Non-Christians are inspired and spurred on by the work Christians have undertaken, such as establishing hospitals and centres for lepers and schools for girls, who were formerly neglected and uneducated. Rest homes for tubercular patients, of whom there are many, have been undertaken. The Korean Government thus made aware of the need, has assumed responsibility. Owing to the war, missionary work has been seriously disrupted. The need for doctors and nurses is very great.

Dr. Murray said nothing but the spirit of Christ, lived among men, will bring peace and understanding to the world. She challenged all Christian women with the words of the Church's greatest task is to win the world by Peace not by Force." The Christian Church is the greatest force for peace in the world. We have one more chance to save the world. We Christians have the secret. Are we going to save it?

Committee Reports

The reports of the committees were as follows: Nominating Committee, Vice-President for 1947, Mrs. Gerald Hawley Yarker; secretary, Mrs. K. Wease, Centreville; new Nominating Committee, President of Enterprise Auxiliary, Yarker, Colebrook and Enterprise Auxiliaries. Literature, Mrs. Empey; assistant Librarian, Mrs. T. Wilson;

Courtesy Committee: We the courtesy committee wish to express our heartfelt thanks for the warm welcome we received when we entered the church and that expressed in the greetings and for the ebountiful and delicious luncheon served in the Enterprise ladies. We also wish to thank those contributing their services to the programme during the year and those responsible for the worship services and inspirational Quiet half-hour. We especially wish to thank Dr. Florence Murray, our missionary guest, for her challenging address, and all those who have in any way helped to make this rally a success.

Resolutions Committee: We recommend that this W.M.S. Rally go on record as being willing to do all in our power to further temperance and to discourage the use of alcoholic beverages.

The resolutions were accepted. The rally was brought to a close by singing a hymn and the benediction pronounced by Mrs. Crawford.

DORLAND

Dorland, Nov. 9. — The frequent rains furnish plenty of mud, but the mild weather promises growth. Among the flowers blooming in the open, Mrs. H. Mosier has some of which measure 3½ inches across. Farmers are getting all the corners and gullies plowed this season. Fall wheat is making good growth, and pastures are lasting well.

Many from this appointment attended the anniversary services at Conway last Sunday, and our former pastor, Rev. H. B. Neal. The Conway ladies kindly furnished refreshments after the evening service, and a short social time was enjoyed. The choir from this church led the music at both services.

Miss Edith Foster, of Ottawa, spent the week end with her brother, Mr. E. Foster, and his family.

Mr. and Mrs. H. M. Price, and Mr. and Mrs. W. E. Price and sons, of Kingston, were dinner guests at the home of their aunt, Mrs. W. J. Mages, on Sunday last.

Mrs. M. Rombough has returned to her home in New York State, after spending some weeks with her sister, Mrs. Charles Rombough, who accompanied her home and will remain for some time.

Some local residents have reported recent poultry losses, which are attributed to foxes.

Mrs. Russell Cousins has returned, after spending some time in Galt with her father, Mr. W. Mogg, who is in poor health.

Mr. J. Bird, Miss Frances and Master Warren Bird, visited Mr. and Mrs. G. A. Mages and family, Devereux Road, last Sunday.

A number of the men attended the French sale at Conway on Monday, and the Loyst sale at Hayburn on Thursday.

OBITUARY

JAMES EZRA COLE

The funeral of James Ezra Cole, well known businessman of Deseronto for over fifty years, took place from his late residence on Main Street, on Saturday afternoon, November 3rd. W. D. Hallikwl, minister of the Presbyterian Church, conducted the service.

The late Mr. Cole was born in North Fredericksburgh, 73 years ago, son of the late James Cole and his wife Elizabeth Costello. He went to Deseronto when about nine years of age and received his education here. Later he was employed by the Rathbun Lumber Company in the shingle mill and then learned the barbering trade with his brother.

He was married fifty-four years ago to Elizabeth Brown, who survives. Also surviving are three daughters, Mrs. George McCre (Alice) of Napanee, Mrs. R. M. Anderson (Jennie) of Toronto, Mrs. W. McKendrie (Babe) of Detroit; three sons, James of Vancouver, Bruce of Windsor and Charles of Deseronto; one brother, Amney Cole, of Deseronto.

Among the floral tributes was one from the merchants of Deseronto who closed their places of business while the funeral was held. Pall-bearers were members of the Orange Lodge of Shannonville.

JAMES EZRA COLE

The funeral of James Ezra Cole, well known businessman of Deseronto for over fifty years, took place from his late residence on Main Street, on Saturday afternoon, November 9. W. D. Hallikeil, minister of the Presbyterian Church, conducted the service.

The late Mr. Cole was born in North Fredericksburgh, 73 years ago, son of the late James Cole and his wife Elizabeth Costello. He went to Deseronto when about nine years of age and received his education here. Later he was employed by the Rathbun Lumber Company in the shingle mill and then learned the barbering trade with his brother.

He was married fifty-four years ago to Elizabeth Brown, - who survives. Also surviving are three daughters, Mrs. George Moore (Alice) of Napanee, Mrs. R. M. Alderson (Jennie) of Toronto, Mrs. W. McKendrie (Blake) of Detroit; three sons, James of Vancouver, Bruce of Windsor and Charles of Deseronto; one brother, Amsey Cole, of Deserotno.

Among the floral tributes was one from the merchants of Deseronto who closed their places of business while the funeral was held. Pallbearers were members of the Orange Lodge of Shannonville.

MARRIAGES

KIMMERLEY - LYONS — On the 12th of October, 1946, at Windsor, Ont., Mrs. John Lyons, formerly of Carleton Place, was united in marriage to Mr. E. A. Kimmerley, of Windsor, the couple to reside in Windsor. Mrs. Lyons had just completed a happy year with Rev. and Mrs. J. F. Dingman, Napanee.

21ST ANNUAL RALLY NORTH NAPANEE W. M. S.

The twenty-first annual Rally of Napanee North Section of the Women's Missionary Society was held in the United Church, Enterprise on Thursday, October 31st. Registration began at 9:30 a.m.

The morning session opened by singing the Doxology and National Anthem. The president, Mrs. Gerald Hawley, presided and called on Enterprise Auxiliary to conduct the worship service. Mrs. O. B. Addison on behalf of Enterprise Auxiliary extended cordial greetings to the Rally, to which Mrs. Fletcher, on behalf of Camden East, replied.

The appointment of committees was as follows: Nominating, Mrs. Geo. Switzer, Mrs. Fred Wales and Mrs. Ward Baker; Credentials, Mrs. Baugh, Mrs. Fletcher and Mrs. D. Wilson; Resolutions Com. Mrs. Thos. Wilson, Mrs. Mackenzie and Mrs. Purcell.

A complete story of the year was presented by Mrs. Kenneth Wesse, who reported twelve auxiliaries having 94 life members, 244 annual members, an increase of two life and 21 annual members over last year. Givings averaged from one dollar to twenty-one dollars per member. Many public meetings have been held with guest speakers bringing interesting and helpful messages. All organizations tried to create an spiritual atmosphere during worship periods and also gave instances of practical Christianity evidenced in their communities.

Mrs. George Finlay was called upon to introduce the guest speakers. Mrs. Patton, formerly of Newfoundland now of Queenston, spoke as Presbyterial Executive; Mrs. Albert Empey of Eldorado, Presbyterial President; and Dr. Florence Murray of the Hamheung Hospital, Korea.

Address by Guest Speakers

In her subject, Women at Work on Temperance, Mrs. Patton stressed the importance of community efforts for Youth Welfare. Social drinking is enemy No. 1 to the youth of our land. Attempting to appear adult, youths imitate their elders in the drinking habit. This habit begins before the age of twenty-one. Social pressure is usually the cause. A hostess assumes a grave and alarming responsibility when she offers alcoholic beverages to youthful guests. Youth must be taught that their physical well-being depends on total abstinence. Secondly, they must understand that their future success in life and their domestic happiness depend on keeping away from drink. Lastly, children must be taught at an early age that Christianity and alcohol do not mix. Mrs. Patton emphasized the importance of wiser, some recreatinal centres for youth, stating that the church should provide suitable facilities and become responsible for same.

Mrs. Edmund Wilson sang a pleasing solo. A four point discussion followed. Mrs. Baugh, as Mission Band representative, presented literature and materials for use in Band work. Quoting Mrs. Mackenzie on How to Interest Teen-agers she said: "It was necessary for leaders of young people to seek to understand the problems of youth and to be interested in young people; also, they must be willing to present missions attractively and interestingly.

Mrs. Thomas Wilson, in her subject Community Friendship, compared life to a journey and said all must be ready to help fellow-travellers along the way with courage, friendship and love. One must remember his duty to strangers, be mindful of the sick and lonely and generous to the needy.

Mrs. Truscott, speaking on Our Givings, said we must personalize our givings. As Christian women, we should give cheerfully, regularly and generously of all we possessed—time, money and talents. A vocal solo was given by Mrs. Bruce Finlay, and Mrs. H. B. Herrington reviewed the literature on display, and assisted by Mrs. Vernon Paul had charge of the literature table.

An impressive quiet half-hour and memorial service was conducted by Moscow Auxiliary, after which lunch was served by the Enterprise ladies in the Community Hall.

AFTERNOON SESSION

The afternoon session of the rally opened at 1:00 p.m. Trinity Evening Auxiliary conducted the worship service. The secretary read the minutes of the morning session. Twelve auxiliaries answered the roll call with a Bible promise and ten mission bands and five baby bands were called. Mrs. Albert Empey brought greetings from the Presbyterial. She emphasized the importance of early training in the art of Christian stewardship. It is most essential if the world is to become Christianized, that we, as W. M. S. organizations, accept and meet our allocations. National life is affected by the outlook of the home be it spiritual or non-spiritual. Youth should be educated and trained for permanent Christian marriages. Enterprise Mission Band gave a chorus and a vocal solo by Mrs. Ralph Wightman was enjoyed.

Dr. Murray's Address

Dr. Florence Murray, Missionary and Medical Doctor, drew a vivid word picture of the Korean Mission Hospital. Listeners could visualize the exhausting and discouraging early days in the establishing of the hospital. Lack of proper equipment, even necessities, insufficient and incompetent nurses, added to the difficulties but by courage and endurance the Hamheung Hospital has won for itself the reputation of giving the best service and best treatment of any Korean hospital. Koreans soon realized the difference between the Mission Hospital and government hospitals. In the Mission Hospital, every opportunity is taken to preach and teach the gospel to the patients and also to the visitors who flock to see the sick ones. Many are uninterested in the Christian gospel, but when they see it lived, it has its effect.

The Koreans are keen for education and the nurses and doctors use every opportunity to teach health and sanitation. Group schools are held each year to improve the local leaders in evangelistic work and the hospitals co-operate by giving a course in health. Dr. Murray said the influence of Christian missions had been far more reaching than statistics show. Non-Christians are inspired and spurred on by the work Christians have undertaken, such as establishing hospitals and centres for women there are many, have been undertaken. The Korean Government thus made aware of the need, has assumed responsibility. Owing to the war, missionary work has been seriously disrupted. The need for doctors and nurses is very great.

Dr. Murray said nothing but the spirit of Christ, lived among men, will bring peace and understanding to the world. She challenged all Christian women with the words: "the Church's greatest task is to win the world to peace not by Force! The Christian Church is the greatest force for peace in the world. We have one more chance to save the world. We Christians have the secret. Are we going to save it?

Committee Reports

The reports of the committees were as follows: Nominating Committee, as appointed in 1937, Mrs. Gerald Hawley Yarker, secretary, Mrs. K. Wesse Centreville; new Nominating Committee, Presidents of Shiraticona, Yarker, Colebrook and Enterprise auxiliaries. Librarian, Mrs. T. Wilson; assistant Librarian, Mrs. T. Wilson; Courtesy Committee: We the court's easy committee wish to convey our heartfelt thanks for the warm welcome extended to us by Enterprise church and that expressed in the greetings and for the ebountiful and delicious luncheon served by the Enterprise ladies. We also wish to thank those responsible for the splendid music of the convention through song and those responsible for the worship services and inspirational quiet half-hour. We especially wish to thank Dr. Florence Murray, our missionary for her challenging address, and all those who have in any way helped to make this rally a success.

Resolutions Committee: We recommend that this W.M.S. Rally go on record as being willing to do all in our power to further temperance and to discourage the use of alcoholic beverages.

The resolutions were accepted. The offering was brought to a close by singing a hymn and the benediction pronounced by Mrs. Crawford.

DORLAND

Dorland, Nov. 9. — The frequent rains of this month have made the mild weather encourages growth. Among the flowers blooming in the open, Mrs. H. Moore has passed, some of which measure 3½ inches across. Farmers are getting all the corn, etc., plowed this season. Fall wheat is making good growth, and pastures are lasting well.

Many from this appointment attended the anniversary services at Conway last Sunday, and paid their former pastor, Rev. H. B. Neal. The Conway ladies kindly furnished refreshments after the evening service, and a short social time was enjoyed. The choir from the church led the music at both services.

Miss Edith Foster, of Ottawa, spent the week end with her brother, Mr. E. Foster, and his family.

Mr. and Mrs. N. M. Price and son, Mr. and Mrs. W. E. Price and sons, of Kingston, were dinner guests at the home of their daughter, Mrs. T. Magee, on Sunday last.

Mrs. M. Rembogo has returned to her home in New York State, after spending some weeks with her sister, Mrs. Charles Bird, who accompanied her home and will remain for some time.

Some local residents have reported recent poultry losses, which are attributed to foxes.

Mrs. Russell Cousins has returned, after spending some time in Galt with her father, Mr. W. Mogg, who is in poor health.

Mr. J. Bird, Miss Frances and Master Warren Bird, visited Mr. and Mrs. G. A. Magee and family, Thomas Road, last Sunday.

A number of the men attended the French sale at Conway on Monday, and the Loyst sale at Harlburn on Thursday.

MARLBANK

Marlbank, Oct. 28. — The October meeting of the Woman's Association was held at the home of Mrs. Ker Asselstine on Wednesday evening, with an attendance of 36 members and visitors. The President, Mrs. Marlin, opened the meeting with a hymn, followed by 107th Psalm read by Mrs. Badgley. Another hymn was followed by reading the Creed Card and repeating the Lord's Prayer in unison. The minutes of the last meeting were read by the Secretary, and the roll call was answered by "Something to be Thankful For", the topic for this meeting being "Thanksgiving". The business part of the meeting was then dealt with. Painting of the Sunday School room floor was discussed, and it was decided to wait until spring. Plans were made for the bazaar, to be held on Saturday, November 23rd. Mrs. Baugh was present and discussed W. M. S. material. The splendid program was then discussed. The topic, "Thanksgiving", was well prepared by Mrs. N. McCutcheon, and given by Mrs. J. P. York. A duet by Mrs. Bert Asselstine and Mrs. Sidney Booth, with guitar accompaniment. Readings were given by Miss Eve'yn Cronkite. A duet by Mrs. Melburn and Mr. A. C. McConnell. The meeting closed with the Mizpah, after which a contest was enjoyed, the prize being won by M as Cronkite. Lunch meeting $4.99, birthday money 30c; a donation of $1.00. A bountiful lunch was served by the hostess and committee. A vote of thanks was given Mrs. Asselstine for the use of her home.

Mr. and Mrs. T. R. Young spent last week with their daughter, Mrs. E. Alexander, Monemvo.

Farmers, Attention!

The Federation of Agriculture of the Counties of Northumberland, Hastings, Prince Edward, and Lennox and Addington are sponsoring a Radio Program every Saturday from 12:45 till 1:00 p.m., over Station CJ.B.Q., Belleville, 1230 on your dial. This program will be known as "The Quinte Farmers' Ta k It Over Program". The object of the program is a discussion of timely Farm Topics by authorities on such subjects, the reporting of local agriculture news, and a resume of the findings of the Farm Forum Groups of the several counties. It is hoped that these programs will be of assistance to the farmers of this district in solving the various problems confronting Agriculture to-day.

The counties will take turns in being responsible for the broadcasts. The broadcast for Saturday, November 16th, will be sponsored by the Lennox and Addington County Federation. At 12:45 time Mr. Clarence Milligan, of Napanee, former Reeve of Sheffield, will interview Mr. Tummon, Secretary-Treasurer of the Ontario Hog Producers' Association on problems now confronting the hog producer.

Don't forget the time, Saturday, November 16th, at 12:45 noon, on C.J.B.Q.

Station C.J.B.Q. has very kindly donated the time on the air, also the services of one of their emp'oyees in preparing these programs. If you feel they are worthwhile, would you drop them a line? I know they would appreciate it. Thank you.

ENTERPRISE

Enterprise, Nov. 2. — A Thanksgiving social gathering was held at the Free Methodist parsonage recently. Hymn singing and a Bible quiz were enjoyed by all, after which Mrs. George Allport received the offering, and a purse of money was presented to the minister and his wife, Rev. R. E. and Mrs. Olmstead. Lunch was served.

Mrs. Charles Graham spent a few days in Kingston with Mrs. H. A. Carscallen.

Mr. Gordon Carnahan, of Batavia, N.Y., visited his cousin, Mr. and Mrs. R. C. Covert, and family, last week.

Mr. and Mrs. Thomas A. Coates are returning to their home in North Bergen, N.J., this week.

Rev. and Mrs. J. S. Martin and Beulah, also Rev. and Mrs. R. E. Olmstead and Bobby, attended District Quarterly meeting in Verona.

At the Storey Nursing Home, on October 27th, a daughter, Eleanor Sharon Ann, was born to Mr. and Mrs. James Rogers, Yarker.

R. H. Wagar quietly celebrated his 85th birthday on October 23rd at the home of Miss Blancine Husband. His guests included Mr. and Mrs. Rufus Wagar, of Hamilton; Mrs. Thomas Brown and R. T. Wagar, Mr. and Mrs. Clare Wagar, of Tamworth, called during the evening.

The Young Adult Group of Enterprise United Church met recently at the home of Mr and Mrs. R. C. Covert, with W. D. Harper presiding and Mrs. R. C. Covert pianist. Mrs. Roy Hartman had charge of the program on "The Sea of Life". The Bible reading was taken by Cecil Kennedy, and the meditation and prayer by Mrs. Roy Hartman. W. D. Harper led a discussion on "The Sounder is a Greater Menace to Society than the Murderer". Contests were won by Mrs. W. D. Harper, Mrs. Howard Holland, H. M. Jackson, Ralph Thompson, and Mrs. H. M. Jackson. The next meeting will be held on November 4th at the home of Mr. and Mrs. W. D. Harper, with James Cowdy in charge of the program.

KINGSFORD

Kingsford, Nov. 1. — The monthly meeting of the Women's Guild of St. Jude's Church, Kingsford, was held on October 24th at the home of Mrs. Walter Scott, with a fair attendance of members and visitors. The President, Mrs. Tucker, opened the meeting, and in the absence of the rector, the Psalm for the day was read by Mrs. Frank Leaver, followed by the Lord's Prayer in unison. Roll call was answered by a verse from the Bible beginning with the letter "O". A number of articles were turned in for the annual tea and bazaar, to be held on Wednesday next at the home of Mrs. Garry Provins, and other plans were talked over for this event. A guessing box was won by Miss Ethel Scott, and a contest on apples by Mrs. Fred Kimmerly. Several articles were sold out of the travelling basket, and the meeting closed with the benediction. A very dainty lunch was served by the hostess, Mrs. Scott, and her assistants.

The services in future at St. Jude's Church will be taken by Canon Kidd, who has been appointed rector for Deseronto and Kingsford.

On Tuesday evening, October 29, the congregation of St. Jude's Church gathered at the rectory at Shannonville for a social evening with the Rev. and Mrs. Heaven, before Kingsford was transferred from the Parish of Shannonville to Deseronto. Owing to the foggy night a number were unable to be present. On behalf of the congregation Mr. Scott presented Mr. and Mrs. Heaven with a white chenille bedspread, and the following address was read by Mrs. Garry Provins:

Dear Mr. and Mrs. Heaven—

We are gathered here this evening to spend one more social time with you before Kingsford congregation is transferred from your Parish of Shannonville to Deseronto.

We are glad to be here, but wish it were for some other reason. For the past seven years you have ministered faithfully at Kingsford, and taken part in our numerous activities for the church. We have, indeed, many pleasant thoughts of you both, and of Ruth, during that time, and your kindness in sickness and trouble have been deeply appreciated.

We would like to especially thank you, Mrs. Heaven, for your added responsibility as organist during these past years, and we hope the friendships formed will last through long years ahead.

To keep our memories fresh, and as a token of esteem, we would ask you to accept this gift.

The Congregation of St. Jude's Church, Kingsford.

J. M. Simpson, K.C. Prominent Citizen Died Monday

Long Identified with Public Life in Napanee

Very deep regret was felt throughout the community when word was received on Monday afternoon, Nov. 18th, that John Milner Simpson, K.C., one of Napanee's best known and most talented citizens, had passed away at Kingston General Hospital.

Mr. Simpson was born in Napanee in 1867, the third son of the late Dr. and Mrs. T. W. Simpson. He was educated in the Napanee Public Schools and the Napanee Collegiate and was considered a brilliant student. Early in the First World War he enlisted and went overseas in 1916. He had the misfortune to contract spinal meningitis and on his return from overseas, after a long period of convalescence, he entered the Law Society and pursued his studies at Osgoode Hall, until 1920, when he was called to the bar. Following his graduation he returned to Napanee where he opened a law offices and as the result of his ability and hard work, he acquired a very extensive practice. He was an eloquent pleader and his ability as such gained for him a more than local reputation, which was recognized by his being created a King's Counsel in 1933.

Mr. Simpson's activities were not restricted to his profession. He took a deep interest in all matters affecting the town and was elected Mayor of Napanee in 1930, at which time he was the youngest mayor in the Province of Ontario. Later his interests turned to matters of education and at the time of his death he was Chairman of the Napanee District High School Board. He was an active member of the Rotary Club for many years and was a past - president of the club. He was a staunch Conservative and was in great demand as a speaker in different parts of the province, in several Provincial and Dominion elections. He was a member of St. Mary Magdalene's Anglican Church and was also a Master of Union Lodge No. 3, A.F. & A.M. In 1927. For some time he had been a Director of the Municipal Banker's Corporation.

Although in ill-health for the past two years, he continued his public activities until a few weeks ago, when he underwent treatment in hospital. His condition took a serious turn on Saturday, November 16, when he was removed to Kingston General Hospital, where he died on Monday.

Besides his wife, the former Kathleen Burke, he leaves to mourn his loss, Mrs. J. C. Nicholls, Jr., Kingston, and one son, John, at home. He is also survived by one sister, Miss Marjorie Simpson, and two brothers, Alan and Beverley.

His funeral is being conducted at St. Mary Magdalene's Church by Archdeacon Dumbrille, assisted by Archdeacon J. H. H. Coleman, of Kingston, this afternoon, Wednesday at 2:30 p.m., and interment will be at Riverside Cemetery.

The honorary pallbearers will be: W. S. Herrington, K.C., W. A. Grange, C. J. Tustin, M.P., Jos. Haycock, C. E. Jemieson, G. S. Reid, J. C. Nicholls, Toronto; G. C. Lawlor, Toronto; E. L. Haines, Toronto; M. P. Graham; H. L. Rowntree; D. Houston, Toronto; D. Haines, Toronto; W. Sowards, Kingston.

SUCCESSFUL SHOWER FOR 'SAVE THE CHILDREN' FUND

Mrs. D. C. Macnaughton, Regent of the U.E.L. Chapter, I.O.D.E., at home at 'Yellow Gables' on Wednesday afternoon, November 13, to the members of the executive and their friends at a tea and shower in aid of the "Save-the-Children" Fund.

Preceding the serving of tea, Rev. Noble Hatton, minister of Trinity United Church spoke on "The Save the Children Fund". Mrs. Harold Denison sang two solos and Mrs. Katherin Powell gave two readings.

The tea table was presided over by Mrs. D. R. Hall and Mrs. J. H. Madden and assisting in serving were Mrs. G. S. Gibbard, Mrs. A. B. Medd, Mrs. S. D. Goodridge, Mrs. J. C. Hopkins and Mrs. M. Goodwin.

A splendid response was made to the appeal for clothing. Among the articles contributed were clothing for babies and small children. The contributions will be augmented by several pieced quilts, 60 pairs of hand-knitted socks and mittens, as well as by several cash donations with which other clothing will be purchased.

The contributions will be on exhibition at the December meeting of the U.E.L. Chapter, I.O.D.E.

MRS. JOS. TUSTIN NEW MATRON EASTERN STAR

In the presence of a large number of officers and members of Napanee Chapter, No. 151, Order of the Eastern Star, and many visitors, the ceremony of installation of the officers was held on Tuesday night last, in the rooms of Argyll Lodge, No. 212, I.O.O.F. The installation was conducted in one of the most impressive ceremonies ever held by Napanee Chapter. The installing officer was Mrs. W. E. Wilson, past worthy matron. Assisting were Mrs. Bella Wonnacott, past district deputy grand matron of Minerva Chapter No. 138, Belleville, who is a member of the Grand Chapter of Ontario, and the retiring worthy matron, Mrs. Rose Hill, of Napanee Chapter. Others who assisted in the installation were Mrs. Geo. Ohlman, Mrs. T. M. Augustine, Mrs. F. H. Henderson, Mrs. Arnold Empey, Mrs. R. S. Wales and Miss Edith Overner, all past worthy matrons, and F. H. Henderson, W. A. Thompson and B. M. Black, all past worthy patrons.

Officers Installed

The following officers were installed: Worthy Matron, Mrs. Joseph Tustin; Worthy Patron, Joseph Tustin; Associate Matron, Mrs. Blake Gilbert, Associate Patron, Kenneth Hill; Secretary, Mrs. Bert Seymour; Treasurer, M.s. W. A. Thompson; Organist, Mrs. B. M. Black, Marshall, Miss Eleanor Aylsworth, past worthy matron; Chaplain, Mrs. R. E. Santer; Conductress, Mrs. Elmer Miller; Associate Conductress, Mrs. Myron Easterbrooke; Adah, Mrs. Wm. Hewitt, past wor matron; Ruth, Mrs. Percy Ferrett; Esther, Mrs. Kirk Hill, past worthy matron; Martha, Mrs. Claire Russell; Electa, Mrs. Helen Carter Warder; Mrs. Bert Martin; Sentinel, Bert Martin. At the beginning of the installation, the worthy-matron-elect, Mrs. Joseph Tustin, was presented with a bouquet of lovely roses by her husband, Joseph Tustin. Daughters Miss Lois Tustin, and Mrs. Tustin's mother, Mrs. Beadle. Quite unique was the fact that Mrs. B. M. Black was installed organist by her husband, B. M. Black. Mrs. Black has fulfilled the duties of the office of organist ever since the Chapter was instituted in 1925.

Prior to leaving office Mrs. Kenneth Hill expressed her regret and extended her congratulations to the members of the various committees who have done their work in such a able manner during the year. She also thanked her officers and the members for their faithful attendance throughout the year and wished for the incoming matron a very success'ul year. She also expressed her thanks to W. A. Thompson, worthy patron, who had given valuable assistance during the year of office. Reports were presented by Secretary, Bert Seymour; Treasurer, Mrs. W. A. Thompson, treasurer. Mrs. W. E. Wilson gave the auditor's report and Mrs. Percy Vine reported for the sick committee.

Short Addresses Given

On assuming office, Mrs. Joseph Tustin expressed her thanks to Napanee Chapter, for electing her worthy matron and she said that she would do her utmost to make the year a successful one. Joseph Tustin, worthy patron-elect, also expressed his appreciation for being elected to the office and with Mrs. Tustin, would do all he could in making the year a successful one.

Miss Marion Wheeler of Kingston, was at the piano during the installation and pleasing vocal solos were sung by Mrs. Earl Bowman, Kingston.

Mrs. Bella Wonnacott, past district deputy grand matron of Belleville, gave a short talk in which she wished for the chapter much success during the year.

The floral display was exceedingly pretty and to Mrs. Silla a hearty vote of appreciation was extended. Mrs. Wonnacott presented the five star points with flowers, adding a verse at each of the pedestals.

Before the chapter closed, gifts were presented to the visiting worthy matron, for which she expressed her thanks. Mrs. W. E. Wilson, the installing officer, was also presented with an exquisite gift and personal gifts were given to Mrs. Bella Wonnacott, Miss Marion Wheeler and Mrs. Bowman. Among the many visitors were Mrs. Essie Reid, past district deputy grand matron, Belleville Chapter No. 53, and Mrs. Bella Wonnacott, past district deputy grand matron of Minerva Chapter No. 138, Belleville. Mrs. L. V. Clarke, past district deputy grand matron, who is a member of Napanee Chapter, was also present.

There were a number of visiting presiding matrons and patrons present, as well as many past worthy matrons and past worthy patrons, and a large number of visiting members, who all received a royal welcome. At the close of the chapter session, an adjournment was made to the dining room where a banquet was in readiness. After full justice had been done to the many good things provided, Mrs. Joseph Tustin, worthy matron, who presided along with her husband, Joseph Tustin, worthy patron, called for the singing of the National Anthem.

The first toast, proposed to the Grand Chapter of Ontario, south was made by W. A. Thompson, past worthy patron, was responded to by Mrs. Bella Wonnacott, of Belleville, who is the Grand Esther of the Grand Chapter of Ontario. The second toast, conducting toast, to the visitors, was proposed by B. M. Black past worthy patron, and was responded to in a very capable address by Mrs. D. F. Aylsworth, past worthy matron of Princess Chapter No. 221, Odessa. The singing of "Auld Lang Syne" brought to a close a very delightful evening and one which will be remembered for some time, by all those who attended.

Those in charge of the banquet were Mrs. George Ohlman, Mrs. Helen Edgar and Mrs. George Howitt, who were assisted by their committees.

About 40 tons Fowl Sold in Napanee First Poultry Day

2nd Fair to be Held on Thursday, Dec. 12

As nearly as could be estimated, before going to press, about 40 tons of poultry were sold in Napanee on Tuesday, November 19th, the first of the two Poultry Days being held in the town this week. There were five buyers: Swift Canadian Co., Canada Packers, Mr. Easton Co., Pickering Farms, and Aaron Kastz.

The quality of the poultry was extra good this year, and it is doubtful if ever before there were so many large chickens offered for sale. It was a very common sight to see chickens weighing seven and eight pounds. There were very few turkeys offered.

Prices for chickens were from 28c. to 30c. per lb. For fowl, 23c.

The Fair continues to-day (Wednesday), and another Fair will be held on Thursday, December 12th, when it is expected a large number of turkeys will be brought in.

RURAL LEADERSHIP COURSE AT QUEEN'S

Rural young people from every county in Eastern Ontario are expected at Queen's University during Christmas Week, this year, for the annual Short Course in "Cooperation and Rural Leadership."

This year the session will run from December 26th to December 30. Joint sponsors are the Ontario Federation of Agriculture and the Department of Extension at Queen's.

Crippled Children's Clinic On Monday

Dr. C. Stewart Wright, orthopedic surgeon, Toronto, conducted a crippled Children's Clinic in Napanee on Monday, November 18th, under the auspices of the Napanee Rotary Club.

Ten cases were treated, among which were several who had been under treatment for some time and a few new cases, this year.

Dr. C. M. Stratton Died Tuesday

Dr. C. M. Stratton died on Tuesday afternoon of this week at Kingston General Hospital, after a long illness.

Dr. Stratton, who had been a practising physician for many years, had resided in the town most of his lifetime. In recent years he was a member of the Napanee Town Council and served as Reeve of the town for several terms. He was also prominent in fraternal circles.

He is survived by his wife, the former Daisy Tucker.

His funeral will be conducted at the Tierney Funeral Home on Friday afternoon at 2:30 p.m. by Rev. C. D. McLellan.

Legion Dance For Christmas Fund

The dance sponsored by the Napanee Branch of the Canadian Legion on Monday evening, November 18th, in aid of the Christmas Fund, was attended by a fair crowd.

Music was provided by the "Top-hats" Orchestra of Napanee. During the evening, Mrs. E. D. Kellar made the drawing for the lucky ticket for the pig, which was won by Ed. Wright of Bath.

Great Slave Lake, a mystifying title for a body of water larger than Lake Erie and in a land so free from taint of slavery, was named, it is said, for a tribe of Indians called Slavies, which once roamed in that region. Yellowknife has more point, for it also is named after an Indian tribe, who in turn got their name from carrying yellow knives made from copper of the Coppermine river country to the north of Great Slave lake.

Don't Forget Nomination Night Friday, Nov. 22nd

Friday evening of this week, November 22nd, is the statutory date on which the nominations for the Members of the Town Council, the Board of Education and the Public Utilities Commission are to be held, in Napanee. If an election is necessary, it will be held on Monday, December 9th.

Again we urge that every Citizen, and certainly every Ratepayer, who possibly can attend, should make a point of being present at Nomination Meeting. The way in which the public business of the town is conducted is every citizen's business. But sometimes, it would appear that opinion is not very generally held.

There is no good to be gained in criticising the work that is being done by the elected officers, if there is little or no interest taken in the Nomination Meeting and the following election, which are the only occasions on which the Electors have the opportunity to voice their approval or disapproval.

Last year, at the Nomination Meeting, there was by no means a representative number of the Ratepayers present. There were no questions asked about the administration of the previous year's Council. That may be a good sign or it may be bad — it may indicate that everybody was satisfied, but, on the other hand it may denote a lack of interest and an apathy on the part of the Electors, which should not exist in a democratic country.

THIS YEAR, ATTEND THE NOMINATION MEETING !

Large expenditures of public money are planned for the next few years in Napanee and those who administer the money should be the best possible citizens. It means a sacrifice of time, money and energy to accept public office — but without such sacrifice on the part of some of the keenest business men of the town, the Town's business, which is your business, will suffer.

PLAN TO ATTEND THE NOMINATION MEETING !

BISHOP LYONS AT ST. MARY MAGDALENE'S CH.

Bishop J. J. Lyons, of the Diocese of Ontario, visited St. Mary Magdalene's Church on Sunday morning, November 17th and administered the Sacrament of Confirmation to a large class of candidates, who had been prepared by the Rector, Archdeacon R. J. Dumbrille.

The service was attended by a large number of parishioners and friends. The Bishop delivered the sermon following the confirmation.

TUBERCULOSIS STRIKES AT ANY AGE!

Have you ever wondered how long you will live? To 60, 80 or 100 years? Life does not go on forever, yet why shorten it? Some adults, for instance, believe once they have passed 30 they are no longer susceptible to a disease like tuberculosis. On the contrary, tuberculosis may strike at any age. Last year, one half of those who died of the disease were over 30 years of age.

Tuberculosis is a sly enemy. The much-advertised danger signs are not symptoms of early tuberculosis but of active advancing disease. Early tuberculosis gives no warning. Only the X-ray can find the disease at a time when it is almost always completely curable.

Also, contrary to popular belief, tuberculosis is not inherited. It is caused by a certain kind of germ, and like all germs, they are living organisms. No matter how careful we are, it is not always possible to keep tuberculosis germs out of the body. As long as our resistance can protect us, no harm may be done. But no two people react in the same manner when attacked by disease germs.

After tuberculosis has become active, it can take one of two courses. If neglected it will advance and the patient may die. When discovered early and treatment started quickly, it is almost always completely curable. Every year tens of thousands of tuberculosis patients return to useful work, their disease arrested. A history of tuberculosis does not stand in the way of earning one's living.

It is not the policy of the Ontario Department of Health to x-ray school children up to twelve years unless there has been a history of contact with a case of tuberculosis, or by reason of a request by the parents. The incidence of tuberculosis in this age group is negligible and does not warrant the effort and time taken up in the examination. Individuals with known chest conditions such as tuberculosis, heart disease, etc. should attend the clinic irrespective of previous x-rays. Some changes may have developed since their last examination.

In th past, the usual procedure for taking a ches x-ray was for individuals to remove their clothes to the waist, women being given a tissue paper cover. Of recent date, investigation has demonstrated that X-ray films of individuals can be taken over garments such as coats, removed, were equally as good as those taken in the previous manner. This new procedure will be followed in Napanee, on December 3rd, 4th, 5th and 6th. Men will be requested to take off their coats and vests, removing suspenders from the shoulders, while women are asked to wear, as far as possible, simple upper garments without ornaments or buttons.

To those wishing to know what they can do to assist in the FREE X-RAY of all Lennox and Addington, beginning in Napanee on Tuesday, December 3rd, sponsored by the Lions Club of Napanee in co-operation with the Ontario Tuberculosis Association and the Ontario Department of Health, the Officials say: "Give the project your hearty support by advancing arguments in favour of the project whenever it is discussed. And then you can do a little missionary work by stressing the importance of the survey in building a healthy community."

You can readily appreciate the value to our Citizens and our Community of the Free Mass X-Ray Survey, beginning here Tuesday, December 3rd, continuing Dec. 4th, 5th and 6th, until completed, with clinics from 1:00 to 5:00 o'clock in the afternoon, and from 7:00 to 10:00 p.m. in the evenings, (with no morning clinics) — is giving every resident of this community an opportunity to protect themselves against the widespread disease by having a free chest X-ray. Part of the survey expense will be paid with the proceeds of Christmas seals sold in this area.

RESIDENTS OF RURAL COMMUNITIES ARE URGENTLY REQUESTED TO REGISTER FOR THE FREE CHEST X-RAY BY PHONING 750 NAPANEE, AS SOON AS POSSIBLE DURING THIS WEEK. EACH ONE WILL BE NOTIFIED BY MAIL WHEN TO REPORT FOR THE x-RAY.

CHARGE DISMISSED AGAINST PAISLEY HOTEL PROPRIETOR

Edward Tyson, proprietor of The Paisley Hotel, Napanee, appeared in the Magistrate's Court, Napanee, last Thursday, charged with serving beer after hours according to regulation 47 (1) of the Liquor Control Act. After hearing evidence of Provincial Constable W. E. Smith and Constable Ernest Benn, for the Crown, and Mr. Tyson, Jack McFarlane, Alex. Clerk, George Cook and Phil Speed for the defence, Magistrate Garvin dismissed the case, stating there was not sufficient evidence to prove that beer had been s'd after hours.

Constables Smith and Benn swore in their evidence, that they entered the hotel at 10:40 p.m., on Saturday night, October 26th, and asked at the desk for Mr. Tyson. They were taken to the tap room door and after a moment were admitted to the tap room where they found Mr. Tyson and seven other men. One c f the men had a glass in his hand and others had beer in bottles. Constable Smith looked at his watch and said it was 10:43 p.m. Asked what was happening on, Mr. Tyson said he was treating some of his friends. Constable Smith stated. The officers seized six bottles partly filled with beer and one glass of beer, which were produced in court. Constable Smith said he had the hotel premises under observation for an hour before he entered and the patrons of the beverage room started to leave at 9:45 and the room was apparently cleared by 10 p.m.

Mr. Tyson denied serving beer to anyone after 10:00 p.m. He admitted there were men in the tap room while he was making up his cash. Two of them were employees and the others were men who had been in the beverage room previous to it being cleared. He said the patrons who were there had assisted in removing two young men who had wanted to fight and had come into the tap room to look about, putting the two men out of the beverage room. He said he presumed the beer the men had in their hands was brought by them from the beverage room into the tap room, when they came in. Mr. Tyson stated Constable Smith looked at his watch and said it was 10:20 p.m. He also denied telling Constable Smith he was treating some friends. He also said that the men came into the tap room about 10:10 and were not there ten minutes.

Mr. Tyson's evidence was corroborated by John McFarlane, Alex. Clark and George Cook. Phil Speed stated Mr. Tyson had been at his home at 10:35 to talk over a hunting trip.

KINGSTON COUNCIL SETS PARKING FINE

The Kingston City Council last week, following a lengthy debate, set $2 as the maximum fine for overtime parking in the parking meter zones. The by-law, which was presented to Council for approval, set the maximum fine for parking violations at $10 for the first offence and $25 for the second. Five hundred parking meters, which were purchased recently, are now installed and will be put in operation in the matter of a week or ten days.

'WOLF ISLANDER' HANDED OVER BY DEPARTMENT

Kingston. — The new ferry steamer "Wolf Islander" built at the Collingwood Shipyards, which was presented by the Ontario Minister of Highways to the Wolfe Island Township Council for service on the Kingston-Wolfe Island Ferry Service, arrived in the city Sunday. Minister of Highways, George Doucett, made the formal presentation Monday afternoon at 3 o'clock. Mrs. Stewart wife of Dr. H. A. Stewart, M.L.A., christened the new ship.

The new vessel was built at Collingwood during World War II for service on Lennox waters, but it did not see active service. The Ontario Department of Highways purchased the vessel from War Assets Corporation and had structural changes made to the ship's hull to make it suitable for ferry service. The ship will be commanded by Capt. George Bates of Wolfe Island, who for many years has been employed by the Pyke Salvage and Towing Company.

BRIDGE REVENUE DECLINED IN OCTOBER

Traffic revenue on the Thousand Islands Bridge dropped from $84,014.50 in September to $19,844 in October, according to the monthly statement of the Bridge Authority. October's revenue, this year, is nonetheless a record for the month. The closest approach to this year's total was in 1945-46 when the take was $14,948.

SEVEN PERISH IN HOUSE FIRE AT MADOC

A mother and her six children were burned to death Monday, November 18th, when their two-storey frame house was destroyed by fire of unknown origin, at Madoc.

The woman was 28-year-old Mrs. Thelma Ray, whose body was found burned beyond recognition. The children who died with her were: Doreen, 10; Douglas, 13; Allan, nine; Ella, five; Dianne, three; and Emerson, four.

The father, Ephraim Ray, 39, told firemen he had gone some distance away to the barn to do his morning chores and when he came home found the house a blazing mass. He said he had left a fire burning in the stove when he went out about 6:00 a.m.

Napanee Lions Dine Rural Friends Monday Evening

Address Given on Insect Control by Dominion Entomologist

One of the highlight meetings during the year of the Napanee Lions Club is the annual County Council and Farmers' Night, which was held on Monday evening and was attended by a goodly number.

The speaker for the occasion was James McLeod of the Entomology Laboratory, of Belleville.

Words of welcome to the visitors were expressed by Bob Smith, 1st vice-president of the club. The introduction of the County Council members was conducted by W. S. Wilson, County Clerk, while the farmer visitors were introduced by the members of the club. President Percy Armstrong presided.

A splendid musical programme was given by the Misses Adelina, Katherine and Doreen Cochrane, of Deseronto. Their numbers were received with much applause. Included were piano selections by Miss Adelina, piano duets by Misses Katherine and Doreen and piano solos by Miss Katherine Cochrane. Several trios were contributed by the three sisters.

The guest speaker was introduced by Leon Lloyd Cowle, chairman of the committee in charge of the evening.

Mr. McLeod, in a very interesting address, enlightened his listeners on the method of control of many types of insects, which do disastrous damage to crops, fruit, etc. The Entomology Laboratory at Belleville, where tests are made in the control of the devastating insects, is the only one of its kind in Canada. Mr. McLeod spoke on the natural control of insects in which parasites are used. We must search the world for insect parasites to do the work for us, he said. Weather is also an important factor in the control. He stated that there were many thousand species of insects, and anyone could be a serious one. At the present time the Laboratory has over 10 insect problems to deal with. He touched briefly on the chemical control of the pests.

In speaking of the sawfly, which does so much damage to spruce trees, he stated that two million cords of spruce were destroyed annually by this fly, in Quebec and New Brunswick.

Two reels of moving pictures were shown, depicting the work that is being done at the Laboratory, in the control of these insects.

Mr. McLeod was thanked by Lion Ernie Gilbard. To the Cochrane sisters, words of appreciation were expressed by Rev. Noble Hatton.

Clarence Millican on behalf of the visitors, tendered thanks to the Club.

CATHOLIC WOMEN'S LEAGUE BAZAAR AND TEA

The annual Bazaar and Tea which was held in the Separate School Hall, Friday afternoon and evening, under the auspices of the Catholic Women's League, Napanee was most successful. A Hunt Emerson, [illegible] in the town and district very generously contributed the various articles which were offered for sale. A table for antiques added interest.

Miss Ella Fox, president of the League, and convener of the bazaar, opened the afternoon session at 3 o'clock. Lunch was served by the Catholic Women's League and Mrs. F. L. Beyer, 1st vice-president of the Archdiocesan Federation, presided at the tea table which was attractively arranged with yellow and white chrysanthemums as centre piece. Assisting in serving were Mrs. Ralph Hall and Mrs. Harry Lapum.

The tea was served continuously from 3 o'clock until 6 o'clock. Mrs. Wm. Mahon, Mrs. Wm. Mahon, Mrs. Worship Mayor Caulk made the arrangements for the afternoon tea and Mrs. Ralph Hall and Mrs. Harry Lapum had charge of the lunch. The ladies catering to the following list: Mrs. Ralph Hall, Mrs. Harry Lapum, Mrs. Judith Hawkins, Mrs. Wm. Mahon, Mrs. Worship Mayor Caulk, Mrs. Judith Hawkins, who served with the following: Mrs. Fred Chesher, Mrs. Gerald Chesher, Mrs. Wm. MAYBE FOR CHRISTMAS

When Premier Drew was asked by the reporters following a caucus when the cocktail bars would be opened, the report says he just smiled. Maybe he plans to have them all going strong as a Christmas present to the people of the Province. If so, it would be a nice present for the distillers and the brewers, but a headache and a heartache for thousands of mothers and children across this province.

The Prime Minister has shown an utter disregard for those who are concerned with the moral and social result of his proposal. He has flouted the representations of The Ontario Temperance Federation, and disregarded the request for reconsideration, from a great mass meeting of Toronto voters. More recently, he has refused to consider a vote which would determine whether or not the people want the bar back again.

Last week, seventeen thousand young people, in Maple Leaf Gardens in Toronto, went on record, by an enthusiastic standing vote, as opposed to this cocktail menace. Why does Premier Drew ignore all this? Is he afraid to trust the people: those most particularly concerned — not with the profits to be made from the business, but with the effect it will have on the homes of our country.

ANOTHER WAR

We have hardly seen the majority of boys out of uniform, than the question of another possible Third World War, is mooted. The Democracies are not going to be caught unready, next time. Scientific experiments in armaments continue. Atomic bombs are being manufactured; rockets of all sorts are being tested. Universal conscription will likely be imposed in Great Britain and The United States.

In the midst of this Russia proposes disarmament. Russia did that once before at The League of Nations, and we ignored the suggestion. We are in danger of ignoring it again. If it offers any least bit of hope for averting war, it should be explored. Following the suggestion, about the only statement to receive recognition, was that by Senator Warren Austin, of The United States, who said: "After the last war, we made the mistake of disarming unilaterally. We shall not repeat that mistake." There is a certain amount of truth in that. Certainly both Great Britain and The United States did not keep up their armies, navies and air forces as they might have done. But that is not the whole story. While they let their own armament lag, they permitted their great manufacturing concerns to help arm the other fellow — particularly Germany and Japan. When Hitler came to power in 1933, Russia sold him manganese; France sold him tanks; Britain and America sold him aeroplane engines — Americans actually sold him some of their best patents.

That must not happen again! If there is to be a serious consideration of disarmament, and we are all for it, it must be a disarmament that will take in everybody. Every nation must be willing, indeed, must be compelled to throw wide its doors to inspection by an international tribunal.

But that is not enough! There must be no repetition of the traffic in arms which followed the First World War. No nation should be permitted to export war material of any kind to any group, anywhere. If along with disarmament there will go, hand in hand, this restriction on the manufacture and export of war material, there is hope for the future.

It is not good enough to assume that the Russian suggestion is an insincere one. It should be investigated and probed from every angle.

IDEOLOGICAL ABSTRACTIONS

Premier Attlee of Great Britain made a remark in the House on Monday, which should be pondered by a lot of others outside the House of Parliament, and that goes for people in Canada as well as in the Motherland. He was dealing with the issue raised by some members of his own party who opposed the foreign policy of the Government. He said: "In all these matters, remember, you are not acting as the representatives of an ideological abstraction; you are representing the people of this country."

It is quite one thing to debate a matter on an abstract principle. It is a totally different matter when we are dealing with human beings. The rebels of the Labor Party objected to the foreign policy of the present government on the grounds that it sided with The United States against Russia. There is, of course, something in the criticism. Great Britain and The United States have been always closely related in every way. The economic system in the States developed from that in Great Britain. The political system is based on that of Great Britain. The aims of the two are the same: that of achieving a democratic way of life.

Russia, on the other hand, is a new star in the constellation of world forces. Their whole way of life is based on a different principle than that of either The United States or Great Britain — a totalitarian view of government. There can be no question as to the achievements of the Russian Government. It has done more for the Russian people in a quarter of a century than had been done for them in centuries before they came to power.

The two systems — Democracy, as we know it—and Communism, have great achievements to their credit. To insist, however, that because Russia has made phenomenal progress under Communism, Great Britain should adopt the Russian plan, is to argue for the impossible. No doubt, we are in the midst of a world revolution, when the common man is expressing himself more than ever before, and getting more and more control of affairs. It may well be that the British Labor Government standing midway between Russian Bolshevism and American Capitalism, will do as she has so often done in the past, set the standard for generations to come!

Gradually, bit by bit, Great Britain is socializing her major industries: taking control out of the hands of private groups. She is doing that in a thoroughly democratic way. No arbitrary totalitarian methods are employed. In the foreign policy too, Great Britain is a sort of half-way house between the Russian and the United States policies. Naturally, she leans to The United States for reason above stated. To do otherwise would incur the loss of confidence of the British electorate. After all, a government is responsible for the welfare of the people — and that comes before adherence to an abstract ideology — as the Premier so well pointed out.

LABOR UNREST

Labor unrest, particularly in The United States, continues. It looked, a while ago, as if all the major difficulties had been settled, and that the nation could get down to the business of full production. But no! Apparently, that was not to be. John L. Lewis has demanded wage increases for the soft coal miners, in spite of the fact that the present contract was signed only in May. The lifting of the controls in The United States has sent prices sky-rocketing. It may be that the rise is onl ytemporary, as some argue. It is said that in a comparatively short time, in an open market under free competition, prices will drop considerably. In the meantime, however, prices are up and the gains made by the increase which the coal miners won in May, are pretty we l wiped out. So they want more money.

This is not to say that the demand is justified. We have not seen the contract, but the probability is that it was to run for a year, or so long as the Government has control of the mines. To break that contract within the contract period, is reprehensible. The least that could have been expected is, that Labor would have honored its signature.

There is a tendency on the part of Labor to-day, to insist that the contract be made for a year, but that once during the term of the contract it should be reviewed by both parties. This is an arbitrary and unreasonable demand. It is difficult if not impossible, for business to quote prices if, within six months or so, the question of wages is opened up. The contract should last for a year And each party should abide by its terms. Any other plan would create chaos.

In all this, there should be a lesson for Canada. Donald Gordon has been on the air several times, lately, explaining what will happen here if controls are removed. We would think such pleading would be unnecessary with the example of The United States, so vividly before us. If Canada can maintain prices and wages at approximately the present level, we may avoid the worst effects of a boom and bust period.

SILLSVILLE W. A.

On November 12 Mrs. Bert Windover delightfully entertained the members and visitors of Sillsville W. A. at her home. There was a fair attendance and the meeting opened with the theme song and hymns, followed with prayer by Rev. Sisers. Minutes of the September and October meetings were read and seconded by Mrs. Wm. Young, that we pay our convener of the sick committee, Mrs. D. R. Charpe, the sum of $5.00 for the sick. We read a nice card from Mrs. Dog Hough, thanking the members for fruit and the little packet she received from John Duncan. It was moved by Mrs. Wm. Young and Mrs. Herb. White that the church bills be paid, and it was decided to repair the inside of the church. Readings were given by Mrs. H. White, Mrs. D. R. Sharpe, Mrs. M. B. Young, Mrs. B. Windover, Mrs. D. W. Young, Mrs. H. Hough and Rev. Sisers. A quilt was given by Mrs. Windover, after which the meeting closed with a hymn and benediction. A delicious lunch was served. Lunch money $4.70.

"Good heavens, McPherson, you've holed in one!"

"Aye! It saves wear and tear on the ball."

WEDDING BELLS

McKEOWN - DONOHUE

The Church of the Assumption at Erinsville was the setting of a pretty autumn wedding on Tuesday, November 12th, 1946, at 9:30 a.m., when Loretta Agnes, youngest daughter of Mr. and Mrs. Edward Donohue, became the bride of William James McKeown, son of Mr. and Mrs. Jas. McKeown. Rev. Father Powel officiated and celebrated the nuptial mass. Gerald and Edward Gaffney acted as acolytes. Mr. Ambrose Kidd, as organist, assisted by the choir, rendered appropriate hymns.

The bride, entering the church on the arm of her father, to the strains of Lohengrin's "Bridal Chorus", looked lovely in a floor-length gown of heavy white slipper satin, with net and satin inserts. Her gown was fashioned with cowl neckline, fitted basque and tight-fitted sleeves. Her finger-tip embroidered veil was held in place by a headress of matching white satin Dutch calot. She carried a bouquet of red roses and maiden-hair fern.

Miss Audrey Gellen, Toronto, as bridesmaid, was gowned in ice-blue taffeta, with a net skirt, fashioned in long torso style with sweetheart neckline. She wore a matching ice-blue hat and carried a bouquet of yellow and white mums. Little Miss Mary Finn, niece of the groom, was flower girl, making a quaint picture in a floor-length gown of pink brocaded taffeta. Her shirred bonnet to match, was tied with streamers of pink satin and she carried a nosegay of assorted flowers.

Mr. Joseph McKeown, of Kingston, assisted the groom, while Mr. Edward McKeown of Toronto and Mr. P. J. Donohue, acted as ushers.

Following the ceremony a reception was held at the Hotel Bailey, Napanee. Dinner was served to forty-five immediate relatives. The bride's mother received the guests, wearing a dress of black crepe, trimmed with lime green, and a corsage of red roses. The groom's mother, assisted, wearing a black crepe dress with a corsage of roses. The bride's table beautiful with a lace cloth and decorations in pink and white, with small flowers, was centred with a three-tier wedding cake. Mr. Edmund Dowling of Deseronto, performed the duties of toastmaster.

For travelling to Toronto and Niagara Falls, the bride donned a grey tunic suit with cuffs of black beaver, fuschia blouse, with matching accessories and a corsage of roses.

On their return they will reside at 338 Dublin Street, Peterborough.

INTERNATIONAL SUNDAY SCHOOL LESSON, NOVEMBER 24TH, 1946

Lesson Text: Acts 17: 1-9. I Thessanonians 1: 2-8.
"PAUL IN ATHENS AND CORINTH"

Paul was alone in Athens. Luke was in Philippi; Timothy was in Thessalonica. Paul sent word for them to meet him in Athens and awaited them there. For the first time during his missionary journeys he was without the companionship of intimate friends. He did as any other visitor to a strange city would do. He wandered around the place, taking note of all he saw. There was much to see. Athens was the centre of Greek culture. Statues and beautiful buildings abounded. On the ordinary visitor these would make little deeper impression. But not on Paul. He looked deeper. The thing which attracted Paul and provoked him almost to desperation was the large number of idols he saw. Idols to gods or that god or goddess, adorned every street and public place. This irritated Paul and he spoke about it in the Synag-gue, to the Jews. Apparently he made quite a stir for the people outside the Jewish fraternity heard about it and made some enquiry about him. Indeed, they sort of ridiculed him.

The reaction was natural. Whenever Christianity confronts paganism the champions of the status quo are up in arms. Some for economic reasons: they see their business interfered with; others like the scholars here for philosophical reasons. "What doth this babbler say?—Is the way they looked upon Paul and his message. Then they got hold of him, took him off to the public forum and got him to state his own case. This Paul did. He addressed them in a way that was at once conciliatory, disarming and arresting: "Ye men of Athens, I perceive that in things ye are religious." He then went on to preach a sermon on the sign he had seen on a monument, "to the unknown God," stating that the God they did not know was the God revealed in Jesus Christ.

In the first place it is well to note that Paul was provoked in spirit, when he saw all the godless paganism around him. There is something cheering and encouraging about that as well as something chastening. If there is one thing we have as a generation of Christians, more need than another, is this ability to get provoked at godless paganism. We seem to have lost a sense of moral indignation. Sexy novels do not draw forth our anger or condemnation; drunkenness, juvenile delinquency, unfaithfulness, are sad facts in our modern life. Few there are who feel indignant enough to crusade against them. We accept them as the inevitable. Paul was provoked in spirit.

In the course of his address Paul said a number of significant things. He told the people that God had made of every nation to dwell on the face of the earth. The Nazis would hardly have admitted that. They would have wiped out lesser nations as they called them. They all but succeeded in wiping out the Jews. Even if the other white peoples would not go so far, at any rate they parcelled among the coloured races as the big white chief. The war has altered that. Big white chief is no more.

In spite of Paul's reasoned appeal at Athens, he did not get very far. So he went to Corinth, not a very pleasant place but a rather cosmopolitan sea port. And yet, Paul was more successful there than at Athens. There is evidence of something very odd, righteous and manly about a University centre. It is always a case of "show me." Paul did not get far beneath the superficial crust, in Athens. But in Corinth, where people were tough, and knew it, he succeeded much better. Paul had all sorts of brains but somehow or other he could make little dent on people by arguing. He won them in Corinth by challenging their loyalty and faith. It is like that yet. It is hard to arouse a man into the Kingdom of God. Of course, it can be done—but the great revivals are not built so much on an appeal to reason as to the emotions — people have to be stirred. Maybe our generation needs a new emphasis on the appeal to the Corinthians: "O:d is real far from any one of us" — do we believe that?

The Traffic Is Terrific!
Voices, like people, must use crowded lines and busy central stations when travelling these days.
The cause is the same everywhere—traffic has increased tremendously since war started. Manufacturers were too busy on war orders to meet civilian demands—and now—materials are hard to get.
Under these conditions, telephone people are doing a magnificent job in keeping the service standards high. Our huge extension and improvement program is being rushed through as fast as the supply of materials will permit.
Facts Affecting Your Telephone:
In 1939 we served 780,000 subscribers; today we serve 1,140,000.
Local switchboards are handling more calls than ever before.
Long Distance calls are three times as numerous as in 1939.
In 1939 we had 9,000 employees. Now we have 21,000.

We Deliver "The Store of Friendly Service" Phone 5 r 2

To those who eagerly await their new cars or trucks... here is the
LATEST NEWS ABOUT GENERAL MOTORS DELIVERIES
Everybody from factory to dealer is doing everything that can be done to speed deliveries to you
Because of the continued and unavoidable shortages of various materials, production of new cars and trucks has remained behind our expectations. As a result, shipments of new cars and trucks to dealers for delivery are still far below the level we and the factory had hoped to attain by this time.
We know that General Motors is doing everything possible to step up its production totals — to ship more and more cars and trucks to us and to its hundreds of other dealers throughout Canada... and we know, too, that we are assured of getting our full proportionate share of the current and future output.
Of this you may be sure: We shall continue to make deliveries of cars and trucks to our customers as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you do take delivery of your new General Motors car or truck.
Keep Your Present Car or Truck Running
Meanwhile, may we suggest that you safeguard your transportation by bringing your car or truck to us for service now and at regular intervals. Let us help you to keep it in good running condition—to maintain its performance, appearance and re-sale value—until the day when your new General Motors car or truck comes along.

BOY SCOUTS NEWS

FIRST NAPANEE BOY SCOUT TROOP

At the Troop's weekly meeting on Tuesday, Nov. 12th, many Scouts took part in their first investiture ceremony. The meeting started at 7:00 p.m. by Scoutmaster Rev. Hale Steele welcoming the six new Scouts, John Mayhew, Murray McAdams, Don. Maunder, Allen Empey, Harry McGregor and Bob Cassidy.

After a game was played the four patrols went to patrol corners to do badge and test work.

A very colorful and interesting ceremony then took place—an investiture ceremony. The Scouts joined in horseshoe formation with the Troop Colors and the Union Jack at the open end of the horseshoe. The only light was from three candles on a tab'e between the two flags. The Troop Leader stood beside the Union Jack and a Patrol Leader beside the Troop Flag. The Scoutmaster stood directly in front of the table. At the command, a P.L. brought from his patrol the new Scout to be invested. The Troop Flag was lowered. The Scout placed his right hand on it and repeated the Scout Promise. He was then awarded a badge by the Scoutmaster. The T.L. then placed Troop colors around his neck and welcomed the Scout to the Troop. The P.L. then placed the Patrol Colors on the Scout's shoulder, welcomed the Scout to the Patrol and saluted. The new Scout then saluted the Troop and returned with his P.L. to the patrol, a full-fledged Scout of the First Napanee Troop.

The Scouts invested were Scouts Frank Johnston, Graham Steers, David Clarke, Don. Shewman, and Cameron Richeson.

At this time, Troop Leader Bill Robin was awarded his Silver Arrowhead. Bill had attended a Scout camp at Peterborough this summer where he passed numerous tests to win the well deserved silver arrow.

The meeting came to a close with the presentation of one stripe to three new seconds, George Miller, Ernest Tack and Bob Ayre. Another new second, David Elliott, was absent.

Scout Promise and Dismissal.

OBITUARIES

WALLACE MARSH

Mr. Wallace Marsh, a resident of Toronto for the past 28 years, passed away very suddenly on Wednesday, November 6th, while at work at Parker's Dye Works, Limited, of coronary thrombosis.

The late Mr. Marsh was born in Deseronto 74 years ago. He was a member of the I.O.O.F. His wife, the late Mattie Kimmerly of Napanee, predeceased him 22 years ago and a sister, Mrs. William Brooks of Green Point, three years ago.

WEDDING BELLS

McCRACKEN — McKEEN

An evening ceremony, Friday, November 8th, in Carlton United Church, Toronto, united in marriage Margaret Edith, daughter of Mr. and Mrs. C. J. McKeen, Penticton, British Columbia, and Francis Durwood McCracken, son of Mrs. W. H. McCracken, Napanee. The service was conducted by Rev. J. M. Finlay.

The bride wore a two-piece poudre bleu wool crepe dress, with brown accessories. Her corsage was of Australian orchids. Attending the bride was Miss Cybil Strachan of Guelph, who was gowned in coral wool crepe, with corsage of rosebuds.

The groom was attended by his brother, J. Douglas McCracken.

The couple left for a short trip to the United States and upon their return will reside in Toronto.

STRATHCONA W.M.S.

Strathcona W.M.S. and Mission Band held a successful thank-offering meeting in the United Church on Friday evening, November 8th. A worship service presented by members of the W.M.S. used a playlet on Stewardship, Mesdames Wilson Buck and Withers taking the dialogue and Mrs. Bruce Finlay the solo. The Mission Band contributed a chorus "Children of Jerusalem" and a playlet, "The Spirit of Thanksgiving." The children were suitably costumed for the parts represented. Wilma and Marion Wagar, Newburgh, sang a duet, William Finlay played a trombone solo and a vocal solo by Mr. Towne was enjoyed. Mrs. Baugh of Tamworth, Presbyterial secretary for Mission Bands was the guest speaker. She outlined the work of Bands and her talk on the story of Nyanga's two villages was made vastly interesting to the children by a set-up of a native Indian village. Mrs. George Finlay conveyed the appreciation of the listeners to Mrs. Baugh at the close of her address.

The thank-offering amounting to one hundred and seven dollars was dedicated by Mrs. James Wilson. Rev. H. B. Herrington pronounced the benediction.

Rev. J. F. Lane At Grace Church

The services in Grace United Ch., on Sunday, were well attended and, owing to the absence of Rev. C. D. McLellan, who was preaching anniversary sermons in Wellington, his place was taken by Rev. J. F. Lane of Wellington, who gave two able discourses. The choir, under the leadership of Mrs. Ralph Whiteman, sang the anthem "Thine Forever God of Love" at the morning service, with Mervyn Clarke taking the baritone solo. In the evening, the choir sang the anthem "In Heavenly Love Abiding." Mrs. B. M. Block presided at the organ and in the evening gave a number of selections preceding the service.

TAMWORTH SCHOOL COMMENCEMENT

The Tamworth Continuation School Commencement was held in the Town Hall on November 8th.

The chairman, George Kirk, President of the Literary Society, welcomed the audience on behalf of the staff and students. The other members of the Literary Executive were introduced, as follows: Vice President, Laura York; Secretary, Jean York; Treasurer, Helen Way; Form Representatives: Grade XIII, Bernice Detlor; Grade XII, Sam Turkington; Grade XI, Frances Parnell; Grade X, Helen Marlin; Grade IX, Helen Prue.

After the opening chorus, "My Heart's in Canada", the students of Grades IX and X presented an operetta, "Wee Gypsy". The Gypsy cast was: Kom-Ray Brown, John Glenys Pedley; Remany Rose, Helen Marlin; Gypsy Chief, Leslie Northey; Guinn, Joyce Amy; Zenan, Gerald Brown; Mikio, John Haggerty; Spook Cata, John Marshall and Bernard Barrett. Queen cast was: Princess, Lillian Sedore; King, Bob Clarke; Kink, Ray Kennedy; Spies, George Marshall and Jim Marlin. These were assisted by a chorus of Gypsies and Gyros. Miss Vansickle officiated at the piano. The forest scenery was made by the Grade IX Art Class.

The Principal of the Consolidated School, Mr. James Hughes, presented Graduation Diplomas to Bernice Detlor, Mary Palmer, and Herman Ackerman, and Intermediate Certificates to Edith Allison, Helen Way, Viola Gray, Dorothy Dennison, Jack Reid, and Gerald Ackerman.

Miss Burris presented Field Day Crests to the girls' winning team. The captain was Jean York and the members of the team were Blanche Detlor, Frances Neville, Gwen Wagar, Lillian Sedore, Patricia Nicholson, Ethelda Detlor, Bernice Detlor, Frances Parnell, Mary Kearns, Sheila Way, Mary Flynn.

Mr. Kemp presented the Crests to the boys: Seniors, Gerald Brown, Herman Ackerman, Ray Brown, Kenneth Juniors, George Marshall, David Carroll, Ray Brown, Bob Clarke.

The play, "A Little Clodhopper", was presented by the following cast: Mary Palmer, Bernice Detlor, Louise Power, Edith Allison, Herman Ackerman, Ronald McKeown, and Geo. Kirk.

The operetta and play were presented the following night, and did credit to those who were in charge, as well as to those who took part. The commencement dance will be held this week.

In Loving Memory

CLARK — In loving memory of Mr. and Mrs. Joseph Clark. Father passed away twelve years ago, and mother, one year ago.
Dear father and mother, you are not forgotten,
Though on earth you are no more.
Still in memory you are with us
As you always were before.
Ever remembered by all
47ap THE FAMILY.

HART — In loving memory of our dear mother, Dorothy Turmine Hart, who passed away so suddenly on November 19th, 1945.
We little thought when leaving home
She would no more return;
That she, in death, so soon would sleep
And leave us here to mourn.
We do not know the pains she bore:
We did not see her die.
We only knew she passed away
And never said good-bye.
Sadly missed by Son and Daughter-in-law and Grandson.
47ap MR. and MRS. CHAS. R. HART

PILLAR — In loving memory of a dear wife, who passed away on November 19th, 1944.
No one knows how much I miss you,
No one knows the bitter pain
I have suffered since I lost you.
Life has never been the same.
In my heart your memory lingers
Sweetly, tender, fond and true,
There is not a day, dear Flo,
I do not think of you.
Sadly missed by her
47ap HUSBAND, W. PILLAR.

CLARK — In loving memory of a dear mother, Annie Clark, who passed away quietly one year ago.
Though her smile has gone forever,
And her hands I cannot touch;
I will never lose the memory
Of the mother I loved so much.
Ever remembered by
47ap VIOLET, JIM and FAMILY.

HART — In loving memory of a dear wife and mother, Mrs. Russell Hart, who went to be with Jesus, which is far better, November 19th, 1945.
A beautiful memory, dearer than gold
Of a mother, whose worth can never be told:
Alone, unseen, she stands by our side
And whispers: "Don't grieve, death cannot divide.
Deep in our hearts, a memory is kept
Of one we loved and will never forget,
And though the years may be many or few,
We will always be thinking, dear mother, of you.
Lovingly remembered by
47ap HUSBAND and FAMILY.

LEWIS — In loving memory of a dear son and brother, Roy Lewis, who passed away November 24th, 1942.
Just when your life was brightest,
And best when your years were best,
You were called from this world of sorrow
To a home of eternal rest.
Lovingly remembered by
47ap LILLIE, JESSIE and MARY.

LASHER — In memory of Wilfred Lasher, who was so suddenly called November 21st, 1942.
And since he is gone, it's not the same.
This world is bleak and bare.
I miss him every place I look,
Because he just isn't there.
No pen can write, or one can tell
The sad and bitter loss.
But God has helped so well
To bear the heavy cross.
But what matter if life is dreary
And we tread its paths, alone,
If when the lonely journey is ended
In heaven we still know our own.
So sadly missed by
47ap His WIFE.

ACKLES — In loving memory of our dear mother, Flore Jane Ackles, who passed away November 22, 1944.
A beautiful memory, dearer than gold
Of a mother whose worth can never be told.
Alone, unseen, she stands by our side
And whispers: "Don't grieve, death cannot divide."
Deep in our hearts, a memory is kept
Of one we loved, and will never forget,
And though the years may be many or few,
We will always be thinking, dear mother, of you.
Ever remembered by
47ap HER FAMILY.

NAPANEE W. I.

The October meeting of the Women's Institute was held on Tuesday afternoon in the Agricultural room with an average attendance. Mrs. M. Hudson, vice-president, presided in the absence of the president, Mrs. C. E. Jamieson.

The meeting opened with the singing of the ode, Institute Creed and Salute to the Flag. It was decided to ask for the legislative grant. The area convention will be held in Kingston, next week. Mrs. K. Powell was appointed delegate with Mrs. M. Hudson as alternate. It was decided to hold an afternoon euchre on Friday, October 25th, the prizes being donated by Mrs. P. Madden, Mrs. N. Hart and Mrs. M. Hudson. The travelling basket was used for the first time; all the articles being sold. A vote was taken in regard to the increased fee for membership, the vote being not in favor of the increase. Mrs. J. Haggerty continued a contest which was won by Mrs. K. Powell. The roll call was Name a Canadian Tree.

The meeting closed with the singing of the National Anthem.

TYENDINAGA EAST W. I.

Tyendinaga East Women's Institute held its meeting on October 11 at the home of Mrs. Luther Gaylord, with fourteen member and two visitors present. The meeting opened in the usual way with the president in the chair. Roll call was answered by naming A Plant for Medicine. The minutes and correspondence were read and a delegate was appointed to attend the convention in Belleville on October 17th and 18th. Mrs. Percy Kimmerly ably read the topic on New Ways with Old Ills, prepared by Mrs. Roy Stafford. Mrs. William Whiteman gave an interesting talk on First Aid and demonstrated a temporary tourniquet to stop bleeding. Current events were given by Mrs. Sweetnam, also a reading. Miss Jean Gaylord conducted a contest with Mrs. C. J. Akey winning the prize. Mrs. Provins thanked the speakers and the meeting was brought to a close. Lunch was served and a social hour enjoyed. A vote of thanks was tendered the hostess for her kind hospitality.

Belleville Presbytery of The United Church Meets at Tamworth

The Belleville Presbytery of the United Church of Canada met on November 13th, in the Tamworth United Church. There were 75 ministers and laymen present.

The morning session opened with the chairman, Rev. C. D. McLellan, presiding. Hymn, "The Church's One Foundation", was followed with prayer.

The minutes were read by the Secretary, Rev. J. R. Trumpour.

Communications were dealt with, and the roll was called.

The guest speaker for the day was Rev. N. S. Anderson, of Stoney Creek. His talk was based on "Visitation Evangelism". The speaker was introduced by Mr. J. D. Mertin, of Trenton. He made mention of several important things in connection with Stoney Creek. One was the fact that the Women's Institute was celebrating its 50th anniversary there in June, 1947. A very vivid word picture was drawn by the speaker as he likened fishermen to "Fishers of Men".

Dinner was served in the Rec. Building by the members of the local Woman's Association.

AFTERNOON SESSION

The afternoon session opened at 2:00 o'clock with devotional period, after which a referendum re Nomination of Moderator took place.

Reports of committees followed. Pension re assessments of $300.00 declared. Fund Capital Campaign, by Rev. Mr. McKenzie.

Property Committee, by Rev. Mr. Clarke.

Young People's Work and Rallies, also the Crusade Cavalcade, by Rev. Mr. Lothers.

Evangelism and Social Service, by Mr. J. D. Martin. He also said the committee highly commends the young people for the strong stand they are taking in opposition to the establishment of cocktail bars in the Province of Ontario, and urges that we support them in this stand.

Thanks were expressed to the ladies for the dinner, also for the use of the church for this meeting.

The meeting closed with prayer.

Films on art and music brought to remote districts of Canada by National Film Board field representatives, were shown to many people who lack other cultural facilities.

Divorce applications filed in Britain this year are expected to number between 35,000 and 40,000.

NAVIGABLE WATERS PROTECTION ACT

R.S.C., 1927, CHAPTER 140

The County of Lennox and Addington hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works, at Ottawa, and in the Office of the District Registrar of the Land Registry District of Lennox and Addington, at Napanee, Ontario, the plans of a highway bridge proposed to be built over the Napanee River, at Napanee, Ontario, on Centre Street, (otherwise known as Number 41 Highway).

And take notice that after the expiration of one month from the date of the first publication of this notice the County of Lennox and Addington will, under Section 7 of the said Act, apply to the Minister of Public Works, at his Office, in the City of Ottawa, for approval of the said site and plans.

Dated at Napanee, Ontario, this 18th day of November, 1946.

COUNTY OF LENNOX AND ADDINGTON.
47d Clerk

NOTICE!

During the past few weeks certain Movies have been setting traps in the north and east portions of this Township of Tyendinaga, presumably to catch fox or rabbits.

Tyendinaga's greatest problem at present is timber wolves, or wild dogs, and attribute the greater part of their loss in sheep and livestock kill'd to them. Wolves are seldom if ever caught in traps during October and the first week in November. Several hunters with hound and dogs trained to trail and chase wolves, have been very successful in destroying and chasing them out of our Township. These hunters refuse to let their hounds run over a district, or Township, where traps are set.

People found entering an owner's property, either from the Township of Tyendinaga or the adjoining Township of Richmond, and setting a trap, or traps, within the Township of Tyendinaga will be prosecuted.

By Order of Council.

D. J. CALLAHAN,
Clerk.

WILSON'S CROSSING

Wilson's Crossing, Nov. 17. — A number of the men of this locality have gone on their usual quest of deer.

Mrs. Robert Potter spent last week with her daughter, Mrs. Wm. Fenwick.

Miss Mona Dillon spent last week with her sister, Mrs. John Flinn.

Mrs. Moore, of Napanee, returned home on Saturday, having been a guest of Mrs. George Allport this week.

The Misses Helen and Mable Allport spent the week end with their parents.

Mrs. Russell Switzer and Adrian returned home to Kingston, after spending a few days with her parents, Mr. and Mrs. W. Dowling.

Mrs. L. Dulden and Mrs. M. O'Dea, of Flint, Mich., are guests at Mr. T. V. Breen's.

Mr. and Mrs. Charles Wagar were guests of Mr. Nate Wagar on Sunday.

Messrs. Walter and Wm. Fenwick have returned from Lavant, with their usual quota of deer.

A very pleasant evening was spent on Friday, November 15th, when Mrs. John Flinn entertained a number of friends at a bridal shower, given in honor of Miss Rosslyn Breen, a bride-to-be. Several tables of progressive euchre were played. Mrs. M. O'Dea and Mrs. Wm. Potter cut for first prize. Mrs. O'Dea being the winner. Miss Breen was then escorted by the hostess to a chair placed in an archway beautifully decorated in pink and white, while Misses Mona and Joan Flinn carried a basket decorated and laden with gifts, and placed them before the honored guest. After the gifts were opened, Miss Breen, in a most efficient manner, thanked those present for their kind thoughts and beautiful gifts, and all joined in singing "For she's a jolly good fellow". The hostess, assisted by Mrs. Stafford Hopkins, Mrs. Wm. Barrett and Miss Mona Dillon, served dainty refreshments, and a vote of thanks was tendered the hostess, Mrs. Flinn, for her hospitality. Those present were Mrs. M. O'Dea, Mrs. L. Dulcher, Mrs. B. Breen, Mrs. Tom Dillon, Mrs. Stafford Murphy, Mrs. W. Barrett, Mrs. Everett Hearns, Mrs. M. H. Switzer, Mrs. Wm. V. Dowling, Mrs. Robt. Potter, Mrs. Wm. Potter, Mrs. Geo. Allport, Mrs. Moore, Miss Mona Dillon, and the Misses Rosslyn and Cecelia Breen, and Mrs. Clarence Mulroney.

NEWBURGH

Newburgh, Nov. 18.—On the evening of Tuesday, November 12th, Newburgh Y. P. U. met at the home of Mrs. Harold Peters. During the evening a presentation was made to Mrs. Ralph Wightman after the reading of the following address:

To-night we, the Newburgh United Church Young People, are meeting together to pay our respects to one of our devoted leaders who is leaving us. For the past four years we have profited by your guidance and inspiration. During that period you have greatly endeared yourself to us by your amiable disposition, your earnest devotion to our cause, and the hearty interest you have manifested in our welfare, individually and as a group. We feel sure that wherever you make your home, in Napanee or elsewhere, you will always be willing to do your part to carry on God's work and to further His Kingdom. You have always used your many talents for His work here, and we know you will continue to do so.

To you, Ralph, we would like to say we appreciate the help you have given us whenever you have been able to be with us. We do hope that both of you will visit us in our meetings whenever it is possible for you to do so.

We wish to present to you these gifts as a token of our high esteem in which we hold you, and of our gratitude for your work on our behalf. We ask you to accept it as freely and gladly as we offer it. We wish you many happy days in your new home.

Signed on behalf of the Newburgh Young People:

Miss Carolyn Peters, Culture Converer, had the topic.

At the close, lunch was served.

Mrs. Robt. Leake, of Derby, N.Y., spent a few days with her mother, Mrs. Hill.

Miss Bessie Allen spent the week end with Tweed friends.

Mrs. and Mrs. Fraser Young, of Strathcona, visited the former's mother, Mrs. Windover, on Friday.

WEST PLAIN W. A. BAZAAR

West Plain Woman's Auxiliary held their October meeting and annual bazaar at the home of Mrs. Thomas Wicklam, on Wednesdy, Oct. 16th.

The Forest Mills and Roblin W. A's were invited and each furnished part of the programme, which consisted of readings and singing, with contests, which were much appreciated by all present. The meeting opened with a hymn. Prayer was led by Mrs. Herkimer Lasher. Scripture reading by Mrs. W. J. Typic. Following the programme the sale was declared open, and everyone was well satisfied with what was offered for sale. Patches were rehsped from the Traveling Apron, which was won by Mrs. Ruth Richmond, Tamworth, for the best verse under the patch. The sum of $7.46 was realized on the apron. A bountiful lunch prepared by West Plain ladies was served and the meeting closed by singing the theme song. The sale and lunch realized the sum of $37.75.

VICTORIA W. I.

The regular monthly meeting of Victoria Women's Institute was held at the home of Mrs. Arthur Graham on Thursday evening, October 17th, with a good attendance of members and visitors. Mrs. Ivan McFarlane, first vice-president, was in the chair and conducted the opening exercises. The sum of twenty-five dollars was voted to the Adelaide Hoodless Fund and arrangements were made for two social events, to raise funds for this purpose. The First Aid kits, placed in the schools a number of years ago by the Women's Institute, were ordered replenished.

The programme convener, Mrs. J. Rose, presented an interesting programme consisting of Current events by Mrs. McCracken; a musical number by Mrs. G. Collings; a reading by Mrs. Don. Wease, and Miss Armstrong gave an interesting account of the origin of Hallowe'en. In keeping with the season, Mrs. M. Denison recited an appropriate ghost story. Mrs. Rose read a well prepared paper on the historical background of Thanksgiving Day — the well known story of the Puritans and their struggles and hardships for the sake of freedom of worship. Mrs. McCracken and Miss Yeomans were the contest winners and Mrs. Frank McFarlane won the lucky draw.

The National Anthem closed the meeting after which an enjoyable social hour was enjoyed.

SWITZERVILLE MISSION BAND

The "Autumn thankoffering meeting of the Busy Bee Mission Band was held at the school, Wednesday afternoon, Nov. 6, with nineteen members answering roll call. The meeting was opened by repeating the Lord's Prayer, after which the minutes of the last meeting were read by Vernon Snyder, and approved. After the business period, a thanksgiving worship service was conducted by the president, Rosemary Moore, with prayer being read by Vernon Snyder and Leonard Moore; scripture lesson by Sheila Walroth, and a reading by Naydene Clark. The offering was received by Lorna Crang and Paul Clark, and was dedicated in song. All joined in singing a fine temperance song, and Gerald Benn gave a reading on stewardship, and Elaine Benn, a poem on peace. A thanksgiving song was nicely rendered by the children, after which Mrs. Wales read a story about a little girl of India. Copies of World Friends were distributed by George VanAlstyne, and the meeting was closed by repeating the Members' Purpose followed by the children's benediction.

GRACE CHURCH W.M.S.

The November meeting of Grace United Church Women's Missionary Society was held in the Sunday school room with a splendid attendance. Miss Emma VanAlstyne, president, presided for the opening and business period. The report of the sectional rally held at Adolphustown was given by the delegate, Miss Archie Thompson, in a very capable manner. Mrs. A. McGregor moved a vote of appreciation to Mrs. Thompson for her splendid report. The group of which Mrs. J. W. Crang and Mrs. G. Ohlman are the conveners, had charge of the programme. Those assisting in the worship service were Mrs. Crang, Mrs. Ohlman and Mrs. P. Vine. Mrs. B. Booth sang a vocal solo. The study-book on India was well given by Miss Hazel aVnAlstyne, assisted by Mrs. W. Barrett. A letter was read from a missionary in China in song. All joined in singing a fine by Mrs. G. Ohlman. Mrs. Clarence Dennison dedicated the offering and the meeting closed with prayer by Mrs. Crang.

"I'd like 11,506,651* others to hear this"

"No post mortems!" warned Ida, glancing at Ruth. "The game's over. Besides, your husband looks as though he has something on his mind."

"I sure have," said Bill. "Only I'd like the other 11,506,651 Canadians to hear this too. Today I got hold of some figures that make me proud of the business I'm in. We Canadians now own more than 10 *billion* dollars worth of life insurance. And payments? During 1945 alone, the companies paid out about 665 million dollars to widows, children and other beneficiaries. And another 95 million dollars was paid to living policyholders through matured endowments, dividends, disability claims, annuities and cash surrender values. That's what life insurance is doing for us Canadians.

"These life insurance benefits helped to pay off mortgages on homes, start youngsters off to college, settle older people into comfortable retirement. Countless families have thanked their stars for life insurance in time of need. Many, many others who are now building future security through their policies will be glad of it. But I want *every* living Canadian to realize the importance of Life Insurance."

Every life insurance dollar, while waiting to be paid out to its claimant, is working and growing in the service of the public, creating more jobs and more goods for more Canadians. Of that dollar about 5¢ cents is now invested in Government bonds, 5 cents is laboring for municipalities, 20 cents is building industries and public utilities from coast to coast, 8 cents is on farm and urban mortgages, another 5 cents is on loan to policyholders, 11½ cents is represented by real estate and 3½ cents is in cash and miscellaneous assets.

Life insurance not only grows in the scope of its protection, year after year, but is continually being employed for socially desirable purposes.

A message from the Life Insurance Companies in Canada and their agents.

DORLAND

Dorland, Nov. 18. — The mercury took a sudden drop during Thursday night, when the first heavy frost struck, spoiling the last of the flowers.

Remembrance Day was marked in the United Church here last Sunday by a special address, delivered by Rev. H. G. Steers, accompanied by special music, rendered by the choir.

A pleasant time was enjoyed by the congregation on Friday evening, when they met at the home of Mr. and Mrs. James Dunnan. During the evening an address was read by Miss L. Carr, expressing good wishes for their long and happy married life and the disappointment of the community at the prospect of their removal from our midst. A handsome tri-light floor lamp was presented by Mr. George Smith. Mr. Dunnan replied, and extended an invitation to all to visit them in Trenton, where he has accepted a position as maker in a cheese factory.

Among those who are in Toronto attending the Royal Winter Fair are Mrs. A. C. Davis and Merton, Mrs. B. Humphrey, Betty and John.

Mr. and Mrs. Sanford Simmons and family leave today, and, after visiting the Fair, will motor on to Flint, Mich., to spend the rest of the week with friends.

A large number from here attended the banquet of the District Cheesemakers' Association, given in Picton on Wednesday evening. Congratulations are extended to Mr. W. H. Remington and the U. E. L. Cheese Company for the number of prizes won.

OBITUARIES

MRS. GEORGE WHEELER

The death occurred at her home in Napanee, on Saturday, Nov. 18, of Elizabeth Jane Babcock, wife of George Wheeler. Mrs. Wheeler had been ill since the previous Tuesday, when she was stricken with apoplexy.

She was born in Napanee, 62 years ago and was a daughter of the late Reuben Babcock and Mrs. Babcock, and all her life was spent in the town.

She is survived by her husband, her aged mother who resided with her, and ten children. Mrs. Robert Rogers, Belleville, Anson, John, Dan. Bill and Noah, of Napanee; Mrs. Jas. Dafoe of Belleville, Mrs. Therrien of Corbyville, Mrs. Harold Stobbart of Charltes, Que. She was predeceased by two other children, Martha and Ernest, some years ago.

Her funeral was conducted Monday afternoon at the Standard Church, South Napanee, by Pastor Rabbitt and Rev. Mr. Armstrong, and interment was made in Riverview Cemetery.

MRS. HARDY PETERS

The death occurred at the home of Mrs. Will Cleveland, Odessa, of Mrs. Hardy Peters, aged 61, formerly Emma Jane Harten, wife of Mr. H. Peters, Odessa. Mrs. Peters spent most of her life in the Thorpe district and was well and favorably known in Wilton, where she was a member of the Presbyterian Church. A few years ago, Mr. and Mrs. Peters moved to Odessa to live, and Mrs. Peters associated herself with the United Church there. Mrs. Peters had been seriously ill for some time, and spent three and one-half months this fall at the home of her son, Bruce Peters, Wilton; and since then spent the past two months with her daughter, Mrs. Will Cleveland, Odessa. She was a patient at the Kingston General Hospital for three weeks.

The funeral services were carried out specially by request of the deceased, as follows: the service was held in Wilton United Church with Rev. G. Oldford of Kingston preaching the funeral sermon, assisted by Rev. C. W. Hollingsworth, minister of the church; Mrs. A. E. Smith and Mrs. Claude Grant sang a duet, "The Eastern Gate" and the pall bearers were Messrs. Maurice King, Will Mills, Bernard Mills, Walker Atkinson, D. O. Prink and Archie Aikenbrack. The flower - bearers were Messrs. Neil Forsyth, Wilfrid Snider, Arthur Simmons, George Hymers, Johnson Stuart and Clifford Montgomery. The many floral tributes and the very large number attending the funeral testified to the high esteem in which the deceased was held.

Mrs. Peters leaves to mourn her husband, five daughters, Mrs. George Griffith, Mrs. Elwood Silver and Mrs. Norman Lemmon, of Wilton, Mrs. Will Cleveland, Odessa, and Mrs. F. Lees, of Napanee; two sons, Bruce, Elwin, Ross, Nelson and Bruce of Wilton; two sisters, Mrs. O'Neill, Odessa, and Mrs. Woodcock of Yloiet, and one brother, Lorne Harten, Violet.

Those attending the funeral from a distance were Mr. and Mrs. Harry Peters, Clayton, N.Y., Mr. and Mrs. Frank Jackson, Chaumont, N.Y., Mr. and Mrs. R. J. Kelly and Mrs. Pat Kelly of Glenbburnie. Following the funeral, interment took place in the family plot, at Wilton Cemetery.

In form and in some of its instincts the muskrat resembles the beaver; but there is no family relationship between them. The muskrats are rats. The name muskrat is derived from their murky color. Their fur is in constant demand and is sold under different trade names.

THE THINGS THAT MONEY CAN'T BUY

HEALTH; A HAPPY HOME; opportunity for your children; your own peace of mind —these are priceless gifts. You can't buy them with money.

But reasonable financial security, based on a planned programme of personal saving, can help to guard and guarantee them.

Take your Victory Bonds, for example. Pretty reassuring to have them tucked away as a financial reserve, always "on tap" in time of opportunity or need. Pretty convincing proof, too, that you really *can* save when there's a real saving job to be done.

Perhaps today's rising costs or other factors are making it hard for you to carry on your savings programme. By the time you have met all your expenses, perhaps there's mighty little left for that all-important item marked "Savings".

Try putting savings first, not last, on your budget list. Owe *yourself* a definite amount each month, and make sure you collect it. It means careful budgeting, and putting off buying a good many things you'd like to have. But never forget—this is *your* share of what you earn. This is the part of your income which will help to assure for yourself and your family all the things that money can't buy.

• • •

PERHAPS YOU are already one of the hundreds of thousands of thrifty Canadians who have a savings account with the Royal Bank. If not, we invite you to come in and open one. Perhaps your first deposit will have to be small; don't let that worry you. The important thing is to *start*. It will be a pleasure to serve you.

HAVE YOU ANY RUPEES IN YOUR PURSE?

Mrs. Blair has been talking for months about buying a real Indian shawl. But wouldn't she be surprised if she found it priced in rupees! That it isn't, is due in large measure to the services rendered by your bank.

When you buy imported goods in Canadian stores, you pay in Canadian dollars—but the people who made them were paid in Indian rupees, British pounds, French francs . . .

It is the same in reverse with exports. You may be one of the three out of every eight Canadians who make their living through goods sold abroad. If so, you receive your wages in dollars, but your products are sold in all sorts of foreign currencies.

Arranging the complicated exchange and transfer of foreign funds in such transactions is but one of your bank's many services enabling Canadians to buy and sell abroad.

Mrs. F.A. Correll, Centre Ward.

UTILITIES REPORTS

Mr. J. H. Moffat, a member of the Public Utilities Commission, speaking for the Waterworks Department, said that the operating surplus for 1945 was $7855, and it should appear the surplus this year should be at least $7,200, which is sufficient to cover the payments of $6,000 on the debenture debt. The gross revenue this year should show an increase of $800 over last year. Arrears of payments for water services are down to $210. Twelve new services were installed during the year and the total number of customers is 685. During the latter part of this year a new type of filter is being used, which has resulted in much clearer water.

Mr. W. T. Mackenzie, reporting for the Hydro Electric Commission, said there had been an increase of 265 horsepower used this year, in Napanee and district. It is expected the surplus this year will be about $8,000. During 1946 a portion of the lines in the town have been rebuilt to meet the transformer service has been increased to accommodate the heavier load of power being used. There are 2,000 consumers in the rural and village areas and 350 miles of line are being maintained in the rural districts. In 1905, between 20 and 30 miles of line have been installed in the county accommodating 200 new consumers. The Hydro has 27 employees with an annual payroll of $40,000.

BOARD OF EDUCATION

In the absence of H. L. VanLuven, vice-chairman of the Napanee Board of Education, Mr. Wallace Roy, chairman of the Public Utilities Commission, spoke briefly of the plans the Board, spoke briefly of the plans for the new schools in the town. He stated that tenders had been called for the new school in East Ward, for which it is estimated will cost $55,000. The Provincial Department of Education pays 50 per cent. of the cost of the building and the balance, for which debentures will be issued, will result in an increase of one mill in the town's tax rate, over a period of 20 years. Architects are still working on plans for the larger school. He commended the members of Mr. Roy commended the members of the Town Council for their co-operation during the year, with the School Board.

MAYOR'S ADDRESS

Mayor Chalk reviewed some of the work done by the 1946 Council and expressed his appreciation of the cooperation of the members. Speaking of work which needed to be done in the town, he mentioned the need of a new disposal plant, new sewers, new incinerator for garbage. He said there had been a considerable amount of new building and renovating of old buildings in the town during the past year. The population of the town had increased in 1946 from 3,354 to 3,568. The condition of the town's finances were sound and the possibility of a balanced budget for the year seemed good.

ADDRESSES BY COUNCIL MEMBERS

Geo. D. Robson, the Reeve for 1946, who had been chairman of the Fire Water and Light and the Wood Committees, and chairman of the County Property Committee, reviewed the work done by his committee. Referring to the Wood Committee, he said it was expected there would be no loss to the town by the end of the year. The Committee has on hand a great deal of good which has been paid for and is available to the citizens throughout the winter. He expressed the opinion that this might be the last winter the Town would need to be in the wood business.

H. W. Webster, who had been chairman of several special committees, including the Industrial Committee, said that there had been no outstanding achievements this year, but a great deal of information had been gathered and plans had been laid for the future. The Industrial Committee had started out with enthusiasm and spent a good deal of time finding out facts which should have been acquired by previous committees. During the year the committee had in prospect three new industries, but to date had been unsuccessful in securing these, partly because of scarcity of building materials and available floor space. One industry came to the town with a proposition, but it was discovered the town could only give a fixed taxation after submitting the question to the electors. There is still one industry which may locate here. Mr. Webster said a Chamber of Commerce would be a valuable acquisition in the town.

Speaking of the Town Planning Committee's work, Mr. Webster said some work had been accomplished. Some of the projects which are lined up for the future are new schools, a garbage incinerator, new sewage disposal plant, new street lights and repairs to roads. He suggested that the Town Planning Committee should include two members of the Council, A. L. Dafoe, and C. Walters, a representation of the business men of the town and a representative of the industries of the town.

Regarding youth activities, Mr. Webster said some progress had been made but much is left to be done. Recreational facilities are decidedly limited, and there is a definite need for an athletic director in the town.

F. W. Ramsay, chairman of Welfare and Town Property, said a by-law had been introduced in the Council to provide for sewer extension to cost $32,000. He deplored the difficulty in securing new industries and said it was a shame that so many existing plant is to go out of the town to seek work. Referring to the present sewage disposal plant, he said the present sewage disposal plant, he said the present sewage disposal plant is a disgrace, as no processing is being done and raw sewage is being dumped into the river.

Councillors Vine, Rogers and Moore also spoke briefly about the work done by their several committees.

FINANCE REPORT

The repor tof the Finance Committee for the year 1946 was presented by A. E. Holmes, chairman, and was as follows:

Total amount of Tax Roll, 1946 ..... $ 107,689
Total amount of Taxes collected on current Tax Roll to Nov. 16th, 1946 ..... $ 100,179
This represents 93 per cent, collection of the Current Roll to the date mentioned and it is estimated that by the end of the year 95 per cent. of this year's Roll will be collected.
Total amount of Debenture debt, Jan. 1, 1946 ..... $ 142,548
Total amount of Debenture paid in 1946 ..... $ 29,961
$ 112,577

Debenture Debt Standing made up as follows:
General ..... $ 4,491
Schools 25,897
Local Improvements 29,936
Waterworks 52,252
$112,577

Current Year's Financing:
Statement of Current Assets and Liabilities, actual to November 16 and estimated for the bsalance of the year.

Current Assets	$ 29,657
Current Liabilities	22,967
Current surplus Assets over Liaulities	$ 6,689

In respect to estimates of revenues and expenditures as set out at the beginning of the year, it would appear at this time that while some committees have over expended, yet other expenditures, in some departments have been less than expected and from the present outlook the Town should finish out the year really close to the estimates as prepared.

10 POLISH VETERANS PLACED ON FARMS IN L. AND A. COUNTY

During the past week ten Polish War Veterans arrived in Napanee and have been placed with county farmers, by the National Employment Office.

Mr. Sexsmith, the manager of the office, stated that more of the men may be alloted to the county at a later date.

45 TONS POULTRY SOLD IN NAPANEE AT FIRST FAIR

About 45 tons of poultry were sold in Napanee on the Poultry Fair days last week. Prices for chicken were from 26c to 30½c and a large proportion of the chickens brought nearly the top price.

During the two-day fair, only two lots of turkeys were brought to the town. One load of 76 birds brought 35½ cents per lb. and the other, a small load of eight choice birds weighing about 20 lbs. each, sold at 40 cents.

The second fair will be held on Thursday, December 12th.

TRIBUTE PAID BY MAG. TO THE LATE JOHN M. SIMPSON

At the Thursday afternoon session of the Napanee Police Court, a period of one minute's silence was observed as a tribute to the memory of J. M. Simpson, K.C., who died last week.

Magistrate Garvin, in speaking of Mr. Simpson, referred to him as an eminent counsel, an outstanding citizen who played a large part in the social, legal, civic and educational life of the Town of Napanee. His reputation, Magistrate Garvin said, as an outstanding counsel was more than local, for Mr. Simpson's ability as an eminent member of the bar, was well recognized throughout the province.

Mr. K. S. Ham, the County Crown Attorney, endorsed the remarks of the Magistrate.

A letter of sympathy from the officials of the court was directed to be sent to Mrs. Simpson and her family.

Survey Expected to Reach 3000

Registrations Received from All Parts of County

Upwards of 2,000 Citizens of the Town and County have registered for a FREE CHEST X-RAY up to the present date. Almost 100 per cent. of those canvassed have agreed to have a free x-ray, the volunteer canvassers and workers report. However, there is still time to register and according to Survey Headquarters the number is expected to reach the 3,000 mark by the end of the week. Householders who were not at home when the canvasser called, may make appointments for their examination by telephoning 750, Napanee.

A good percentage of the Rural Residents have already registered for the Free Chest X-Ray and there is still time for anyone wishing to register to 'Phone 750 Napanee, as early as possible, so that their cards may be filled out and the date for their examination mailed to them.

In cases where it is impossible for an individual to report for a chest examination at the given time, this information should be reported to X-ray Headquarters, Telephone 750, as early as possible. By so doing, an appointment can be made for some future time and clinic delays avoided.

Will the Canvassers of the Town of Napanee please see that the cards are turned into the Survey Office immediately, if not already done. It is the wish of the Lions Club of Napanee to thank the various Women's Organizations of the Town for their co-operation and for the splendid work they have accomplished.

Equipment to be used in the FREE Chest X-ray Survey of all residents of Napanee and District will arrive on Monday afternoon, December 2nd. The X-ray machine will be set up in the MASONIC TEMPLE, on Bridge Street, Napanee, where the survey will continue until completed. It is expected Friday, December 6th. Dressing room equipment, especially built for mass X-ray surveys will arrive with the X-ray machines. The X-ray equipment is the most up-to-date available and uses 70mm. film. These miniature plates, when read by experts, are just as accurate as full-size x-rays.

During the Survey in Napanee it will be necessary for women to only remove their outer upper garments, but are requested to wear, as far as possible, simple upper garments free of metal ornaments or buttons. Men will be requested to take off their coats and vests, removing suspenders from their shoulders. The actual X-ray takes only a few moments of each person's time. ALL X-RAY RESULTS ARE HELD CONFIDENTIAL.

Reports are not sent to those individuals whose chest x-rays reveal no significant abnormalities. If no report is received within three weeks of examination, the person may take it for granted his chest is negative. Those individuals on whom a report is made will be advised of the findings by their family physicians. ALL REPORTS ARE CONFIDENTIAL.

DON'T FORGET TO BUY YOUR CHRISTMAS SEALS!

Your purchase of 1946 Christmas Seals helps to finance the Napanee and District Survey. It is important to keep in mind that TUESDAY, WEDNESDAY, THURSDAY, FRIDAY: DECEMBER 3RD, 4TH, 5TH, 6TH are the dates for the mass survey, with CLINICS FROM 1:00 TO 5:00 O'CLOCK IN THE AFTERNOON AND FROM 7:00 TO 10:00 O'CLOCK IN THE EVENINGS — AND NO CLINICS IN THE MORNINGS.

FUNERAL SERVICE FOR DR. C. M. STRATTON

Funeral service for the late Dr. Charles Milton Stratton, who died at Kingston General Hospital on Tuesday, November 19th, was conducted by Rev. C. D. McLellan, minister of Grace United Church, at The Tierney Funeral Home, on Friday afternoon, November 22nd. The service was attended by a large number of Dr. Stratton's friends and patients and his associates in the County Council and Town Council.

Dr. Stratton was born in October 1873 in Richmond Township and was a son of the late Daniel Stratton and Catherine DeWitt. His early life was spent on his father's farm and completing his public school education, he attended the Napanee Collegiate and later graduated from the Medical College at Queen's University, Kingston. Following his graduation, he opened up a practice in Napanee, which he had continued until a few months ago, when his health forced him to retire.

About two years ago he had a serious heart attack from which he made a partial recovery and resumed his practice again. About a week before his death he was removed to Kingston General Hospital, for treatment.

Dr. Stratton was a staunch Conservative and had taken an active part in his party's organization work. For ten years he was a member of the Town Council and was Reeve for several terms during last year. He was a member of Union Lodge No. 9 A.F. & A.M. and for some years was a member of the Odd Fellows' Lodge. For about ten years he was Medical Officer of Health for Richmond Township.

Dr. Stratton was the last of a family of six brothers and sisters, and is survived by his wife, the former Daisy Tucker.

Following the funeral service, interment took place at Riverview Cemetery. The active pall-bearers were Messrs. G. D. Robson, Morrison Scott, Fred Jackson, A. E. Holmes, Delbert Sexsmith and W. S. Wilson.

The honorary - pallbearers were: Dr. T. M. Galbraith, Dr. D. R. Hall, Dr. E. R. Ellicott, Dr. E. W. Huntable, Dr. H. E. Smith, Messrs. E. F. Purcell, Ernest McQuay, Edgar Drew, Harold Brandon and H. Babcock.

WILF. CUTHILL PAINFULLY INJURED

Mr. Wilfred Cuthill, who resides in the Anderson district, near Napanee, met with a serious accident early last week while trucking a load of pressed hay to a lumber camp, near Cloyne for The Kimmerly Lumber Company of Napanee.

While Mr. Cuthill was on top of the load, assisting in adjusting it, the bales started to slip and fell off the truck, pinning Mr. Cuthill to the ground on a pile of rocks on the side of the road. In the fall he sustained a badly broken right wrist and a severe sprain of the left wrist, besides painful bruises.

Gay Lake, who was with Mr. Cuthill, went across a lake, some distance to the lumber camp to secure assistance and after Mr. Cuthill was given first aid, he was taken to Kingston General Hospital, where he remained until the end of last week.

Funeral Service for J. M. Simpson, K.C.

The funeral of the late J. M. Simpson, K.C., which was conducted at St. Mary Magdalene's Church on Wednesday afternoon, November 20th, was attended by a large number of the citizens of the town and county and by many others from nearby towns and cities. The service was conducted by the Venerable Archdeacon, R. J. Dumbrille, assisted by Archdeacon H. R. Coleman of Kingston, Canon W. E. Kidd of Deseronto, was also present.

The members of the Napanee Board of Education, the Napanee Rotary Club and the Napanee Branch of the Canadian Legion attended in a body. Mr. Fred Penne and Rev. Basil Thompson, represented the Kingston Board of Education. Included in the large congregation were many of the business men of the town, town officials, the members of the teaching staff of the schools, and members of the legal profession in the town, Magistrate J. B. Gervin, and several members of the bar from Kingston, Belleville and other places in Ontario.

An electronic stopwatch can count at speeds as high as 1,000,000 objects or movements per second.

SIG. WESSMAN RE-ELECTED MAYOR AT DESERONTO

Sigmund Wessman was re-elected by acclamation as mayor of Deseronto in Friday's nominations. Reeve P. J. Kirby was also returned to office by acclamatin, as was D. L. Dellor to the Utilities Commission.

Seven candidates were nominated for the five council seats. Nominees included H. Howard, Roy Sharpe, R. Bradshaw, E. Cronkhite, R. Dunn, S. Brown, G. Rickwood, J. D. Dawson, W. E. Irwin, C. F. Dimmell and Percy Brooks.

Candidates for the Board of Education were E. M. Roach, J. C. Reynolds and Mrs. C. F. Dimmell.

Steals from Benefactors Harold Clark Given Further Gaol Sentence

Harold Clark, who is serving a sentence of three months in the county gaol, following his conviction on a charge of illegal possession of beer, was brought into the Court again on Thursday, and pleaded guilty to the following charges: theft of suit case, clothing, tools and two military discharge papers, from Mr. Dunlop; theft of an army kit bag, discharge papers and army clothing from Stanley Parks; unlawful possession of discharge papers.

In addition to his present sentence he was given a further term of four months definite and two months indefinite, in the Ontario Reformatory.

Clark, who is 29 years of age, stated he had no fixed abode. During the past few years he had served terms in gaol and the reformatory of varying lengths, on charges of theft.

Not long ago he served a term in the county gaol, following conviction on a breach of the Liquor Control Act. On his release he was taken to the room of Mr. Dunlop in the Paisley House, where he was given some clothing. Stanley Parks also took him to his home and gave him clothing, later Clark returned to the two rooms and stole more clothing from his two benefactors. After the theft, he left Napanee and returned a short time later, when he was arrested by Constable Beem. Following any knowledge of the stolen clothes, but when they were sitting in the cell where Clark had been lodged in the Town Hall, they found secreted in the wall one of the discharge papers and some keys which had been stolen. Clarke then admitted the thefts. He was unable to give any information as to what became of the articles stolen, except that he sold a suit of clothes for $2.00 in Trenton. His reason for being unable to give further information was that he had been under the influence of liquor when the other articles were disposed of and could not remember anything about them.

No Loss Expected In Wood Account At End of Season

Good Report Given on Five Years Business Operated by Town

The wood business was started by the Town Council in 1943 and has been carried on now for practically four years. As will be noted from the following statement, there has been a loss during the four years of $1,170.00. With the prices advanced by the Fuel Controller at Ottawa, which are now in effect, it is expected this loss will be very much reduced during the coming winter.

During the period mentioned there has been approximately $100,000 worth of wood handled by the Town and this service has been of great benefit to many people in view of the difficulty of securing sufficient fuel.

KINGSTON CHEESE BOARD PROTESTS

Members of the Kingston Cheese Board, meeting in special session, registered a protest against the price which is being paid for milk which is later made into cheese. Several producers and farmers who supply milk to cheese factories were receiving $2 a hundred pounds, while milk delivered to the dairies brought $3.35.

Several objections were raised to the Order-in-Council passed last September, which gave the Ontario cheese producers the legal right to manufacture all cheese manufactured. The meeting was given the assurance that the Ontario Cheese Producers' Association favored the continuance of the Cheese Board's plan with cheese being bought on the open market.

NEW DETENTION HOME FOR JUVENILES, IN KINGSTON

A new system of dealing with juvenile cases in procedure equivalent to that in communities where the Juvenile Delinquents' Act is proclaimed, has been inaugurated in Kingston, Magistrate J. B. Gervin announced Saturday morning.

In his statement Magistrate Gervin revealed that, for the first time in Kingston's history, arrangements have been made for a fixed place of detention for juveniles. This will be the Red Shield Hostess House, operated by The Salvation Army. The Service will be on a cost basis, and the cost will be only while a juvenile may be in detention.

The difference in dealing with a juvenile now is that he or she will be charged as being a delinquent boy or girl under the Training School Act (Statutes of Ontario, 1939, Chapter 39, Section 7 instead of being charged with a particular offence he has committed as previously.

Board Removes Style Restrictions on Clothes

All style restrictions on the manufacture of women's, misses' and children's clothes have now been removed, the War Prices and Trade Board has announced.

With this step the last control over styles of all men's women's, children's clothing has now been eliminated.

Introduced early in the war to conserve material and labour, the controls restricted such things as length and sweep of dresses to specified measurements and eliminated lined skirts, culottes, bolercs, capes, evening gowns and other types of clothing considered unessential.

MASTER AND DOG FOUND DEAD ON NORTHERN LAKE

Frederick Winter, aged 65, a retired Toronto resident died from a heart attack, some time early on Saturday, November 23, while crossing Lake Manitou in the northern part of Addington.

Mr. Winter had been hunting deer with a party of friends, and after his dog a deer left the camp to circle his home in Toronto. Winter, on his boat by J. Heath Chester, he was living in a deserted cabin on the north shore of the lake, with his arm tightly clutched around the neck of his dog. Which also was dead, apparently strangled to death by the arm of his master. In the boat was also a deer, and Mr. Winter's camp equipment.

Coroner Dr. Hall made an examination of Mr. Winter's body and declared that death was the result of a heart attack.

Money Raised By Telephone Bridge for V. O. Nurse Car Fund

Proceeds of the V. O. N. Bridge which is being held in Napanee on Friday evening, are to be added to the fund being accumulated to purchase a car for the use of the nurse making the rounds.

There may be people in the town who for one reason or another are unable to take part in the Telephone Bridge and who may wish to make a donation to the Car Fund. Contributions may be left with Mrs. T. M. Galbraith or Mrs. A. B. Reid.

Vegetable Growers Elect Officers at Annual Meeting

Markham Breagh, R.R. 2, Napanee was re-elected president of the Lennox & Addington Vegetable Canning Crop group at a meeting held in the Agricultural Board Room on Monday afternoon, November 23rd.

Other officers elected were: Reg. Bendell, vice-president; C. W. Buchanan, secretary-treasurer. Edmund Dorland, Clarence Allsbrook, Merle Creighton, James Roberts and S. Simmons and Wilfred Miller, directors.

L. AND A. GETS FULL - TIME FILM CIRCUIT

The County Federation of Agriculture has succeeded in obtaining through the courtesy of the National Film Board, a full time circuit film circuit for Lennox and Addington, starting in December This will permit a showing in every town in the number of night showings of the motion pictures at community centres throughout the county. It will also be a large number of schools to participate in the Visual Education programme made possible by morning and afternoon showings in the rural primary and secondary schools of the County.

Early this year a start was made by having a film circuit with two other counties each month. Despite the difficulties and irregular showings caused by such frequent changes of equipment, the value of the programmes became apparent, and there has been a growing demand for more and better organized showings.

From December on, the equipment will remain in the County in charge of a competent operator. Each month a new programme of sound films will be received, consisting not only the regular allotment from the National Film Board, but also two additional films from the Department of Education library to be used particularly for the school showings.

The National Film Board and the Federation of Agriculture provide for the full cost of the night showings at community centres, and also make a contribution toward the morning and afternoon showings in schools so that the cost of these to the school boards which request them is comparatively small. A set number of centres in the county circuit still remain. Requests for night showings at community centres may be sent to the Agricultural Representative, Mr. C. W. Buchanan, Napanee; and requests from school boards anywhere in the county for morning and afternoon showings in schools with electricity may be sent to The Inspector of Public Schools, Napanee.

PROTECTION

One of the most prominent clergymen in Canada, Rev. C. E. Silcox — we do not think he will object to us using his name — has seen his family all but wiped out during the past year. His son was killed when struck by a motor car. His wife passed away due to overstrain; one daughter, after several years in the Sanitarium at Gravenhurst, died recently and the other and only remaining daughter, has been ill for a long time with tuberculosis. At the funeral of his daughter, recently deceased, Dr. Silcox, himself, prepared the service, writing the address which was read by the officiating clergyman. This is now in pamphlet form for private distribution, and on the cover of the booklet, is a prayer used on the funeral occasion. It is a beautiful petition for God's blessing on all doctors, and nurses, and investigators who are working with tuberculosis patients, and trying to prevent the spread of the dread disease.

Tuberculosis is preventable, if the proper precautions are followed, and curable if caught in the early stages. The tragedy of the situation, however, is that people rarely know they have the disease, until it is well advanced. An X-ray of the lungs is the only sure way of discerning the disease. Up until very recent years that was an expensive process. Now, however, it is done for all who wish to have it done—and at absolutely no cost. This is a remarkable service, and it is done at the expense of The Ontario Department of Health and The Ontario Tuberculosis Association.

Next week, that service is being offered to all the Citizens of Napanee and District. The survey is sponsored, locally, by The Lions Club of Napanee. The examination will take place in the Masonic Temple, on December 3rd, 4th, 5th and 6th: From 1:00 to 5:00 in the afternoon and from 7:00 to 10:00 o'clock in the evening. Out of town residents should 'Phone 750, Napanee, for appointment. There is no cost for this service.

Two or three features of the examination need to be stressed. It is a private examination. The information is not for anyone save the Doctors and the Citizen concerned.

It is not embarrassing. Only the outer coat and vest of the men have to be removed, while the wome nare asked to remove their outer coat, and any metalic jewelry they happen to be wearing.

It is not a long process In Toronto, last week, at one area, it was estimated that citizens were being x-rayed at the rate of about a hundred an hour.

This Service — which is free, expert and scientific, should be accepted by every man and woman in the community. It is not the policy of the Department to do school children under twelve, but even these may be examined, if it be the wish of the parents. All others should avail themselves of the check-up that is provided for them by these organizations.

THE SAME OLD STUFF

The Globe and Mail, which claims to be Canada's national newspaper, has found another opportunity to crusade for the intoxicationists. The suggestion that the people of the five cities where the Government proposes to establish cocktail bars, should have a vote on the subject, has sent the Toronto Morning Paper into hysterics It does not like to take a vote on the subject; it does not object to approximately a million voters being disenfranchised. It wants liquor and more liquor to be sold.

The Government, according to this spokesman, wants to reform the present system. The main feature of the present system, which it is held the cocktail bars will remedy is "bedroom" drinking. The suggestion is that by giving people more liquor to drink in a lounge they will not want to drink it in a bedroom.

This is the same old stuff that was handed out by the Moderation League and the Intoxicationists when Howard Ferguson brought in his Government Control policy. Well do we remember the pamphlets which they distributed, setting forth the evils of the Ontario Temperance Act. It caused bootlegging. It caused secret drinking It caused drunkenness, and that was to be removed by the new law that was promised. How effectively the people were deceived on that occasion is evident by the record since. Drinking, drunkenness, crimes of violence, have increased in exact parallel with the increase in the sale of intoxicating liquors.

Now the Intoxicationists and their editorial supporters, knowing how successful the argument against secret drinking was in Howard Ferguson's day, have trotted it out again. Reforming the Liquor Control Act, so as to give more people more liquor to drink, will stop bedroom drinking and all the evils thereto attached. It is to laugh — or at least, it would be to laugh, were it not that the memory of the elector is rather brief and the intoxicationists are banking on that.

TWO PROMINENT CITIZENS

In the death, last week, of Dr C. M. Stratton and J. M. Simpson, K.C., Napanee and the Community lost two prominent public citizens. Dr. Stratton had practised medicine in Napanee for many years. He had a wide constituency of trusted and loyal patients. But besides being a professional man, he was a good citizen, and a public-spirited leader. He took time out from his busy career as a doctor, to carry his share of public responsibility. He served on the Town Council for several years and represented the Town as the Reeve for a number of terms. He was an inspiration to younger men. For long after he might have taken a well earned rest, he continued to give of his time and ability to the community. Dr. Stratton had been ill for some time, and the end was not unexpected.

The passing of Mr. Simpson was a distinct shock. Like Dr. Stratton, he had given many years to the affairs of the town. He was a comparatively young man. But he possessed ability and judgment beyond his years. When quite a young man, he contracted spinal meningitis in England during the First World War but fought his way back to health, and entering law, developed a wide practice in Napanee. Mr. Simpson, too, served on the Town Council and at thirty years of age, was it Mayor. He also served on the School Board and at the time of his death was the Chairman. Under ordinary circumstances, his life expectation had many years to go. We were justified in assuming that he would give service in wider areas of political life. He had all the qualities for success in this arena. This was not to be. He was cut off right in the prime of life and the Community will be the poorer for his passing.

The death of these two men, one old in years and in service, the other young in years but old in experience and devotion to the public, is a challenge to yougper men to assume responsibilities in municipal and educational affairs. In view of the heavy pressure on the time of Mr Simpson, in law, and Dr. Stratton, in medicine, the argument of some younger men, that they have "no time" — is unconvincing.

Wasteful

Oxford, England. — Tendency to relieve people of the "fireside to dry and rot" is wasteful, says Prof. L. King of the Oxford Institute of Psychology.

"Experiments show that a man can be highly productive up to 70 or more," he said in an address, "no evidence has emerged showing that there is any essential decline in mental powers up to 60 or 65."

If the population trend continues we are going to have a larger number of old people. They will have to come up to their full stature of personality and to contribute what they can to the commonwealth of ideas."

Properly equipped, he goes forth aggressively fighting with the Spirit of God as his trusty weapon.

NEWS ITEMS BY PUBLIC SCHOOL STUDENTS

The Napanee Public and High Schools were closed for a partial holiday on November 30th, 1946. The pupils are usually overjoyed at an unexcepted holiday. This occasion, was different, however, as it was brought about by the passing of one of Napanee's outstanding citizens in the person of the Chairman of the Board of Education, the late Mr. J. M. Simpson, K.C.

The closing of the schools permitted the teaching staffs to attend the funeral service which was held at the St. Mary Magdalene Anglican Church. Other groups represented were the Board of Education, the Rotary Club, the Town Council and the Legion. After the service the cortege proceeded to Riverside Cemetery.

On Monday, November 18th, Girl Guides opened a new class for those girls who wanted to join in the age group of 11 to 13. The meeting opened with inspection for neatness and tidiness. Miss Wilson and Miss Caldwell, our leaders, picked two patrol leaders and then they picked their patrols. Miss Wilson and Miss Caldwell taught us new whistle signals. Then we separated, the Tenderfoots in one class, the new ones in another. The leaders taught the new one four knots and the Tenderfoots reviewed their work. Last of all we had a sing-song and then we closed with "Day is Done."

INTERNATIONAL SUNDAY SCHOOL LESSON, DECEMBER 1ST, 1946

"A LETTER ON CHRISTIAN LIVING"

Lesson Text: Acts 19: 23-30, 35-41. Ephesians 6: 13-18.

Paul was always running into trouble; if it was not one thing it was another. At Ephesus, he clashed with the vested interests, and they made it pretty hot for him. Ephesus was one of the great cities of the day. Besides being a large city, it was the centre of the worship of Diana, or as she was sometimes called, Artemis, the godess of fertility. Around her worship, which was of a grossly immoral character, had grown up quite a commercial business. The pilgrims had to be supplied with rooms and meals, they needed animals for the sacrifices. And, as a mementa of the visit to the temple, they wanted images, statuettes and all sorts of trinkets. A great number of skilled artisans were employed making these for the ready market.

Demetrius, apparently, was a master-craftsman and had a number of others, either as associates or employees. He gathered the group together and addressed them, appealing to their business instincts. We are going to lose business, he said, if this thing keeps up. How often we have heard that! What a modern ring it has! Don't write that editorial it will interfere with business; don't say anything from the pulpit about a moral reform; it will interfere with business. Religion is a good thing to talk about — the real old-fashioned gospel; but don't apply it too literally. That is what the world of business has always said. Don't do away with child labor, it will kill our business; don't shorten hours, it will cut profits; don't!!! — well — don't do a lot of things.

Of course, there is more truth than poetry in this charge. Religion does interfere with business. Religion does take people's money from them. A good church man at the close of a successful church financial campaign, said to the writer: What is the good of all this, now the Church has that money, it will only go out after more. Precisely, was the answer. The Church is a spending organization, not a bank, and it spends money economically for humanitarian and missionary enterprises. Yes! Religion costs something! If it does not cost something, it is not of much value. It may cost a man his business; it may cost him his friends; it may even cost him his life.

At all events, Paul and his friends had a rough ride from the business men at Ephesus. They stirred up the people, who chased two of Paul's companions, Gaius and Aristaidus, to the great theatre. Paul wanted to go along, too, but his friends restrained him. The secretary of state came to the rescue. He quieted the people and suggested that if there was any complaint, both sides should have an opportunity to state their side of the case. He then dismissed the crowd.

Well, there you are. All this fuss because the people of Ephesus thought that Paul was interfering with business because he said that the images of Diana did not represent God, at all. Diana is long since forgotten — a dead godess. While Paul continues to preach through his pages, the power of the Living God and His salvation by faith.

The Christian always has a fight on his hands. In the next section, Paul compares the Christian with the soldier and gives some instructions as to how to conduct himself. First, he must fight—withstand; then he must hold the ground he has won —stand. He must well well equipped. He must be guided with truth. He must have a righteous cause, and he must have good shoes — the gospel of peace. The soldier must march and he must go forward on the shoes of peace. Peace, for the soldier, is usually the end of hostilities; Paul says he must go on to secure peace in a post-war world—or any world for that matter.

The shield of faith withstands all the fiery darts of the devil. The devil has lots of darts; there are lots of temptations. Faith in God is the shield, the only shield against them.

The helmet of salvation, to shield the Christian's head.

Bazaar and Tea At Grace Church

The Sunday School room of Grace United Church was the scene of an interesting event on Thursday afternoon last, when the tea and sale sponsored by the W. A. of which Mrs. Wilfrid Smith is the president, was held.

Those receiving the guests at the door were Mrs. C. D. McLellan, Mrs. Wilfrid Smith and Mrs. Aubrey Pringle. The admission fee was taken by Mrs. H. Armstrong and Mrs. R. Gilligan.

The fancy work table was in charge of Mrs. Fred Huffman assisted by Mrs. W. Hart and Mrs. S. Culver. The apron table was in charge of Miss Emma VanAlstyne, assisted by Mrs. H. Ohlman and Mrs. C. I. Russell. The cooked food table was in charge of Mrs. R. S. Wales, assisted by Mrs. F. Russell, Mrs. R. E. Santer, Mrs. S. Shetler and Miss O. Hamblin. The attic table was convened by Mrs. H. Langford, assisted by Mrs. W. Ramsay and Mrs. Robert Winter. The corner market was convened by Mrs. J. Jaynes, assisted by Mrs. R. Pringle, Mrs. H. Dupree and Mrs. B. Yeomans.

The tea table, lovely with a lace cloth and silver basket of yellow mums, was very attractive. The tea was served at quartette tables, centred with a bud vase of baby mums. The tea table was in charge of Mrs. Nelson Hart. Mrs. S. Booth and Mrs. A. MacGregor invited the guests to tea. Those pouring tea were Mrs. Albert Smith, Mrs. A. Lewis, Mrs. H. Seymour and Mrs. J. W. Cragg.

Mrs. G. E. Gibbard was the convener of the serving. Those serving were Mrs. C. Reid, Mrs. R. Russell, Mrs. K. Penny, Mrs. H. Moore, Mrs. J. S. Black, Mrs. R. Chapman, Mrs. R. Smith, Mrs. G. VanKoughnet, Mrs. H. Lasher, Mrs. S. Hambly, Mrs. H. Vine, Mrs. C. Wright, Mrs. A. Loucks. Other assistants were Mrs. P. Vine, Mrs. R. Huffman, Mrs. F. Correll, Mrs. W. Barrett, Mrs. Ray Smith, Mrs. B. Seymour, Mrs. H. Windover, Mrs. C. Loucks, Mrs. G. F. Smith, Mrs. J. VanKoughnet, Mrs. Grace McLaughlin, Mrs. A. Vick.

The musical part of the programme consisted of piano numbers by Mrs. B. M. Black; vocal solos by Mrs. R. Wightman and a ladies number by Mrs. Wightman, Misses J. Bier, B. McLaughlin and B. Gibson.

The receipts were very gratifying and the members of the Woman's Association are to be congratulated on the splendid success of the tea.

RURAL TEACHERS MET AT ODESSA

The Public School teachers of Ernestown and Amherst Island Townships met as a group for the purpose of discussion, in the Senior Room of Odessa Public School on Friday, November 15th, at 2 p.m.

After a brief address of welcome by the President, Miss Edna Glenn, Principal of Odessa Public School, the purpose of the meeting was stated, and Rev. C. W. Collings-worth, of Odessa United Church, was called on to conduct the opening exercises. His address was very inspiring.

The Secretary, Mrs. John Fairbairn, called the roll of teachers, and out of a possible attendance of 23 for this group, 22 were present.

Inspector Norman Campbell, of Kingston, addressed the teachers on Rural Schools. His address gave many ideas as to improvements in schools and school conditions.

A very interesting and also amusing sing-song, led by Miss Amy Boyce and Mrs. Arthur Wright, with Miss Marion Cairns at the piano, was conducted, as well as a musical contest.

Two teachers, Miss Nina Budding and Miss Anna Forbes, who had attended Normal in 1945-46, brought before the teachers a very helpful display and each gave a splendid talk on Art.

A variety of Helpful Hints to teachers was presented in a very capable manner by Mr. Clarence Hogeboom, and Mrs. Edward McMullen conducted a Question Box for teachers. This led to much discussion.

After singing the National Anthem lunch was served by Misses Marion Cairns, Amey Boyce, Freda Fingland and Mrs. Fred Hogle.

The next meeting is to be held in Bath Public School on February 21, 1947, at 3:03 p.m.

1947 Income Tax Tables Distributed

Distribution of 1947 personal income tax tables to employers, was started last week and should be completed by now.

They embody the tax changes announced by Finance Minister Ilsley last spring when his budget forecast an average 12 to 15 per cent. reduction for roughly one million taxpayers. Accompanying them are copies of tax form "T.D.1" for use by married employees and single employees with dependents. It now is simplified to a single sheet.

The tables will prepare employers for deductions at the source beginning January 1st, 1947. The departmental official said they could obtain additional forms from their district income tax offices but asked that their applications wait until those offices are ready, probably late this week.

Explanatory Letter

Mr. Elliott, in a circular letter to employers, explained the new tables bring in a single schedule of graduated rates to replace the present normal tax, graduated tax and family allowances recovery tables. Present tax credits for married status and dependents are superseded by deductions from income of $750 for single persons, $1,500 for married persons, up to 100 for dependents receivable for the allowances and up to $300 for other dependents.

Under the new law, too, a husband's exemption will be $750 if his wife also has an income of her own of more than $50, or, if his wife's income is less than $750, his exemption will be $1,500, reduced by the amount of her income in excess of $250.

Single receipt of family allowances now is considered automatic and included in all tax payment calculations, persons with large families will find their deductions increased, but partially covered in the monthly allowances remittances. For tax purposes the allowance is based on an average of $6 for each child monthly.

EMPEY HILL

Empey Hill, Nov. 25. — Mr. and Mrs. James McFarlane have moved to their home in the Village of Shannonville. Before leaving their home on the second of Tyendinaga, neighbors and friends gathered at their home to spend a social time. Following is the address read by Clifford Alexander:

On behalf of the neighbors and friends here this evening we wish to bid you a pleasant farewell, although we know that you are finding it difficult to leave your home in which memories of happy bygone days will remain prevalent in both your minds.

The neighbors will miss your amiable agreeableness, which you have shown at all times. May God grant you many happy days in your new abode, and, as you journey on life's path, remember the people of Empey Hill and Marysville, in whose homes you will ever be a welcome guest. We would like to present to you this token of friendship.

Signed by the Community.

Mr. and Mrs. McFarlane were presented with a chair.

All joined in singing, "Theyre are jolly good fellows".

Mrs. W. Alexander, Mrs. W. McRae, and Mrs. R. Tucker attended the Anglican bazaar at Shannonville on Wednesday afternoon.

The euchre and bazaar, sponsored by the Home and School Club of S. S. No. 10, on Friday evening, was quite a success. An enjoyable time was had by those who attended, and a nice sum was realized for the Club.

Mrs H. Kimmerly spent a day recently with Mr. and Mrs. James Barnes.

Mrs. Milton Sampson and Audrey spent Sunday with Mr. Sampson, who is a patient in the Kingston General Hospital.

A large number attended the quilting at the home of Mrs. C. J. Akey on Tuesday. A pot luck dinner was enjoyed.

Mrs. K. Tucker is spending a few days with Mr. and Mrs. T. J. Russell, Selby.

Mr. and Mrs. W. McRae spent Sunday with Mr. and Mrs. Joseph Haight, of Lonsdale.

STELLA

Stella, Nov. 23. — Farmers have all finished their fall ploughing.

The rains have been welcomed by many farmers, who were scarce of water for some time throughout the summer.

The ferry, "Amherst Islander", has returned, after undergoing repairs and inspection on the dry dock in Kingston.

Quite a number attended the Napanee Poultry Fair last week with their poultry. Very good prices were realized.

Emerald and Stella cheese factories have closed for the season.

The Amherst Island Women's Institute held a very successful dance in Victoria Hall on Tuesday evening, November 19th. Music was furnished by Arn. Poste and his orchestra, of Kingston. Lunch was served at midnight.

In the absence of a resident minister, the Rev. A. P. Scott, a former Island born resident, is occupying the pulpit of St. Alban's and Christ's, Emerald, until a rector is appointed.

W. S. Morrow has sold "Battery Farm", at Emerald, to A. R. Timbreault, of Kingston, who has taken possession. Mr. Morrow has been undergoing treatment in Kingston General Hospital for some time.

H. S. Patterson has sold his farm at the foot of the Island to Moutray Wemp, who has taken possession. Mr. Patterson has moved to the United Church manse, in the village.

Mr. and Mrs. Edward Fleming, Mrs. C. Glenn, Mrs. J. Henderson, and A. Henderson, are spending a few weeks in Buffalo, N.Y.

Mr. and Mrs. T. A. Glenn have returned home, after spending two weeks with friends in Buffalo, N.Y.

THINGS HUMAN

"My Piano"

With impish glee each shiny key....looks up at me and grins.....while I sit there deciding where the treble clef begins. If I could play and gaze away as real musicians do....while fingers race with easy grace.....my life would start anew. Instead of this I seem to miss.....the meaning of technique....despite the grief I never find.....the harmony I seek. I play in thirds and hum the words.....of songs that have appeal.....the notes I strike are seldom like melodies I feel. It's hard indeed to sense the need.....of talent that's denied.....but those of kin who hear my din are certain that I've tried.

In Loving Memory

ALLEN — In loving memory of my dear mother, Dina Turkington Allen, who passed away November 21, 1933.
You oft times said I'd miss you;
These words have proved too true.
I lost my best, my dearest friend,
Dear mother, when I lost you.
Ever remembered by
DAUGHTERS, HELEN.

BALLANCE — In loving memory of my dear wife, who passed away November 30th, 1944.
Remembrance is a golden chain
Death tries to break, but all in vain.
To have, to love, and then to part
Is the greatest sorrow of one's heart.
The years may wipe out many things
But this they wipe out never —
The memory of those happy days
When we were together.
Every remembered by her
HUSBAND, BASIL.

BANK OF MONTREAL AN. STATEMENT

Montreal, Nov. 25. — Maintaining the modern trend in bank statements which it initiated a year ago, the Bank of Montreal today published its annual report covering financial transactions with more than 1,500,000 customers in the form of a well-illustrated and readily-understandable story of 1946 operations.

The story, told simply and clearly, is one of record-breaking deposits, figures, all-time high resources and an indication of the general prosperity of Canada during the year. As the B of M puts it, the annual statement shows the "Human Facts Behind the Figures" in examples of individual transactions that make up the statistics of a record year of financial operation.

In many ways, this report of Canada's senior financial institution reflects conditions as they exist in Canada today. Deposits in the B of M, for instance now stands at $1,736,000,000, the highest in its history and more than $100,000,000 above the figure of last year. While indicating that Canadians generally are better off financially than they have been for a number of years, the same increase provides reassuring proof that the citizens of the nation are themselves wisely safeguarding against runaway inflation through their personal financing.

Assets At Peak

Total assets, or what the B of M has in resources to meet its obligations now stand at $1,643,000,000—the largest assets figure in the 129-year history of the bank. Included with the figures contained under this heading are explanations, in simple language, of the various items of the B. of M's balance sheet.

Two items contained in the total resources are of particular interest just now, since they indicate a trend away from wartime financing measures towards more standard financial arrangements of peacetime operation. For one thing, commercial and other loans have jumped from $220,264,000 up to $301,859,000 during the year; while, at the same time, holdings of bonds, debentures and stocks—other than government and other public securities — are shown at $56,022,000. This figure represents to some extent the extension of credit to industrial enterprises for reconversion from wartime to peacetime production, and for expansion of productive facilities in established fields. The bank's main investments are, of coure, still in high-grade government bonds and other public securities which now stand at well over a billion dollars.

These figures clearly demonstrate the trend away from conditions which existed during the war when much of the financing of industrial projects was done through the use of government funds, and the swing towards normal conditions in which private business financing is done through the facilities of the chartered banks.

The statement shows that the greater proportion of all the bank's assets is in the form of "liquid resources" — cash and call loans, or securities which can be converted into cash quickly and easily. Total liquid resources of the B of M now stand at $1,506,188,000, as compared with $1,-464,326,000 a year ago.

Wide Use Of Facilities

Illustrations accompanying the annual statement show how business firms, private citizens and governments use the many facilities of the bank not only to deposit their money for safekeeping, but to borrow for the financing of new enterprises, the repair and construction of homes, and for municipal and farm improvements.

As might be expected, with the largely expanded operations of the bank during the past year, the profits figures are substantially above those of a year ago and it is understood that, in addition to the increased volume of business, a factor affecting profits is certain abnormal revenues accruing during the period under review.

The statement shows profits after taxes at $4,497,782 as compared with $2,934,581 last year. After payment of dividends to those who have invested their money in Bank of Montreal shares an amount of $1,007,782 was added to the balance of profit and loss account. This made a balance of $4,556,385, from which a transfer of $3,600,000 was made to the Reserve Fund which no stands at $42,000,000 — a part of which shareholders' funds amounting to $19,256,-235. This figure is made up of money subscribed by the shareholders who own the bank and, to some extent, of profits which from time to time, as this year — have been ploughed back into the business to strengthen the bank's position and to provide added protection for the depositors.

Question and Answer Column

Readers may direct their questions, giving their name and address and mentioning the name of this paper, to Information Branch, WPTB, 490 Sussex St., Ottawa, Ontario.

Q. Why is it that last year I could buy canned peaches from the chain grocery stores for 18c a 20-ounce tin and this year I am paying 21c?

A. Last year the Government was paying a subsidy on canned fruit. The subsidy has now been removed and the price was allowed to increase to the amount of the subsidy.

Q. Is there a price ceenlrol on alterations? I have a winter coat being altered and the dressmaker says she cannot give me a price until she has finished the job.

A. The dressmaker must not charge a higher price than she charged in 1941 for the same type of work. Each individual dressmaker has her own ceiling prices. You can readily understand how difficult it would be to set an overall price ceiling on such work as it depends so much on individual skill.

Q. I live in a house which contains twenty-one rooms. This place was made over into five apartments, each family having their own entrance and cellar. Would this place be classed as shared accommodation?

A. From the information contained in your letter we would say no. Shared accommodation is where a landlord retains a room or rooms and the tenant shares the same entrance, the same bathroom and other facilities.

NAPANEE W. I.

The November meeting of the Women's Institute was held on Tuesday afternoon, in the agricultural room. Mrs. C. E. Jamieson, president, presided. The meeting opened in the usual way. In memory of our late president, Mrs. E. Boyle, a one Minute's Silence was observed. Mrs. F. Richards, treasurer, gave her report, which was very gratifying. There was an appeal for canvassers in connection with the Free Chest Clinic which is being held here early in December, and ten of our ladies offered their services. Mrs. M. Hudson reported on the first day of the area convention held in Kingston. A donation of $5 was given to the Children's Aid. The topic of the program was Historical Research and the convenors were Mrs. C. E. Jamieson, Mrs. B. Seymour and Miss J. Light.

Mrs. Seymour introduced the guest speaker, Mr. C. E. Jamieson, Principal of the Collegiate Institute, who gave a most interesting talk on History of Education in Napanee. Mr. Jamieson stated the first school in Napanee was near the railway bridge. In 1846 there was an academy north of Grace Church, and in 1860 there was a high school on Roblin's Hill. The present Collegiate was built in 1890 with Mr. T. M. Henry as the first principal.

Mrs. Exley moved a vote of thanks to Mr. Jamieson, for his splendid address. Mrs. R. Jackson favored with a vocal solo. An educational quiz prepared by Mrs. Jamieson was conducted by Mrs. B. Seymour, the prize being won by Mrs. B. Gilbert. An afternoon euchre was arranged for Friday, November 22nd with Mrs. Hudson and Mrs. Jamieson as convenors, the prizes being donated by Mrs. E. Loucks, Mrs. J. Haggerty and Mrs. G. Thompson. All the articles in the travelling basket were sold. The roll call was A Prominent Educationist.

WILTON W. I.

Mrs. Delbert Simmons opened up her spacious home on Thursday evening last, to entertain Wilton W. I. and their guests from Odessa W. I., totalling in number about 45. With president Mrs. B. Davey in the chair, the meeting opened as usual and roll was answered by naming an apple. Several letters were read by the secretary and duly dealt with. Mrs. Andrew Willard detailed current events. The Odessa ladies were welcomed by the Wilton ladies singing "How'd You Do, Odessa?" Mrs. Clark Boyce, president of Odessa, presided over the programme and gave a paper on Commonplace Beauty of Everyday Things. This was interspersed with readings by Mrs. F. Montgomery, Mrs. John Brown, Mrs. Roy Graham, Mrs. Fred Footman, Mrs. A. W. Babcock, Mrs. H. Patterson, a vocal solo by Mrs. Stanley Sproule, a piano duet by Mrs. R. Cairns and Mrs. N. Gilbert, a vocal solo by Miss Amy Boyce. Splendid reports of the Kingston W. I. convention were given by Mrs. Roy Graham and Mrs. B. Davey. Mrs. Harley Babcock and Mrs. Clifford Frink were chosen to present to two brides, each a quilt and one pair of pillow cases from the Women's Institute. Mrs. Baker of Odessa conducted a contest with the prize going to Miss Garland, of Wilton. Mrs. Davey expressed appreciation to Mrs. D. Simmons and to Odessa ladies for their program. Mrs. Boyce, in turn, thanked the Wilton ladies for entertaining them. The meeting closed, after which a miscellaneous sale was held and the proceeds amounted to $17.00. Refreshments were served and a social hour enjoyed.

HUMAN FACTS BEHIND THE FIGURES

Merchants, businessmen and people in every nook of enterprise borrow a lot of money from the B of M. One of these was Mr. P. R. B., an expert baker, who, after service with the Forces, wanted to own a small wholesale bakery again. Lacking the ready cash, he came to the B of M, obtained a $500 loan, and is now running a profitable little business.

Thousands of business men—with big enterprises and little ones—use B of M loans to help them in their financing. The dollars they borrow oil the wheels of commerce and industry, facilitate production and create employment.

B of M Personal Loans helped no less than 157,020 people during the past year—people like Mr. A. L. T., who needed money to help him finish constructing his own home. He got three B of M Personal Loans, totalling more than $600, over a period of 18 months, and he has paid them off regularly in monthly instalments. Now his home is in fine shape and the loans are repaid. Interest cost of loans: $52.55.

Over 500 people from every walk of life come to the B of M every business day to borrow for personal needs.

Farmers all across the Dominion use the B of M to finance their needs in buying seed, cattle and machinery—in marketing crops—and in improving their farms generally. This means more prosperous farming communities — and bigger agricultural production to meet the urgent needs of a hungry world.

Typical of these go-ahead farmers is Mr. R. B. L., who wanted to clear and break 50 acres on his farm. The job would cost $325, but his ready cash amounted to only $125. With the aid of a B of M farm improvement loan of $200, he completed the job and has considerably increased the production and profits from his farm.

To municipalities, school districts and governments, the B of M is constantly lending money for undertakings that benefit the whole community.

Take the case of an Ontario town, which—to pay for a new sewage system—was selling debentures amounting to $305,000. The Bank of Montreal bought 44% of the issue, a total of $134,000, which is now being used by the town to complete the undertaking.

Many municipalities use the B of M's facilities to finance community improvements and to handle their financial transactions generally.

If you are a B of M depositor, then it may be your money which assisted Mr. P. R. B. to buy his bakery—which helped Mr. A. L. T. finish constructing his home—which enabled farmer R. B. L. to make his farm more profitable—and which helped finance the new sewage system for the Ontario town. That working money of yours is part of $1,700,000,000 which well over a million Canadians have deposited at 408 B of M branches from coast to coast. Each one of the 1,551,658 B of M deposit accounts is an expression of trust in Canada's first-established bank, which has been working with Canadians in every walk of life for 129 years.

"MY BANK" IS A MILLION CANADIANS

B of M

Reporting

BANKING is not the mysterious business some people are inclined to think it. In its fundamentals, it is no more complex than any other type of business.

The chief difference is that, instead of dealing in goods, your bank deals in money . . . money which belongs mainly to you and to the many other Canadians who deposit their funds with the bank.

At the B of M, for instance, well over a million people have placed on deposit close to one and three-quarter billion dollars.

This money doesn't stand idle . . . it works to earn its keep.

This is why, as you will see here, some of the dollars left at the B of M are lent to merchants, businessmen and manufacturers to assist them in their operations, while others are used to finance the needs of governments. Some enable farmers to improve their farms, buy machinery and market crops. Many others go out to help citizens in their day-to-day financing — in meeting emergencies and in taking advantage of opportunities.

The sum total of all these transactions makes interesting reading, not so much on account of the figures themselves, but because of the human stories behind them.

At the close of the B of M's business year, it seems a good thing for these dollars to show what they have been doing and for the Bank to report on the transactions which it has undertaken for its customers from coast to coast.

WHAT THE B of M HAS IN RESOURCES TO MEET ITS OBLIGATIONS:

CASH . . . The B of M has cash in its vaults and money on deposit with the Bank of Canada amounting to	$ 192,687,153.28	
MONEY in the form of notes of, cheques on, and deposits with other banks	98,358,231.24	
INVESTMENTS: The B of M has well over one billion dollars invested in high-grade government bonds and other public securities, which have a ready market. Listed on the Bank's books at a figure *not greater than their market value*, they amount to	1,099,728,432.17	
The B of M has other bonds, debentures and stocks, representing to some extent the extension of credit to industrial enterprises for reconversion from wartime to peacetime production, and for expansion of productive facilities in established fields. Valued at *no more than the market price*, they amount to	56,022,926.42	
CALL LOANS: The B of M has call loans which are fully protected by quickly saleable securities. These loans amount to	59,391,558.13	
QUICKLY AVAILABLE RESOURCES: The resources listed above, all of which can quickly be turned into cash, cover 85.35% of all that the Bank owes to the public. These "quick assets" amount to		$1,506,188,301.24
LOANS: During the year, many millions of dollars have been lent to business and industrial enterprises for production of every kind, including housing and construction — to farmers, fishermen, lumbermen and ranchers — to citizens in all walks of life, and to Provincial and Municipal Governments and School Districts. These loans now amount to	501,659,974.44	
BANK BUILDINGS: In hamlets, villages, towns and large cities from coast to coast the B of M serves its customers at 498 offices. The value of the buildings owned by the Bank, together with furniture and equipment, is shown on its books at	10,575,688.13	
OTHER ASSETS: These chiefly represent liabilities of customers for commitments made by the Bank on their behalf, covering foreign and domestic trade transactions, totalling $21,338,613.59.	25,561,623.59	
TOTAL RESOURCES WHICH THE B of M HAS TO MEET ITS OBLIGATIONS		$1,843,985,587.40

WHAT THE B of M OWES TO OTHERS:

DEPOSITS: While many business firms, manufacturers, merchants, farmers and people in every type of business have large deposits with the B of M, the bulk of the money on deposit with the Bank is the savings of more than a million private citizens. The total of all deposits is		$1,736,212,708.35
BANK NOTES: B of M bills in circulation, which are payable on presentation, amount to		5,512,707.50
OTHER LIABILITIES: Miscellaneous items, representing mainly commitments undertaken by the Bank on behalf of customers in their foreign and domestic trade transactions totalling $21,538,615.59.		23,003,885.74
TOTAL OF WHAT THE B of M OWES ITS DEPOSITORS AND OTHERS		1,764,729,301.59
WHICH MEANS THAT THE B of M HAS RESOURCES, OVER AND ABOVE WHAT IT OWES, AMOUNTING TO		79,256,285.81

This figure of $79,256,285.81 is made up of money subscribed by the shareholders who own the Bank and, to some extent, of profits which have from time to time been ploughed back into the business to broaden the Bank's services.

PROFITS: After making provision for contingencies, for depreciation of Bank premises, furniture, and equipment, the B of M reports a profit (including an adjustment in United Kingdom Taxes 1938-46) for the twelve months ended October 31st, 1946	$ 10,263,782.91	
Provision for Income and Excess Profits Taxes	5,776,000.00	
Leaving a net profit of	4,487,782.91	
Of this amount, shareholders (paid dividends at the rate of 80 cents a year, plus an extra distribution of 15 cents, for each $10-share of the Bank) received or will receive	3,420,000.00	
Thus, the net amount to be added to the balance of profits from previous years' operations is	$ 1,067,782.91	
Balance in the Profit and Loss Account at October 31st, 1945, amounted to	3,188,502.90	
	$ 4,256,285.81	
Transferred to Reserve Fund, which now amounts to $42,000,000 and is included in the shareholders' funds of $79,256,285.81 mentioned above	3,000,000.00	
Leaving a balance in the Profit and Loss Account at October 31st, 1946, at	$ 1,256,285.81

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

FLINTON

Flinton, Nov. 25. — The ladies of the Community Club met on Wednesday last at the home of Mrs. Harold Lessard. Mrs. Harry Lewis, of Cloyne, was present to outline the rules of the Women's Institute. The decision to join the Institutes is to be brought up at a future meeting.

Mr. and Mrs. Asel Marriott have been visiting friends around here, and in the meantime, Asel shot a nice deer.

The ladies who attended the quilting bee at Mrs. S. Huskinson's on Tuesday last were Mrs. Jacob Marriott, Mrs. Lee Mary, Mrs. Colbert Lessard, and Mrs. L. Charlton.

Mrs. Casey and Francis have returned from the canning factory in Bloomfield.

Mrs. Violet Noyes leaves on Monday for Belleville, where she has accepted a position at the County Home.

Mr. and Mrs. Howard Vance and children, of Thomasburg, are spending this week end with Mrs. Vance's mother, Mrs. Gee.

The box social and dance sponsored by the C. W. L., held last night, was a decided success.

Mrs. Anthony Lessard is seriously ill.

Mrs. Tom and Harry Hasler, of Ponce Coupe, B.C., are visiting friends around here. It is over 20 years since they have been in this vicinity.

DORLAND

Dorland, Nov. 23. The snow squalls, driven by high winds, on Friday, were rather a rude jolt, after the balmy weather we have been enjoying. The whiteness on the ground this morning proves the calendar is correct in saying that winter is not far away, although before, until yesterday, dandelions were blooming cheerfully and your correspondent yesterday found a pansy still blooming out in the open.

Mr. Leo. Mack is suffering from an accident, which occurred on Thursday morning, when the handle of a sledge he was using broke and the hammer struck his fore arm.

Rev. and Mrs. R. J. Crawford and daughter, Joan, were dinner guests at the home of Mrs. W. J. Moore on Monday last.

FOURTH LINE

Fourth Line, Nov. 23. — Mrs. C. Bell, of Napanee, spent several days with Mr. and Mrs. Fred McCracken.

Miss Mona Hagerman spent the week end with Mr. and Mrs. C. B. VanSlyck, Morven.

Mr. Bruce Smith and Mr. Harvey Reid spent some time at the Royal Winter Fair, Toronto.

Large crowds attended the auction sales held this week at the homes of Mr. T. Freemantle and Mr. S. Parks.

Mr. and Mrs. Meredith Wilson, of Enterprise, spent Monday with Mr. and Mrs. Stanley Reid.

Mr. and Mrs. Whyte, of Montreal, spent a few days with Mr. and Mrs. James McParlane.

Mr. and Mrs. W. Moore, of Hamilton, and Mrs. Ball, of Kingston, visited at the home of Mr. and Mrs. Frank Smith.

Mr. and Mrs. Anson Hagerman and Mr. and Mrs. Moxie Clyde and son, Billy, spent Sunday, November 10th, with Mr. and Mrs. J. E. Hagerman.

Mr. and Mrs. T. Wagar, of Webster, spent some time with Mr. and Mrs. Frank Smith.

Mr. and Mrs. Horace Denyes celebrated their 50th wedding anniversary at their home on Monday, November 11th. Those present for the occasion were Mr. Cecil Denyes, of Ottawa; Mr. and Mrs. Kari Denyes and Mr. and Mrs. Cecil Parrett, of Kingston; Mr. and Mrs. Bert Denyes and daughter, of Toronto, and Mr. and Mrs. Fred Denyes and Ralph. They also received gifts, cards, letters, and flowers, from their family and numerous friends and neighbors.

On November 13th the Fourth Line W. A. held a very successful bazaar in the Fourth Line Church. The sale of fancy work, aprons, and knitted articles was in charge of Mrs. Stanley Reid, Mrs. C. A. Wright and Mrs. Harvey Reid. The home cooking table was in charge of Mrs. J. E. Hagerman, Mrs. Harold Robson, Mrs. Fred McCracken, and Mrs. H. J. Hagerman. Touch and take table, Miss Mona Hagerman, Miss Ruth Shillington, and Mrs. Morley Hart. At the close of the afternoon lunch was served, consisting of hot chicken pie, scalloped potatoes, salads, pickles, cakes, and tea. The proceeds of the afternoon were very gratifying.

MARLBANK

Marlbank, Nov. 25. — The members of the Woman's Association held a very successful bazaar, sale and supper on Saturday evening, Nov. 23rd, in the United Church Hall. A fine array of articles, consisting of three quilts, about 35 aprons, pillow cases, and other articles, were offered for sale, and a supper was served to a large number. The amount received was over $140.00, with a number of articles yet to be sold.

Miss Edna Marlin arrived home on Saturday to be with her mother, who is not so well as her friends would wish.

Dr. Dominic Hunt is assisting his brother, Dr. Geo. Hunt, with his medical practice.

Mr. Roy Young has gone to Kingston, where he has secured a position.

The many friends here of Mr. Bill York, Toronto, son of Mr. R. H. York, were shocked when news was received here on Friday evening that he had been seriously injured in a car accident in Toronto City, due to fog. His sisters, Mrs. Wm. Wicklam and Mrs. Stuart Stinson, left on Sunday to be with him for a few days. His friends hope he will soon be restored to health again.

Mr. James Marmin and son, Percy, attended the Royal Winter Fair in Toronto last week.

Dr. and Mrs. Hunt returned home on Friday morning, after spending a few days in Toronto.

CAMDEN EAST PUBLIC LIBRARY NEWS

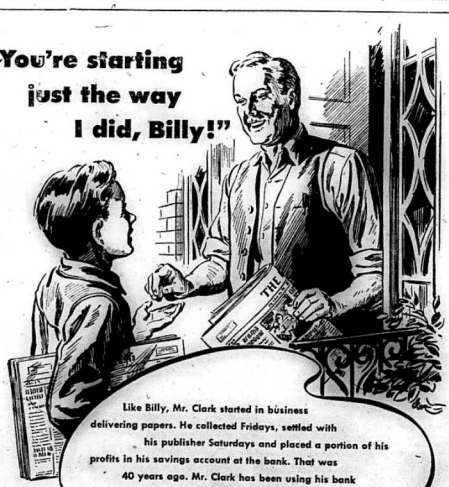
Now that the summer time rush of work is about ended and we shall have more time for reading, it is well to direct our thoughts toward the Library in our community.

It struggles along from year to year unappreciated by many, but still providing a wide variety of reading matter for so small an institution. Books in all classes — non-fiction, fiction and juvenile, are added each year. These are appreciated by an average membership of about fifty adults and the pupils of six public schools.

It is the Library Board's earnest desire that more citizens avail themselves of the library's privileges. No board member desires this more or works for it more untiringly than the chairman of the Board, Mrs. A. Hinch-Brady, who, having joined the Doubleday One Dollar Book Club, is placing in the Library several new books which will form a small Lending Library. For these books a small fee will be charged, as a means of increasing the Library's finances.

The following are a few of the titles: The Foxes of Harrow. The Great Promise, Panama Passage, The Yellow Room, The Peacock Sheds His Tail.

The Library also offers a comfortable place to wait for, or meet, your friends on Saturday evenings.



Like Billy, Mr. Clark started in business delivering papers. He collected Fridays, settled with his publisher Saturdays and placed a portion of his profits in his savings account at the bank. That was 40 years ago. Mr. Clark has been using his bank regularly ever since.

Whether it was delivering papers, working week-ends at the corner store, or doing chores on the farm, you will always remember how proud you were of your first job, your first pay and your first bank book in your pocket. All were earned by your own initiative.

Today, as in the past, young people whose ambition is to get ahead, put their savings in the bank. It is the first step towards an association which can well be vital to business and personal life.

FIRST NAPANEE WOLF CUB PACK

Second Star signalling formed the main portion of the cornerwork period at the last meeting.

A highlight in the meeting was the investiture of six new members into the Pack. Akela Barnett officiated and the following new chums were invested: Duane Baker, Billy Gibbard, Pat Harrington, Trevor Ham, Bob MacGregor and Don Richardson. Following the ceremony Akela presented each of the new Cubs with their new neckerchiefs. Special awards were presented to Pat Harrington and Trevor Ham.

"Balancing the Candle' proved to be an extremely amusing game.

After the meeting the Sixers Council and Seconds met with Akela to discuss further Pack plans.

Cub David Madd received his Six-er's stripes and Swimmer badges were awarded to Nick Diamant and Jack Luby.

Church Parade, Sunday, Nov. 24.

The Pack attended the evening service at Trinity United Church with Rev. N. Hatton delivering the sermon. His subject 'Kilroy was Here' was well received by the members of the Pack and congregation.

CUB NOTES:

Next meeting, Friday, Nov. 29th.

NEWBURGH HIGH SCHOOL LITERARY PROGRAMME

On Friday, November 15, a literary programme was held at Newburgh High School. It was opened by the singing of 'O Canada'. The minutes were read by the secretary-treasurer Marjorie Huffman, and approved. The first and second form students presented the programme. Helene Hannah played a piano solo, "Far Away Chimes." Marty Jean Perro gave a reading on "Mrs. Buschelen's Visit". Bryce Drew, Lottie Patrick and Irene Cassidy sang "Five Minutes More" accompanied by Leafa Drew at the piano. A reading, "This Awful Age of Wisdom" was contributed by Gerald Huffman. A piano solo by Jean Jackson was the final item on the programme.

Fraternal Visit To Kingston Lodge

Mrs. Joseph Tustin, worthy matron and Joseph Tustin, worthy patron of Napanee Chapter No. 151, Order of the Eastern Star, were fraternal visitors to Kingston Chapter No. 146, on Tuesday night of last week, for the installation of the officers which was done in a very impressive manner. Others who attended from the local chapter were W. A. Thompson, past worthy patron, Mrs. W. A. Thompson, treasurer, Mrs. W. E. Wilson, past worthy matron, Mrs. R. E. Santer, chaplain, Mrs. H. B. Card and Mrs. J. A. Francis. The event was largely attended with many visitors being present, and at the close, delicious refreshments were served.

Mrs. Tustin, as well as other visiting members made brief addresses.

I.O.D.E. Rummage Sale

Under the auspices of the I.O.D.E. a successful rummage sale was held on Saturday in the rooms of John Wilson, on John Street, and from early morning until late in the afternoon, there was a large crowd on hand to make their purchases. The members of the chapter were present in goodly numbers and the estimated receipts of the day were practically $75.00 The officers and members were delighted with the splendid response by the citizens.

RED CROSS NEWS

A special treat is in store for members and friends of the local Red Cross Association, On Saturday afternoon, December 7th, at three o'clock, Mrs. R. A. MacGregor, Kingston, will give a demonstration of weaving, at the Red Cross rooms. The art of weaving is being widely revived by Mrs. MacGregor is bringing a loom with her and will demonstrate to small groups from three to five o'clock. To make it possible for all who wish to participate, tea will be served continuously through the afternoon, making it a "Come and Go" affair, so that everyone may come at her own convenience.

The Executive is reminded that the last business meeting of 1946 will be held in the rooms at 2:30 Saturday afternoon, Dec. 7th, before Mrs. MacGregor's demonstration. Everyone is urged to attend.

Work is progressing steadily and quotas being filled, although, more workers are needed for the Thursday afternoon sessions.

A programme of visiting the ill and aged of the town has been started, and several elderly people have been taken for drives.

MAPLE RIDGE W. I.

Instead of their regular monthly meeting the members of Maple Ridge W. I. held a Hallowe'en party on October 31st, at the home of Mrs. Jack VanKoughnet.

Most of the guests came in costume, and, following a parade through the living rooms, prizes for the most outstanding were awarded to Mrs. De'bert Miles, Mrs. Harvey Cook, and Barbara Miles.

The roll call was an original Hallowe'en verse, the one given by Mrs. A. Uens being judged the best.

The President took charge of the Institute business, and arrangements were made for the pot luck supper, to be held at the November meeting. It was also decided that, in future, contest prizes would be donated by the members in the order of their names on the membership roll.

The report of the Area Convention, held at Kingston on October 15th and 16th, was prepared by the President and Secretary, Mrs. H. Dupre and Mrs. G. Cooke, who represented the Branch.

The meeting was then taken over by the Convener for the month, Mrs. Chas. Vanalstine, and each member was called on to contribute a number to the program, an item much enjoyed being a novelty number given by Mrs. Vanalstine. Two guessing contests, put on by Mrs. Uens and Mrs. Leone McCutcheon, were won by Mrs. D. Miles and Frances Miles.

Much excitement was caused when, one at a time, all were invited to visit "The Haunt of the Witches", from which came sounds of rushing winds and ghostly shrieks.

A delicious lunch was served, and the meeting closed with the singing of the National Anthem.

SELBY MISSION BAND

The monthly meeting of the Selby Mission Band was held in the Sunday school room, which was decorated for Hallowe'en. The W. M. S. ladies were the guests for the afternoon, also Mrs. Baugh, the Presbyterial secretary of mission bands and a friend of hers. The meting opened by repeating the Members' Purpose and a hymn was sung, after which Mr. Merrick led in prayer. Shirley Friskin, Judy Kimmett and Mrs. Pinken took part in the worship service. The roll call was answered by a verse from the Bible containing the word thanks. Mr. Merrick said a few words to the Mission Band. Harold Robinson took up the offering and all repeated the offering dedication. The minutes were read and approved. The watch tower was responded to as follows: Canada—Shirley Friskin; China, Judy Kimmett; Africa, Gertrude Robinson. Muriel Pringle read an article on temperance, after which a solo was sung by Evelyn Hudgins. Marion Henderson read a poem on October and Mrs. Baugh gave an interesting talk stressing the importance of mission band work. Marie Price gave a piano solo which was muc henjoyed and Mrs. Rose, the W.M.S. upresident, made a few remarks. A hymn was sung and all repeated the Mispah benediction. A lunch was served by Mission Band members and proceeds of the afternoon amounted to about $21.00.

Final Session 1946 Town Council Held Monday Night

Routine Business and Committee Reports

The final meeting of the Napanee Town Council was held on Monday evening of this week in the Council chamber. All members were present except Councillor Harold Moore. Routine business and reports of committees constituted the main portion of the proceedings.

The Clerk read a letter from the County Clerk, stating that the County had agreed to deed Lot 16 on the west side of West Street to the Town for the purpose of erecting on it a public school. The deed for the land was also sent to the town and was ordered to be registered.

A letter was read from the National Sewer Pipe Company, acknowledging application for tile for the proposed sewer extensions in Napanee, and promising to endeavour to deliver as specified.

An application was received from Clair Joyce for permission to mark off twenty-five feet in front of the Richelieu Hotel as a taxi stand. No action was taken regarding Mr. Joyce's request as Dundas Street is part of the Provincial Highway and such matters are under the jurisdiction of the Ontario Department of Highways.

A request received from the Napanee Branch of the Canadian Legion for use of the Town Hall on the evening of December 18th, for the purpose of holding a Christmas entertainment for Legionnaires children, was referred to the Town Property Committee with power to act.

The Police Committee was given power to purchase two "No Parking" signs, to be placed in front of the Granada Theatre.

The Council decided to have Christmas trees placed on the Hydro poles along Dundas Street, during the Christmas season and to erect a large lighted tree in the Harvey Warner Park.

Councillor Ramsay reported for the Town Planning Committee, recommending that in the matter of diverting waste water from Acme Dairy no action be taken and that possibility of construction of a new sewer to look after the wrste, be considered. The Committee also recommended that on the north west part of Thomas Street be registered as a sub-division for future building expansion. The Committee's recommendations were endorsed by the Council.

COMMITTEE REPORTS

The Treasurer's report for the year to the end of November was presented by Deputy-Reeve Holmes. Among the revenue items were taxes $104,118.56, licenses $1,237, rents $1,274, relief grants from Province $1,311.89, service charges, sewers, etc. $701.39. Among the expenditures were: fire and water $8,902.29, police $4,302.17, streets $4,127.1, sewers $2,916.82, cemeteries $2,916.96, direct relief $2,330.46, and parks $1,046.31.

The Police Report for November as prepared by Chief of Police Moore and read by Councillor Vine was as follows: complaints investigated 12, accidents investigated 2, summons served 1, arrests 6. During the month of November the following convictions were obtained in court, for the town: under the Criminal Code — Liquor Control Act 3, Highway Traffic Act 3.

According to Councillor Ramsay's report as chairman of Public Welfare for the month of November, $168.44 was expended by the town for the month. A total of 27 persons received relief aid in November.

ONE-ACT PLAYS PRESENTED N.C.V.I. BY DRAMA GROUP

Under the direction of Miss Lepha Woods, the Napanee Collegiate Institute Drama Group presented three plays in the school auditorium last week. The plays, which were one act each, were "Courage Mr. Green" and "The Dyspeptic Ogre."

On Wednesday afternoon the plays were given before an audience composed of the pupils of the public schools. Again on Thursday afternoon they were presented for the Collegiate pupils who live in the rural districts and on Thursday evening before an audience composed of other students of the schools and people of the town.

Both plays were very well given and showed to good advantage the ability of the youthful actors and the training they had received.

The cast of "Courage Mr. Green" included: Tomlins Fair, Nanette Smith, Fred Curran, Ronald Wilson and June Moore.

The cast for "The Dyspeptic Ogre" was: George Miller, June Buchanan, Jean Cooper, Florence McFarlane, Jean Gilbert, Rosemary VanLuven, Joan Gilbert, Jean Knight, Mardell Boomhauer, Mary Chalk, Gerald Morgan, Kenneth Weston, Bob Laidley, Russell Covey, Gerald Fox, Jack Hamilton, Jack Brady, Don Rorney and Bruce McAdam.

During the intermission musical numbers were given by Dorothy Belcher, Marion Bebee, Margaret Ford, Peggy Sheppard, Helen Storey and Dona'd Pettit.

Gold was discovered near Los Angeles in 1842 by a shepherd who was trying to dig up a few wild onions for his lunch.

THE KING TO MAKE YULE BROADCAST

LONDON, Nov. 29, (A.P.) — The King will make his traditional Christmas broadcast to the Empire, from Sandringham, at 10:00 a.m. Christmas Day, it was announced at Buckingham Palace last Friday.

Lennox and Addington Holstein Breeders' Held Annual Banquet

The annual banquet of the Lennox and Addington Holstein Breeders' Club was held November 26th, at Napanee. Approximately 100 breeders and their friends were in attendance and the chairman was Club President Robert J. McFarlane, Napanee. The principal speaker was M. C. McPhail, Principal of the Kemptville Agricultural School, who was introduced by Agricultural Representative Charles Buchanan. "The Holstein breed has made great strides in the past decade," said Mr. McPhail, "and we must take pains to see that this progress is maintained in the future."

Mayor George Chalk of Napanee, welcomed the gathering and Warden Harold Brandon also spoke briefly.

Premier Breeder Banners were presented by Peidman P. Roy Ormiston to W. H. Lemmon, Odessa, and T. E. Cochrane, Stella. These two breeders were tied for this award which was presented in recognition of their winnings at the County Black and White Day held last fall at Napanee.

A toast to the ladies was proposed by Morrison Scott and replied to by Mrs. William Frisken.

Canada Savings Bonds Made Available For Indefinite Time

Ottawa, Nov. 5. — The Minister of Finance has decided that Canada Savings Bonds shall not be withdrawn immediately, but shall remain available to purchasers until further notice. The decision will be of particular interest in agricultural areas of Canada, where income is seasonal and where many farmers will want to make their investment later in the year. Writing to Minister J. L. Ilsley made public his decision, the cumulative total had reached $257,847,000 from 670,691 applications. Since then this total has increased to a point well beyond the expectations of financial headquarters when the bonds first went on sale.

Still Time To Be X-Rayed!

You can still have a free chest X-ray. The survey being conducted at the Masonic Temple, Bridge Street in Napanee by the Lions Club of Napanee will remain open until Friday, December 6th and all Citizens who have not already done so are urged to make appointments at once for the free health service, by Telephoning 750.

The clinic will be in operation during today until Friday, inclusive. The hours are from 1:00 p.m. to 5:00 p.m., and from 7:00 to 10:00 o'clock in the evenings. . All are asked to put forth a special effort to keep appointments.

In cases where it is impossible for an individual to report for a chest examination at the given time, this information should be reported to X-ray Headquarters, 'Phone 750, Napanee, as early as possible. By so doing, an appointment can be made for some future time and clinic delays avoided.

The actual X-ray takes only a few moments of each person's time, and all X-ray results are kept absolutely confidential.

Magistrate's Court

Patrick Gerald Daley, who lives about two miles from Napanee, was found guilty last Thursday, by Magistrate Garvin, in Napanee Police Court, of being in charge of a motor vehicle while intoxicated.

Daley was arrested by Constable Cook, as he was about to drive away in his car early one morning recently, after it had been parked on Dundas Street, Napanee. Constable Cook in his evidence, stated he went to Daley's car after Mrs. Daley had called to investigate and in his opinion Daley was intoxicated. Dr. D. R. Hall, who examined Daley, stated that the man was intoxicated, as did also Constable Sprague. Mr. Daley stated he was suffering from an overdose of sulpha drug, which caused him to act in the manner described by the police.

The Magistrate imposed the statutory sentence of seven days in gaol and ordered Daley to pay $33.50 costs as well as impounding his car for three months.

• • •

Edward File, who pleaded guilty to being intoxicated in a public place, the third offence in the past year, was sentenced to three months in gaol.

The following cases were settled out of court:

Donald Armstrong, for not having proper lights on his car, $3.00 fine and $3.00 costs.

John Brown, for failing to allow half the road to an oncoming motorist, $5.00 fine and $3.00 costs.

Seymour Hunter in a public place, $10.00 fine and $5.50 costs.

Adam Milligan, for failing to stop before driving into a highway, $3.00 fine and $3.00 costs.

NAPANEE GOLF CLUB TO REOPEN IN 1947

The annual meeting of the Napanee Golf Club was held in the Town Hall this week, and a number of members and prospective members were present.

The Directors reported that considerable work had been done on the greens this year, and that by starting early next spring, the course would be in good shape for play for early in the season. The course had been closed for several years owing to the war conditions. However, now that a great many people in the town are interested again in playing golf, it was decided to reopen the course in 1947.

Several recommendations by the Directors were adopted by the meeting, including the purchase of a gang mower, a tractor and blade attachment, and other smaller articles of equipment, and the repairing of the tee-shed. A committee, of whom Mr. James Moffat is chairman, is to have charge of the disposal of some equipment not needed at the present time, such as a Kelvinator electric refrigerator, and a number of lengths of iron water pipe of various sizes.

The fees for the year 1947 were fixed as follows: Lady Players, $25.00; Lady Players, $15.00; New Players $15.00. Those members who pay $5.00 on the 1947 fees before January 31st, 1947, a reduction of $5.00 will be allowed. A committee, of whom Mr. James Moffat is chairman, is to have charge of the disposal of some equipment not needed at the present time, such as a Kelvinator electric refrigerator, and a number of lengths of iron water pipe of various sizes.

It was also decided that for all persons under twenty years of age the fee would be $10.00. Green fees were set at 50c per day, and out of town membership at $10.00 for the year. The residence of players to be determined by the Directors.

Mr. Russell Hunter was appointed chairman of the membership committee and anyone interested in joining the Club should consult him or any of the officers mentioned below.

It was left to the Directors to appoint a Committee in connection with the ew Year's Eve Golf Club Dance, and also any standing committees required to operate the Club.

Resolutions of appreciation were passed thanking the retiring president, Mr. E. J. Corkill, for the great interest he has taken in the affairs of the Club; and to Mr. Fred Bentley for the splendid work done this year in getting the greens back into shape.

Officers Elected

The following officers were elected for 1947:—

President—Bruce McPherson.
Vice-President— J. A. Egan.
Secretary — K. S. Ham.
Treasurer — W. S. Wilson.
Directors — Messrs. J. H. Moffatt, R. F. Hunter, F. A. Correll, Charles Hanna, J. W. Braithwaite and Wm. Vanalstine.

Trophies To Be Competed

When the Club opens again in 1947 competitions will be started for a number of trophies which have been played for by members of the Club for a great many years. The men will compete for The Daly Cup, donated by Mr. Herbert Daly, for the winner of an 18-hole handicap match play competition; the Century Handicap Cup, donated by the late Mr. J. W. Robinson, for the winner of an 18-hole match play for members playing over 100; the Dipp Cup for the lowest score for 18 holes medal play.

The following will be competed for by the ladies: The Morden Handicap Cup, donated by Dr. G. W. Morden, for match play handicap competition for top flight players; the Wilson Cup, donated by Mrs. F. G. Wilson, for match play handicap competition for second flight players.

It is expected that it will be possible, next season, to have a limited amount of instruction available free of charge, to those just starting to play golf, and an interesting program of special events is being planned.

REBEKAH LODGE HOLDS RUMMAGE SALE

Under the auspices of Queen of Sheba Rebekah Lodge No. 234, a successful rummage sale was held on Saturday and was liberally patronized by the people of the town and district. Several of the officers and members were present and from early morning until late afternoon, the store was thronged with people and the splendid sum of almost $70.00 was realized. The members were greatly pleased with the results.

PRINCE EDWARD COUNTY SHIPS 1,000 TONNAGE OF CANNED GOODS

A grand total of 11,463 tons of canned goods, shipped during the six months' period between April and November of this year, represents an increase of 852 tons over the amount shipped in the same period last year," stated Arnold Covert, shipping agent for the Canada Steamship Lines, in an interview, last Thursday. The largest part of this tonnage, Mr. Covert said, was handled in the last two months, October and November, with very little tonnage being shipped before October.

The Amazon river basin is almost as large as the United States.

Canon W. E. Kidd Special Speaker

On Monday of this week the local Lions Club were the guests of the Deseronto Club, it being the occasion of the annual visit to the Napanee sponsored organization.

Lion President Harold Boyce was in charge of the meeting and the chairman for the evening was Lion Jos. Reynolds.

The guest speaker, who was introduced by Lion Reg. Wessman, was Canon W. E. Kidd, recently inducted to the Parish of Deseronto, who spoke on "The Penal System in Canada Today."

Canon Kidd, who spent thirteen years ministering to spiritual needs of the inmates of the Kingston Penitentiary, gave a thorough account of the present methods of dealing with those who had become wards of the Dominion and the changes needed in order to segregate the most hardened criminals from those who had gone astray through circumstances not entirely of their own doing.

The speaker referred to the many Commissions appointed to study the penal system and of the amount of money involved in the study, and the final judgeon-holing of the reports due to politics.

Canada, Canon Kidd said, had two governing bodies in the penal system, Dominion and Provincial. The latter, he said, was principally the cause for so little being done in the revising of our system and in the revision of our statutes. The Magistrates and Judges hearing the various cases had no alternative but to impose sentences, according to the book upon those unfortunate who had lost their freedom. This should not be, the speaker said. Some leeway must be made in many cases, he said, in reform, especially in these days, has become a national problem and there must be a classification system in force in the near future.

The speaker closed his remarks by reminding the Service Clubs of their part in the prevention of delinquency and the part the Churches of today are playing in providing spiritual culture in the lives of Canadian citizens.

MUSICAL RECITAL TRINITY CHURCH MUCH ENJOYED

On Sunday evening, December 1st, following the regular church service at Trinity United Church, the choir under the direction of Mrs. J. E. Madden, presented a short and very enjoyable recital.

The programme consisted of three anthems by the choir, which were rendered in a most efficient manner and gave evidence of excellent training and musical ability. Mrs. Madden, who presided at a violin solo, accompanied by Mrs. Madden at the organ, Mrs. Harold Denison and a solo and Mr. Borden Lewis and his sister, Mrs. Rennie Switzer, sang a duet.

At the close of the programme Rev. Noble Hatton expressed the appreciation of the audience to Mrs. Madden, the Choir and those who contributed the special numbers.

THREE INJURED WHEN TAXI RUNS INTO NAVAL TRUCK

When a taxi driven by Russell Murphy of Deseronto crashed into a stalled navy truck on No. 2 Highway, just east of Deseronto, last Wednesday night, three men suffered various injuries and were removed to Belleville General Hospital. The truck from the Cataraqui Naval Barracks, Kingston, was in charge of Leo Murphy and Lloyd Warren.

Maracle suffered facial cuts and other injuries and a passenger in the taxi was also hurt.

Murphy was attempting to crank the truck engine when the crash occurred. Warren was not injured. Traffic Offiter Ray Cowal of Napanee investigated.

The three men have later been reported to be making satisfactory progress and none of their injuries are considered serious.
